#### Recorder of Deeds.

REMARKS OF BUILDINGS

WILLIAM M. COOPER, ESC. This well-known and highly respectable citizon of Philadelphia has been mentioned as a candidate for the office of Recorder of Deeds. His name would indeed be a tower of strength, and make doubly sure the success of the Union ticket at the election in October next. For moral worth, sterling integrity, uniform kindness of heart, commendable energy, unswerving loyalty to the country, and unimpeachable devotion to the soldiers of the Union, he stands in the first rank of patriotic men. He was the President of the Cooper-shop Volunteer Refreshment Committee during the Rebellion, and he labored hard, day and night, with other patriotic gentlemen who formed the committee, in feeding the gallant boys in blue, as they passed through the city to or from the scenes of war. The well known character of Mr. Cooper at once established general confidence in the organization, and the committee was sustained in their noble efforts by a grateful people.

Mr. Cooper, to meet the emergency, tendered the use of his cooper-shop, free of expense, in order to accommodate the soldiers. To a considerable extent he sacrificed his business to accomplish this, and rolled up his sleeves to serve at the tables. He was always ready to engage in the good work. In his ministrations to the sick and wounded soldlers-his sympathy with them formed a chief feature of his kindness-his early advocacy of establishing the Cooper-Shop Soldiers' Home, demonstrates that he has excellent administrative abilities and profound judgment.

As president of the committee he proved him self as possessing executive abilities of the highest order, and his continuance in this official position attests the estimation in which he was held by the members of the organization. Of course he was assisted by a number of self sacrificing gentlemen, but he was the controlling spirit; he was the "head centre" of that patriotic circle. As a citizen he is widely known, and as universally respected, and no man can be offered to the community for popular suffrage with a more unblemished character than William M.

In writing this communication the author has no other object in view than to bring Mr. Cooper's name prominently before the public as the Union candidate for the position of Recorder of Deeds, and in doing so respectfully recommends the politicians to take it into their consideration. The signs of the times are portentous that the struggle in October will be more than usually animated, and the result will be looked for with more than usual interest. Let us, then, as Union men, have as strong a ticket as can be made; let it be composed of such men . as William M. Cooper, and the Union victory will be so entirely overwhelming as to send copper stock down as low as the Rebel loan. W.

#### MATTERS OVER THE RIVER.

THE CAMDEN UNION LEAGUE.-Last night a very large and full attendance of the Union League was had at their rooms at Fourth and Federal streets, for the purpose of taking action respecting the base conduct of James M. Scovel, in betraying the Republican party and its interests. After a few pertinent remarks from a few members, the following preamble and resolutions were unanimously adopted:-

Whereas, James M. Scovel, a member of this League, elected a Senator from this county, to represent the Union party in the Legislature of this State, has basely octrayed the men who elevated him to the position of honor which he now disgraces, and by his recent conduct and repeated deciarations has severed all ties which can unite him with the great party to which he owes the power he now wields, only to disorganize and destroy it; therefore Resolved. That we, the members of the Union Learue of the city of Camden, hereby express our emphatic condemnation of the periidious conduct of James M. Scovel, in refusing to go into joint meet-ing for the election of a United States Senator, and in repeatedly refusing to go into caucus with the Union members of the Legislature, except upon terms dictated by himself.

Resolved, That in the opinion of this League no

Resolved, That in the opinion of this League no man elected by the suffrages of the Union party has a right to usure the power of the people, acting through their representatives, and to defeat their expressed will by a factious opposition for the gratification of personal spleen or private malice.

Resolved, That in the Honorable Alexander G. Cattell we recognize a man whose personal honor and political integrity lift him far beyond the reach of any shafts which Mr. Scovel's envy, hatted, and make may launch against him; that in him we are proud to recognize a sindard bearer who will always prove faithful to the principles he professed, and to the political parly with which he is identified; and that we earnestly hope that his election to the United States Senats may be accomplished, despite the desperate and malignant opposition of James M. Scovel.

of James M. Scovel.

Resolved, That we look upon Mr. Scovel's professions of purity of motive and unselfishness of conduct as the shallowest of prefenses and boldest of hypocrisies, and that we regard any further political association with a man whom no piedge can restrain as calculated to demoralize and debauch the Union

party.

Resolved, That James M. Scovel be and he is hereby expelled from this League, and that his name be stricken from the roll of members.

J. B. Wood, Secretary.

JOHN S. LEE, President.

These resolutions, coming as they do in an official capacity, show to what extent Mr. Scovel has excited the just indignation and condemnation of the party who elevated him to power, by his wanton betrayal of the confidence reposed in him by the Unionists of his district.

ATTEMPTED BANK ROBBERY .- On Tuesday night, about 11 o'clock, four men made a desperate attempt to rob the Miliville Bank, but were folled in their purpose by a watchman of one of the mills in that place. The burglars had effected an entrance by forcing open a back window, when they became alarmed by the arrival of some of the citizens, and hastily fled into the words, leaving their tools behind. They dld not secure any booty. About one year ago an attempt was made to rob this bank, when the burglars blew open the safe, but were frightened away before doing any other damage.

ATTEMPTED HIGHWAY ROBBERY.-On Tuesday night an attempt was made to rob a man near Gloucester by two highwaymen, one of whom seized the reins of his horse; but the animal plunged forward, throwing him down, and dragging the wagon over him. The villains

Express Robbery in Texas—One Hundred Thousand Dollars Stolen.

A Galveston correspondent of March 23 writes: —I learn from the officer of the ship that writes:—I learn from the officer of the ship that an iron sale belonging to one of the Express Companies was stolen at Brownsville a day or two before the Grescent started. It contained between \$80,000 and \$100,000 in greenbacks. The safe was carried off, and at last accounts no clue could be obtained to it. A gang of officers searched the -hip but failed to accomplish anything. This is a new trick resorted to by the rascals in carrying off safes. The people must prepare to deal with some of the greatest scoundrels that have ever infested a civilized country.

FROM IDAHO.

A Battle with the Sunke Indians-Rout of the Red Skins by the United States Treops

We have received by the Overland Mail late issues of the Idaho Statesmon, published at Boise City, a flourishing place on the Boise river, whose choice valley and rich surroundings of ledges of gold and silver are rapidly making it the point of attraction in Idaho Territory.

Boise City has grown, within a very short space of time, into a population of about 1500, and is at present the capital of the Territory. Three-fourths of a mile distant from Boise City is Fort Boise, a comparatively new lort, and one of the largest and most expensive of the United States Government in the Indian country. This fort is now an important military post for a wide extent of territory injested by Indians, who have long been seriously troublesome to overland travellers and to settlers. Captain J. H. Walker, 14th United States Infantry, is here in command, and actively and efficiently, as appears from the above papers which have come

An extra Idaho Statesman, of Tuesday, Febru-ary 27, has the following:—

"Hill Benchey's Owyhee Stage arrived this after-neon at five o'clock, with the following cheering news from Captein Walker:—Mr. Beachey did not news from Captein Walker:—Mr. Beachey did not go over to Ruby on this trip, but received the following letters by express. Passengers who came over from Ruby corroborate the news, and say that it is generally believed thers. Captain Walker took only fourieen days rations with him, and that time expired yesterday. This information explains why he has not returned. He appears to have made very clean sweep or the camp, with the loss of one man:—OFFICE WELLS, FARGO & CO, RUBY CITY, February 26,1868.—Bill Beachey—Dear Sit:—Childs, the Government express messenger, arrived this evening, and reports that a messenger arrived at Camp Lyon this morning with the news that on last Thursday Captain Walker came across a camp of Thursday Captain Walker came across a camp of Indians about twenty miles from the Owyhee Ferry, at the mouth of Jordan creek, and charging it left at the mouth of Jordan creek, and charring it left eighteen dead Indians on the ground. It is supposed that one made his escape. Twenty of the Indians were bucks, who fought desperately, killing one of Captaic Walker's party. Corporal Burke, and allehtly wounding a drummer boy, name not remembered. In charging the camp six women and children were accidentally killed, but this could not be helped, owing to the desperate defense made by the Indians. It is reported that he took eighteen head of stock—particulars not known. The Owyhee Volunteers, not being able to get horses, have gone on to Hall's ranch afoot, and are determined to get after Mr. Indian.

Return of Captain Walker-His Account of the Fight,

The same paper of Thursday, two days later, March 1, semi-officially authenticates the above account of a fight with and rout by the command of Captain Walker of a body of the "Snakes," and adds the following particulars:-

Captain Walker and Lieutenant Tobey arrived from Camp Lyon yesterday about 11 o'clock, from whom we obtain the particulars of his pursuit and "treaty" with the Snakes Leaving Fort Boise he took, the course he had intended before starting, crossed the Snake at Boise ferry, and went up between the Owyhee and Malheur. His party consisted of thirty-mine men all told. Last Friday, the 23d instant, about 4 o'clock P. M., while the party were filing down a hill where four canons meet, the foremost of the party came suddenly upon a camp of Indians nearly secreted from the trail. The men immediately opened a fire upon the camp, when the Indians all fied to a cort of snelving precipice in one of the canons, from whence they kept up a most vigorous defense until they were nearly all killed. Some time clapsed before Captain Walker's men came up, and they did not at Captain Walker and Lieutenant Tobey arrived they were nearly all killed. Some time clapsed before Captain Walker's men came up, and they did not at all, at any time, engage in the fight. The Indians were atmost entirely barricaded behind the rocks, where they hid and defended themselves with desperation. They were armed with sporting rifles and plenty of ammunition. They also sent arrows whizzing around the cars of the men whenever they came within range of the hole in the rocks. The fight continued until after dark, by which time all the Indians were killed except three, who escaped into a bunch of thick chapparel, two of them brilly wounded. From that retreat they kept up a fire, though they could not themselves be seen. Determined not to leave one alive, Corporal Burke and several others charged upon them, when Burke received a fatal shot through the breast. It being next to impossible to find the remaining Indians in the darkness and brush, the fight was abandoned, and the party moved three miles and abandoned, and the party moved three miles and camped for the night, carrying the body of Burke and a wounded music an by the name of Vroomon, both of Company D, 2d Battalion, 14th Infantry. They left eighteen dead bucks on the ground, besides the three that escaped. The company captured all the Indians horse, nineteen in number, destroyed three lodges, in which they found bunches of keys, boxes of yeast powder, salt, a Government blanket, soldiers' gloves, citizens clothing; also rasps and fles, a considerable quantity of bullets, powder, and bullet-moulds; also Government saddles and some rifles. The next day Captain Walker started for Camp Lyon, where he arrived on the 25th, out of provisions, and his horses jaued—nine having died. Leaving his command at Fort Lyon to recruit the horses, he came over to Fort

The Captain Walker who achieved the good rectapital warker who achieved the good service thus noticed, and so signalized himself, is of Brooklyn. He went out with the 13th New York Regiment as a volunteer, on the three months' call, in April, 1861, when he was but eighteen years of age. In a few weeks afterwards he was appointed to a first lieutenancy in the 14th Regulars, with which regiment he in the 14th Regulars, with which regiment he participated in all the fortunes of the Army of the Potomac through the war. He obtained his captaincy early last autumn, when he was ordered to Boise, where, though the youngest officer in the army in command of a post—being now but twentythree years of age-he is proving that the selec-tion of him for that command was wisely made Corporal Burke, who was killed in the engage-ment noticed, the Stateman says, had been in twenty-seven battles during the war, and, strangely enough, survived them to fall finally at the hands of a "Snake" Indian. The Salesman had a report that, as the result of the chastisement by Captain Walker, the "Snake" tribe were anxious for a treaty, and says that Gov-ernor Lyon was that day going to meet them.— New York Evening Express.
