THE PRESTON RETHEAT .- The Managers of the Preston Retreat take this method of an-nouncing that the Retreat is now open for the reception of patients. Dr. Jonas Preston appropriated by will the larger portion of a valu-able estate to the founding of an nospital, in which indigent married women of good moral character, residents of the city and county of Philadelphia, and county of Delaware, in Penn-sylvania, could be provided with suitable attend-ance and comfort during the period of their confinement. As the income of the estate is now sufficient to provide for as many patients as can be accommodated in the large building of the Retreat, the Managers have made all arrange ments for opening the house; and patients are now occupying some of the wards. Application for admission should be made to Dr. William Goodell, Physician in charge, at the Retreat, Hamilton street, between Twentieth and Twenty first streets, who can furnish all information in regard to regulations for admission, etc.

#### JOHN M. OGDEN, President.

A MEETING of the stockholders of the New York Middle Coal Field Rairoad and Coal Comhave your and the contribution and coal Com-pany was bed at the office of the Company on Tues-day, at 124 o'clock. Mr. Adam Warthman was called to the chair, and E. C. Pechin appointed Secretary. The object of the meeting was to act upon the sup-plement passed at the last session of the Legislature, and which is as follows:-

Supplement to "An Act to Incorporate the New York and Middle Coat Field Rai.road and Coat Com-

and Middle Coal Field Rai.road and Coal Com-pointy." section I. Be it enacted by the Senate and House of Representatives of the Commonwealth of Fenneylva-nia, in General Assembly met ane it is hereby enacted by the authority of the same. That the time for the com-petion of the Kallroad of the New York and Middle Coal Field Bairroad and Coal Company shall be ex-tended until the first day of January, Anno Bomini one thousand eight hundred and seventy two, with the righ of extending the main road eastward by the Luzard Creek, or such other line as the Directors may select, to the Delaware river, and a branch to the Junista, from such point along the main line as may be deemed ad-visable, with the privilege of connecting at the state line or at or near cliner, or both of said streams, or at any m-termediate point with any other railroad or railroads now constructed, or that may hereafter be constructed, lead-ing into the interfor, or in the direction of the tide-waier, and for ail or either or said purposes the Com-pany are hereby authorized to use all the powers and privileges granted in their original charter and its app-plements. Section 2 That the right shall be conferred upon the

tion 2 That the right shall be conferred upon the Section 2 That the right shall be conferred upon the said Company of creating and disposing of the addi-tional amount of stock necessary to the construction and equipment of said raifored and its branches, on such terms as the directors may deem needfai; of it may, if deemed expedient, borrow money from time to time for the said purpose, at a rate of interest not ex-ceeding eight per cent. per annum, and issue its bonds or other obligations therefor. part thereof. Section 3. That the right be conierred upon the said Company of completing their railtone, or its branches, by sections of five or more miles, and operating each section as completed under the provisions of the Gene-ral Rairoad law of this Commonwealth.

The President of the Company, Mr. McLellan, explained at length the provisions of the bill. The surveys for two routes have been fully made-one from Schuylkill Haven to Lizard Creek, 81 miles; and the other from Tamagua to Lehighton, about 1 miles. By either of these routes coal can be carried to New York, from Schuylkili county, from 40 to 50 miles less distance than by any existing route. The resolut on to accept the supplement was adopted, and the following reso utless unanimously adopted: *Resolved* That the Directors be requested to sub-

n it to the Stockholders, for signature, a proposition to sell a majority of the stock, at not less than ten cents per share, to any parties who will agree to jurnish the money necessary to build the road. It is the intention of the Company to shortly commence the election of altirsf-class colliery upon the land.

THE CITIZENS' ASSOCIATION OF PENN-THE UTILEAS ASSOCIATION OF FENN-SYLVANIA.-For benevolent and reformative pur-poses, the Legislature has nucorporated an associa-tion bearing the above caption, its specific object being the reformation of mebriates, and the moral and social elevation and improvement of the igno-rant and the neglected. POLICE ITEMS .- A man named Anthony Folice ITEMS.—A man named Anthony Coe, hailing from St. Louis, was arrested on Tues-cay atternoon, by Officer Samuel Smith. of the Third District poice, at sixth and South streets, upon the charge of attempting to pass a twenty dol-lar counterfeit national bank note. He was he'd in default of \$500 bail to answer at court by Alderman Butler. Butler.

Last evening Police Officer Sommerdyke preferred a charge of interierence with the performance of his duties against John A. McGrath and Marun Tracy. The charge srew out of a disur-snee on Saturday evening, at Sixteenth and Lombard streets, when the officer was endeavoring to arrest a drunken man. At the hearing, a citizen of the Seventh Ward made a charge of drunkenness against the pelice officer, and stated that the mob interf-real and arrested poice officer and man both but subcomments the and stated that the mob interieres and arrestout police officer and man both, but subsequently the former was let off. The affair was ensereditable in the extreme. The defendants were bound over to answer the charge by Alderman Patchel.

A BAD Boy .- A lad named Connelly. A DAD BOY.—A had named Connelly. aged 10 years, was arrested yesterday afternoon at Eighth and Locust streets, by Reserve Officer Cooley, for stabbing another boy in the arm with a penknife. It appears that the boys pot into a diffi-culty, and atter exchanging blows. Cosnelly drew a knife and cut his antagonist. He was taken before Alderman Beitler, who reprimanded Connelly and his parents, and discharged him from custody.

AN IMPROVEMENT .-- Preparations are AN IMPROVEMENT, -- Preparations are being made for the erection of a sugar refinery, on Delaware avenue, below Shippen street, which is to be one hundred and twenty feet square and nine stories in height, and to have a boiler-house at-iached, twenty five by flity feet. It is to be erected for Messis, Harrison & Co. This, with the exten-sive storehouses now going up on the avenue, at Almond street will greatly add to the improvement of that neighborhood,

#### SUICIDE AND MURDER.

A German Lady Jumps into the Central Park Lake, and is Drowned-The Couse of the Suicids as yet Unknown-A Woman in the First Avenue Said to bave been Murdered by her Husband, Eic. Etc.

An inquest was held yesterday, by Coroner Gam-ble, at the Central Park Police Station, in Fifin avenue, over the remains of an unknown female, who had evidently committed suicide by jumping into the lake on Monday afternoon. From the tesinto the lake on Monday afternoon. From the tes-timony taken by the Coroner, it appears that on the alternoon in question Mrs E iza Bennett, who is employed in the ladies' saloon overlooking the lake in the Park, noticed a young woman walking about the espianade, on the borders of the lake, where the loats are moored. Suddenly, while her back was turned, Mrs Bennett heard a spiase, which she at first supposed was occasioned by some boys throwing stones in the water, but to satisfy her-Informing stones in the water, but to satisfy her-self, she ran down to the water's edge, and there was horrified to find the woman she had previously noticed floundering in the water. The drowning woman made up effort nor expressed a desire to be rescued. But Mrs. Bennett raised an alarm, and with the assistance of a laborer in the park, and a gentle-man when we previous an excision of the state. the assistance of a hadorer in the park, and a gentle-man who was passing in a carriase at the time, the woman was taken from the water in an insensible condition. A physician was summoned, and efforts were made to resuscitate the unfortunate woman, but without success. The remains were then con-veyed to the police station. From the fact that the woman divested herself of a water-proof cloak and a woollen cloud baffers she threat bereford coversed. woman divested herself of a water-proof cloak and a woollen cloud before she threw herself overoard, there is no doubt that the deed was wholly preme-ditated. The cloak and cloud were found in one of the boats on the bank of the lake. The jury em-panelled in the case rendered a verdict of "Suicide by diowning." The deceased was apparently a German woman,

about twenty-two or twenty-fire terman woman, about twenty-two or twenty-three years of age, of medium height, and quite stoutly built, with light blue eyes, and dark-brown curly hair. She was in advanced in pregnancy. She was attired in a light calico loose wrapper, with dark figure, cotton draw-ers, chemise, and night gown, white cotton stockin rs, and laced hoosis. She were no hear section to cokin rs, of the fingers of her left hand was a plain black ring, in the ears, gold and jet rings, and at the neck-band of her chemise a back and gold stud, bearing the initials, "A. D. M. H." The remains are now in charge of the Counter, awaiting identification.

THE MYSTERIOUS DISAFPEARANCE OF A MARRIED WOMAN.

WOMAN. Mr. Julius Matson, a miner, forty-five years of age, who resides in First avenue, between Eighty-iour n and Eighty-filth streets, was yesterday arrested by Officer Robert Brown, of the Twenty-third Precinct police, on suspicion of having, by some mysterious means, caused the disappearance of his write, Sarah K. Matson, a woman thirty-nine years of age. It is alleged by some of the perions residing in Mat-son's immediate neighborhood, that about 3 o'clock on last Thursday morping the purson of a senffle on last Thursday morning the noise of a scuffle, accompanied by the screams of a woman, appa-rently in distress, was heard to proceed from Mat-son's house, but as Matson was a man of intemperate habits, and frequently induged in beating his wife, no attention was paid to these noises at the The next day if was discovered that Mrs. Matson had mysteriously disappeared from the house (having left in her night-clothes), and since that time ne hive has been seen or heard of the miss-ing wite. It was thereupon supposed that Matson had resotted to violent measures for the purpose of getting rid of his wife. A thousand rumors were floating about the neighborhood, until the suspicious in regaid to the matter were brought to the tion of Captain Hutchings, of the Twenty-third Pre-cinct, who st once determined to make an investigation in the case, and, as a preliminary step, ordered the arrest of Mr Matson, which was accordingly effected as stated above. The prisoner is hold in the custody of the police to await an investigation.-New York World.

CHIFF QUARTERS ASTER'S OFFICE.

Auchoneer.

It is proposed by the Directors to open and esta-blish blanch offices in the various counties of the state and all parts of the Union. The initiatory step, the opening of a central office in this city, will be speedily taken. This will be the great heart of the work and the agencies of the Association, work-ing through a hundred arteries, will soon be in active operation in all quarters of Pennsylvania. The State will be divided according to the present judicial districts, and the Association will carefully labor to create public sentiment in favor of its work, by the discriminate distribution of facts and statistics of vagrancy, crime, and intemperance. At pre-sent any information relative to the Association can be procured at the Freedmen's Relief Commission rooms, No 424 Wilnut street. The officers of the Society are:-President, Dr. Joseph Parrish; and Tieasurer, Joshua Woolston.

A LARGE BUILDING.—By June 1st will be comp etcd, at the Frankford Arsenal, a building that will probably equal, if not excel, anything of li e character existing elsewhere. It will cost the Government about \$300,000. It is a copper and trass rolling mill. It is 225 feet long by 50 feet deep, with two wings, each of 120 feet depth. Joan Frazer, the architect of the work, has devoted to it a vast amount of attention. The building isso abso-lutely free-moof that even the sutter pipes are of copper. In the whole structure there is no hing that is possibly inflammable. The exterior of the building is handsome. The base is of dressed eastern granule; the super-iructure is brick, dressed with granite; the superstructure is brick, dressed with brown stone. The same architect is creating at the Allegheny Arsenal, at Pitt-burg, a military storehouse, made fire-proof by corresponding means, The Government is expending upon it about \$150,000. It is 225 fections, 45 fect deep, and three Lake the stupendous building at stories high. Frankford, it will be at least indestructible by fire.

LOSSES BY RECENT FIRES .- The losses and insurances by the fire on Iwenty-first street, above Chesnut, on Monday morang, toot up taus-John D. Steward, wire damaged in the rest. Insured in the Kirs Association and in the rear. Insured in the Fire Association and

In the rear, insured in the Fire Association and Franklin Insurance Company. The less of E. Fagsan, owner of building No. 142 Dock street, burned the same morning, is \$2500, upon which there is a partnal insurance. Messes, Bardang & Schutte, the occupantis, lose about \$4500, and are also partially insured

PETROLEUM IN THE CITY .- There having been a great deal of discussion about the storage of petroleum in the city of Phi'adelphia, an act was performing in the entry of the Legislature providing phased at the last session of the Legislature providing that Samuel L. Evans. S. E. corner of Front and Recea streets; Jacob S. Fry, S. W. corner of thirtieth and Hamilton streets; Logan & Logd, S. E. corner of twentieth street and Washington avenue; Wison, Chuie & Co., Thurty-sixth and Grape streets; and Aceles & Co. Christian street wharf, on the Schuyl. Ackley & Co., Christian street wharl, on the Schuyl kill river, shall no be subject to the provisions of an act approved March 2, 1865, for the better security of the city against damage from the refining and of the city against damage in a the remination negligent storage of petroleum, until the expiration of nine months from March 2.1868. But the Fire Marshal shall see that their refineries are so avranged as to prevent the escape of oil into the premises and so to prevent the escape of oil into the premises and of the public highways and shall so cartific oining or the public highways, and shall so certify to the Mayor.

AN IMPORTANT MOVEMENT .- On Monday AN IMPORTANT MOVEMENT.—On Monday attention there will be a general convention of the architects of the city, at the room of the Board of School Control. The Board will scon commence the erection of new school buildings in severa, wards, and the advantages of a general session of builders and a free discussion of the different models of rchool architecture need no amp iffeation. The inti-mate intercourse established by Mr. Elward Ship-pen and Hon. James Freeborn, between the Phila-delphia School Board and the Educational Boards of New York and Boardon, has ted to a careful study of Eastern school-building. They are all designed on better schentific and sanitary principles, and some of better scientific and sanitary principles, and some of the new school-houses to be created in Paliadelphia will probably be models of the most popular buildings in the East.

#### A Mission from Italy.

Among the passengers who arrived at New York vesterday, by the Scotia, was Count Ca-tiglione, who comes to this country for the second time, charged with a mission from the King of Italy.

forNETS IN PARIS.—The one great object o my admiration in Paris is the "bonnet"—its ever-changing shape, its splendor, its disappear-ance, and its "dark days of nothingness." What do you think bonneis were yesterday? Not crepe, nor tulle, nor silk, nor satin, nor velvet, nor straw. No, nothing but flowers. I saw one lady with a bonnet of daisies, and another who had on her head a handful of lilies of the valley. festooned with green ribbon. If it really is any thing a bonnet can scarcely be less than a few lilies of the valley, which at Florence would cost half a paul. Another lady had a wreath of wall flowers. Of the last I will only say "non mi susta," it was too like a fashion which used to obtain in London on May-tay, especially with "my lord" and "my lady;" but the others were sweetly pretty, and that such a sometning as that "illy" bonnet could come out of nothing is, confess, a wonder of art. There was, too, a dust-colored dress and bonnet, the latter having in it two great natural roses, which were worth paying the Grand Stand ticket only to see. some French women can dress, if they can do nothing else. Not that I turn against my countrywomen. No. As in St. James street you can get a better dinner than on the Boulevard, so in the Park you can see a greater show of beauty than in the Bois, and for the same reason -the raw material is so superior .- London Paris Letter.

DEATH OF LORD CLINTON. - We (London Post) announce, with much regret, the death of this venerable Peer, which occurred about nine o'clock on Tuesday night, at his seat, in the county of Devon. The noble Lord was the eighteenth baron, was born in November, 1791, and was consexuently in his 75th year.

VOLUNTEER COMPANIES IN THE SOUTH .- The Mobile (Ala.) Tribune has news that a portion of the State militia will presently be called out to assist the police in the preservation of public order.

COAL CHEAP AT TAE MINES .- The Pottaville (Pa.) Miners' Journal says that coal is now selling in that region as low as it did in the first
