THE DAILY EVENING TELEGRAPH .- PHILADELPHIA, SATURDAY, SEPTEMBER 1, 1866

THE VIEGINIA DELEGATION TO THE LOYAL | FINANCE AND COMMERCE. CONVENTION

To the Editor of The Evening Telegraph :-

Sir :- Tto delegates from Virginia are men of strong moral convictions, and of the most sterling character. Governor Pierpont and John Minor Botts have long enjoyed an enviable national repustion. Hon, Lewis McKenrie has often represented Alexandria in the State Legislature, and has been Alexandria in the State Legislature, and has been twice elected by the Unionists of his district to Con-gress. He is Freeiden: of the Loudon and Hamp-ehire Railroad, of the First National Bank of Alex-andria, and has long been foremost in almost every effort for the moral, mential, and mat: rrial improve-ment of his pative city and State. James M Stewart his mearly the same position among Virginia mer-chants that his namesake, Alexander, has in New York, with this difference, that the Virginia Stewart is not exclusively a merchant, but is disposed to de-vote a cood portion o. his time to the cause of good vote a good portion o. his time to the cause of good government and impartial justice. Rev. James W. Hunneutt, editor of the New Nation of Richmond, was before the war, for many years, editor of a reli-gious newspaper nominally of the Eaplist denomina-tion, but in a remarkab e degree liberal and chris-tan. He is a man of profound thouge t and stirring eloquence, and the iriends of impartial justice in the North will be api to secure his services in the pending campaign. A. M. Crane, Esq., of Winchestor, and G. K Gilmer, Esq. of Harrisonburg, are editors of loyar papers in their respective towns, conducted with talent and the highest honor and integrity. Messrs. John F. and Charles H. Lewis, of Eockingham, are sons of General Lewis, a well-known resident of that county, and be ong to one of the most worthy vote a good pornon o, his time to the cause of good sons of General Lewis, a weil-known readent of that county, and be ong to one of the most worthy families in the State. The former of these brethers was one of the few members of the Rishmond Legislature of 1861 who had the courage to resist and dety secession in that body, or which he and his father have often been constituents. He was the Union candidate for Congress in his district at the late election and is one of the soundest and the Union candidate for Congress in his district at the late election, and is one of the soundest and ablest men in the State. His brother Charles is hardly less distinguished; was Secretary of State under Governor Pierpont until he was rejected by the present disloy al Legislature, on the sole ground of his ficility to the Union, which, in fact, was re-garded by that body as the highest possible political offense George Rye, Exo. of Shenandoah, is the offense George Rye, Esq. of Shenandoah, is the Presiding Justice of his county; a man of sterling integrity, was quite recently made the victim of a Repeated by some dastardly young returned Rebels for his devotion to republican principles, and the wonder is that, with his open proclamation of free principles, he has escaped with his life. Mr. Rye will be remembered as the associate of Judge Underwood in the Philadelphia Fremont Conven-tion of 1866 and the remembered that followed that tion of 1856, and the resecution that followed that event is not yet forgotten.

event is not yet forgotten. These gentiemen are all natives of the South, and have been faithful among the faithless, for which they are now under the ban of the late traitors placed by Rebel reconstruction over them. Their experience and persecution will afford the gentiemen from the North who will meet them in Philadelphis ample means of judging the terrible fate that is pendicg over the head of all true loyalists in the South if left to the tender mercues of their most malignant enemies. We have gained thus inmost malignant enemies. We have gained this in-iormation from a reliable source of a few of the Vir-ginia delegates, but to be convinced that they all are men of sterling moral worth, it only requires a sight of their large heads and fine mo.al develop-ments. Nearly all of them have been extles and victims of a relentless persecution for their tenacity to republican principles and for standing by the flag of the country, and they all units in the declaration that they are now threatened with even greater dangers than they have heretolore faced, by the in-considerate and unguarded reconstruction recom-mended by the President and urged on by the desperate and designing leaders in the late Rebellion.

The Radical Convention at Philadelphia-Slight Mistake in the Selection of a Delegate.

RICHMOND, Va., August 31.-In a letter re-ceived this morning from Hon. Robert Ridgeway, member of Congress for the Fourth Dis-trict, in reference to his appointment as a delegate to the Southern Loyal Convention at Philadelphia, he says:-"Yours of the 27th instant to hand. Contains

the first intimation I had that the scamps at Alexandria, without the slightest communication with or authority from me, had taken the outrageous liberty of using my name in connection with the mulatto Convention at Philadelphia, well knowing as they did that I had not a particle of sympathy with them or the Jacobin rabble to which they belong. You will perceive from the above that you have my full authority to stamp the whole thing, so far as I am conOFFICE OF THE EVENING TRLEGRAPH, {

ACTION OF THE BOARD OF HEALTH IN ACTION OF THE BOARD OF HEALTH IN REFERENCE TO THE KENSINGTON WATER WORKS NUTEANCE — The Sanitary Committee appointed by the Board of Health to examine into the condition of the Water Works of Kensington, report that, after a close investigation, they would recommend that the city dispense with the use of water from the Dela-ware river, as it is unbealthy. This arises princi-pally from the immerse amount of filds that is emp-tied into that river from the various manufactories, and also from the city sewers. It is stated that over forty-six and a haif per cent, of the deaths from Asimtic cholera have occurred in the limits of the dis-tricts supplied with the Delaware water. It was re-solved by the Committee that the Kensington water supply is prejudicial to the health of the city, and supply is prejudicial to the health of the city, and should be discontinued. The report was signed by Drs. Wilson Jewell, E. Ward, Jacob B. Coats, and William Reed.

Williams, Richardson, and Kent, as the humor struck them, and were extensively engaged in piccuring light employment, with good wares. for whomsoever if was desirable, were wantonly interfered with in their work or wholesale benevo-lence by the police, and called upon to answer before A derivan Tittermary for thus easting widespread the good things of this life. Various deponents testified that a sheft contribution of two or three dol-lars which was pecessary to procure the aforesaid lars which was necessary to procure the aforesaid employment, failed to bring about the desired end, and moreover cried out with clamorous voices that these agreeable and popular young men have de-scended to swindle the "great unwashed". After a careful hearing of their cases Alderman Tittermary committed them in default of \$1500 bail.

ENTERFRISE.—The great requisites for success in America are pluck and enterprise; and Heimbold, the well-known druggist, has in his busine a career evinced both of these qualities. The consequence is that he has ach eved a success. He has one of the finest establishments in New Yorz city, while the reputation of the well-known Heimbold's Prepara-tions is co-extensive with civilization. These preparations, it is almost needless to say, are not "quack medicines" nor "patent m disines;" they are simply legitimate; scientifically compounded preparations, which, for their appropriate com-plants, are without a rival. They have been before the public for many years, and are at the present noment more in demand than ever. This shows conclusively their sceniae merit. At Heimbold's New Store, next the & stropolitan Hotel, m addition to these preparations—the Extracts of Bucha and Sarrairalina_are sold all varieties of Drugs and Chemica's. The establishment is perhaps the finest Chemica's. IMPORTANT FROM TURKEY.

Trouble Between the United States and the Turkish Government—Outrage on a United States Consul—Our Minister at Constantinople Sends for an Iron-Clad.

The Levant Herald states that a difficulty has arisen between the Porte and the American Legation on a matter of some interest to our consular readers. Some time ago the American Consul—a Mr. Luigi Palma de Cesnola—at Larnaca, Cyprus, took into his service as cavas a Mussulman native named Mustapha.

Shortly after, the mudir of the town claimed the man as a drawn conscript seeking to evade military service, and on the Consul refusing to give him up, ordered a party of zaptichs to enter the house of the American consular dragoman -a certain Costand Bebess-and carry off the man. Thereupon the Consul addressed a format complaint to the Governor of the island, demanding the punishment of the mudir, and an ample apology for the alleged outrage on his own consular dignity. On inquiry into the facts, however, the Pacha considered the the mudir to be in the right, and therefore refused the consular demand. Mr. Palma de Cesnola accordingly "suspended relations," and referred the matter to the Hon. E. Joy Morris, the American Minister in the capital.

The latter gentleman, accepting his subordinate's version of the facts, has addressed an energetic and categorical note to the Porte, demanding-1. The dismissal of the mudir. 2. A personal apology from the Pacha to the Consul at the house of the latter, with a simultaneous salute of 21 guns to the American flag. 3. That done, the dismissal of the Pacha himself; and 4. The liberation and payment of a substantial

compensation to the cavas Mustapha, In the event of the Porte's unwillingness to concede those tour points, Mr. Morris has, it is said, requested Admiral Goldsborough commanding the American squadron in the Mediter-ranean, to send one of his iron clads to Larnaca.

Illness of Senator Wright, of New Jersey.

The Trenton Gazette learns that on Wednes-day last Senator Wright's family physician sent a despatch from Norwalk, Connecticut, to the effect that Mr. Wright was sinking rapidly, and it was scarcely possible that he could survive for many days. For many mouths past Mr. Wright's health has been so feeble as to incapacitate him almost entirely for business, and, at his advanced age, his recovery can scarcely be hoped for. Mr. Wright was elected to the United States Senate at the session of 1863, to serve for six years from the 4th of March, 1863.
