OUR PARIS LETTER.

The War Question Patience of Austria-How Napoleon's Measage was Received-The German Dist-Fis King of Beigium-Maximilian Bankrupt. SEVENING TELEGRAPH SPECIAL CORRESPONDENCE.

PARIS, June 15, 1866. The European 'arce will, we doubt not, in a few days be played out, and the great drama which is being got up will not be long delayed. It is in the Elbe Duchies, which "old Palm" used to call the match which would set, the Continent in a blaze, that the prelude to the

drama has begun. On the 11th of June the States of Holstein were to meet at Itzehoe, at the request of Austria; however, Prussia forbade the meeting, and arrested the Austrian Commissioner Lesser, who is now in durance vile in the prisons of Rendsburg. The Austrians, cemmanded by General Gablentz, took no steps to resist the Prussians, but quietly evacuated the Duchy of Holstein, passing through Hanover.

At the same time the representative of Austria at the "Bund," at Frankfort-on-the-Main, de. manded that the Diet should immediately take Federal proceedings against Prussia.

THE PATIENCE OF AUSTRIA at the present time merits the greatest culogium, for it is impossible for any State to show more conciliation than the Viennese Cabinet. Public opinton in and out of Germany is quite with Austria; the German Diet is unanimous in siding with Hapsburg versus Hohenzollern.

Even in Prussia the liberal party is quite opposed to a war against Austria. All those who some forward to be elected members of the Kammer have to give a formal promise to refuse money to Bismark to go to war.

King Wilhelm has received more than a thousand numerously signed addresses, beseeching him not to bring the scourge of war on Fatherland. In Austria, on the contrary, the cry is "War to the knife" to Prussia and Bismark.

AUSTRIAN POLICY. The Viennese Cabinet still maintains a purely defensive attitude towards Italy. Firmly implanted in the Quadrilateral, she will repulse any attack without crossing the limits assigned to her by the treaty of Villafranca. In acting thus she prevents any interference on the part of France in the conflict, whilst she can dispose of the greater part of her army against Prussia.

The great care of Austria has been that France would interfere in the quarrel; she seems now pretty sure that such will not be the case.

Yesterday, the 12th of June, when the legislative body was about to commence the discussion of the Budget, the President, Mons. Walewski, read a letter written to the Minister, Mons. Drouyn de Lhuys, of which the following is a

resume:- MESSAGE OF THE EMPEROR. The Emperor's Message was received with great approbation by the Chambers.

Mons. Jules Favre, the radical leader, having shown a desire to discuss the matters going on in Italy and Germany, Mons. Rouher got the Chamber to vote that such a proceeding was entirely useless.

The French Government is desirous of maintaining its liberty of action, and is afraid of being bound by any declaration with which it might be reproached at any future period. In the meantime there is again a talk of a loan of several millions, that we may be prepared for any eventu-

Garibaldi, still very wavering, has left Caprera. He is at present at Como, ready to throw self on the Quadrilateral with his host of volunteers.

It is thought for the hundredth time that war is imminent. The heat in the north of Italy is now very great, and should the immense army on foot remain in a state of inaction, there might be great fear of illness attacking the soldiers.

Latest telegrams inform us that the Prussian Ambassador at Vienna, and the Austrian Ambassador at Berlin, have both demanded their THE 14TH OF JUNE

will be decisive, for to-morrow the German Diet will give its vote on the proposition of Austria demanding that the Germanic Confederation shall mobilize the Federal contingents. Should the Diet consent to the proposition of Austria, we may look forward to a general conflagration in Germany. Prussia, on the other hand, has been addressing a circular note to all the German States on the Federal reform, of which the following is the first article:-"The German parts of Austria are excluded from the Federal territory." This is about the counterpart of the proposition made by Austria to Prussia. Is there now any hope of matters being settled amicably?

Up to the present time it must be said that the prospects for Prussia are not very promising. When the Bund yesterday voted the Federal execution against her, Bavaria, Saxony, Hanover, Wurtemburg, and many other minor States, sided with Austria. After the vote had been given by the Bund, Herr von Savigny, the Pruseian Envoy at the Diet of Frankfort-on-the-Main, declared that he considered the Confederation to be at an end.

The decision of the Diet is a terrible blow for Prussia and a triumph for Austria. The Berlin Cabinet now stands quite isolated in Germany, as it may be said to be abandoned by almost all

the States. Austria now sees its forces and its resources doubled. It will command the greater part of the support of Fatherland.

Yesterday the Emperor, in answer to an address, said:-"I have done all I could to maintain peace and liberty in Germany, but everything has been done to prevent " "

We are now on the constant lookout for telegrams, and the nowspaper offices are besieged from morning to night. Every minute may bring " intelligence that the first shot has been

PROCEEDINGS OF COUNCILS.—The stated meeting of Councils was held yesterday after Select Council-Mr. Gray, from the Committee on Water, reported a resolution, authorizing a contract with D Cramer & Son, for building the

engine and boiler-house for the water-works at

Roxborough. Agreed to.

The following communication was received from the Mayor:—On the 26th instant I was officially informed by the Committee on Street Cleansing that the northern district of the city or Philadelphia is in a fifthy condition. At th same time they furnished me with a copy of a resolution adopted by them recommending that the contract with Messrs. Hill & Smith should annulled. Accepting the statement and adopting the suggestion of the Committee, I immediately noticed Mes-rs. Hell & Smith that on the 1st day of July proximo their contract would cease and determine. After that date, therefore, no provision will exist for cleansing the northern district of the city; and as it is matter of the first importance that this state of things should not be permitted to continue, I respectfully and earnestly urge upon Councils respectfully and earnestly urge upon Councils the necessity of adopting immediate measures to meet the emergency. In this connection it is proper to add that, although Messrs. Hill & Smith have failed to comply with the covenants of their contract, the experience of the past four months has satisfied me that the system of cleaning the city by competent contractors is decidedly the best that can be adopted." Referred to the Committee on Street Cleansing.

The Committee on Water reported an orbit

The Committee on Water reported an ordinance making an appropriation of \$65,000 to lay a main on Columbia avenue. Postpoaed. Mr. Spering, from the Committee on City Property, to which was referred the applica-tion of the City Solicitor for additional room, submitted a report. The committee say that the complaint of insufficient accommodations is a general one, the only public office buildings owned by the city being the small Row offices occupied by the county officers, and built more than half a century ago, when the population of the city was not one seventh of its present number. The wants of these officers have long since outgrown their accommodations, and the committee find it literally impossible to accom-modate the City Solleitor in any building at present owned by the city. The committee re-port that the only remedy for this state of things is the erection of new public buildings, and would long since have recommended the crea ion of a loan for the purpose, but that the diffi culties in the city finances growing out of the war induced them to withhold such recommendation; but as the necessity for such buildings is more and more pressing, they recommend that the whole subject be referred either to one of the joint standing committees of Councils. or to a joint special committee, with instruc tions to procure plans, specifications, and esti-mates of the cost of proper buildings, such committee to report to Councils as soon after the summer recess as possible. The committee also recommend that, with a view to provide funds for the erection of such public buildings without increasing the permanent debt, there be inserted in the tax levy for the next year an item of one-fourth of one per cent. for public buildings. This would yield on the present assessment the sum of about \$400,000. If that amount

should not be enough, a further sum could be levied in a subsequent year for the purpose. report closes with a resolution for the appointment of a special committee of five mem-bers from each Chamber to procure plans and

the estimate of the cost of new buildings, and report after the summer recess. Agreed to. Mr. Barlow, from the Committee on Street Cleansing, reported against granting the contractors for the Northern District \$15,000 addi-

Mr. Barlow introduced a resolution directing the Chief Inspector of Streets to cleanse the Northern District until a new contract for the

work has been entered into. After considerable debate, Mr. Barlow said that, after sgain reading the ordinance, he was of opinion that the Committee on Street Cleansing had power to act. The resolution was then

Mr. Gray, from the Comsnittee on Water, reported that, after examination, it was believed that the subject of supplying the city with water from the Perkiomen was wor hy of a more extended investigation. The committee report an ordinance appointing James F. Smith, William E. Morris, and Chief Engineer Birkenbine a commission to examine and report upon the subject. An appropriation of \$6000 is made to

meet the expense.

Mr. Hodgdon introduced a resolution authorizing the Mayor to advertise for proposals for cleansing the Northern District of the city. Re terred to the Committee on Street Cleansing.

Mr. Hopkins introduced a resolution that the Mayor be requested to withhold the money due to Hill & Smith, street contractors, until satisfactory evidence is received that they have paid the laborers employed by them. Referred to the Committee on Street Cleansing. Mr. Marcus offered a resolution instructing

the Committee on Police to report an ordinance to prevent vagrancy. Agreed to.
The resolution from Common Council appointing a special committee in reference to the contract of Hill & Smith was concurred in.

Adjourned. In Common Council-A communication was presented from Hill & Smith, asking to be re-leased from the contract for cleaning the northern part of the city, on the ground that there was great hostility mannested toward them. They also state that the streets in the District have been cleansed, as well as the inlets, and at a cost of \$15,000 beyond the amount allowed by the contract.

On motion of Mr. Harper, the communication was referred to a joint special committee of three from each Chamber. Mr. Derbyshire offered a resolution requesting the Mayor to withhold any moneys that may be

due Hill & Smith, contractors for cleansing the Northern District of the city, until he (the Mayor) is satisfied that the laborers have been

paid. Agreed to.

A communication was received from the Schuylkill River Passenger Railroad Company. asking the consent of Councils to lay their tracking the streets named in the act incorporating the said Company. Mr. Franciscus submitted a resolution giving

the consent asked for.

Mr. Miller desired to know if this would inter fere with the privileges granted the Hestonville Passenger Railroad. Mr. Franciscus reptied that the difficulties

between the two companies had been settled.

Mr. Hancock desired to know in what way the matter had been settled—whether the arrangement was for the benefit of the companies citizens?

Mr. Franciscus said the arrangement made between the two companies is, that each shall use the tracks laid, and each bear a proportionate expense of the work. After some further discussion the resolution was adopted. Adjourned.

FUNERAL OF REV. DR. KENNARD .- The funeral of the late Rev. Joseph H. Kennard, D. D., pastor of the Tenth Baptist Church, took place yesterday afternoon, from the residence of the deceased, in Eighth street, above Wallace. The remains were accompanied to the church in Eigh'h street, above Green, by a large number of clergymen of various denominations, and the building was crowded to its utmost capacity. The services were conducted by Rev. Thomas Winter, D. D. After singing and reading of the Scriptures, an impressive and eloquent prayer was offered by Rev. Dr. Newton, of the Episcopal Church. A short address was delivered by Rev. J. Wheaton Smith, who feelingly alluded to the eminently Christian characteristics of the de-ceased. He believed him to have been not only a good minister, but a peculiar sort of a good minister—one whose kindly disposition, frank and genial manners, and marked purity of char acter had at once endeared him to those who knew him, and won souls to the cause of Christ. During his pastorate of twenty-eight years, he had received into the chursch 2139 persons.

Rev. Dr Brainerd, of the Presbyterian Church, and Rev. Messrs Henson and Boardman, of the Baptist Church, followed in short addresses. eulogistic of the character of the deceased, after which the audience were permitted to take a last view of the remains. The interment took piace at South Laurel Hill.

SOLDIERS' MEETINGS .- A large meeting of soldiers was held last evening, at Fifth and Buttonwood streets, for the purpose of urging upon Congress the necessity of passing the act granting bounties to the soldiers. William B. Mann presided. Speeches were made by Mr. Mann, General Owens, and others, setting forth the claims of the soldiers to the bounty.

There is to be a meeting of the 73d Pennsylvania Veteran Volunteers, on Saturday evening, at the northeast corner of Fourth and Cherry streets, to complete the arrangements of taking part in the celebration of the flag presentation on the Fourth of July. The 73d Regiment ex-pect to make a most creditable appearance. They were connected with the lamous "White Star Division," of the 20th Army Corps, and they will be commanded by Major C. A. Goebel, who returned with it to the city; it was formerly commanded by Colonel and Brevet Brigadier-General Charles Cresson, who is expected to take part in the ceremonies. All officers and men are invited to attend the last meeting.
