### LAUGH, LADY, LAUGH!

Laugh, lady, laugh!  
There's no avail in weeping;  
Grief was never made  
To be in beauty's keeping.  
Tears are of a stream,  
Where pleasure lies decaying;  
Smiles, like rays of light,  
O'er sunny waters playing.  
Laugh, lady, laugh!  
Sing, lady, sing!  
There is a charm in singing,  
When melody its spell  
Upon the air is flinging,  
Sweet sounds have often won  
More than the fairest faces;  
And harps have always been  
The playing of the graces.  
Sing, lady, sing!  
Love, lady, love;  
There's always joy in loving;  
But sigh not when you find  
That man is fond of roving;  
For when the summer bee  
Takes wing through beauty's bowers,  
He knows not which to choose  
Among so many flowers.  
Love, lady, love.

### ELOQUENCE AT A PREMIUM.

"May it please the Court," said a Yankee lawyer before a Dutch Justice, the other day, "this is a case of greatest importance. While the American Eagle whose sleepless eye watches over the welfare of this mighty republic, and whose wings extend from the Alleghenies to the Rocky Chain of the West, was rejoicing in his pride of place."  
"Shut dare! Shup, I say, vat has dis suit to do mit eagles. Dis has nottin to do mit de wild bird. It ish one sheep," exclaimed the justice.  
"True, your honor, but my client has rights here."  
"Ye's gliant has no right to de eagle!"  
"Of course not, but by all the laws of language."  
"Vat cares I for de laws of de language. I understand de laws of de State, and dat enough vor me. Confine your talk to de case."  
"Well, then, my client, the defendant in this case is charged with stealing a sheep, and—"  
"Dat will do? Dat will do? Your gliant is charged mit shtaling a sheep, just nine shillin. De court will adjourn to Billy Verguson's to drink!"

**BELLS.**—The nearer bells are hung to the surface of the earth, other things being equal, the further they can be heard. Franklin has remarked that many years ago the inhabitants of Philadelphia had a bell imported from England. In order to judge of the sound it was elevated on a triangle in the great street of the city, and struck, as it happened on a market day, when the people were coming to market, were surprised on hearing the sound of a bell at a greater distance from the city than they had ever heard any bell before. This circumstance excited the attention of the curious; and it was discovered that the sound of the bell, when struck in the street, reached nearly double the distance it did when raised in the air.

**EXTRAORDINARY INNOVATION.**—The "Journal de Debates," a leading newspaper of Paris, and organ of the government, says that seven hundred Jews in that city had agreed to transfer the celebration of the Sabbath from Saturday to Sunday, and that this shows the tendency of the Jews to assimilation with Christians in religious rites.

**POISONOUS CARDS.**—The Danbury (Conn.) Times says that a child of that town, was poisoned on the 15th inst., by putting a visiting card in its mouth, which its mother had given it to play with. It died in forty-eight hours after. An analysis of the card showed that the enamel or coating was composed of carbonate of lead.

"Madam," said a doctor to an old maid—"you stand in need of the sun and air. Tell you have them you can never get well."  
"La! doctor, I have no objections against having a son and heir, but I must get a husband first."

"Mother, what is a rush?" "A rush, child! I don't know—what makes you ask that question?" "Cause the other day I asked Jane what made her back stick out so, and she said rush it!"

They have an excellent way, says a Massachusetts paper, of keeping boys at school in Wisconsin. The selection have ordered the arrest of all boys who may be loitering around the streets during school hours, saying that they must either attend school or devote their time with diligence to some lawful employment.

According to a letter addressed by V. K. Stevenson, Esq., to the Hon. John C. Calhoun, we learn that the agricultural products of Tennessee are in value equal to \$57,551,923, while those of Ohio are only \$57,809,390, and New York \$57,685,400, showing Tennessee to be third State in the Union in productive wealth.

The Mormon Temple, at Nauvoo, Ill., has been sold to a committee of the Catholic church, for the sum of \$75,000. It is stated that the purchasers had also bought considerable other property in the city. It is understood the building is to be devoted to educational purposes connected with the Catholic church.

**IRELAND.**—An Irish journal says, there are now upwards of two millions nine hundred thousand persons, or more than one-third the entire population, receiving rations at the public expense, under the Temporary Relief Act, in Ireland.

**FOR CONSUMPTION.**—It is said by an English officer who tried it in the East Indies, that the smoke of burning rosin inhaled is a certain cure for consumption if persisted in.

### HOTEL FOR INVALIDS AT PITTSBURGH.

**Drs. Speer and Kuhn.**  
THE object of this establishment is to supply a want greatly felt by respectable travellers on our western highways—by residents, without family, taken sick—and by patients from the surrounding towns and country who resort to this place for relief from surgical and other diseases. Such have often suffered from the want of the various comforts and attentions so necessary and agreeable to the sick, and from careless and unfaithful nurses; and been subjected to heavy and unreasonable charges.

Invalids will here be provided with constant, faithful and comfortable attendance, and at a rate much below the usual charges.

While the care of both physicians will be extended to every variety of disease, it is intended by Dr. Speer, to give special attention to

**ALL SURGICAL DISEASES, PARTICULARLY TO DISEASES OF THE EYE.**

To these branches of his profession he has given a large share of his attention for the last twenty-five years, and he will continue to devote to them the experience acquired by a constant practice during that time.

The Hotel for Invalids is not an experiment. Its establishment is suggested not only as necessary to supply an evident want in this city, in the entire absence of any special provision for the sick, but is warranted also by the success of similar institutions at Cincinnati and New Orleans—the former under the care of Drs. Tallafiero, Marshall and Strader—the latter under that of Dr. Stone.

The building selected for the purpose is situated at the corner of Federal and Robinson streets, in Allegheny city, adjoining the city of Pittsburgh. It is commodious and roomy, and furnished with all accommodations necessary for the sick.

### Wright's Indian Vegetable Pills.

### Certificates of Cures.

FROM JAMAICA, LONG ISLAND.  
**Doctor William Wright:**—Dear Sir, —It is with great satisfaction that I inform you of my having been entirely cured of dyspepsia, of five years' standing, by the use of your Indian Vegetable Pills.

Previous to meeting with your celebrated medicine, I had been under the care of several physicians, and had tried various medicines, but all to no effect. After using one 25 cent box of your pills, however, I experienced so much benefit, that I resolved to persevere in the use of them, according to directions, which I am happy to state has resulted in a perfect cure. In gratitude to you for the great benefit I have received, and also in the hope that others similarly afflicted may be induced to make a trial of your extraordinary medicine, I send you this statement with full liberty to publish the name if you think proper. Yours, &c.

G. C. BLACK.  
From New York City.

**Dr. Wm. Wright:**—Dear Sir,—At your recommendation, I some time since made trial of Wright's Indian Vegetable Pills, of the North American College of Health, and can conscientiously assert that of Purifying the Blood and Renovating the System, I have received more benefit from their use than from any other medicine it has heretofore been my good fortune to meet with.

I am, dear sir, with many thanks, your obliged friend,  
CHAS. M. TATE,  
No 60 Hammersly street, New York.

### From Warwarsing, N. Y.

**DEAR SIR**—I have been afflicted for several years with inward weakness and general debility, accompanied at times with pain in the side and other distressing complaints. After having tried various medicines without effect, I was persuaded by a friend to make trial of Dr. Wright's Indian Vegetable Pills, which I am happy to state have relieved me in a most wonderful manner. I have used the medicine as yet but a short time, and have no doubt, by a perseverance in the use of the medicine according to directions, that I shall in a short time be perfectly restored.

I most willingly recommend said Pills to all persons similarly afflicted, and in the full belief that the same beneficial results will follow their use.

I remain, yours sincerely,

### Consumption of the Lungs.

**WISTAR'S BALSAM OF WILD CHERRY.**—A compound Balsamic preparation from Wild Cherry Bark and Tur—the best remedy known to the world for the cure of Coughs, colds, asthma, croup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint and first stages of consumption.

We will not assert that this Balsam will cure Consumption in its very worst form, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that WILD CHERRY was designed by Nature to be our PANACEA for the ravaging disease of this cold latitude. Let not the despairing invalid waste his money and lose time, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible—a medicine that science approves, and many years of experience has demonstrated that it always relieves.

"There is no such thing as fail" in the history of this wonderful BALSAM. Evidence the most convincing: evidence that no one could doubt, fully establishes this fact. For the sake of brevity we select the following from thousands.

Isaac Platt Esq., Editor of the Poughkeepsie Eagle, one of the most influential Journals in the state of New York, states, under the authority of his own name, that a young lady, a relative of his, of very delicate constitution was attacked in February, 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms—

Through medical treatment and care she partially recovered during the summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk, and was troubled with cough, chills, and fever every day, and appeared to be going rapidly with Consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptoms of her former disease.

The following we have just received from Messrs. Fall, McCracken & Co. agents for the sale of Wistar's Balsam of Wild Cherry, at Lancaster, Ohio.

"To the Public.—I feel it my duty as an act of kindness to the afflicted, to inform them what Wistar's Balsam of Wild Cherry has done for my daughter.—

"There is many a parent who has given up a beloved daughter or son, as a prey to that fell destroyer consumption. They have, as I have done, tried all the most skillful and eminent physicians within their knowledge, and all of the most popular remedies that seemed to hold out some hope for a continuance of life, without getting any relief. To all such who, like me, have been seeking with trembling hope for some remedy of real efficiency, I would say, seek no farther but try at once Dr. Wistar's Balsam of Wild Cherry. My daughter Sarah Jane, aged 17 years, whose life for months had been despaired of, and was supposed a sure prey to consumption, has been cured; restored to perfect health; and that too by using five bottles of Dr. WISTAR'S BALSAM OF WILD CHERRY.
