

CITY INTELLIGENCE

For Additional City Intelligence see First Page.

A NECESSARY PROVISION.—The ordinance passed by Select Council to promote public cleanliness and health will be considered in Common Council on Thursday. It provides that all persons desiring to connect with any of the sewers in the streets shall make application at the Department of Surveys, and pay for the privilege, \$7-50 for all premises not exceeding sixteen feet in width, and all over that width \$10, except they have paid proportionally for the construction of the said sewer, in which case the sum of \$3 shall be paid. The Chief Engineer and Surveyor is authorized to appoint a competent person in each Survey District to make such connections with the sewers, and the expense thereof (excepting the remaining to be delayed by the person to whom the privilege is granted.)

A PORCINE RAID.—Within the past few days agents of the Board of Health have been sealing hogs in the First and Twenty-fourth Wards in accordance with a notice in a proclamation issued by the Board of Health on the 24th of April, to the effect that after the expiration of fifteen days the law prohibiting the keeping of hogs in certain portions of the city would be enforced. This has caused some complaint on the part of persons whose hogs were sealed, who claim that they had no knowledge that such a regulation was to be enforced. Due notice was, however, given, but probably escaped attention on account of being in a proclamation containing several other subjects. Persons who are keeping hogs in violation of law should at once remove them, as it is the determination of the Board of Health to have the law enforced.

OBTAINING MONEY UNDER FALSE PRETEXTS.—A man named Bolton was held in \$500 bail yesterday afternoon by Recorder Egan, on account of obtaining money under false pretenses. It appears that a company known as the North Carolina Colony Company advertise tracts of land of one hundred acres each, for sale at \$2 an acre. Several young men are employed at the company, and have been compelled to pay down \$250, with the understanding that the remaining amount was to be paid in such a time. These men have visited the locality where the land was said to be located, but found that the same belonged to other parties. Mr. McLennan, one of the swindled parties, testified that he paid \$50 over to Mr. Bolton. The defendant was held for a further hearing on Friday next.

COMPLETED.—The forty-eight inch water main, connecting the turbine wheels at Fairmount with the Corinthian avenue reservoir, is now in working order. The water is passing through it at the rate of from 10,000 to 12,000 gallons per minute. This amount of water is supplied by the three turbine wheels in the new wheel-house, to which are attached six pumps. The completion of this connection enables the Chief Engineer, to stop the Spring Garden works until the weather gets hot, and supply the entire city, except Kensington and the Twenty-fourth Ward, from the Fairmount Works.

TAX RECEIPTS.—The receipts from municipal taxes are not very heavy at the present time, amounting daily to \$5000 or \$7000. There is still a large amount due on the duplicate of 1866, and all who pay now receive a discount of one per cent. month for the balance of the year. Every citizen should avoid becoming a delinquent when the year closes, and thus save heavy costs and the danger of sale by the authorities.

IMPORTANT TO FIRE COMPANIES.—The Committee on Taxes and Fire Companies, after their annual visit to the different fire companies on Monday next, for the purpose of reporting their condition. The hose and hook and ladder companies cannot obtain their annual appropriations until the Committee make their report to Council.

DELEGATES ELECTED.—The organization in the Ward known as the Boys in Blue, have elected the following delegates to the Soldiers' Convention to be held in Pittsburg next month.—Captain Charles McKinley, Lieutenant H. Goodhall, Lieut.-Colonel W. L. Foulk, Major C. Bridgford, and Sergeant James J. Patterson.

MALICE APORETROUGHT.—Alderman Thomas had two men before him a few days since, on the charge of entering a greenhouse on the corner of Chestnut and Spruce streets, and destroying several valuable plants. They were fined \$25 each, and held to bail for their future good behavior.

A GOOD WORK.—Workmen are now engaged in cleaning the dock at the foot of Washington street, on the Delaware. The mud is to be removed as far out as the Port Warden's line. The work is being done under the supervision of the Commissioner of Wharves and Landings.

NOMINATIONS.—The Republican members of Select Council have made the following caucus nominations.—For Directors of Girard College—Cyrus Horne, G. E. Rhoads, and R. M. Foss. Trustees of City Ice Boat—William H. Taylor and William S. Grant.

MORE BUTTER CHEATS.—The Clerks of the Markets seized 100 pounds of butter last week, all being less than a pound in weight. 46 of these were taken from one dealer in the Eastern Market.

NEW PAPER MILL.—A new and extensive paper mill is now being constructed at the corner of Chestnut and Canal streets, on the site of the old brick, and when completed will present a very handsome appearance.

THE SCHUYLKILL RIVER RAILWAY.—The work of constructing the Schuylkill River Railway was commenced on Friday last. The road, it is expected, will be completed from Gray's Ferry to Fairmount by the 26th of June.

COMMISSIONERS FOR BUILDING THE SOUTH STREET BRIDGE.—The Commissioners appointed by act of Legislature to build a bridge over the Schuylkill, at South street, are to hold a meeting next week for the purpose of organizing.
