MEETING OF THE BOARD OF SCHOOL CONFROMERS, -A stated meeting of the Boar i controllers was held yesterday afternoon. A communication was received from the Secont Section in opposition to any but boys educated in the public Grammar Schools being admitted into the High School. Laid on the table. A communication was received from the Twelfth Section favorable to the admission of boys from private schools into the High School. Similarly disposed of as above. The Fourth Sectional Board requested the Board to advertee for plans and proposals for the creetion of a for plans and proposals for the erection of a two-story twelve-division school-house on the lot purchased by the city on Twelfth street, above Fitzwater street; the Fourteenth Section requested the Board to petition Councils to take up on ground rent, for school purposes, the lot on the south side of Melon street, below Twelfth; also that the Board ask Councils for an appropriation of \$25,000 of the million loan to creet a building for secondary schools on the lot south side of Melon street, between Eleventh and Twelfth streets; from the Nineteenth Section, asking that the necessary repairs be made to the Price Grammar School; from the Twentythird Section a communication was received asking the Board to appropriate, out of the fund to build school houses in that section, \$4000 to erect a school house on the ground of the Washington School, and \$2000 to rebuild the Tillyer School-house, that building being unfit for occuparcy. Referred.

A communication, numerously signed by citizens of the Twenty-sixth Section, setting forth that the Landreth School was destroyed by fire about eight months ago, and a contract was entered into to have the school rebuilt by the 1st of September, 1866; and that the school is not yet completed, and is not likely to be until midwinter, and that their children are thereby deprived of the opportunity of instruc-tion. Laid on the table,

The Committee on Text Books reported in favor of the introduction into the schools of Parker's First Lessons in Grammar and Few-

smith's Grammar.

The Committee on Accounts reported their approval of bills to the amount of \$57,173.02, for which warrants were directed to be drawn. The Special Committee appointed to consider certain questions propounded by teachers of the Grammar Schools in reference to the reso-lution abolishing limitation of studies in the schools, reported that there had not been time to consider the subject fully, and asked that the operation of the resolution be postponed until after the 1st of January next. The report was recommitted.

Mr. Clark offered the following resolution, which was adopted:—

Resolved, That the Committee on Text Books inquire into and report the probable cost of preparing and stereotyping a series of class-books for the use of the schools of this district.

Mr. Problem of the schools of this district.

Mr. Freeborn offered the following:Resolved, That a Special Committee of five be authorized to report a uniform system of text-books, to be used in the Grammar and other schools of the district after the 1st of January next.

In support of the resolution, Mr. Freeborn said that thousands of dollars are expended for books every year, which are only used in a few of the schools, and which would not be used at all it influences were not brought to bear upon teachers to effect their introduction.

It was adopted. A resolution was offered justructing the Committee on Repairs to confer with the Directors of the Athenseum building, upon what terms they would be willing to erect an additional room for the use of the Board. Adopted.

NATIONAL ORPHANS' HOMESTEAD .- A NATIONAL ORPHANS' HOMESTEAD.—A beautiful and impressive scene was witnessed on Sabbath last, at the Central Presbyterian Church, corner of Eighth and Cherry streets. The Sabbath Schools of this church have contributed largely towards the Home about to be inaugurated at Gettysburg for the orphans of soldiers who have fallen in their country's defense. Many of the Sunday Schools of the country, of all denominations, have contributed to this same worthy object, and are entitled, for every twenty-five dollars given, to name an orphan as candidate for admission into the Home.

On the occusion referred to, two little child-

On the occasion referred to, two little child-ren of a brave soldier who fell at Gettysburg were presented before the scholars as their re-presentatives in the Home. They were intro-duced by Father Martin, one of the secretaries of the Association, who made appropriate remarks, Judge Pierce, one of the Superintendents of the schools, responded in a very jeeling manner. He had himself been lett an orphan at an early period, and he could appreciate somewhat the value of such a holy charity.

The contribution they had made was not equal to its worthiness, or at all commensurate with its cialms. Think of what the fathers of those who were to be the inmates of the Home at Gettysburg had done to protect our homes and save our country! It becomes us well to and save our country! It becomes us well to give much tender thought for the children of those who bled for the great cause of freedom, and died that we might live as a nation. He referred touchingly to the little tatherless ones before him. There were few dry eyes when he had done speaking.

The paster of the church, Rev. Dr. Reed, next

made a solemn appeal to the congregation. He himself had lost a brother on the field of Gettysburg, where the lifeless body of Humiston was found grasping the pictures of his three children. The sympathy of the public, excited by Sergeant Humiston's case, had been the means of founding the Home, and his three children were to be impates besides the many others.

were to be inmates, besides the many others whose fathers had fallen in the same holy cause.

At the close of his tender remarks a fervent prayer was offered by Father Martin for the little ones and all present, when the two children and their mother were placed on the platform, and hundreds of scholars and adults came forward and took them by the hand. The scene was solemn and affecting in the extreme, and will never be forgotten by those who were present.

DEMOCRATIC AND CONSERVATIVE MEETnsa.—Under a call headed "Attention, White Men," and announcing that General Sweeney and others would speak to the Democracy and Conservatives in front of Independence Hall, there was a large gathering at that place last evening, and speaking from two stands.

At one of the stands there was an organization

by the selection of Mr. John Keenan as chairman. Colonel Aiken, of Washington, was introduced to the assemblage, and spoke of the deep-seated feeling on the part of the people of Pennsylvania for the Hon. Heister Clymer, the firm, consistent friend of the Union and the

Constitution.

General Sweeney, who was announced to speak, did not make his appearance, but Mr. John M. Harrington, of New York, was introduced as his representative, and announced himself as a bard-shell Democrat, who had never, and would never, be anything else. He spoke of the justice of receiving the represen-tatives of the Southern States again into the councils of the nation, and referred to the de-claration of Abraham Lincoln, that he had sent his legions forta to drive them back and not to force them away. Mr. Harrington asserted that the Democratic party had always been the war party, and that it had brought the country safely out of the late centest.

At the other stage Mr. Henry Bruner presided. and addresses, were made by Mesars, Daniel M. M. Collins and Henry Bruner, and others,

A NEW HALL.-The Pennsylvania Horticultural Society have commenced the erection of their new hall on the lot south of the Academy of Music, Broad street. The lot has a front of about eighty feet, and a first-class hall will be erected. The foundation walls are nearly up, and they present a very substantial ap-

CORONER'S INQUEST .- The Coroner's jury who investigated the killing of Vernon Lewis, on the Junction Railroad, on Friday last, rendered a verdict of death by accidental scalding. The witnesses could not throw any light upon the cause of the disaster. No obstruction was seen on the track by any of those examined.

THE FIRE DEPARTMENT .- The following Committee was appointed at a meeting of fire n en held at the Neptune Hose House, to make arrangements for the reception of the United States Hose Company, on their return from a visit they are to make to Langaster and Read ing:- Mesars. Donnelly, of the Lafayette; James R. Nailer, of the Warren; T. G. Dagney, of the Hope; F. B. Holt, of the United States, Camden; and James Duffy, of the Vigitant. Mr. Samuel Greer, of the Neptune Hose, was chosen

Chief Marshal The old "Dilly" Engine, built in 1821 by Pat Lyon, and rebuilt in 1836 and 1856, has been broken up by the Diligent Company, to whom she belonged. The "Dilly" was considered the best hand engine ever constructed in our city. One of the last trials of her power was some years ago, when she played a stream over the flagstaff on Dr. Jayne's granite building.

The Fame Hose Company have sold their white carriage to a fire company at Wooster, Ohio. The sum of \$500 was paid for her.
One of the fine horses belonging to the Northern Liberty Hose and Steam Fire Engine Company died on Friday night last.

JOHNSON-CLYMER MEETING .- The National Union Johnson Club of the Second Ward held a large meeting last evening at Twelfth and Carpenter streets. The stand was handsomely decorated with flags and transpa-John B. Minton, Esq., read a series of resolutions, endorsing the address of the 14th of August Convention, President Johnson, Hon. Fdgar A. Cowan, General William McCandless, Hon. Samuel J. Randall, and William S.

Gregory.

John W. Frazier, Esq., President of the Club, addressed the meeting. He said that the people whether the were now called upon to decide whether the Congress was superior to the Constitution of the United States, and whether the negro shall be made the equal of the white man. The speaker then discussed these issues at some length, and concluded by predicting that General McCandless would be elected State Senator of the First District.

General McCandless, W. H. Morris, and others

BODY RECOVERED .- The body found at League Island bridge on Sunday was recognized as that of John Williams, a sailor, whose disap-pearance was noticed several days ago. He and another man started in a boat from Reed street wharf, at an early hour in the morning, and when some distance from the shore cries were heard, and one of the men soon after swam ashore. The other man, Williams, was missing up to yesterday. The affair is involved in mystery, which the Coroner's inquest may unrayel. ost-mortem examination was made of the body yesterday.

A NEW BRIDGE.-Several weeks ago the Commissioners appointed to superintend the construction of a bridge over the Schuylkill at South street advertised for proposals. But one bid was received at the time fixed for opening the same, and this was for an iron suspension truss bridge, with permanent Belgian roadway. The bid for its erection was within the sum fixed by the act of the Legislature. The Commissioners have not taken any final action upon the matter as very the matter as yet.

RENOVATED.—The Logan Square Church, corner of Vine and Twentieth streets, has been closed during the summer, for alterations and improvements, during the absence of the recently elected pastor, Rev. I. L. Beman. The exterior as well as the interior of the building has undergone a thorough overhauling, and now presents a very bandsome appearance; the walls and ceiling have been tastefully frescoed, with a striking perspective in the rear of the desk. A spacious gallery has also been constructed. The pastor is a nephew of Dr. Beman, late of Troy, New York.

A Low Water Line.-In 1864 the Legislature of Pennsylvania passed an act giving authority to the Port Wardens of this city to fix an arbitrary low water line along the Delaware front. Heretofore the Port Wardens have had authority only to control the line for the exten-sion of wharves, leaving the owners of property along the river to fix upon a low water line. The Port Wardens have taken steps to act under the authority of the law of 1864, and selected the Chief Engineer and Surveyor to fix a line, which will be submitted to the Port Wardens for final action.

SPECIAL NOTICE TO THE "REPUBLICAN INVINCI-BLES," "BOYS IN BLUE," "WHITE BOYS IN BLACK AND BLUE," AND "KEYSTONE CLUBS."-Now that politics are getting so exciting, the subscriber would offer for the use of parades, meetings, etc., his famous "Bullet-proof Vest," capable of resisting any pistol-shot, or a rifle-shot at fifty yards, so that discussions, even the most animated, can be carried on with comparative safety. A large deduction made to clubs in taking a number. Hear what General Grant says :- 'It is an insult to ask any loyal man to buy his Clothing at any other place than at Charles Stokes & Co.'s One-price, under the Continental, as they sell the best, and have the price marked in plain figures on all of the goods."
We fully endorse the above.

it will be necessary to postpone the drawing until THURSDAY, the 11th of October, 1866, at which time it will positively occur.

The many swindling schemes that have been presented to the public during the past iew months, somewhat delayed our sales, until we were able to satisfy
the people throughout the country that this enterprise
was genuine, and solely for charitable purposes. The
Directors are confident of the sale of every ticket, and
have allotted sufficient time to guarantee the sales

THE PICTORIAL BOOK OF ANECDOTES
Heroic Fairletic Bourantle, Humorous and Tragical.
There is a certain portion of the war that will never
go into the regular histories, and will not get embodied
in romance and goetry, which is a very real part of it,
and will if preserved, convex to succeeding generations
a better idea of the spirit of the conflict them many dry
rejerts or carent narratives of events, and this part may
be called the cossip, the fun the pathos, of the war.
This flustrates the character of the caders, the humor
of the sold ers, the devotion of wemen, the bravery of
men, the pluck of our heroes, the romance and hardships
of the service. From the beginning of the war the
author has been engaged in collecting all the anecdotes
connected with or flustrative of it, and has grouped and
classified them under appropriate heads, and in a very
altractive form.
The volume is profusely flustrated with over 200 en. classified them under appropriate heads, and in a very altractive form.

The volume is profusely illustrated with over 369 engravings by the first artists, which are really beautimity worthy of examination as specimens of the art. Many of them are set into the body of the text, after the popular sixie of Lossing's Pictorial Field Book or the Revolution. The book's contents include reminiscences of camp, picket, spy, soout bivouac, siege, and hattle-field advintures; thrilling lears of bravery, wit, drollery, comical and ludicrous adventures, etc., etc.

Amusement as well as instruction may be found in every page, as graphic detail, bri lant wit, and authentic abstory are skilling interwoves in this work of illiprary art.

Tris work sells itself. The people are tired of dry details and partian works, and want something humorous, remainic, and startling. Tur agents are making from S160 to S260 per month, clear of all expenses—send for circulars siving full particulars, and see our terms and proct of the above assertion.
