To the Public.

I shall be absent for some weeks, during which the business of the office will be attended to by one of my sons.

Should the paper lack in interest during my absence, its readers will, I trust, require no further apology.

J. ROW.

To the exclusion of almost everything else, our paper is this week taken up with a full account of the triumphs of our arms in Mexico under Gens. Scott and Taylor. Our readers we presume will thank us for this. The interest felt in the success of our gallant little army enlists public attention to such an extent, that little else is talked or thought of .-We have neither time, room, nor inclination to make any comments at present .--Nor are they necessary. The simple statement of the facts as we have given them is a sufficient eulogy upon the conduct of the soldiery. Besides; our own feelings in common with these of the whole country, are those of unmingled pride and exultation-pride for the honor our army has done to itself and the country-exultation at the results. These feelings are subdued only, by our regrets for the brave who have fallen, and for the aching voids which have been left in thousands of hearts and homes.

For the present, then, we content ourselves by inviting the attention of our readers to the full accounts which will be found in our columns.

THE CALL FOR A COUNTY

We invite attention to the call for: County Meeting. Both parties have their candidates for State officers in the field, and we have no doubt that the Locos are actively, though as yet privately, engaged in organizing their forces for the campaign. They must not be permitted to steal a march upon us. On the contrary, the Whigs owe it to the cause in which they are engaged to prepare for the contest, so as to be ready to meet the enemy in his first onset. To this end organization is indispensable. We expect, therefore, to see a large meeting of the Whigs of this county on the day appointed by the County Committee.

FRESH SHAD. We were favored some days since, by our friend "FROSTY," of the "Lightning Line" between Cumberland and this in the Chesapeake, a distance of 300 miles from here! Though we have neither Railroad nor Telegraph by which to get our eatables and news, our aforementioned friend brings us both by means of horse-flesh locomotion nearly as quick as others convey them by steam and electricitv.

We regret to learn by the Greensberg papers, that two members of the Westmoreland Guards have died since the arrival of the troops at Vera Cruz .-Spears, Mr. Kerr was an attorney at the Westmoreland Bar. Mr. Spears was from Armstrong county. They died of chronic dyrentery,
