"Storms," it is said, "purify the air," but storms do mischief also, and are so far an evil. Were it within human power to maintain the Electrical equilibrium between the earth and air, there would be no occssion for storms. for the air would always be pure.

So of the human body. If kept free from morbid humors, the action is regufar and healthy. But if those humors are allowed to accomplate, a crisis, or, in other words, a storm, will arise, which is always more or less dangerous.

Wright's Indian Vegetable Pills are equally well calculated to prevent the storm, or to allay it when it comes. But prevention is better than cure, besides being cheaper and less troublesome .-The delay of a day in the commencement of sickness has often proved fatal, and always renders the case more diffiviction thereof, he or they shall forfeit cult to manage.

Let the sickness be caused by changes of weather, high living, want of exereise, close confinement, functional derangement, or anything else, the effect upon the body is much the same-is equally dangerous, and is removable by the same means.

Have you a cold? Let it not ripen into Consumption. Are you Dyspeptic? Beware of the hypochondria. Two Pills taken every other night on an empty stemach, for a short time, will, in nine and thereby drive away the legion of 'devils blue." Consumption of the Lungs. WISTAR'S BALSAM OF WILD CHERRY .- A compound Ba!samic preparation from Wild Cherry Bark and Tar-the best remedy known to the world for the cure of Coughs, colds, asthma, eroup, bleeding of the lungs, whooping cough, bronchitis, influenza, shortness of breath, pain and weakness in the breast or side, liver complaint and first stages of consump-

We will not assert that this Balsam will cure Consumption in its very worst form, but it has cured many after all other means of relief had been tried in vain. And why not? It seems that WILD CHERRY was designed by Nature to be our PANECEA for the ravaging disease of this cold latitude. Let not the despairing invalid waste his mouey and lose time, to him so all important, in experimenting with the trashy nostrums of the day, but use at once a medicine that will cure, if a cure be possible-a medicine that science approves, and many years of experience has demonstrated that it always relieves.

"There is no such thing as fuil" in the history of this wonderful BALSAM, Evidence the most canvincing-evidence that no one could doubt, fully establishes this fact. For the sake of brevity we select the following from thousands.

Isaac Platt Esq., Editor of the Pough keepsie Eagle, one of the most influential Journals in the state of New York, states, under the authority of his own name, that a young lady, a relative of his, of very delicate constitution was attacked in February, 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptons---Through medical treatment and care she partially recovered during the summer. But on the return of winter she was attacked more violently than at first, she became scarcely able to walk, and was troubled with cough, chills, and fever every day, and appeared to be going rapidly with Consumption; at this time, when there was no sine of improvement, Mr. Platt procured a bottle of WIS-TAR'S BALSAM OF WHID CHER RY, which she took, and it seemingly restored her. She got a second, and before it was half taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptons of her former disease.

The following we have just received from Messrs. Fall, McCracken & Co. agents for the sale of Wistar's Balsam of Wild Cherry, at Lancaster, Ohio.

To the Public .- I feel it my duty as an act of kindness to the afflicted, to inform them what Wistar's Balsam of wild Cherry has done for my daughter .-There is many a parent who has given up a beloved daughter or son, as a prey to that fell destroyer consumption. They have, as I have done, tried all the most skilful and eminent physicians within their knowledge, and all of the most popular remedies that seemed to hold out some hope for a continuance of life, without getting any relief. To all such who, like me, have been seeking with trembling hope for some remedy of real efficiency, I would say, seek no farther but try at once Dr. Wistars Balsam of Wild Cherry. My daughter Sarah Jane, aged 17 years, whose life for months had been dispaired of, and was supposed a sure prey to consumption. has been cured; restored to perfect health; and that too by using five botiles of Dr. WIS l'AR'S BALSAM OF WILD CHERRY.
