The Committee on Accounts reported their approval of a number of bills, for which warrants were directed to be drawn. The Committee on Girls' High School reported the resignation of Miss Rene N. Townsend as teacher of drawing and penmanship, and recommended the election of Miss Elia Buzby to fill the vacancy. Miss Buzby was elected without opposition. The Committee appointed to investigate all the departments of the Central High School, together with the report of the Committee on said school, reported as follows:-

That it has given the same its careful attention.

The Committee is not disposed to go into detail, but is of the opinion that most, if not all, the difficulties which now exist, and which lessen the usefulness of the institution, are to be attributed to a want of harmonious action among the members of the faculty; and believing this carnot be restored under its present management, it recommends that the faculty is and believing this cannot be restored under its present management, it recommends that the faculty be entirely reorganized. The Committee further recommend that no gentleman at present connected with the school, other than as provided for by the accompanying resolutions, nor a Principal of any of the public Grammar Schools of this city, shall be eligible for the position of Principal. The Committee also recommend that application be made to the next Legislature for the passage of an act by which putils may be admitted into the Central High putils may be admitted into the Central High School from private as well as public Grammar Schools of this city; provided, that such applicants shall pass a satisfactory examination. pies.

Resolved, That the Committee on Boys' High School be and they are hereby instructed to proceed in the usual manner in organizing a new faculty, as heretotore has been their practice, in filling vacancies. Samuel Scheide, W. C. Harnes, W. M. Levick, and Nathan Hilbs, Committee. I approve of the report, excepting the third re-commendation. John B Green,

Mr. Freeborn moved that the report be laid on the table, and be printed for the use of members, in connection with the testimony; the re-port to be taken up for consideration on the Tuesday after the stated meeting in June. Adopted

NORTHERN HOME FOR FRIENDLESS CHIL-DREN-Interesting Anniversary,-The exercises connected with the Fi'teenth Anniversary of the Northern Home for Friendless Children took place at the Rev. A. Cookman's church, Twentieth and Spring Garden streets, last evening, in the presence of an audience which filled the spacious editice to its utmost capacity, not even standing room being attainable long before the time of commencing arrived.

Rev. E. W. Hutter, D. D., presided. The opening song, "We are coming, gladly coming, was sung by the children in fine style, after which a fervent prayer was offered by Rev. A. Cookman, which was followed with an introluctory by a little three-footer, whose style and delivery elicited the appliance of the audience. An abstract of the report of the Board of Managers was read by Dr. Hutter, after which Mr. Mitcheson, Secretary of the Board of Trustees, with most commendable consideration, presented without reading, the annual report. From this we learn that, during the past year, 170 children have been admitted to the institution. Of this number 169 have either been placed in comfortable homes, or returned to their parents. hundred and twelve children have been admitted into the Soldiers' and Sailors' Orphans' Home. The whole number of children in this department on May 1, 1866, was 175, making an aggregate in the two Homes of 323. The Rev. P. S. Henson followed in a most

touching and powerful appeal to the audience in behalf of the Home, an appeal which was listened to with breathless attention, and which and a telling effect upon the collection taken immediately after. At this point a proposition was made by a gentleman-a member of Mr. Cookman's church—to raise \$500 by twenty-five dollar subscriptions. The proposition was promptly accepted by some ten other members of the same church, and Mr. Cookman was appointed treasurer, with a strong assurance that the remainder would be speedily forthcoming, Rev. Dr. Beadle followed in an excellent though brief address, which was well received by the andience.

The recitations, dialogues, and singing by the children were admirable. It is rarely that chil-dren of such tender years, and with such slender opportunities of obtaining a knowledge of the art of singing, acquire such proficiency as was shown by these orphans and triendless little ones last night. Their voices blended beautifully with the tones of the Sne organ, which was presided at by a gentleman whose well-known musiour citizens. The voluntary performed during the collection was a muster effort, while the prelude to the "Mountain Horn," and the interludes in the same piece, were grand. It is a source of regret that he is not more frequently heard in public. The applause which followed the reciations, singing, and playing was the best evidence of their merits.

The appearance and deportment of the children were creditable in the highest degree, They were all neatly and comfortably clad, and behaved themselves with a propriety seldom seen on occasions of this kind. Those having charge of them deserve all praise for their attention to the cleanliness, deportment, and general com-fort of these friendless ones.

The exercises of the evening were conducted by A. M. Spangler, who instructs the children in singing, and who has given to this department a

large share of his time during the past year. As a whole, the anniversary was a decided success. The utmost order prevailed, notwithstanding the crowded condition of the church and although the exercises were protracted to a late hour, the interest of the audience did not flag for a moment. All seemed unwilling to leave, many of them lingering in the church long after the "good night song" was sung by the children, and the benediction pronounced.

THE INFANT SCHOOL SOCIETY,-The thirty-ninth appliers ary of the Infant School Society of Philadelphia took place yesterday morning, in the South Street Presbyterian Church School-room, South street, above Ele-A goodly number of smiling little ones participated on the occasion, which was one of pleasure and profit. The exercises, which consisted of singing, recitations, etc., passed off in a manner satisfactory to all present. The exercises clearly proved that the labors of the teachers were not in vain.

Fires.—The roof of a dwelling in Gideon Place, Wood street, above Eighth, was slightly damaged by fire about three o'clock yesterday

About five o'clock a slight fire occurred in a house at the rear of No. 1115 Sopnia street, caused by some boys setting fire to some shavmes in the cellar. About the same time the roof of house No. 818 Callowhill street was slightly damaged by fire. It caught from the sparks of a steam

engine.
The Delaware Steam-Engine, while on the way to this fire, ran into a telegraph pole in South street, below Nineteenth, breaking the

pole and the wire attached to it. About 7 o'clock last evening a fire broke out in the extensive five-story buildings Nos. 22 and 24 N. Fourth street. The entire buildings, except the basement and the ground floor o No. 22, were occupied by John Cochrane, whole

dense smoke gave rise to the alarm-so dense that, when the firemen arrived, it w s almost mpossible to enter the house without strangulation. The firemen set about their work, and at the end of an hour the flames were subdued, and the premises of Mr. Cochrane saturated almost to pulp.

Mr. Cochrane held a stock, nearly all recently

purchased, amounting to about \$70,000. All the white goods, linens, etc., were in the cellar; the ighter goods were upon the ground floor. The insurance, which will nearly cover the loss, which, however, cannot be estimated at prewhich, however, cannot be estimated at present, is thus:—Etna, Hartford, \$5000; North American, Hartford, \$10,000; City Fire, Hartford, \$5000; North American, New York, \$5000; Springfield, Massachusetts, \$5000; Arctic, N. Y., \$5000; Niagara, N. Y., \$5000; Corn Excharge, N. Y., \$5000; Continental, N. Y., \$5000; Washington, N. Y., \$5000.

The damage to the building is not very material. The Messrs, Hentzel & Co. lesse little, principally by water. Mr. Cochrane has been in

cipally by water. Mr. Cochrane has been in business nincteen years, and for the first time experienced a visitation of this character.

POLICE ITEMS-Alleged Extensive Forgeries.—Two men were arraigned yesterday morning, by United States Deputy Mar-shals Waram and Schuyler, before Recorder Eneu, on the charge of having committed ex-tensive lorgeries in Plitsburg or Allegheny City. The prisoners were taken into custody by the officers in this city, on Monday after-noon, and were committed by the Recorder yesterday to await a hearing, to take place today. It is alleged that on the 19th of February last a check for \$1300, purporting to have been drawn by Bernard Gray, a wealthy drover, was presented at the Allegheny Savings Bank, and promptly cashed. Some time after this, another check, for \$2110, was presented and paid, Mr. Gray subsequently called at the bank to draw several thousand dollars, when he was informed that his account was overdrawn. his account was overdrawn. An examination of the books and checks revealed the forgeries, but attempts to arrest the parties were made in vain in that section of the State. They were traced to Salem, Ohlo, but from that place nothing is known about them. The United States authorities have a charge to prefer against the prisoners. It will be investigated before a United States commissioner.

Unprovoked Assault,-James Logue entered he stables of Mr. Conklin, on Jayne street, near Ninth, yesterday morning, and amused himself by pulling several carriages around the yard connected with the stable. William Starr, an employe, remonstrated, whereupon, it is alleged, Logue seized a stick of wood and struck him several blows upon the arms and shoulders. Logue was held in default of \$1000 bail to

answer by Alderman Beitler. Serious Charge.-Benjamin Dickson, driver of car No. 53, Union Passenger Railway line, was charged yesterday morning with having run over and seriously injured William Moore, a lad, in the employ of John Philbin, plumber. At the time Moore was engaged in digging a trench for the purpose of introducing gas into a house on Ninth street, below Market. The hole was several feet in depth, and a number of cars had been pushed over it before defendant's car came along. It is alleged that he drove his horses deliberately into it, and that the horses stepped upon the back of the lad. Dickson was held to answer by Alderman Beitler.

SOLDIERS AND SAILORS IN CONVEN-TION.—A fine body of soldiers and seamen met yesterday in convention, in the Chamber of Common Council-General Collis in the chair, and Colonel Peter Brady, of Easton, Secretary. The object of the convention was simply to form a State Union of soldiers in Pennsylvania, the objects of which are contained in Article 1I of the Constitution of the Soldiers' and Sailors' National Union. In other words, to obtain from the national Government an equalization of bounties; to obtain for honorably discharged soldiers who possess sufficient qualifications the preference of employment in all situations in the gift of the national, State, and municipal Governments; to obtain employment for comrades who may need such service; to properly care for those who may, by sickness or mistortune, be prevented from attending to their avocations; to properly care for the families of sol-diers and sailors who have been deprived of their proper support; and to obtain for soldiers and sailors, and for widows and orphans of deceased comrades, full and speedy payment of all bounties, back pay, and pensions to which they may be entitled.

The delegates having submitted their credentials, the Committee on permanent organization reported the following officers:—President, W. Hoster, Philadelphia; Vice President, Street, Philadelphia; Secretary, J.K. Prior, Mauch Chunk; Treasurer, General J. T. Owen, Philadelphia; Corresponding Secretary, P. Brady, Easton. They were unanimously elected. A committee was appointed to draft a series of resolutions, after which the Convention adjourned to meet this morning at 10 o'clock.

ANNUAL MEETING OF THE PHILADEL-PHIA ORPHAN ASYLUM.—The fifty-first anniver sary of the Philadelphia Orphan Asylum was held yesterday morning, in the lecture-room of the First Presbyterian Church, on Washington Rev. Dr. Newton, rector of the Church cal abilities and tine execusion are familiar to of the Nativity, presided, and opened the exercises with prayer; after which the orphans sang hymn prepared for the occasion. The annual eport was read, showing that there are eighty children in the asylum, a smaller number than usual; fifty of these are boys and thirty girls. Eight have been admitted during the year, and sixteen have been indentured into excellent places. With the masters of these apprentices a yearly correspondence is maintained. Immediately after the last anniversary the managers were called to mourn the loss of their second Directress, Miss Margaret Latimer, one of the two survivors of the fourteen original Board of Managers, organized fifty years before. Another member of the Board, Mrs. James Hunter, has also been removed by death during the pust year. At the close of last year's account there was a balance in the Treasurer's nands of \$7,007-99, which, with the amount since raised, leaves a balance, after deducting expenses, of \$5870.55. A Board of Managers, to serve for the present year, was then elected, when the meeting was closed.

DROWNING CASE.-The body of an unknown white man, about five and a half feet high, and thirty-five years of age, was found floating in the Delaware river, opposite Wash ngton street wharf, yesterday morning. The Coroner held an inquest and took charge of the body. He had on a striped shirt, flannel under shirt, old pair of dark pants, woollen stockings,

and low shoes. A belt containing a sheath knife was strapped around his waist. ACCIDENT.-Thomas M. Vincent, aged forty-seven years, resigning at No. 1202 Hancock street, had his right leg broken yesterday morning, by the breaking down of a scaffold upon which he was standing. The accident took place at Chester. He was admitted into the Pennsylvania Hospital.

Annual Merting of the Jewish Fos-tie Home.—The annual meeting of this insti-tution was held yesterday atternoon in the hal-on Coates street, below Franklin. Mr. A. Hart presided, and the children of the institution numbering thirty-four, male and female, occupied seats on the platform. They presented neat appearance, and in their recitations gave ample proof of their attaitments. During the afternoon an address was made by the Chair-man, showing the benefit to be derived from associations of this kind, by the care taken of the rising generation, and the happy termina-tion of their studies. The Treasurer's report was read in connection with the annual repor of the society. During the past filteen months the expenses of the institution were \$4000, while the total receipts amounted to \$645. In order to provide for depotencies and the future welfare of the children, it was proposed to increase the annual contributions to \$500. A presentation was made during the atternoon of five volumes of the books of Moses, to a young gentleman who had been an inmate of the Home. The occasion was one of much interest.
