CORONER'S INQUEST ON THE SHOOTING OF

JAMES T. HARMER. - Coroner Taytor held an inquest yesterday, on the body of James T. Har-mer, who was shot on Wednesday evening, at the tavern of Mr. Peck, Passyunk foad and Federal street. The investigation drew to the Coroner's office a large number of friends of both the deceased and the prisoner. The Coroner's pury were-F. T. Walton, Samuel Sweeney, Thomas M. Hammitt, R. C. Snyder, and Thomas A. Barlow. The following testimony was elicited:
David Goldy, sworn—I reside at No. 1032
Federal street; I know James T. Harmer, and I know Jacob Bastian; I went to Peck's restantant last evening with James T. Harmer; two men, named Hamilton, were in company; I called up all in the bar-room to take a drink; all called up all in the par-room to take a drink; all in the room drank; I heard Harmer and Finney quarrelling, but I paid little attention to them; after talking for a short time, we went out on Federal street; when Finney got outside, he asked Harmer if he meant what he had said; Harmer replied, "Yes, I mean every word of it," using foul epithets at the same time; Finney then said, "If you mean it, you are a liar;"Harmer then knocked Fluney down; he gathered himself up as quickly as possible and ran into the bar-room; they then began to fight rapidly; the glasses were thrown about, and there was a good deal of confusion; I walked in after Harwer and one of the Hamiltons; Harmer threw the most of the glasses and bottles; I can't say who else threw; I thought one of the Hamiltons threw bottles and glasses, but I am not positive; I saw Finney behind the bar, but I did not see Bastian; Harmer went up to the bar, and, leaning over it, threw down glasses at Finney; I could see the gun pointed, but I did not see the man; I was five or six feet off of Harmer at the time of the shooting; I can't say in whose hands the gun was; I halloed not to shoot; I did not hear such words as "II you don't keep back, I'li shcot;" as soon as the gun was discharged, I ex-claimed "Harmer is shot!" he fell almost immelistely; I did not see the lights go out in the bar-room; all I heard of the quarrel was between Harmer and Captain Finney.

To Mr. Barlow-I only recognized Captain

Finney as one of the men in the room; the bar separates the back room from the bar-room; the bar is ten feet from the front door; I saw Harmer throw a bottle at the door leading into the back room; don't know that Finney was knocked down a second time; did not see him knocked down in the bar-room; Finney, I tnink, could have escaped out of the back room. To Coroner-I did not see Finney when the

Washington Hamilton, sworn—Reside No. 128 Beck place; I was riding with Mr. Harmer; also my brother Robert and Mr. Goldy; we went into Mr. Peck's to get a drink, and Alderman Harmer and Captain Finney had words; I paid no attention to them; Captain Finney followed Harmer out, and asked him if he meant what he said; Harmer struck at Finney, but I cannot say he struck him; Bastian then ran up, and he had something in his hand, I don't know it it was a knife or not; I kicked it out of his hand: Bastian then ran around the corner, and the next I saw of him he had a gun in his hand; he came out from the back-room, and discharged the gun; Harmer then rected and fell; he was not doing anything at that time; I did not see plates thrown; I don't know if any were thrown; I heard the rattling of plates; I know Alderman

Harmer did not throw any; I was with him from 5 o'clock in the afternoon; we had stopped at Depan's tavern, and Harmer had a little difficulty with Mr. Degan; Harmer was sober. There were several other witnesses who testi-

fied to nearly the same facts. Dr. Shapleigh, who made the post mortem examination, testified that he found a scratch or cut on the left ear; six gunshot wounds in front of left armpit; found the balls that had made the wounds; they had passed into the chest; the left lung, the upper part of the heart and the liver had been penetrated, and both the heart and the liver had been much lacerated. The wounds had produced death. The jury will have another meeting before

they make up a verdict, MEETING TO EXPRESS DISAPPROVAL OF LOCATING A CHOLERA HOSPITAL IN THE CITY LIMITS.—The action of the Board of Health in regard to appropriating Movamensing Hall as a Cholera hospital, has created considerable excitement in the lower section of the city. Last evening an indignation meeting was in front of the Hall, to protest against the use of the building for such purpose. James M. Cooper presided. The following resolution was adopted:-

Resolved, That we, the citizens of the southern section of Philadelphia, view with mitgled surprise and indignation the contemplated action of our Santiary Board, and we respectfully appeal to the Mayor and Councils to take such action as they may deem best to prevent the establishment of a birthplace of epidemics in one of the most closely built and thickly populated sections of the city.

A committee of ten was appointed to confer with the Mayor and Councils and the Board of Health. A supplemental resolution was proposed, that if the committee be unsuccessful in the conter-

ence with the bodies named, they be instructed to confer with Councils in regard to preventing, by injunction or otherwise the use of the building. This was adopted.

Hon. Themas Barger addressed the meeting in opposition to the action of the Board, and referred to the fact that the hospital was to be iocated in the most thickly populated portion of the Ward. The meeting, which was a large one, adjourned to meet at the call of the com-mittee, which was composed of the following gentlemen:—J. M. Cooper, John Shermer, Henry Marcus, James M. Campbell, Matthew M. Rodgers, Charles Edwards, T. J. Barger, William S. Gregory, Dr. G. W. Nebinger, John Fitzpatrick, Hugh McDonnell, John Porter.

HEARING OF AN ALLEGED COUNTER-FEITER -- Before United States Commissioner Sergeant, yesterday, William Stewart, keeper of public house at Seventeenth and Ridge avenue, had a hearing on the charge of dealing in counterest money. An agent of the Government testified that on the morning of the 4th of May last he called at the defendant's house, and obtained from him twenty-five dollars in amount of counterfeit fifty cent currency, for which he paid ten dollars. The purchase took place in the sitting room of defendant's house Stewart, who had no counsel, after being cautioned by the District Attorney against saying anything, denied the sale, but added that the witness had called upon him in reference to it. He was held in \$3000 bail to answer. James Agnew offered himself as pail; also, Samuel Stewart, defendant's father. The latter was objected to on account of his relationship, and James Agnew was not deemed to be sufficient. After Samuel Stewart left the Marshal's office he was arrested, on a charge of having had coun-terfeit notes in his possession, with intent to pass the same, and also with dealing in countercits. A hearing in the case was fixed for

Horse THIEF .- On the 11th of July last, Mr. Pritchett, residing on the West Chester road, about six miles from the city, had stolen from his premises a horse valued at \$350. terday the horse was recovered by Reserve Officers Crout and De Haven, at a livery stable on Union street, below Second, and the thief, named Philip Smith, was taken into custody. The latter had offered the animal igr sale at \$150. Mr. Pritchard identified the prisoner as having been employed by him some time since. Smith had a hearing before Recorder Enea, and was committed for trial.

STATISTICS OF POLICE OPERATIONS .-During the month of July, 4069 arrests were made by the police in the various wards. The made by the police in the various wards. The following with show the number in each police district:—First, 212; second, 447; third, 505; fourth, 308; fifth, 315; sixth, 140; seventh, 151; eighth, 336; ninth, 536; tenth, 230; eleventh, 202; twelfth, 132; thirteenth, 72; tourteenth, 60; firsteenth, 47; sixteenth, 229. The Reserve torce made 183 arrests, the Harbor Police 52, and the Park 67.

ILLEGAL DISTILLATION OF WHISKY-DREATING THE INTERNAL REVENUE LAWS-ARRIST OF SOME OF THE OFFENDERS.—It has been brought to the knowledge of the Government detectives that for some time past persons have been in the habit of distilling which without naving license. without paying license, to an almost unlimited extent. Although their operations, covering in the aggregate millions of dollars, were very conningly concealed, the detectives managed to spring a trap on them, and we will soon hear of rich developments. A great part of the business was in distilling molasses whisky, or, as it ap-peared in the market, "Jamaica Rum."

How to reach these people was the question that perplexed the officers. The business of selling without first paying the tax had driven legitimate distillers from the market, and the result was that the Government not only lost the tax from those who were defrauding the revenue, but at the same time there was a falling of in the amount from other quarters. The Corn Exchange became interested, but nothing was hit upon calculated to break up the illicit trade, Finally, the Treasury Department appointed a special commission, of which Charles T. Bonsall, Esq., of this city, was the head. His knowledge of the revenue laws enabled him to lay out the plan by means of which the parties have at last come to grief. With Mr. Bonsall was associated, among others, Mr. J. C. Horton, Revenue Inspector, who had made the subject of distilling a special study, and was, therefore, competent to discover the character and capacity of a still upon inspection. At the starting point it was discovered that the people engaged in the illicit trade had combined together into an association, in order to resist all investigation. Through this association the movements of the Government officers were traced, and the alarm given at the first approach of danger. As the regular revenue officers must go on their visits singly, and can be in no more than one portion of their district at the same time, it was casy to watch them and prepare for their coming. This

was overcome.

About the 1st of June most of these distillers took out for the first time a license. This fixed their location and capacity, amount of bond, etc. The molasses whisky distillers were congregated about Twenty-third and South, Twenty-second and Pine, and localities along the Schuylkill, from Market street to far below

Parties in the Government service were sent o these suspected places to hire themselves as help. Boatmen were employed on the river front, and after nightfall men ostensibly doing siness as removers of night soil were employed by the detective department as spies.

Although every conceivable method was taken to cludel the observation of the Government spies, some of them were, after a few weeks, uncarthed and brought to the bar of instice.

As a sample of the testimony against the paries, we give the hearing had in one case yester day at noon, before Commissioner Sergeaut, Hugh Keenan, of Twenty-fourth and Pine streets, was charged in the warrant with "neglecting to make true and exact entry and report of the number of gallons distilled; also, th number sold or removed for consumption or

Mr. Horton testified that he visited the place and found two barrels of whisky in a shed adoining the distillery; found Mr. Keenan's book there, but did not remove it at the time, but obtained it subsequently; when first seen it had an entry of 15 gallons of whisky for July; but since the visit he has entered 20 gallons more; the book also contained the entry of 70 gallons of molasses.

Valentine, Assistant District Attorney, called attention to the fact that the book was not kept properly, inasmuch as there was no tri-monthly reports, as required by the 68th section of the act of Congress, if less than 150 barrels a year are manufactured, or monthly reports where the annual amount exceeds 150

After some other cross questioning and arguing he case was closed. The Commissioner held the defendant in \$1000 to answer. Edward Martin, of No. 1820 Market street, waived a hearing. The other parties will have a hearing in a few days. In the meantime, they are required to go before the A-sessor of the District and make answers in regard to their manufacture; and here it is that most of them convict themselves. They have several gallons of molasses entered upon their books, while the product in whisky is represented to be, on an average, 8 per cent. of the amount of material, when, in fact, it should yield from 50 to 70 per cent. Large quantities of whisky have been seized within a few days, and an effort will now be made to secure to the Government the amount of revenue withheld, which, if one-half capacity is allowed to the number of stills given above, will make amount \$100,000 per day for the past two months. The system of detrauding the Government has been in operation about six months, and the officers estimated that within a circuit of ten miles from the State House the Government has been detrauded to the extent of over three-quarters of a million of dollars.

SUICIDE OF A BURGLAR AT THE EAST-EEN PENITENTIARY.-A young Englishman named Henry Walker, convicted of burglary, was sentenced on September 15, 1865, to three years' imprisonment in the Eastern Peniteutiary. After being received there he gradually became melancholy, and at last showed symp-toms of insanity. He was very respectably connected in his own country, and evinced a morbid horror of any discovery by them of his disgrace. He was found yesterday morning suspended to the bar of his cell by a rope that he had extem-porized from his clothing. He was stark and cold when found. Upon the slate in his cell he had written:-

"N. B .- To my keeper: - Take warning by this. My spirit shall haunt you as long as you live. You see I have to sacrifice my life for the truth. Take warning.' In thirty-seven years there have been incarce-

rated in the Eastern Penitentiary 5591 persons. Out of these, in all that were there, there have been but fifteen suicides.

SUICIDE.—Yesterday morning an unknown man committed suicide at Greenwich Point. The deceased was about forty-five years of age, 5 feet 6 inches in height, brown hair, smooth face. He had on a blue sack cost, black pants, navy undershirt, and white shirt. His left arm was marked with the initials "G. G. S.," and under these initials were "M. H. S." The Coroner took charge of the body.

MATTERS OVER THE RIVER.

LETTERS.-The largest number of letters hat ever passed through the Atlantic City Post Office in a single month came and departed during July last. The total number was 9184 These were received at the office, while a number were also given to Mr. Steward, the mail agent, for mailing. This shows a great increase in the correspondence, as well as t sending and reception of other mail matters.

THE CAMP MEETING .- The large Centenary Camp Meeting of the M. E. Church, in South Jersey, will be commenced on the 6th instant. The work of building platform seats and making other necessary arrangements is rapidly progressing. The place selected is a fine and excellent grove near Carpenter's Landing, on the West Jersey Railroad.

Dogs AT LARGE.-Notwithstanding the proclamation of the Mayor against allowing logs running at large unmuzzled, owners of hese animals appear to pay but little regard to the ordinance; and the consequence is, every week a large number of canines pay the penalty of their masters' carelessness with the torfeiture of their lives.

NEEDED REPAIRS .- The Board of Chosen Freeholders of Camden county have taken measures to repair the Court House and jail in a number of essential particulars. So many prisoners have made their escape during several years past, that these improvements have been found highly necessary.

TEMPERANCE.-The new temperance organizations in Camden are progressing finely, and doing great good to the cause. There are several auxiliaries, numbering a large member-hip.
