Mr. W. E. Tenbrook was called to the Chair. Rev. Dr. Bomberger, from the Committee to prepare a form of permanent organization, then presented a Constitution for an Association to be called "The Sabbath Union of the City of Philadelphia," the object of which is to promote, by suitable means, a due regard for the Sabbath as a Divice institution, and for the share an another the maintain its promote obsercivil laws enacted to maintain its proper observance; and to watch and oppose all efforts which may be made to have those laws aprogated or so changed as to give legislative license to the vio-lation or secularization of the Lord's Day. Any person friendly to the cause to be considered a member on signing the Constitution. The Board of Managers of the Union to meet monthly, and a general meeting of the members to be held annually. On motion, the Constitution, as re-ported, was unanimously adopted. The Com-Cooke, President; Rev. Mr. Stevenson, Secre-tary; W. E. Teabrook, Treasurer. After remarks from several gentlemen present, the meeting adjourned till next Tuesda y evening.

BEARD OF TRADE .- The monthly meeting was held on Monday evening, President Welsh in the chair. Twenty-two new members were nominated, and unanimously elected. The secretary stated that this carried the number of new members to more than three hundred. Mr. Tatham, for the committee, reported the project of a constitution or form of organization of an Associated National Board of Trade" (not a Government Board), to be formed by delegations from the various mercantile associations in the country, for the purpose of harmonizing and concentrating mercantile influence, and, by this means, advancing the industrial interests of the whole country. The report was adopted and ordered to be forwarded to Boston, for comparison with other plans. In view of the great in-terest felt in the success of the proposed Southern or Coastwise Steamship Company, on motion, the Board reaffirmed their position for-merly taken on the resolution proposed by Mr. Wheeler, and unanimously adopted resolutions urging business men to support the project.

A YOUTHFUL CULPBIT.-A few months are several thousand dollars were stolen from under the bed of an old man residing in Bedfor the offense. One of the alleged offenders left the city at the lime, and it was said that he had carried off a one thousand dollar note. Yesterday he was arrested, and represented that he had been to Baltimore. He denied the pos-session of the note. Alderman Beitler committed him for a further hearing.

A SILK FACTORY .- The extensive brick barn on the Kenderton estate, near the Rising Sunivillage, has been enlarged, and will shortly be used for manufacturing silk ribbons by a gen tleman of this city, who is now in Europe ob taining operatives and the necessary machinery. He is also erecting, for his hands, about a dozen two-story brick dwellings, in the vicinity of his factory. We believe that this is the only factory of the kind in this country, and will, no doubt, prove a successful undertaking.

SNOW SCULPTURE .- The front of the Fairmount Engine House is ornamented by a snow-man ten feet in height, and properly proportioned. It certainly reflects credit on the skill of the sculptor, or sculptors, for it is a really excellent work of art of the kind. The features, limbs, dress, etc., are all well defined. Last evening the figure was illuminated by a large lamp placed directly in front of it, which showed the features of the statue off to advanvantage.

A NEW AFTERNOON PAPER,-A new atternoon daily has been started, which is pub-lished under the title of the Philadelphia Abend Our early Teutonic education was some-Post. what neglected, but we believe that the Abend is freely translated Evening. The first number promises well, and presents a fine appearance. The German type looks well, though to many it is a Sphynx-like mystery. We wish our contemporary every success.

SHOCKING AFFAIR-CHILD BURNED TO DEATH .- A daughter of Mr. Charles Leech, aged two years, residing at No. 1830 Pennsylvania two years, residing at No. 1830 Pennsylvania avenue, was badly burned yesterday morning, from the effects of which she died between five and six o'clock in the afternoon. The sad acci-dent was occasioned by her elothes taking fire from a lighted candle in the hands of her brother, who is about four years of age.

THE GERMANTOWN MURDERER.-It is now believed that Berger, the murderer of Miss Watts, fired the different stables in School street, not far from his residence, within a few months, as he was always the first on the ground, as well as the first to alarm the owners, with a view, it is supposed, to rob their houses while emptied of the inmates.

CASE FOR THE CHARITABLE .- A woman named Ebza Brown, about fifty years of age, re-siding at No. 5 Maynard's court, between Front and Second streets, below Lombard, fell on the ice, near Second and Queen streets, last evening, and broke her right leg. She is in indigent circumstances.

ACCIDENTAL DEATH .- In the case of Patrick Davey, run over on the Fourth and Eighth Streets Passenger Radroad last Saturday night, the Coroner's jury yesterday rendered a verdict of "accidental death." The night was frosty and the sidewalks and streets in a very slippery condition. .

FIRE .- The alarm of fire at 5'30 P. M. yeserday was caused by the burning of an old frame building, used as an office, No. 1135 N. Front street. George Hankinson was the occupant. The damage was very slight.
