

MEETING OF THE PHILADELPHIA BAR.

More Commodious Court Accommodations Required—An Increase in Number of Judges, and More Adequate Pay Proposed.

This morning an adjourned meeting of the members of the Philadelphia bar, in reference to securing better court accommodations, and an increase of pay and number of the judges, was held in the Supreme Court room, Ell K. Price in the chair. The meeting was largely attended. Upon being called to order, the following was read by the Secretary:

To the Members of the Philadelphia Bar:—The Committee to whom was referred the subject of a more commodious court accommodations, and a more adequate compensation of the Judiciary, respectfully report, that they have carefully considered the subject committed to them.

1. Upon the first named subject there is but one opinion in this community. The people, the press, the medical profession and the bar, all speak a unanimous voice in favor of the long and undared in want of a more commodious court accommodations. It is a speedy and efficient remedy for the present and a permanent one for the future.

2. The subject of an increase in the number of the judges of the Supreme Court, and of the judges of the District Court, is a subject which has long been a subject of public discussion, and one which has of late years attracted the attention of the public mind.

3. Upon the subject of the judges' salaries we are all of one opinion, and that is, that the salaries of the judges of the Supreme Court, and of the judges of the District Court, are not only inadequate, but are also unjustly low.

WASHINGTON.

Propositions of the Canadian Embassy for International Commerce.

Special to The Evening Telegraph. WASHINGTON, February 3.—The Canadian Embassy had another interview with the Ways and Means Committee yesterday. They have submitted the following general propositions as a basis of agreement between the two countries:

First, That there shall hereafter be no free ports. Second, That to make the navigation of the St. Lawrence naturally satisfactory, to enlarge the locks of the Welland Canal so as to facilitate ship transit from the lakes to the ocean.

There is a prospect of a collision between the opposing counsel in the case of General L. C. Baker and Mrs. Cobb. Mr. Riddle, counsel for Baker, alleged on the trial that Mr. Hughes, counsel for Mrs. Cobb, was disloyal.

Sherman's Famous Field Order.

WASHINGTON, February 3.—The following important letter has been written by Major-General Sherman to the President, giving the origin and history of his famous "Special Field Order No. 15," which gave the freedmen possessory titles to the Sea Islands of South Carolina and Georgia.

The Hon. E. M. Stanton, Secretary of War, came to Savannah soon after his occupation by the forces under my command, and conferred freely with me as to the best methods to provide for the vast number of negroes who had followed the army from the interior of Georgia, and also for those who had already congregated on the islands near Hilton Head, and were still coming into our lines.

After the conference he was satisfied the negroes could, with some little aid from the United States, by means of the abandoned plantations on the Sea Islands, and along the navigable waters, take care of themselves.

Having an ore that readily yields 8000 per ton, some estimate could be made of the value of his property. With the present imperfect system of mining, ten tons of this ore can be taken out and reduced daily from every shaft opened, at an expense not exceeding \$25 per ton, leaving a net daily profit of \$1750 for each shaft worked by the Company.

PHILADELPHIA JANUARY 27, 1866.

Dear Sir:—We have carefully assayed the sample of ore from "Carson Mine," North Carolina, and find it yields ten ounces nine pennyweights of pure gold to the ton of ore. The net value is therefore \$116.92 per ton of ore.
