CITY INTELLIGENCE.

FIREMEN'S RIOT-ONE MAN KILLED AND Fors Woundan.-A firemen's riot of a serious character took place between one and two o'clock Sunday morning, on Moyameosing ave-nue, from Greenwich to Dickerson streets. An unccupied house in Greenwich street, below Movamensing avenue, forming part of the Pier-son estate, which was devised to the Pine Street Presbyterian Church, was set on fire, and an alarm being created, members of the Shiffler Hose and Steam Engine Company, the location of which is only a few squares off, dragged some sections of hose to the scene of the burning, and went into service. In a little while the hose carriage of the Weecacoe fire Company arrived on the ground, and the members were preparing to go into service, when a quarrel took "lace between them and the Shit-Her members, which resulted in the free use of pisiols on the sides, and of stones and brick-bats, which are plenty in the neighborhood. At least from twenty to twenty-five pistol-shots were fired in rapid succession, the rioting continuing from Greenwich street, where it commenced, to Dickerson street, and the marks apon the brick walls, and the pullet-holes in fences along the street, besides the spots of blood on the footway, show now desperate the encounter was. An attempt was made take the carriage from the members of the Weccacoe, as was done to the Franklin Engine Company a lew weeks ago, but it was hot successful. While the riot was at its height at Greenwich street, a member of the Shiffler was shot in the breast and tell to the footway. He was carried into the tavern of the widow Bouvier, and died in a tew minutes, the ball evi-dently passing either through the heart or some one of the main bloodvessels connected with it His name was Henry Walters, a young married man, who resided at No. 120 Prime street. The body was subsequently carried to his late resi dence, and a post mortem examination made by Dr. Shapleigh, preparatory to the holding of an inquest upon it, which will take place at 3 o'clock this afternoon, at Coroner Taylor's office. Two members of the Weccacoe were shot. A bail from a pistol entered the mouth of Arthur Smith cut the lips, and passed into the fleshy part of the jaw, from which it was extracted by Dr. Beid. A young man named Davis was shot in the fieshy part of the lez, Daniel Blyler was shot in the foot, and Peter Ehrenberg was reported shot in the leg. None of these persons are seriously injured.

James Edmonson, driver of the Weccacoe Steam Engine, was arrested at the house of the Company, on the charge of shooting Walters and was held to await the result of the Coroner's inquest. Ehrenberg is reported to be a member of the Franklin Engine Company, and the ailegation is that, feating to take their apparatus to the fire, a number of the members of that Company ran with the carriage of the Wec-

The destruction of the Franklin Engine Company's carriage, already referred to, was pre-ceded by a fight, in which two men were shot and that riot was within two squares of the scene of the shooting on Sunday morning. general feeling among the residents of the First Ward is that prompt measures should be taken by the authorities not only to bring to punisa-ment the parties in the recent riot and murder, but to prevent similar violations of law in th

A MYSTERIOUS FIRE-HEAVY LOSS BY WATER,-There was a pre near three o'clock yesterday afternoon in the second story of the four-story premises No. 62 North Front street. The property is leased by C. W. Meyer, dealer in leaf and other tobacco, by whom the second story is sublet to Charles Dotts, who deals in leaf tobacco and cigars. The building is a large one, and contained, so far as Mr. Meyer's pro-perty is concerned, a large stock of tobacco, lisposed in the various floors and in the cellar.

The flames were first visible in the front part of the second story. There was an immediate rush to the place, and but for the police, it looks as though there would have been a wholesale larceny, as there was at the fire of Messrs. Back-nor, on a Sunday afternoon some considerable time ago. The police formed a cordon around the building, and the result was that the fre-men, with half a dozen "dour-barrel" streams, squelched out the flames. The second story was pretty well destroyed. What the fire spared appeared to be ruined by water. The stock of Mr. Meyer is damaged in a melancholy manner

A NOTHER DISGRACEFUL RIOT.—Any one would naturally suppose that in a city like ours one tiot in one day would be enough, more especially on a Sabbath. But our city was dia-graced by two riots yesterday. Yesterday after-noon, while the Mantua Hook and Ladder, the West Philadelphia Engine, the West Philadel-phia Hose, and the Union Hose were returning from a fire in the city, a free fight ensued be-tween the adherents of the two former compa-mics against those of the two latter, at Broad and Market streets. The fight was a running and Market streets. The fight was a running fight until they reached Twenty-first and Market streets, brickbats, horns, and spanners being treely used, and broken heads being plenty.

At the latter corner they all stopped, and for few minutes the lighting was hot and heavy; bricks, stones, and every missile that came to hand being freely used, and many persons severely injured. They then continued until across the Market street bridge, when another fight ensued, and a man named Coombs was stabbed in the groin, inflicting a dangerous wound. Sergeant Phy, regardless of danger, rushed into the midst of the combatants to quell the disturbance, when one of the men struck him a severe blow on the leg with a The Sergeant fired his revolver at him without effect, and he escaped in the melec. Owing to there not being a sufficient number of officers on the spot, there were but few arrests made.

HEARING OF "SHOEY" MILLER .- Leonard Duford, alias Shoey Miller, had a hearing this morning before Alderman Jones, on the charge of burglarious entrance into the houses of W. D. Frishmuth and Thomas P. Clyde, and the stealing therefrom of clothing and silver to the amount of nearly eight hundred dollars. The following evidence was elicited :--Officers Selkirk and Davison both identified the prisoner as one of the three who were carrying the bundles; that they were informed by two boys who saw them emerging from the premises with the stolen property, and on pursuing the car which they entered, the three dropped their bundles and ran. Two of them escaped. The one captured was the priso-ner. The boys, Wenard and Duffee, identified the prisoner as one of the three who had stolen the goods. They came out of the side door of Mr. Clyde's house and walked up Cullbert street, one of them saying that they would go on the six o'clock train. The boys then informed a policeman, which led to the arrest of Miller. Most if not all the property was recovered. Miller is an old offender. He has not been released from jail more than two weeks, where he had been sent for five years, and from whence he was pardoned after the expiration of ten months of his term by Governor Curtin. Alderman Jones held him in \$5000 bail to appear before the court.

DISTURBANCE IN A RUBAL DISTRICT .-Last evening a party of colored men went out on a bender to Frank'ord. About eight or ten went into Sackett's hotel about 7 o'clock last evening, and made some remarks about some white men who were there, in answer to some observations made about themselves. Nothing was done until they had left the hotei and gone down the road a square or two, the white men following, when one of the negroes made a very insulting remark concerning one of the white men. One of the latter immediately struck the negro, and was himself immediately thereafter loored, or rather grounded.

A free fight then occurred, and heads were hit wherever they were seen, and somebody would have been hurt if the police had not ap-peared on the scene and arrested six of the ringleaders and routed the rest. The names of the parties arrested are Thomas Davis, Alexander Bediord, and Andrew Trusty (colored), and Charles C. Dryden, Percival S. More, and S. N. More (white). The affair occurred on the main street in Frankford, and approved the citizens in the vicinity very much. The culprits were all held in \$400 bail each by Alderman Holme.

IMPROVEMENT ON CHASNUT STREET .-Among the numerous improvements that are being made in the appearance of our city in the erection of new buildings, is that of the new liquor side of H. & A. C. Van Beil, on Chesnut street, below Thir-teenth, which, although it has been observed during teenth, which, atthongh it has been observed during its progress by our citizens, it would not be inappro-priate to mention particularly. Lie front has been entirely renewed, and the interior fitted up with a splendor unpara-leled by any establishment of the sort on the continent. The barrels and shelves are of the finest oak, beautituily stained. The shelves are sustained by figured from brackets, hardsomely with their such of figures and where siver ovice gilt. Their stock of liquors and wines is very exten-sive, and is mainly composed of imported golds. They have but recently opened, and their salesrooms are the subject of praise with every person who has belied item. They have also the asency of all the best brands of Hovana clusts. The building is a yery large one, and was crected under the super-vision of Mr. E. K. Lower; it is four stories high and 112 feet deep, and the central is 181 feet in neight. They have had an experience in the business of twelve years' duration in the metropolis, and their success is indubitable.

bridge, the foundations of which were laid within the memory of some of our oldest citi-zens, is now open to the public. It has been used by the Passencer Railway cars of the Chesnut and Wainut Streets Company since the morning of Fourth of July last. Last Saturday evening the board announcing that the bridge was "not open to the public use" was formally taken down, and this morning it was open to the public. Workmen are basily putting the last finishing strokes on the iron spandrels and bal-lustracturg. The foot-walks over the bridge are not, however, yet ready for foot passengers, although it is hoped they will be in the course of a few days.

A SNEAK THIEF "SOLD."-Rather a ludicrous incident happened in one of our Eighth street saloons. A flashy-looking chap called in and ordered a lunch of coffee and doughnuts. After he had finished what he had ordered, and paid for them, he took advantage of the attend ant's back being turned, and helped himseli to several more of the doughnuts. He then put a liceral quantity of what he supposed was sugar on his stolen goods. It proved to be salt, and the fellow's free twisted as the first saity morsel went down. He threw the rest away, and put off, no doubt feeling badly sold.

STEALING RAILROAD IRON .- Two fellows, named Charles Stratton and William O'Brien, were arrested at Point Airy last Friday afterncon, on the charge of stealing a quantity of railcoad iron, smoonting to over two tons. They were both committed by Alderman Toland, in default of \$800, to answer. The iron is now in the possession of Lieutenant Edgar, of the Harbor Police, at the Station, and awaits an owner.

DESTRUCTIVE FIRE - About 1 o'clock yesterday morning a fire broke out in the thirdstory back room of house No. 1923 Ann street, between Spruce and Locust, and before it was extinguished six adjoining houses were ren-dered untenantable, all having the roots burned off, and some of them with the two upper stories destroyed.

ACCIDENT .- George Rothermel, an employe of The EVENING TELEGRAPH, residing in odbine street, between Sixth and Seventh met with a severe accident on Saturday even He was on his grape-arbor, when he was ing. seized with a sudden dizziness, and felt heavily to the ground, striking on his head and shoulders, and injuring himself seriously.

ACCIDENT .- Last Friday afternoon Elizaboth Craig, aged sixty-six years, was run over on the passenger railroad just below Manayunk. The wheels of the car passed over her left foot, crushing it in a terrible manner. She was removed to the Pennsylvania Hosp tat.

"A VICTIM OF CIRCUMSTANCES."-We received the following last Saturday evening. It explains itself:-

WEST PHILADELPHIA, Sept. 15 1866 Messrs. Editors :- In your issue of yesterday the ollowing notice appeared in your paper :-

following notice appeared in your paper:--Aconavaran Assault and Batrian.--Barney Gal-ingher was arrested, in the neighborhood of Thiry ninth and Wa nut streets, on the charge of committing an ontrageous assault on a young woman. Gallagher is an old offender, and has froquently come under the no-tice of the police. Some time age he was arrested while young in wait for a man in a loney place with the inten-tion of robbing him. This morning Gallagher was com-mitted by Alderman Allen, after a hearing, to answer the charge of assault and battery. You will please contradict the statement, as it is wholk, faise. You will please contradict the statement as it is wholl, faise. I never was arrested in my life on a charge of robbery, or for lying in wait to rob or molest anybody. The article in question has caused me much uncestiness, and probaby may be injurious to me, as I have to support a widowed mother, and have been for the last ten or twelve years.

Respectfully yours, BARNARD GALLAGHER.

In order to satisfy ourselves of the truth of the above communication, we sent a special re-porter out to West Philadelphia to make further inquiries in regard to the above case. The re-

that "on the night of the 12th of September, as Anne White was passing along, on her way home, she was accosted by the defendant, who wished to go home with her. She refused, and he struck her, and then caught hold of her and attempted to throw her down, when she struggled violently and got clear from him. next morning Officer Ford. of the Sixteenth Th trict Police, arrested him, and he was held in \$800, by Alderman Allen, to appear at the ensuing term of the Court of Quarter Sessions.

Ing regard to the statement about his lying in wait to rob a man, Sergeant Saunders, of the Sixteenth District police, gives the following facts:-

Some time since he was on his beat in the neighborhood of the Market Street bridge, when he observed this man Callagher standing in the shadow of the arch at the Pennsylvania Railroad Depot. He saw Gallagher take a large paying-stone in his hand and watch for the oming of a man, a captam of a canal boat then lying in the Schuylkill river.

As the man came near the bridge Gallagher raised his hand with the cobble-stone in it high over his head, ready to strike, but instead of going through the archway, the captain of the canal boat went up the steps on to the bridge, and as he turned Sergeant Saunders seized the hand of Gallagher that beld the stone, and asked him what he was doing. Gallagher replied in a confused manner, "he is coming," evidently thinking the Sergeant was some one else. Im mediately afterwards two other men attempted to interfere with the Sergeant, but he had two other officers with him, and the whole three of the rowdies were arrested. There are other interesting facts concerning this man, which it will not do to publish just now.

A DANGEROUS CUSTOMER .-- Samuel Unruh made an aggravated assault on a man out at the Mermald Hotel, Mount Airy, yesterday. He is alleged to have struck him with some sharp instrument, and injured him severely. Unruh was arrested and held to appear at court in the sum of \$100 by Alderman Bex, on the charge they were arrested, and the boat taken in charge by the Harbor Police, who now hold it at also for carrying concealed deadly weapons.

A DISAPPEARANCE .- A gentleman residing a few miles out of town, came to the city on Monday, the 10th of September, on business. He had about \$2000 with him at the time. When last seen he was at the corner of Third and Chesnut streets, about six o'clock the same evening. He is subject to severe attacks of asthma, and frequently delirious from the effects of it. He is about 35 years old, 5 feet 5 inches high, weighs about 130 or 135 pounds, light complexion, light hair, full whiskers and moustache, eans forward when walking, and is near-sighted He had on a dark frock coat, light pants, and straw hat. He had a black travelling bag, and linen duster. Any information leading to his recovery will be liberally paid for by Chief Detective B. Franklin or by Mr. Lamon.

A MERITED PROMOTION .- Among the late appointments in the Regular army to a field position, we notice that of Colonel Charles C. Cresson, among the youngest and bravest of his rank in the service. This officer served most gallantly through the war, receiving several wounds, and on account of his great worth and ability was most highly recommended by all his uperior officers for the promotion to the Regular service, and it is a just appreciation of services rendered by a gallant soldier. The Colonel' services have also been appreciated by his many friends in this city, as but a short time ago he received a fine position in mercantile life, which he resigns to accept his commission in the army.

LARCENY OF "MATERIEL."-A man by the name of Joseph Walton was arrested while in the act of attempting to remove a quality of dry goods from the front of McEiroy's dr goods store in Ninth street, above Chesnut, with-out going through the formality of paying for them, last Saturday alternoon. John was inter-rupted while building up hopes of a new pair of breeches free gratis, by a policemen, and politely escorted to the Station House, after he had delivered up his plunder. This morning he had a very interesting interview with Alderman Beitler, who required him to give bail in the sum of \$1500, but, not having any one to do him that favor, he was committed to answer.

BOAT STOLEN .- A yawl boat, about twenty-our teet long, painted black outside and lead colored inside, evidently of Government build, was found at Smith's Island yesterday, stowed away under the pier. There were five men in her at the time, and as they could not give a satisfactory account of themselves or the boat, t heir Station to await the owner.

THE ATLANTIC CABLE of 1865 has been long enough covered in the Atlantic, we should think, to satisfy Mr. Field, or anybody else, without them spending so much effort to re-cover it, as the papers milorm us they have been doing. The best way to recover had men, or sood ones either, and the chapest way, is to clothe them in some of those splendid Fail Suits from Charles Stokes & Co.'s oneprice, under the Continental.
