OUR CITY SCHOOLS.—Philadelphia has long since gained a wide-spread and enviable reputation for the superiority of its educational institutions, which reputation it has not for-feited by a lack of continual effort, not only to extend and beautify its school buildings, but to procure the most experienced and accomplished nstructors. The schools of this city are a monument to the good tacte of Philadelphians and their energetic perseverance in the cause of education. In consideration of these facts, it has long been customary for people in neigh-boring States and cities, and even from remote sections of the country, to come and enjoy its educational advantages; and it is an ordinary circumstance to find in every portion of the Union innumerable people who have drank with satisfactory results from our "Pierian spring." This, though a flattering consideration, is one which to retain it is necessary that the citizens of Philadelpha should extend to the principals and instructors of our city aca lemies and schools their most energetic influence. seminaries for young ladies are especially fine, and their course of instruction comprises utility and grace in the intellectual development of the pupils. It is now vacation in all the city schools, and active preparations are being made to commence the new school year with auspices unparalleled in our school annals. The most, if not all, the schools in the city reopen the first of September.

The reputation of the proprietor, Mr. Philip A. NEW JERSEY "SPRINGING TO THE CALL." -Governor Marcus L. Ward has issued a very stirring circular in respect to the Southern Loyal Convention. He has named some of the mest distinguished men in the State to convey to the members of the Convention their sympathy in their past suffering, and confidence in their patriotism, and to assure them of aid and support in their loyal purpose of securing Govments republican in form and spirit throughout the entire South.

They will also assure that body that, while the people of New Jersey desire an early adjustment of all causes of difference, "they are firm in the conviction that treason should be made odious, and that the work of reconstructing States, or the Union, cannot be safely left to traitors and their sympathizers."

Among the names we notice some of the most prominent, socially and politically, in the State. We only just take the following, at random, from a long list:—Charles S. Olden, Frederick F. Frelinghuysen, Major-General R. McAllister, Alexander G. Cattell, John T. Nixon, E. R. Bullock, Brigadier General B. Ramsey, Charles K. Landis, John C. Ten Eyck, George T. Cobb, etc.

RELIGIOUS SERVICES AT THE WIGWAM. —A large audience assembled at the National Union Wigwam, on Girard avenue, yesterday morning, to listen to a discourse from Rev. C. W. Denison, formerly a resident of this city, and now of London. The topic of the reverent gentleman was "Confidence in God as the only sure ground of national hope." His argument was based on the navancess arounds and now. sure ground of national hope." His argument was based on the purposes, promises, and providential dealings of the Deity with regard to the affairs of nations. He was listened to with deep interest to the close. The services were introduced by sineing, led by the Union Choir, of the patriotic air, "Our Country, 'tis of Thee," and closed with the doxology, to the tune of Old Hundred, "Praise God from whom all hlessings flow," It was throughout an impressive occasion.

MEETING AT THE | MERCHANTS' EX-CHANGE.—A meeting of the principal merchants and capitalists of the city was held at the Merchants Exchange. The meeting was called to order at noon, and Mr. Charles Cambles appointed Chairman. Mr. L. P. Ashmead was appointed Secretary.
Mr. Cambios made a few remarks explaining

the objects of the meeting.

Theodore R. Cuyler than made a few remarks, and introduced the following resolutions:—
The citizens of Philadelphia, assembled without distinction of political parties, for the purpose of adopting such measures as may

proper and becoming to express a profound respect for the office and the person of the Chief Magistrate of the United States, and his contemplated visit to this city.

1. The citizens of Philadelphia cordially greet Excellency Andrew Johnson, President of

the United States, welcome him to the city, and tender to him the hospitalities of its citizens. 2. That they tender to him their hearty congratulations upon the termination of hostilities and the restoration of peace, and express their current hope for the speedy adoption of such measures as may be wisely adapted to end all internal strife and all contention, and render us once again, as of old, one people throughout all the States, one mind and one heart, and in an affectionate and enduring devotion to the

3. That the merchants and mechanics, and the professional men. and citizens generally, will assemble at the depot at the arrival of the President for the purpose of escorting him to the quarters provided for him.

That a committee of thirteen be appointed by the Chair, to which committee shall be added the officers of the meeting, with full powers to may secure to the President of the United States such reception as becomes the dignity of the city of Philadelphia, and the profound respect which we owe the high office which he occupies, and that the said committee be instructed to co-operate with kindred committees.

The following is the Committee of Arrangements for the Reception of the President, on his arrival at the depot:—Col. James Page, L. P. Ashmead and Henry Simons, with authority to add to their number. All citizens, irrespective of party politics, are requested to confer with the Committee at the office, No. 272 S. Fourth street. Colonel Scott sent a despatch that he could not appear in time in this city, and suggested the name of Mr. S. J. Megarges to supply his

The following despatch was telegraphed to Mr. A. J. Drexel: -"To the Committee of Arrangements: -Your

despatch to F. M. Gendali received. President and associates leave here Tuesday morning by regular train. Hospitalities gratefully accepted." The resolutions were adopted by acclamation,

and after the announcement of the Committee of Arrangements, the meeting adjourned with three cheers and a tiger for President Johnson, given with enthusiastic effect.

Colonel Peter Fritz and Colonel Peter C. Ellmaker, have issued circulars calling on the lovernment employes at the Navy Yard, Arsenal, and other places, and also on the manufacturers, mechanics, and workingmen in general, and citizens, to a semble at the Baltimore iepot, to-morrow, about 1 P. M., to take part in the President's reception.

At an informal meeting of the merchants of Philadelphia, in the Corn Exchange byilding, Mr. Catherwood, a member of the Common Council, offered the following resolutions:-Whereas, The Honorable the Secretary of War

of the United States of America has communicated in official form to Major-General George G. Meade, commanding the Department of the East, that his Excellency Andrew Johnson, the President of the United States, will, in the course of an intended visit to the city of Chicago, pass through the city of Phitadelohia on Tues-

And whereas, A call has been issued over the signatures of the leading bankers, shipping merchants, and citizens for a public meeting to be held at noon this day in the rotunda of the Merchants' Exchange:

After the reading of the resolutions, Mr. Lalayette Baker moved their adoption, which was seconded by Mr. James L. Bulay.

Mr. Catherwood submitted the resolution to a vote, when it was negatived by a very large majority, upon which a scene of great excitement and confusion followed.

Robbery .- A woman who had been employed by Lieutenant Willcraft, and has been lately discharged, went out to Frankford on Saturday to obtain a new situation. When near Frankford she inquired of a couple of young fellows, John Lenning and P. S. Hodson, who were standing at the corner of Adams street and the railroad crossing, if they could direct her to a place. They sent her out to a house on Powder Mill lane, which is a very lonely place, in order to get her away from the notice of any persons by, and went along with her, as they said, to help her get the situation. While she was waiting outside the house on Powder Mill lane, one of them asked her what time it was. She pulled out a gold watch and showed them the time, when Lenning made a grab at it, and, securing the watch, ran off, and followed after him. The woman followed and made an alarm. Lenning was arrested yesterday, and Hodson in the evening. They had a hearing before Alderman Holme this morning, who held them in \$600 to answer.

AN OBJECT OF INTEREST AT THE PARK. A novelty is not a novelty very long in this fast country. The case is somewhat modified. however, in Philadelphia. The great services and romantic career of the great Arctic explorer. Dr. E. K. Kane, should render his memory green in the hearts of all our citizens, and any thing connected with his career should be or interest. We learn that the life-boat which he used while out on his expedition has been presented to the city, and now lies at the Park on exhibition. There are many and pleasing associations connected with this relic, as will be remembered by these who have read Dr. Kane's

ONE OF THE VAGARIES OF LAW.-Eliza Furman was arrested yesterday, at Sixth and Market streets, charged by her husband with bigamy. Mrs. Furman says her husband got a warrant out against her on the charge stated, about the first of last month. Mr. Furman is very sweet on the ladies, and Mrs. F., being of a jealous turn of mind, sometimes manages to eatch her truant swain in the company of strens, and when she ventured to expostulate, her lord quietly calls a policeman, and getting out his warrant, has her placed in custody. The story was a pretty good one, but Alderman Godbou held her for a further hearing, to inquire into the matter.

ROWDY CHARACTERS.—Charlotte Newton, Margaret Platt, Mary J. Holden, John McBride, and Joseph Smith were all arrested last night in Roxborough for drunkenness and disorderly conduct. They had swallowed oceans of bad spirits, and were in a particularly "high" cen-dition, and extremely annoying to the neighborhood, singing ribald songs, swearing, and yelling in a manner that would have disgraced a mixed assemblage of Camanches. They were all young, ranging from 17 to 24 years old. This morning they did not feel so "funny" after a formal introduction to Alderman Ward, they were each fined for drunkenness, and held in \$300 to keep the peace.

A FATAL ACCIDENT.-This morning a shaft in the car factory of Bolton & Co. broke, and a workman who happened to be standing near by was struck by a piece of the shaft, and fatally injured. He was removed at once to the Pennsylvania Hospital.

CHANGES IN THE WEATHER.-It is very seldom, indeed, that we have such spiden and radical changes in the weather as we have surered during the last week or two. Some of our days and nights have more resembled November than August. During Friday we had a cold rain, and outside the city there was a slight fall of hail. The changes come so suddenly that they generally and us upprepared to meet them, and the consequence is colds of all kinds become very fashionable. The month of Sepgenerally a very warm one, and should all prepare to meet its discomforts, and to provide energetic sanitary measures to prevent the spread of the cholera.

AN UGLY CUSTOMER,-A man by the name of John Cusack got himself into difficulty last evening out at Nicerown lane. As he was walking along a dog passed and made a snap at him, and then ran up an aliey. Casack followed the dog and killed it. The lady of the house came out and expostulated with Casack, when he insuited the lady. He then went off, and soon returned with a hatchet in his hands, and threatened to kill the lady. She sent off for Officer Hause, who succeeded in arresting him, but not before he was compelled to draw his revolver to make Cussek submit. This morning he had hearing before Alderman Fields, who held him to answer.

BELLIGERENT QUARTETTE, - Daniel and William Hickey and George and Henry Fox were arrested on the charge of misdemeanor. They went into a lager-beer saloon, on Cumber land street, above Frankford road, yesterday atternoon between the hours of two and taree o'clock, and, after imbibing sundry pints of lager, got into a difficulty. They fought and smashed things generally, and not contented with smashing the glassware and furniture, they "smashed" the proprietor and his wife. They were arrested, and held by Alderman Clouds in \$500 bail each to answer.

DISORDERLY CHARACTER.-John Murphy is one of these irrepressible spirits who require to let off a quantity of their superabundant steam at periodical periods. Not being of a religious turn of mind, John selects Sunday for the time, and Germantown for the locality in which to get on his "sprees." The inhabitants of that aristocratic part of our city getting tired of his antics, had him arrested while he was making Main street melodious vesterday after-This morning he was sent below for thirty days by Alderman Thomas, to cogitate on the uncertainties of life.

A BRUTAL FATHER,—James Kelso was arrested in Vine street, near Twenty-fourth, vesterday, for beating his wife and family. They were being used most brutally, and aroused the whole neighborhood by their cries for help. Officer Jeandelle, who happened to be near by, rushed in to protect the family and quell the disturbance, when Kelso picked up an axe and struck a murderous blow at the officer. He then ran out and got his sergeant to go back with him to Kelso's house, where they arrested the brutal wretch. Kelso was held in \$500 by Alderman Hutchinson to answer.

A FEROCIOUS DARKEY. - Peter James is a colored man of a very excitable temperament. He resides in the neighborhood of Eighth and Pine streets, and yesterday, while he was en-gaged in an altercation with an acquaintance, he got very wrathy, and, seizing a razor, made an attempt to shave off the man's leg. He was arrested, however, before he had succeeded in emputating his or ponent's leg, and this morning he was held in \$500 bail by Alderman Swift to answer.

LARCENY .- Eliza Rassin, while under the influence of the Evil Cue, and owing to an exaggerated spirit of covetourness, helped herself to about \$70 from a house in the neighborhood of Seventeenth and Montrose streets. She did not, however, get any benefit from her ill-gotten plunder, but was arrested and sent below soon after. She was committed by Alderman Lutz in default of \$500 bail.

A DETERMINED SELF-MURDERER.-This morning a man by the name of John Milton, aged forty years, shook off his mortal coil by first cutting his throat and then jumping over board, at York street, below Richmond. He was more fortunate in achieving his purpose than the Frenchman who tried half-a-dozen methods, and one counteracted the other. REPUBLICAN INVINCIBLES. - We invite

especial attention to the Club's advertisement for a meeting to night in Forney's Press Build. The Invincibles propose to organize for the campaign, and wish to see the members of 1860 and 1864 present in full force. CHOLERA.-Since our report of last Satur-

day there have been thurty-one cases of cholera reported to the Board of Health. Of these nine cases were tatal. As we anticipated, the sud-den change in the weather had a bad effect on

FOUND DROWNED,-An unknown white man was found drowned at Willow street whari this morning. The Coroner has been summone to hold an inquest on the body.

COMMUNICATION.—The following, from the "Public Ledger" this morning, mee a with the approval of the public:—
"The 'Sunday Times' of yesterday editorially remarks:—It affords us great pleasure to refer our readers to a communication in another part of to-day's "Times," in reference to Mr. Richard Poltz sanddate for Receiver of Taxes. We have personally known Mr. Peltz for many years, and have no hesitation in saying that a more patriotic or worthy name will not be placed before the Convention. He has a thorough knowledge of the duties of the offic, from his long connection with it, ibesides being affable and gentlemanly in all his transactions. While we do not wish to dictate or even meddle, in political affairs, we cannot refrain speaking of one so every way worthy as Richard Peliz."

A TERRIBLE COLLAPSE has taken place in the financial affairs of Europe. Whether this could have been prevented or can be remedied by the wisest measures is doubtful; but the fearful collapse which makes the critical stages of the Cholera, can be certainly prevented by the use of MANSDEN'S ASIATIC CHOLERA CURE. San Francisco, August 26 .- The British ship Farrlight, Captain Bush, from Hong Kong bound to San Francisco, was wrecked near Island Pochung-hian on June 12th. One hundred and forty-three Chinese passengers and one European were growned. The ship broke up six hours after striking, and nothing was saved. The Government bad chartered a steamer to send after the wrecked crew.

The loss of this ship was reported from Lous don by Atlantic Cable, several weeks since, but no particulars were given.—ED. EVENING TELE

Hong-Kong papers of July 3 say that the English commercial panic was felt there injuriously, but the rash on the Government banks had ceased.

The United States flag-ship Hartford had arrived at Hong-Kong from Amov, and reported that the Imperialists had beaten 6500 rebels, causing them to retire.

The Chinese pirates captured the Hanoverlan schooner Sophie of Chihiai Point, and stole \$2000, but left the officers and crew uninjured. The report of a revolt in Kantuh is confirmed.

The troops in Ranchon, the capital, took possession of the city in the absence of the Governor-General, and seized the persons of the Judge and Treasurer, and tried to force them to memorialize the Emperor to the effect that the troops were driven to revolt tor want of pay and food. This event caused great numbers of the gentry and mandarius to commit suicide and prove their loyalty. Great distress prevailed throughout the province. Wheat and maccaroni, the chief articles of diet, were held at seventy taels per picul. It was reported that a large hody of rebels had penetrated into the vicinity of Cl nkung, in the heart of the salt districts.

It is feared that the American schooner Golden Pearl was lost, June 12, between Tamar and Auroy.

OBITUARY. DEAN RICHMOND.

Died at the residence of a friend, in New York city, this morning, Dean Richmond. He was a political leader, of the ultra Democratic school, who stood before the world boldly as a singularly chivalrous man. Whilst he apparently did not desire office himself, he was the dispenser of offices to others. By this line of action he gained a host of friends, and wielded an immense power for partisan purposes. He was a strangely shrewd man, and was the great antidote the Democrats had for Seward, Weed, and Greeley, of the Republican party. Dean Richmond graduated at Hamilton College, studied law with Judge Hogeboom, was always successful in his plans, which, however, were never either grand or general, and lived a very pleasant sort of life.
