

## POETRY.

[From the Saturday Evening Post.  
THE GOLDEN SPRING.

'Tis coming over land and sea,  
The bonny spring;  
'Tis coming swift o'er hill and lea,  
On flashing wing.  
On bare, cold fields a tint of green,  
In chill grey skies a softer sheen,  
On high bleak hills an air less keen,  
Proclaim the coming Spring.

'Tis coming into every land,  
A milder Day,  
When war no more with bloody hand  
Shall bear the sway.  
In many a heart the softer flow,  
On many a face a milder glow,  
Soft words that melt the coming blow,  
Precisim a milder Day.

'Tis coming to the poor man's hearth,  
A time of love,—  
When justice shall be done on earth  
As 'tis above:  
When toil shall have its fair reward,  
Nor iron monsters in the sword  
Crush those our Saviour in his word  
Commended to our love.

'Tis coming to the rich man's door,  
In simple guise,  
When Luxury shall waste no more,  
Nor pride despise;  
But when shall mark the rich and great,  
A Roman simpleness elate,  
A Christian scorn of pomp and state,  
Such as become the wise.

'Tis coming soon, on rapid wing,  
This Golden Age;  
'Tis coming like the softening Spring  
O'er Winter's rage—  
Look out, look out, the skies are blue,  
The clouds ev'n have a golden hue,  
The sun of glory's breaking through,—  
All hail Christ's Golden Age!

**SAVE YOUR SOAP-SUDS.**—There is scarcely a plant that is not benefited by watering with soap-suds. It furnishes nutritive matter as well as moisture—keeps off insects, and promotes a rapid growth. The Gardener's Chronicle states that while there has been a great failure in the cabbage and cauliflower gardens generally, those watered with soap-suds have produced plants of the finest quality, and entirely escaped the injuries inflicted by insects upon others.

**DIAMOND CEMENT.**—This article, so much esteemed for uniting pieces of broken glass, for preparing precious stones, and for cementing them to watch cases and other ornaments, is made by soaking isinglass in water until it becomes quite soft, and then mixing with spirit in which a little gum-elastic and communiacum have been dissolved.

**FRUIT TREES.**—An excellent plan for preventing young fruit trees from becoming hide-bound and mossy, and for promoting their growth and health, is to take a bucket of soft soap, and apply it with a brush to the stem or trunk, from top to bottom,—this cleanses the bark and destroys the worms, or the egg insects; and the soap becoming dissolved by the rain, descends to the roots, and causes the tree to grow vigorously.

**INDIA RUBBER.**  
The War department, the Washington Union says, has for some time past kept sixteen factories working under Mr. Goodyear's patents. They are making ponton boats for the United States, (which, though light and portable, will ferry fifty men at one time, it is said, in perfect safety, no matter what current they have to contend with,) tents, knapsacks, water sacks, provision bags, (to take the place of boxes and barrels,) ammunition sacks and covers, and a great many similar articles, for which, after a full and fair trial, this preparation has been found much better adapted than aught else.

**MANUFACTURING BY STEAM.**  
Four companies of the manufacture of cotton and woollen fabrics have been recently organized at Utica, the capitals of which vary from \$100,000 to \$300,000. One of them is already in operation. It has been found, says the Utica Gazette, that steam is not only an economical motive power, but a large contributor to the value of the manufactured article. In addition to its heating the buildings, and driving the machinery, it is used to dry, full, dye and soften the fabrics with the most perfect success. The steam, after performing these various functions, is condensed and transformed into the purest water, which is used in washing and cleansing the wool, to which it imparts great softness and lustre. The goods thus far produced are in great demand and are sought for in New York and Boston, at which latter place they have brought a handsome advance upon the usual prices.—Alb. Statesman.

**A DARING TEXAN.**—It is known that Santa Anna expected to take Gen. Taylor by surprise, in which he was prevented, he says, by a deserter. The facts are that between Agua Nueva and Incanacion, Capt. Ben McCulloch, the gallant Texan Ranger, was upon an eminence inside of his pickets, coolly looking into his camp with a spy-glass. Capt. McCulloch performed the feat of penetrating Santa Anna's camp inside of his pickets, and returned to Agua Nueva safely and reported his observations.

## GEN. TAYLOR TO HENRY CLAY.

We take pleasure in laying before our readers the following eloquent letter from General Taylor, upon the death of the son of the distinguished Statesman whose bereavement, in the loss of a cherished son, the country deeply mourns. There are words in this timely and just tribute to departed worth which will strike a chord of sympathy in every man's bosom, and the words of affection and respect which characterize this noble letter, endears Gen. Taylor to us even more than the brilliant victory of which he is the hero:

HEADQUARTERS ARMY OF OCCUPATION,  
AGUA NUEVA, MARCH 1, 1847.

MY DEAR SIR:—You will no doubt have received before this can reach you, the deeply distressing intelligence of the death of your son Henry Clay, Jr., in the battle of Buena Vista. It is with no wish of intruding upon the sanctuary of parental sorrow and with no hope of administering any consolation to your wounded heart, that I have taken the liberty of addressing you these few lines; but I have felt it a duty which I owe to the memory of the distinguished dead, to pay a tribute to his many excellent qualities, and while my feelings are still fresh to express the desolation which his untimely loss, and that of other kindred spirits has occasioned. I had but a casual acquaintance with your son, until he became a member of my military family, and I can truly say, that no one ever won more rapidly upon my regard, or established more lasting claim to my respect and esteem. Manly and honorable in every impulse, with no feeling but for the honor of the service and of the country, he gave every assurance, that in the hour of need, I could lean with confidence upon him for support. Nor was I disappointed. Under the guidance of himself and the lamented McKee, gallantly did the sons of Kentucky in the thickest of the strife, uphold the honor of the State and country. A grateful people will do justice to the memory of those who fell on that eventful day. But I may be permitted to express the bereavement I feel in the loss of a valued friend. To your son I felt bound by the strongest ties of private regard, and when I miss his familiar face, and those of McKee and Hardin, I can say with truth that I feel no exultation in our success.

With the expression of the depest and most heartfelt sympathies for your irreparable loss, I remain, my dear sir, most faithfully and sincerely,

Your friend,  
Z. TAYLOR.

HON. HENRY CLAY.

## CONSTRUCTIVE VOTING.

The Federal Organs of Polk, Dallas, Shunk and free trade, have introduced a new test as evidence of a man's opinions. They are laboring with great zeal to make it appear that when Gen. Irvin, did not vote, (as was the case in a few instances from absence or other causes,) on questions before Congress, he voted in favor of a tax upon tea and coffee. The repeated votes of Gen. Irvin AGAINST any tax upon these articles, and his able speech in opposition to it, weigh nothing with these sagacious Federal Organs, who have undertaken to convict him of constructive voting for it! This is a step in the finess of Locofoco politics equal to the best examples of Walker, Dallas and other Tory advocates of Free Trade. On this principle, if Gen. Irvin had not been elected to Congress, but remained at home, he would have been guilty, constructively, of voting for all the iniquitous measures recommended by Polk's Administration; and the budget of sins, fastened to poor Pilgrim's back were but a bubble in comparison to that would fall upon Gen. Irvin's.—HAR. TEL.

Here is a song, which if we mistake not will live as long as the English language:

HOME.  
The world is all before me  
To choose where'er I will—  
The blue sky bending o'er me  
Lights valley, plain, and hill!  
Oh! many nook enchanted,  
In virgin beauty drest—  
With Eden freshness haunted—  
Is wooing in the West!

And many a fount is flowing  
With none to hear its tale,  
And only wild flowers showing  
Its pathway in the vale!  
And many a boundless prairie—  
Like some remember'd scene  
In boyhood's dreams of fairy—  
Where man hath rarely been!

And many a sunny highland,  
Is gleaming far away—  
And many a spicy island  
Where summer loves to stay—  
And strange, bright birds are courting  
The warm and balmy breeze,  
Like winged lutes sporting  
Amid the gorgeous trees!

And lands that live in story,  
Where deeds of old renown  
In lay and legend hoary  
Have won a deathless crown;  
Where gray tradition lingers  
O'er tomb and classic fane,  
Which time's effacing fingers  
Have touch'd with hallow'd stain!

But, oh! to me far dearer,  
And lovelier each morn,  
The homely landscape nearer—  
The spot where I was born!  
And were I like the swallow  
The wide world doomed to roam,  
My heart unchanged would follow  
The path that points to home!

## HOTEL FOR INVALIDS AT PITTSBURGH.

**Drs. Speer and Kuhn.**

THE object of this establishment is to supply a want greatly felt by respectable travellers on our western highways—by residents, without family, taken sick—and by patients from the surrounding towns and country who resort to this place for relief from surgical and other diseases. Such have often suffered from the want of the various comforts and attentions so necessary and agreeable to the sick, and from careless and unskillful nurses; and been subjected to heavy and unreasonable charges.

Invalids will here be provided with constant, faithful and comfortable attendance, and at a rate much below the usual charges.

While the care of both physicians will be extended to every variety of disease, it is intended by Dr. Speer, to give special attention to

**ALL SURGICAL DISEASES,**  
PARTICULARLY TO  
**DISEASES OF THE EYE.**

To these branches of his profession he has given a large share of his attention for the last twenty-five years, and he will continue to devote to them the experience acquired by a constant practice during that time.

The Hotel for Invalids is not an experiment. Its establishment is suggested not only as necessary to supply an evident want in this city, in the entire absence of any special provision for the sick, but is warranted also by the success of similar institutions at Cincinnati and New Orleans—the former under the care of Drs. Talaferro, Marshall and Strader—the latter under that of Dr. Stone.

The building selected for the purpose is situated at the corner of Federal and Robinson streets, in Allegheny city, adjoining the city of Pittsburgh. It is commodious and roomy, and furnished with all accommodations necessary for the sick.

Applications for admission to be made to the subscribers, at their office on Penn street, Pittsburgh, or at the establishment. No contagious diseases will be admitted.

## A Fact Worth Knowing.

A gentleman of a scrofulous habit, became affected with Ulcerations of the Throat and Nose, and a disagreeable and troublesome disease of the skin. Indeed his whole system bore the marks of being saturated with disease. One hand and wrist were so much affected that he had lost the use of the hand, every part being covered with deep, painful, and offensive Ulcers, and his hand and wrist were as hollow and porous as a honeycomb. It was at this stage of his complaint, when death appeared inevitable from a loathsome disease, that he commenced the use of JAYNE'S ALTERNATIVE, and having taken sixteen bottles, is now perfectly cured.—PUBLIC LEDGER.

THIS ALTERNATIVE operates through the circulation and purifies the blood and eradicates diseases from the system, wherever located; and the numerous cures it has performed in diseases of the Skin, Cancer, Scrofula, Gout, Liver Complaint, Dyspepsia, and other Chronic diseases, is truly astonishing.

Prepared only by Dr. D. Jayne, No 3 South Third Street, Philadelphia.

## Jayne's Hair Tonic.

We know Dr. Quigley personally, and there is no man in the country whose opinion is entitled to more respect. He is on all subjects, honest and sincere, and his high character as a Physician can be attested by the first medical men in the city.—Philadelphia Sun.

Shepherds' Town, Va., Oct. 10, 1843.  
Dear Sir:—You inquire of me whether I have used your Hair Tonic, and with what effect.

Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of premature baldness. At length a friend recommended your Hair Tonic. I used three or four bottles, according to the printed direction, and at the end of six months, my hair was thick set and since its tendency to turn grey was arrested.

I have never before given a certificate recommending patent medicines, which indiscriminately used, as they often are, do much injury; but in a case like the present, where I know the article to be beneficial, and that it can do no harm, I have no scruples in stating facts within my own knowledge. Yours, &c.

Dr. D. JAYNE, Philadelphia.

WHEREAS according to a provision in the 7th article of the charter of the Evangelical Lutheran Church of Samuels, in Somerset township, Somerset County, and Commonwealth of Pennsylvania, it was unanimously resolved by the said church after due notice assembled, on the 5th of April 1847, that the name of the said church or congregation be and hereby is changed to "CALVARY Evangelical Lutheran Church;" and whereas the charter of the said corporation requires publication, of the said change of name to be made, now therefore, be it known to all whom it may concern, that from and after the publication of this notice, the Evangelical Lutheran Church of Samuels, shall be known as "CALVARY Evangelical Lutheran Church."

## Jayne's Expectorant.

Mr Ebenezer Webster, of Providence, (R I) was cured of a severe ASTHMA by using five bottles.

Rev. Dr. Babcock, of Poughkeepsie, says that knowing Dr. Jayne to be a regular Physician, and having used his medicines personally and in his family, does not hesitate to commend them as safe and eminently useful medicines, and a valuable addition to our Materia Medica.

Rev. John Segur, of Lambertville, New Jersey who was suffering with a hoarseness and soreness of the lungs and throat, and a suffocating Asthma was cured by one bottle.

Mr. J. L. Simpkins says that it cured his wife of CONSUMPTION, and one of his children of HOOPING COUGH.

Rev. Jonathan Gouge, D. D. Professor of Granville College, Ohio, says, "He was laboring under a severe COLD, COUGH and HOARSENESS, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation but was perfectly cured by using this Expectorant." Mrs. Dicks, of Salem, N. J. was cured of Asthma of 20 year's standing, by using two bottles of this medicine. Mrs. Ward, also, of Salem was cured of the same complaint by five bottles.

26) JAYNE'S EXPECTORANT.—By a reference to our advertising columns, it will be seen that this valuable Medicine is offered for sale in this city. We esteem it a pleasure to be able to recommend this medicine, as the best calculated for the purpose of curing coughs, colds, sore-throat, asthma, and all affections of the lungs. From a long personal acquaintance with Dr. Jayne, we know that he is no quack, and his medicines are not nostrums of the modern cry-up, but are the result of his long experience as a practicing physician, and the expense of great labor.—Hartford (Ct.) Daily Review.

ONLY GIVE IT A FAIR TRIAL.—We ask no more of any one, than to give Dr. Jayne's Expectorant a fair trial, and if it does not cure the various diseases for which it is recommended, sooner and more effectually than any other medicine that has ever been offered to the public, the Proprietor is willing to undergo any penalty, however severe, the public may see proper to impose upon him. It has, and it will cure Coughs, Colds, Asthma, Bronchitis, Bleeding from the Lungs or Throat, Whooping Cough, Croup, and a very large majority of the most hopeless cases of CONSUMPTION, when Physicians and prescriptions fail to do any good. Again we say, only try it. It will not harm you, but it must and it will do you good.

AWFUL MURDER.—How quick will the eye be arrested by a paragraph headed "Awful Murder," and we read with repugnance to ascertain what flagrant outrage has been perpetrated upon some fellow-being. But what apathy do we too often manifest when we behold the most lovely part of Creation murdered by that monster of evil, Consumption, with other kindred afflictions. The degradation of these murderous diseases would be comparatively harmless, if Jayne's Expectorant were as generally known and appreciated as its unrivalled merits deserve. It is without exception the most valuable preparation in existence for Consumption, Asthma, Croup, Whooping Cough, Bronchitis, and every other affection of the throat, lungs or breast. It never fails to give relief.

Prepared at No. 8, south third street, Philadelphia.

"Is there no balm in Gilead?" was the pathetic exclamation of the prophet of Israel, as he beheld the degradation and miseries of his people—and does not the heart of the philanthropist move with emotions of commiseration and sorrow, as he witnesses the hopeless and helpless condition of thousands dying all around him with Consumption, and other pulmonary affections, and to ask, "Is there no balm that can heal them?" nor physician to rescue them from death!—Yes, there is a balm that will heal them, and at once arrest those fatal diseases, and restore them to health. It is found in Jayne's Expectorant, which never fails to relieve.

For sale by J. J. & H. F. Schell, Somerset, Pa. Also by Edward Bevin, Stoystown Pa.

**Wistar's Balsam of Wild Cherry!**  
For Coughs, Colds, Consumption, &c., Important to all those afflicted with Diseases of the Lungs and Breast.

Will Miracles ever cease? More evidence of its surprising Health-Restorative virtues!

The following has just been received from Mr. Edward Stratton, of Lexington, Mo., which shows that Consumption in its worst form can be cured by Wistar's Balsam of Wild Cherry.

LEXINGTON, Mo., Jan. 21, 1845.

Benjamin Phelps—Dear Sir: I take great pleasure in communicating to you what I consider an extraordinary cure effected on my daughter, about 11 years of age, by Wistar's Balsam of Wild Cherry. About the first of September last, my daughter was taken sick, and attended by several physicians, whose prescriptions were ineffectual, or seemed to do no good. She was attended with a constant cough and pain in the breast. Her physicians and all who seen her, came to the conclusion that she was in a confirmed stage of Consumption. I made no other calculation than for her to die. But as she commenced taking the Balsam she began to improve, and continued so until her health was restored, and is now entirely well. With a view of benefiting those who may be similarly afflicted, I take pleasure in recommending this medicine to the confidence of the public.

Yours, with respect,  
EDWARD STRATTON.
