## CITY INTELLIGENCE.

MASS MEETING OF THE JOHNSON-CLYMER Party.-Last evening a mass meeting of the triends of President Johnson was held at the County Court House, the object of which was to organize a Johnson Club of the Sixth Ward.

Peter Fritz, Jr., presided, Hon. William F. Johnston was introduced, and was received with much enthusiasm. He then delivered an address on the duties an i responsibilities of citizens in the present state of the country. He argued that one of the first duties of every man in a Government framed like that of the United States is to yield onedience to it; to respect the citizen who has been chosen for the time being as the executor of the law, for in respecting him you show respect for the law itself. We are about, he said, to enter upon a great political contest, which may last six months or six years. No man could tell when it would be cuded, and it should not be

but on the triumph of right.

The Constitution should be handed down to posterity as it was received from those who went before us. If the chief duty of the citizen is to respect the executor of the law as the represen-tative of the law itself, what shall be thought of an attempt to hold him up to ridicule and con-tempt? What of the conduct of Congress in the attacks made upon the head of the nation, continued unceasingly for six months? There more instatous way to attack a government than to attack its chosen head. What have we seen in the halls of Congress? A body of men repre-senting only a portion of the country have wasted months in devising measures to oppress another portion of the people. We are told by a few members of Congress that this Constitution is not the Constitution of the country, and propositions have been made to remodel it. That must not be. In the contest which is about to take place there must be no neutrals; every man must take sides, and those who want the Government to be perpetuated must sustain the

The speaker then glanced at the question of representation. He said that, according to the proposed change, New England, not having a large negro population, will not lose any of her members of Congress, but Pennsylvania will. He thought the people of Pennsylvania would not agree to this, though the members of Congress from this State had acted with the New

ionglanders. He had no objection to the change, if the representation in the Senate of the United States was to be based upon the number of voters as proposed by the House of Representatives. Mr. Johnson closed by referring to the visit of President Johnson to Philadelphia. He said that if the city authorities had not turned out to receive him, the people had done it, which was far more gratitying to him. The speaker fully endorsed the action of the National Union Convention which met in this city, and he thought the people would yield assent to all the princi-ples promulgated by it. He closed amid much applause, and was followed by Oliver P. Corn-man, Esq. The meeting was large and quite

A SAMPSON AMONG LOCOMOTIVES .- The Lehigh & Mahanov Branch of the L. V. R. R. has just added to its rolling stock a new locomo-tive, which for its size and power exceeds any locomotive in use in that part of the country. The name of this new engine is "Consolidation No. 63," and was built by M. W. Baldwin & Co., of this city, from designs furnished by Alexander Mitchell, Eag., Master Machinist of the L. and M. Branch. The Consolidation weighs 38 tons 6 cwt., 20-inch cylinder, with 24-inch stroke; has 8 driving wheels, 48 inches in diameter, with but a single truck; length of lurnace 9 fect; 173 inch flues. The Consolidation is built on a new principle, which gives it great power, viz., having only one "truck," which beats none of the engine's weight, but is merely a guide and centributes to keeping the track.

The weight of the engine rests on the drivers.

and as a consequence gives them a power of adhesion which cannot be obtained with the ordinarily constructed locomotive. Another peculiarity of the Consolidation is that it wil turn a curve with any engine built. The Reading Railroad has an engine ten tons heavier than the Consolidation, but it can only be used on portions of the road; to turn short curves it is useless. A few days since the Consolidation was put to a test, drawing 107 empty coal cars evidence that the Consolidation is entitled to rank as a Sampson among the locomotives, Another trial was made afterwards, when 75 empty cars were drawn up a 146 feet grade, which is about 60 per cent, better then an ordinary locomotive has yet accomplished.

PROFESSIONAL THIEF.—At the Central Station, yesterday, a man who gave the name of Edward G Gordon, but who was better known as Dutch Heinrichs, of New York, had a hearing on the charge of being a professional thief. The prisoner was arrested on one of the Sixth street cars, about 10 o'clock on Sunday evening, in company with one or two others. When first spoken to, he said he was going from New York to Washington, and did not want to get off the car. At Sixth and Minor streets he rau through the car and attempted to make his escape, and Officer Levy discharged his pistol, without effect. at him. The detective, upon being asked if he knew the prisoner, said he had heard it said he was a professional; didn't know that he had

been arrested in this city. Chief Franklin testified that the prisoner was a professional thiel; that he had been arrested in this city on the charge of robbing the First National Bank, and that a bill of indictment had been found against him. He had obtained bail and had been a tugitive from justice. It I in this way that so many persons charged with offenses escape punishment through the instrumentality of professional bail-goers. Heinrich was committed for ninety days under the pro-fessional thleves' law.

FIREMEN'S ELECTION.-Last evening the firemen elected A-sistant Engineers. In the First District Terence McCusker and William Butler were the candidates. Mr. McCusker was elected. His headquarters were at the Moya-mensing Hose House, and the various companies voting in his favor visited the Hose House and cheered the successful candidate. The Philadelphia Hose Company, headed by a band of music, was among those who thus paraded. The Moyamensing Hose House was illuminated, and a display of direworks, firing of caunon. and bonfires in the neighborhood made up the iemonstration.

In the Second District the candidates wer George Hensler, of the Mechanic Engine Com-pany; E. F. Drumel, of the Diligent Hose Company; Thomas Brooks, of the Northern Liber Engine Company; and Joseph S. Robinson, of the Vigilant Engine Company. As far as could be ascertained, Mr. Hensler had a sufficient number of votes to elect lam, and his election was conceded by Mr. Robinson, the next highest

In the Third District, Joseph Van Osten, of the Liberty Eugine, was elected. In the Fourth District, Edward Wright, of the Washington Fire Company, was elected.

MEETING AT THE LEAGUE HOUSE,-Yesterday atternoon the Southern Loyalists appointed by the late Convention to travel over appointed by the late Convention to travel over the route taken by the President, assembled at the Union League House. About thirty or forty were present, including Governors Brown-low and Hamilton. Colonel Stokes, Hon. Joseph J. Stewart, of Baltimore, and other prominent gentlemen. As representative of the Commi-tee on Reception, Hon. John P. Verree, in a neat and eloquent address, introduced the dele-gates to General Robeson, of New Jersey, ex-pressing the gratification of the League at the opportunity they had of extending hospitalities opportunity they had of extending hospitalities to their Southern brethren, and also sympathy with the noble work in which they were about

to engage. General Robeson made some appropriate remarks, welcoming the delegates to New Jersey, to which ex-Governor Hamilton, on behalf of the delegates, responded at some length. The delegates took their departure from the city at

DEATH OF HON, JOSIAH RANDALL .-Yesterday, in the Querter Sessions, Charles N. Mann, Esq., announced the death of Hon. Josiah Randall, and in a few words paid an eloquent tribute to the memory of the deceased.

Judge Ludlow, in reply, said: We hear with very great pain of the death of Mr. Randall, and we desire to do all in our power to honor his memory. The deceased was an eloquent and learned practitioner half a century ago, and maintained his exalted character to the last. He belonged to that generation of honorable lawyers which did much to establish the reputation of this bar. As one and another of the seniors of the bar sink into the grave, it will be well for us it we not only honor the dead, but emulate their example, and thus prove that they have not lived in valu. The motion of the District Attorney is granted, and it is ordered that the Court adjourn to 10 A. M. to-morrow Let the Clerk make a minute of these pro ceedings.

BUILDING IMPROVEMENTS .- Four hand some buildings are to be erected on the east side of Broad street, south of Columbia avenue, the permits having been taken out for the same. These buildings will be four stories in height, and seventy feet deep. A church for a Methodist Episcopal congregation is to be erected on the Germantown road, above Broad street which is to have a front of 50 feet and a depth of 75 feet. Two stores and dwellings combined have been erected at Fifth and Dickerson streets and four dwellings in the same neighborhood two dwellings are in the course of construction on Reed street, between Taird and Fourth; lou dwellings are being erected on Sixteenth street below Lombard; and in other neighborhood the building operations are progressing.

MEETING OF THE WEST NEW JERSEY BAPTIST ASSOCIATION.—This society will hold the Fifty-fith Anniversary Meeting with the the Pifty-fifth Anniversary Meeting with the North Baptist Church of Camden, to-day, the 11th instant, commencing at 2½ o'clock P. M. Rev. D. Henry Miller, D. D. will preach the opening sermon, and Rev. A. J. Hires the doctrinal sermon. The body, at its last anniversary, comprised forty-five churches, with a membership of over seven thousand. The association year now closing has been one of large prosperny and increase.

ACCIDENT.-Last evening, a driver, name unknown, was thrown from a cart at Ridge avenue and Wallace street, and was severely injured. The accident occurred through an-other cart being run into it, and the driver of the latter, Henry Lide, was arrested and held to bail to await the other's injuries.
