MATTERS OVER THE RIVER.

THE FIRST DISTRICT.—The political feeling in the First Congressional District of New Jersey begins to assume an active character. The election is of an important nature, and the people ought to be visilant. There is a Congressman to be chosen in place of Hon John F. Starr, who will not suffer his name again to go before the Convention, athough he has given general satisfaction to his entire constituency. There are a number of candidates spoken of in connection with the nomination, among whom is General George M. Robeson, of Camden, who is emine it fitted to fill that position, and to give lustre and character to the national Legislature. He is thoroughly conversant with all the forms of constitutional law, being one of the most eminent lawyers of the State of New Jersey, and is one of the soundest men in the forms of constructional law, being one of the most emment lawyers of the State of New Jersey, and is one of the soundest men in the State. During the enure continuance of the war, his voice, labors, and purse were employed in raising and disposing of regiments for fighting the battles of freedom, and he performed his quites with signal ability. He is an eloquent crator, having few equals in the State. The Union party needs just such a man in Congress, in order to be fairly and squarely represented. And this General Robeson is able to do. The county Schators and district Representatives, who are also to be elected, will add greatly to the interest of the election. The members of the Republican Union party ought, therefore, to pick out their very best and strongest men for the present emergency, and then go to work with upparalleled earnessness and elect them.

ATLANTIC CITY .- On Thursday, the church and Sabbath School under the charge of Rev. Mr. manship visited Atlantic City, and had a very pleasant time, until about the time the cars were starting, when a man named Keats, who keeps the Excursion Hall, had him arrested, on the ground that he claimed damages to the amount or \$20, because Mr. Manship did not put up at his place. The minister said he never made any arrangement with him and the matter was referred to the committee for adjudication. This was rather a mean trick, and will not redemind much to the residual to the research. will not redound much to the credit of the prop

SUPPOSED INFANTICIDE. -- Coroner Roberts beld an inquest on the remains of an infant last evening, found in a sink, on Cooper street, below Second. The body was in such a decomposed state that the physicians who made the post mortem examination could not decide whether is came to a natural death or died by violence. The evidence was such, however, that the supposed mother, Sarah Adkins, a servant in the family, was held to answer.

THE HEAT.—The heat was so intense yesterday in Camden that many persons were obliged to give up their outdoor work, and several were seriously affected.

Religious.-The corner-stone of a new Catholic church will be laid to morrow after-

noon at Jenkintown.

The Reverend R. H. Newton will be ordained Presoyter to-morrow, in Saint Paul's P. E. Church, of which he is rector. The Reverend Dr. Newton will present the candidate; Bishop Odenheimer, of New Jersey, will ordain

and preach the sermon.

Messrs, W. B. Ellis and J. D. Wright have been ordained in St. Andrew's P. E. Church, Wilmington, Delaware. The Reverend Dr. Butler, of this city, preached the sermon on the

The Philadelphia Methodist Episcopal Church rooms, on Arch street, will soon be ready for occupation. On the second floor are the Episcopal rooms, and a large hall for general church meetings. The room is well lighted, well venti-lated, and will seat over two hundred persons. A reading-room is also to be added. When completed there will be appropriate opening ceremonies.

The Rev. A. M. Jelly has accepted a unanimous call to the Richmond Presbyter an Church of this city, and was installed, with appropriate services, on last Thursday evening, in the presence of a large congregation.

The vestry of the Church of the Saviour (P. E.), West Philadelphia, have it in contemplation to erect a marble bailding in the neighborhood of Fortieth and Pine streets, to cost at least \$125,000.

The corner-stone of an Episcopal church in Hestonville, Twenty-fourth Ward, will snortly be laid. The congregation is at present wor shipping in the depot of the Hestonville Railroad Company, and is under the charge of the Rev. Dr. Smith, or St. Andrew's Church, West Philadelphia, to whose earnestness and zeal the proposed enterprise is indebted.

An effort is being made to liquidate the debt on the Mission Church of St. Luke's, Lomburd street, above Eleventh, with a fair prospect of The Right Rev. Alfred Lee, D. D., of Delaware,

is at present visiting the parishes in this State, at the request of the Standing Committee of the At last accounts, it is stated, the health of

Bishop Stevens, who is in Europe, was not much improved. It is not known when he will return. The Rev. George Durborow, of the Church of the Ascension, Twenty-second and Callownill streets, has secured a sufficient amount to enlarge the building, and will begin the work immediately. The improvement is much needed

by the large congregation, and affords evidence of the zeal of the Rector.

The proposed "Diocese House," to be built in this city as a memorial to Bisnop Potter, is meeting with much favor in the Protestant Episcopal Church. It wili, no doubt, prove successful, it the committee baving it in charge

would only go about the matter with earnestness. Dr. Hutter has refused several pressing calls extended to him by congregations in dif-terent sections of the Union to become their paster. The call given to Mr. Hutter to the pastorate of St. Matthew's Church, at Reading. was quite urgent, and the inducements to rethis city, were such that in most cases taey would have been accepted. The numerous triends of this divine in Philadelphia will re-

toice in his decision. Rev. Dr. Krauth has taken charge of the new Lutheran Church, Fortieth and Powelton avenue, recently vacated by the Rev. Mr. Burd, who has gone to New York. The congregation worshipping in this church could not have made a better selection. Dr. Krauth is one of the most talented Lutheran divines in this city, and those who listen to his discourses cannot fail to be impressed by his sound reasoning and clear exposition of gospel truth.

The congregation who assemble on Sunday afternoons, in American Mechanics' Hall, Fourth street, below Girard avenue, still keep up remarkably well, when the warmth of the weather is taken into consideration. The Hall, being large and airy, is one of the most com fortable in this city for a service of this kind. Rev. J. B. Tombs, pastor of the North Baptist Church, is advertised to preach in the Hall to-morrow atternoon at half-past 3 o'clock, His subject, as announced, will be "The Atone

The Baptist congregation in the Twenty-fourth Ward, near Hestonville, recently realized about \$500 by means of a strawberry festival, which it is proposed to apply towards the erection of a Sunday School building.

NATIONAL CONVENTION OF PLASTERERS. The Convention reassembled yesterday at Eighth and Walnut streets. The attendance of delegates from the various cities in the Union was quite large, and the proceedings had were of interest. After the appointment of a committee upon the state of the trade, the Convention proceeded to elect officers for the ensuing year. The following gentlemen were elected: President, Robert Stevenson, of Baltimore; Vice-President, James R. Kernan, of Detroit; Secretary, Thomas Houlahan, of New York; Treasurer, Philip N. Stockton, of Philadelphia.

REMOVAL MY COLLECTOR JOHN H. TAG-GABT.—Colonel Taggart, the Collector of Inter-nal Revenue of First District, has removed his edice from the Philadelphia Bank building to No. 247 S. Whird street.

THE PRESENTMENT OF THE GRAND JURY. | The Grand Jury for the June term made final presentment yesterday, and were discharged. During the session of the jury 672 bills were acted upon, of which 435 were returned "true bills." The jury referred to the numerous assault and battery cases returned by the magistrates, most of which are of a triffing character. They recommended a monification of the law relative to these cases. The fact that drinking saloons are open on Sundays is referred

STREET WALKERS .- The number of young disorderly females who have been in the habit of intesting the streets of the city during the past few weeks, has caused the attention of the police to be drawn towards them, and a letermination appears to be prevailing that the nuisance shall be abated. Last evening several arrests were made. Among the parties were Mary Wilson and Mary McBride, aged about seventeen years. Officer Newman took them to the Central Station, where they were locked up for a further hearing to-day.

THE RIOT INVESTIGATION .- The Chief Engineer of the Fire Department, having carefully investigated the riot on Wedne-day evening at Second and Monroe streets, has come to the conclusion that the Niagara Hose Company was done in fault, and has ordered it out of service. Warrants have been issued for the arrest of several of those prominent in the riot, and placed in the hands of some of the Second Ward police, but the offenders have thus far eluded
