EMANATING FROM A REGULAR PHYSICIAN. DR. INGOLDSBY'S Piles Specific. AN INTERNAL REMEDY : A CERTAIN AND RADICAL CURE: Whether Internal, External, Bleeding or Blind:

Has made radical cures in every case of the above mentioned complaints, as can be proved by personal reference, and several thousand certificates from all parts of the country. The specific is an internal remedy, has a gen-

tle action on the bowels, is pleasant to take, and perfectly harmless in the most delicate cases, male or female. Females before and after confinement are often troubled with constipation of the bowels, or costiveness, as well as the piles. In all such cases the Specific can be taken with perfect safety, and is a certain remedy.

PURGATIVES NOT NECESSARY, So severe in their effects, and so liable to injure when used (being in most cases the cause of piles when taken during fever and ague and many other diseases.) are thus done away, with, as COSTIVENESS is easily removed by using this medicine, and the bowels restored to a vigorous and healthy action without leaving any perceptible effect on the system.

SPITTING BLOOD

Is always alarming. It leads to the worst kind of Consumption, and unless arrested in time is generally fatal.
