EMPIRE OF MEXICO.

The Emperor Maximilian's Letter to the Mexican Secretary of State.

My Dear Minister Velasquez de Leon.—On returning from my laborious journey into the mountains of the interior, during which I have received in every city, town, and village the sincerest proofs of sympathy and the most cordial enthusiasm, I have derived two important truths. The first is, that the empire is a fact firmly established; the second is, that the immense majority of the nation, and that in it there is depicted a form of government of real progress, and one that suits best the wants of the people. The second is, that the immense majority is desirous of peace, tranquillity, and justice—blessings that it expects and anxiously asks of my sacred duties and which I, keeping in view my sacred duties to God and the people who have chosen me, am resolved to give them.

THE FIRST NEWSPAPER IN THE UNITED STATES.—The Long Island Historical Society exhibits in its rooms an original copy of the Boston Newsletter, printed by John Allen, in Pudding Lane, and sold at the Post Office in Cornhill. The sheet consists of one leaf, about ten by fourteen inches, and is dated in the year 1719, of sixty-four years before the Declaration of Independence, but is well printed and in good preservation. This paper is claimed to be the first one published in the United States.
