Maj. Gaines, who was lately elected to Congress, from the Covington District, Ky., in place of a Locofoco, is at this time a prisoner of war in Mexico, the question suggests itself to the Columbus Journal, whether Mr. Polk will put forth the same amount of effort to afford him a Pass out of Mexico, that he did to pass Santa Anna into that country? No doubt Santa Anna would be willing to reciprocate the friendly office of the President, if called upon; but it is not likely that Major Gaines is a "Mexican Whig."

'The "Blair County Whig" is the title of a new paper just started at Hollida;sburgh, by J. L. Slentz, Esq. 'The "Whig" is the "right stripe" and will doubtless be liberally patronized.

"WHAT WILL THE WHIGS DO?" the Richmond Enquirer asks in great apparent distress. We will tell it. They will go on defeating locofocoism and establishing sound conservative principles. The Enquirer may know what they will gained this month a Whig Governor, a Congressman in Tennessee; a Whig Legislature and two members of Congress in Indiana; a Whig member of Congress in Alabama; and three members in North Carolina, to say nothing of the awful fright which they gave locofocoism in the Governor's canvass in Alabama. What the Whigs have to do, will be done well, and the fruits thereof will be seen in the approaching Congressional elections .-North Amer.

GENERAL TAYLOR AND THE PRESIDENCY.

The "Authracite Gazette," an ably conducted neutral paper published at Pottsville, takes strong ground in favor of Gen. Taylor as "the People's candidate" for the Presidency, and gives notice of the GEN'L. ZACHARY TAYLOR, holding of a mass convention in that place at an early day, to advance the old General's claims, and to which the eastern and northern counties of the State are expected to send delegations. The partiality of the American people for Gen. Taylor During a long period of years Penn- has recently been monifested in so many sylvania has been almost entirely under ways and in so many quarters, that we the rule of Locofocoism. Few States cannot perceive how he can well be prepossess greater natural advantages, yet vented from being elected President in more burdened with taxes. But, however men may differ on this point, let none be so simple as to suppose that Gen Taylor has no opinions of his own in regard to measures involving high interests and important principles. To suppose that he was destitute of such, would be supposing that he was little more than an idiot. We have good authority for saying, that in principle he is a Whig; but we have his own declarations that he will not be the candidate or the President of this or that party; and from these it is con. cluded by some of both parties that he will not suit them, because he would in all probability not go as far in carrying out party measures as they want a President to go. THE SANTA ANNA PARTY.

The Santa Anna party appear to be destined to meet with as many defeats in the United States as in Mexico. Wherever they have met the Whigs they have been doomed to defeat. This party came into power under the auspices of James K. Polk as President and Francis R. Shunk as Governor in 1814-elevated to office under the cabalistic banner of "Pelk Shank and the Tariff of 1812," and the following pledge to keep the peace:

"Beneath its benign sway peace and prosperity prevail. Freed from the burdens and miseries of war, our trade and intercourse have extended through the world. Mind no longer tasked in devising means to accomplish or resist schemes of ambition, usurpation or conquest, is developing his faculties and powers, and the capacity of nature to minister to his enjoyments."-Polk's inaugural Address, March 4, 1845."

What have they done? They have repealed the Tariff of 1812 and declared an unnecessary and uncalled for war against Mexico, which has already cost 100 millions of money and the lives of 10,000 Agone against them, even to New Hampnext Congress against them. Had not the Polk and Shunk party, better go in a body to Mexico? Santa Anna will not refuse them s pass, and such loving brothers should form one party in one country and not be deteated so invariably as they have been, by being divided .- Pitt. American.

IMPORTANT TO TAX-PAYERS. It is now the well known and firm be lief of persons best acquainted with the subject and the facts, that the State was DRED THOUSAND DOLLARS, by frauds committed on the public works .-This never would have come to light had Tax-pavers that a Whig Legislature be elected to probe the corruption to the bottom--ferret out the guilty and expose prostitute Executive authority and influ- ert himself to secure the election of write REPRESENTATIVES. The Locofocos that may be elected, will all be found endeavoring to stifle iniquity and HIDE THE TRUTH FROM THE PEOPLE.—Pa. Tel.

> Poor Excuse. - The locofocos leaders attribute their loss in the Congressional elections in Indiana, North Carolina, Alabama and Tennessee to the absence of a number of their voters, in the volunteer corps, from these States, now in Mexico. This is a poor excuse, when it is known that the volunteers are drafted from both parties; and perhaps do not affect the re-

sult of the election one way or the other. In Pennsylvania and Ohio, last fall, the STORM was the cause of the defeat of the "democracy;" and in New York, ANTI-RENTISM produced a regular Buena Vista in their ranks! This is all moonshine. It is but the commencement of the seal of condemnation that the people of this Union will pass upon the acts of James K. Polk and his Cabinet, in 1848. Locofoco leaders may try to dodge the real causes of their defeat; but it will be of no avail. The great mass of the voters of 440 the country have probed their deception | 4304 to the bottom.

What reason will be given for the election of IRVIN and PATTON in October next? The leaders of the locofoco party must be very much occupied now in conjuring up reasons for anticipated defeats.-West Chester Record.

SANTA ANNA'S PASS.

We perceive that the Printer of the Gazette persists in pronouncing Polk's Pass to Santa Anna into Mexico a For- 138 gery. This has been his standing argument for years, against facts which he 400 gument."
