-Bishop Hopkins, of Vermont, reports in his annual address that the theological department of the "Vermont Episcopal Institute" is without students. The Treasurer also says, in his report: "There are no young men in the diocese looking forward to the ministry, or preparing to enter it."

-In the State of Ohio there are ninety-seven Episcopal parishes and one hundred Episcopal clergymen. Twenty of the former are without parishes. The total number of communicants is seven thousand two hundred and seventy-two. -Bishop Eastburn, of Massachusetts, and

Trimble have, in the last six weeks, organized six white and one colored mission, received nine preachers and four hundred members, in Randolph and ad-joining counties in Alabama. All go out pledged to enforce every rule in our excellent book of discipline.

Presbyterian.

-The Old School Presbyterian Church has over 80,000 members, who contribute, on an average, less than one dollar each; 13,000 averaging from one to two dollars, 20,000 averaging three to five, and 3000 averaging five to twenty collars. Out of 2600 churches are only about 900 which have sent a regular annual collection to the Board for three consecutive years. Some 508 churches have sent two collection≘ in this time, and about 460 have sent one. In the loyal synods 1155 churches contributed, in 1860, \$83,861; in the same synods in 1866, 1380 churches gave \$117,799.

-Letters have been received from Rev. A. Parker since his arrival at Los Angeles. He has already found well-wishers and co-workers in his missionary work there, and some en-couragement. He is about to organize two Sabbath Senools, one of them for colored chil-dren. The church entitee erected by the Old School Presbyterians in Los Angeles, under Bev. Mr. Boardman's labors, has recently been turned over to the Episcopalians.

The Vintage in France.-This is likely to be a very bad wine year in France. This is inkely to 59 a cold and wet forbid hope in many places of the grapes ripening, and the quality must almost be universally bad. It is stated that three-fourths of the famous Chateau-Margeaux vintage, now the property of MM. Aguado, is utterly lost. In the neighborhood of Paris, grapes which at this time last year were ripe on the sunny side of cottages are now as hard as bullets. This is all the greater disappointment to the growers, because the quantity is very great.

Iron Safe Can Endure.

CERTIFICATE OF JUDGE FOX.

CERTIFICATE OF JUDGE FOX. PORTLAND JULY 29, 1866. Messrs. Murray & Winne, Agents Luttle's Safes. Gentlemen — We had a No. 7 LILLLE'S PATENT CHILLED AND WROUGHT-IRON SAFE in our office, on Fxchange street at the time of the great fire of Jairy 4. Heff. The sale was in the second story of the building, and fell to the cellar, where it lay entirely unprotected for 15 days. When digging it too hot to hold in the hand. On opening it this morning, we found all the hooks and papers in a good state of preservation. This safe probab y had as severe a test as any in the fire, as States of other makers in adjoining, buildings had their CONTENTS BURNED TO CINDERS. This the SECOND IT AF THESAFE HAS BEEN TESTED BY FIRE, as it was in the store of F. R.Hear-ris whon it was burned in February, 1861, at which time it also preserved its contents.

ris when it was birned in recruity, isoi, at which they it also preserved its contents. Our confidence in the fire-proof qualities of LULLTE'S SAFFS is increased by unparticled tests, and we have no doubt of their sUPERI 'RITY OVER ALL OTHERS, Yours truly, EDWARD & FRED FOX.

No sate of Lillie's make was destroyed in this fire, or alled to preserve the contents, which fully endorses the high reputation of these Safes as being the most reliable

five-proof protection made. The following imporiant facts are most thoroughly demonstrated in the above certificates :--

First. That Lillie's Safe stands the second fire as well as the first, and both Safe and contents still fit for use, while other Safes are worthless after the first fire, and, if the fire is severe, books and papers have to be copied, is preserved at all, and very frequently lost.

Second That Lillie's Safes are honestly drill-proof perfectly wedge-proof, powder-proof, and, in every sens of the word, burg/ar-/roof, and, as a further evidence, I assert that there never has been, to this time, one of Lillie's Bank Sales robbed (that is, Sales two mones thick). A word to the public and to my old friends and pa-trons :-- My motto is. "A nimble sixpence rather than a slow shilling." I have taken a roomy, convenient cheap store, for five years, on Atch street, instead of a dear one on Chesnut My cariage is done with one horse instead of three horses. Fconomy and small profits is my motto. The Safe Works are now removed from Troy and in successful operation near Philadelphis, in this State and I trust hereafter to be able to urnish my patrons, cheaply and promptly, with the best Saies, Vaults, Locks, etc., in the United States or any other country.
