

FOR PRESIDENT OF THE UNITED STATES IN 1848.
GENL. ZACHARY TAYLOR.
FOR VICE PRESIDENT.
HON. ANDREW STEWART.
Subject to the decision of a National Convention.
FOR GOVERNOR
General James Irvin,
OF CENTRE COUNTY.
FOR CANAL COMMISSIONER.
Joseph W. Patton,
OF CUMBERLAND COUNTY.

Santa Anna, it is now certain, has resigned the Presidency of Mexico. In his letter of resignation he talks much about the sacrifices which he alleges he has made, and says he is impelled by his present course by considerations of patriotism alone. He speaks of a projected revolution in the city of Mexico, by his enemies, which he thinks can be prevented only by his resignation. The whole document is characteristic of the man—full of bombast and self-adulation.

THE POOR CANDIDATE.
The friends of Gov. Shunk say, he is poor and assign that as a reason why, in their opinion, he ought to be re-elected.—If such be the case, we should think he ought to engage in some other business than office-holding; for, if thirty years at the public treasury does not fatten a man, it would be both unjust and cruel to fasten him to it any longer. Rather let the man go free and engage in something more profitable, lest he remain poor as long as he lives.

BUTLER CO. NOMINATIONS.
The Whigs of Butler county met in Convention in the town of Butler on Monday the 14th and nominated the following ticket:
Assembly.—John R. Harris, unanimously.
Treasurer—Samuel C. Stewart.
Commissioner—Joseph Douthet.
Auditor—Samuel D. Christy.
Trustees—Samuel A. Purviance, Esq., and Dr. Isaiah McJunkin, unanimously.

PITTSBURGH & BALTIMORE R. R.
The Councils of Baltimore at their meeting on Friday last, passed a resolution instructing the directors in the B. & O. R. R. Co. representing the interests of the city in said stock to vote for a subscription of \$800,000 to the Pittsburgh and Connellsville road, so soon as Pittsburgh, &c. shall subscribe \$750,000 and the citizens of Baltimore individually \$100,000. Vote in 1st Branch—Yeas 12, Nays 8. 2d Branch—Yeas 6, Nays 4.

O'Connell, the great Irish agitator, died at Genoa on the 15th of May. He directed his heart to be deposited in Rome, and his body to be buried in Ireland.

A Washington letter to the New York Courier under date of the 14th says:

The prospect is now brighter than at any period since the war commenced, that the Mexican people will compel their military rulers to agree to a peace. The project of a treaty which was taken out by Mr. Trist, has been shown confidentially to several persons in Jalapa, and is in conformity with what I heretofore stated to you—and I even again assert most positively upon evidence from Jalapa and New Orleans which admits of no mistake, that the treaty prepared to be signed by Mr. Trist as Commissioner, has been at Jalapa, and that Mr. Trist is clothed with the fullest diplomatic powers to conclude a definite treaty of peace, upon the terms and articles set forth in the project as exhibited at Jalapa; and that he need not wait for any further instructions from Washington, but can have the treaty as it is signed by him and ratified at once by the Government of Mexico. I assert further that Gen. Scott is to co-operate in the negotiation and carrying the treaty into effect.

The New York Journal of Commerce illustrates in a brief but striking manner the inconvenience and costliness of the Sub-Treasury scheme. The Government, it says, has large sums to pay in New Orleans, while its money is in New York. The disbursing officers, therefore, give drafts on the treasury at Washington, which drafts are sold in large sums at one per cent. discount. "This (says the Journal), is so much less to the citizen claimants, and so much injustice on the part of Government, and all from the operation of that miserable abortion of political financing, the Sub-Treasury. If the old, safe and cheap system had been continued, the money would have been paid any where and every where, just as the convenience of Government might have required. Now we have got an expensive and dangerous machine, just to do mischief."

The Journal of Commerce is friendly to the Administration.

ARRIVAL OF VOLUNTEERS—DEATH OF LT. MURRAY.

The steamer Messenger arrived last evening, bringing with it the body of Lt. Washington Murray of the Westmoreland Guards—whom we are pained to learn died on board on Wednesday night last. There also arrived by the same boat, James Johnston and James Carpenter, non-commissioned officers of the same company—all of the second Regt. Penn'a. Volunteers. Mr. James Johnston we regret to find is very ill and now at the St. Charles Hotel. Mr. Carpenter, though suffering from disease is able to keep up—but bearing the marks of hard service. They have all been sent home on account of sickness. It is but a few weeks—a few days—to us as yesterday, these gallant youth—full of hope, excitement and ambition, embarked, we believe on the same Messenger, in pursuit of fortune, renown and name among their countrymen and fellows. To-day they return shorn of their hopes and mourning their companions struck down by war and disease—themselves debilitated, but nothing daunted—but the appetite for adventure gratified doubtless to satiety for the time. But,
*"Who riseth from a feast,
 With that keen appetite that he sits down?
 Where is the horse that doth untread again
 His tedious measures with the unaltered fire
 That he did pace them first? All things that are,
 Are with more spirit chased than enjoyed."*
 Pitts. American.

FROM THE ARMY OF GENERAL TAYLOR.

From the Matamoros Flag of the 7th instant we learn that Col. Doniphan, with a portion of his command, passed down the Rio Grande on the 5th instant. The Flag thus speaks of them:
"The unshorn beards and goat and deer skin clothes of many of them reminded us of descriptions we have read of the inhabitants of some of the countries of the Russian empire. They stopped in town a couple of hours. Col. Doniphan is a stout, rough-featured, good-natured-looking sort of a man. He brought along with him Clark's battery, and ten pieces of cannon captured at Sacramento. The sick, &c., forty or fifty wagons, with several hundred mules, were turned over to the quartermaster."

The volunteers are returning from Gen. Taylor with great rapidity. Ere this he is left without any of the volunteers who fought under him at Buena Vista. The letter we give below from our special correspondent contains the latest information as to the probable movements of Gen. Taylor.

SALTILLO, MEXICO, MAY 21, 1847.

There is no doubt that we shall march upon San Luis at a very early period—as soon as a sufficient number of troops arrive from below—and from San Luis to the city of Mexico. A communication received from Gen. Scott by Gen. Taylor a few days ago, giving a brief account of the battle near Jalapa, directs Gen. T. to move at once, or as early as possible from San Luis, where he expected the letter would reach him, to the city of Mexico. So that Gen. Taylor will not probably remain any time at San Luis, unless he receives orders there, but, leaving a garrison for that place, will proceed with the residue of his command to the city of Mexico. The command will probably never retrace its steps this way, as there will be no occasion for it. I have, therefore, a fair prospect of "revelling in the halls of the Montezumas" as well as some other people, and if I live through the campaign and return via Vera Cruz, I shall have seen quite as much of the country as I care about.

Col. Doniphan with the residue of his command, arrived at camp this morning, and reported to Gen. Wool. It is thought that the artillery companies under Capt. WRIGHTMAN, attached to this command, will consent to remain during the war, but, I hardly think such will be the case. The regiment is under orders to march on Sunday, the 23d, for the Brasos, there to be discharged. The two Illinois regiments will march from here on the 30th or 31st instant, and the Arkansas cavalry on the 1st of June. The two Indiana regiments, 2d and 3d, will proceed on Monday. The troops, then, of the old stock will all be gone, except Ben McCulloch's company of Texan Rangers.

FROM THE CITY OF MEXICO.

FROM THE N. O. PICAYUNE OF JUNE 14.
 We have received by the way of Tampico, our files from the capital as late as the 29th of May. This is a week later than the papers received last week by the Oregon.

Santa Anna's letter of resignation is published in the papers of the 29th ultimo, but we know nothing of the action taken by Congress on the subject.

In the city of Mexico every thing is manifestly in a state of confusion and almost unlicensed anarchy. Gen. Bravo has resigned not only his command of General-in-Chief, but also his commission of General of Division. Gen. Rincon is said to have done the same thing. More of the causes in our next.

It is true that Gen. Almonte is under arrest, though the causes of his imprisonment are not avowed.

Gen. Ampudia had been directed to await further orders at Cuernavaca. What suspicious thing he has done or contemplated we are not informed.

Gen. Valencia and Gen. Salas were ordered to leave the city of Mexico on the 24th ultimo for the city of San Luis Potosi, to take command of the army of the north.

The official paper of the State publishes strong representations against Santa Anna and in favor of the Americans—Gen. Scott's manifesto among the latter. This latter document is also given in all the papers of the capital.

Gen. Arista has refused to re-assume his military functions until his conduct should be investigated by a military tribunal. He demands that his trial may take place at once, in order that he may take part in the defence of the country.

LATEST FROM VERA CRUZ.

FROM THE N. O. PICAYUNE OF JUNE 13.
 The steamship Fanny arrived yesterday morning from Vera Cruz, having made the run to the Balize in ninety-two hours.

By this arrival we have the American Eagle to the 5th instant, and private letters to the 4th from Vera Cruz. There had been no arrival from the army of Gen. Scott since the night of the 31st ultimo. We have therefore no later accounts from the interior.

The papers and private accounts say that the fever at Vera Cruz is on the increase.

A large train was to leave Vera Cruz on the morning of the 5th instant for Puebla, under the command of Col. McIntosh. It was to carry up a mail, the first for nearly a month, and about \$300,000 in specie, in charge of Major A. G. Bennett, paymaster. The train was to be escorted by a large force of soldiery, in all about 800 men.

The steamship Massachusetts arrived at Vera Cruz on the 3d instant from this port, with over 300 officers and men.

FROM GEN. TAYLOR'S ARMY.

We learn from Captain Wilson, of the 1st regiment Indiana volunteers, who comes direct from Gen. Taylor's camp, that all the troops are in good health.—Gen. Taylor's force consists of five regiments of volunteers, viz: the 2d Mississippi, 1st Massachusetts, the Carolina and Virginia regiments of Infantry, Texas cavalry, the 10th and 19th regiments of infantry, a detachment of the 2d and 3d regiments of dragoons, with Bragg's, Washington's, and O'Brien's batteries.—The health of the 2d regiment Mississippi volunteers had greatly improved.—There had been no recent cases of small-pox reported.—N. O. National.

Between Camargo and Mier, a short time ago, three Mexicans were waylaying the road to rob a Mexican merchant of Matamoros, who they knew was coming down from Mier with a large amount of money in his possession. The merchant had three men with him, and it chanced, before he reached the spot where the robbers had posted themselves; that three Texan rangers who had been out on a scout, struck into the road a short distance ahead of him, pursuing their way to Camargo. It was after dark, and the robbers mistook the rangers for the merchant's party. They ordered them to halt and deliver, and the rangers did halt and deliver; but they delivered bullets instead of money, and left not a robber able to carry off his load—all were killed, and the merchant passed down in safety.

FIGHT BETWEEN COL. DONIPHAN AND THE CAMANCHES.

Fredericksburgh, June 21.
 The Southern Mail, to-day, brings us intelligence of a battle between Colonel Doniphan and the Camanche Indians, near Parias. The Camanches lost seventeen of their number, and were scattered in all directions. None of the Americans were killed, and only one of the party, a Volunteer from Missouri,—injured.

A NEW ERA IN NAVIGATION.—The Buffalo Commercial says that a few days ago the three masted schooner New Brunswick, loaded with 18,000 bushels of wheat at Chicago, and CLEARED FOR LIVERPOOL. She goes by the way of Welland Canal and the St. Lawrence.—This is the first clearance of this kind ever made from the inland waters of the great lakes for an European port, and constitutes an era in the history of navigation.

Baldness and loss of Hair is caused by a want of healthy action in the vessels which throw off the perspiration from the head. When these vessels are weak or diseased, the perspiration is thick and clammy, and adheres to the mouths of the pores, and clogs them up, and dries and forms scurf and dandruff. Less blood is then carried to the roots of the hair, and for want of which the hair has not sufficient nourishment, and consequently becomes dry and harsh, and begins insensibly to fall off, which, continuing to increase, eventually produces baldness. Restore the capillary vessels of the head to their former healthy circulation, and fine silky new hair will make its appearance, which will increase in quantity and volume, until the hair becomes thick and healthy.

Jayne's Hair Tonic is the only preparation that has ever been known to produce new hair on bald heads, which it has done in innumerable instances, and will seldom fail if properly and perseveringly used.

From the Rev. Dr. Babcock, formerly President of Waterville College, Me.

From intimate personal acquaintance with Dr. D. Jayne, a regular student of the Medical University of Pennsylvania, and an experienced, successful practitioner of medicine I was prepared to appreciate the numerous testimonials in favor of his different medical preparations, much more highly than the great majority of those which are extensively enlarged. On trial of them in my own family, and some of them personally, I have more than realized these favorable anticipations. They are what they profess to be—not quack medicines—but skilfully prepared antidotes for some of the most afflictive of human diseases, I know that they are highly esteemed, and frequently prescribed, by some of the most respectable of the regular practitioners of medicine in this city and elsewhere, and I do not hesitate to commend them as a valuable addition to our materia medica, and a safe, as well as eminently useful remedy for the diseased.
