THE MENDELSBOHN MUSICAL BOCIETY.

THE MENDELSOUR MUSICAL SOCIETY. — A new musical organization, designed for the study and performance of oratorios and other music, was inaugurated has evening at No. 1011 Chesnut street. The attendance for the initial night of such an enterprise, was unusually large, there being unwards of a hundred lady and gentlemen members present, and presenting an array of material for such a society of the best character.

At 8 o'clock the meeting was called to order by Robert Morris, Esq., President of the Commonwealth Bank, one of the Directors of the Society, who congratulated the members on the highly invorable anspices under which the Mendelssohn commonced its existence. The musical taste of Philadelphia, he remarked, was yearly improving, and the influence of societies such as the one they were inaugurating was doing much to keep that taste in the proper channel, and much also for Art generally. It was gratifying, he continued, to notice the interest now felt among us on musical matters; and from the good beginning made by the Mendelssohn, he was sure the Society would soon become a recognized musical institution of the city.

Mr. Morris' remarks were conceived in the happiest yein, and were loudly applanded at the close.

A. H. Derrickson Esq., the President of the Society, followed Mr. Morris, and was exceedingly feltitious in his remarks, pledging himself to do all in his power for the success of the Society and the interest provers for the success of the Society. ciety, followed Mr. Morris, and was exceedingly felicircus in his remarks, piedsing himself to do all in his
power for the success of the Society, and the furtherance of its objects. His voice, he said, would always
be at its disposal, which, he remarked, considering
his vocal abilities, was promising a cood deal. After
the applause which greeted Mr. Derrickson's remarks had subsided, the Musical Director of the Society, Jean Louis, assumed the baton and the first
rehearsal of the Association was commenced. Mr.
Henry G. Thunder, its pianist, presided at the piano.
At 10 o'clock the Society adjourned, to meet again
for rebearsal and reception of new members, on
Wednesday evening next, at the same time and
place.

TWE SANGERBUND - The eighteenth annual annivensary of this excellent Gorman Musical Association takes place this evening at National Guards Hall. A grand featonic ball, preceded by a miscellaneous musical melange, will constitute a pleasant and well-directed envertainment, participated in only by members and their specially invited guests.

THE EIGHTH STREET IMPROVEMENTS-More North by the Way.—We resume to-day our sketches of the improvements which are now progressing in the lower portion of North Eighth street:—

The lot at No. 56 is the property of Mr. H. P.

Wilbur, of the firm of Wilbur, Myers & Co., No. 619 Chesnut street. The building which has stood here for many years has been entirely demolished, to make way for an elegant three-storied structure in brick, with a front of twenty and a depth of seventy-five feet. The cost of the building will be about \$15,000, nearly all of which will be an increase in the valuation of the property. The front will be built of the finest quality of pressed brick, and will contain bandsome show windows, with heavy plate glass. In front of the second story a balcony will project a few feet over the sidewalk. Every inch of the building will be made available for some purpose; and to accomplish this the sidewalks will be undermined with vaults, to give ready access to the cellar. Sloan is the architect, and Mr. C. C. Carman the builder. The first floor will be occupied, as before the nmencement of the improvement, by a tobacco and cigar establishment. The second floor will contain a photographic establishment.

At No. 26, the store occupied by Messrs. Herman, Schwab & Co. will at once attract the eye by the elegance and taste manifested in the whole exterior. The building, which is owned by Mr. George Pepper, has been very handsomely fitted up and renovated, at a cost of \$15,000. The front of the store was torn out, and light open plate glass windows and glass doorways substituted. The whole cost of the great improvements has been borne by the proprietors, who have adapted the place to suit most laudable ambition on their part to keep up with the growth of the city. The plate glass alone in the bulk windows cost over one thousand dollars. It suggests some very pleasant thoughts to let our memories bring back these now splendid stores in the days when they were small and illy lighted, and hardly possessed any of the elegant accommodations that are now considered so essential to the comfort of pur-chaser, when we remember the small, imperiect window panes that distorted the proportions of whatever were exposed for sale behind them. But we are constantly going onward in the great road of progress.
Inside, the store is beautifully lighted,

inside, the store is beautifully lighted, and every modern appliance is supplied that the most thorough regard for the comfort of those who have dealings with the store could suggest. As the store is rented on a lease that has been running for some time past, it would not give a fair idea of the rent it would now bring. Suffice it to say, that it is not one-fifth of what it would bring if it were in the market for rental to marrow. market for rental to-morrow.

At Nos. 4 and 6 we come to a large and extensive establishment, devoted to the requirements of the little folks. Mr. J. Shoemaker, the owner of the two buildings, has been making most extensive improvements. He has knocked out parts of the partitions between the two houses us throwing the two into one. The front bulk windows were torn out and replaced by the more modern style with French plate glass. Besides this, the whole interior has been relitted and renovated, at a cost of some thousands of dollars. The whole three stories are occupied by M. Shoemaker & Co., who deal very extensively in children's clothing. Indeed, we had hardly a just idea of the requirements of the rising generation until we entered these large well-lighted saloons, and cast our eyes around well-lighted saloons, and cast our eyes around upon the amply furnished shelves and counters. It is hardly to be believed the amount of business that is done in this particular branch of the trade. Here may be seen children's goods of all kinds, and of the very latest and most fashionable styles, for they, as well as the older folks, have their fashions and modes. There is another thing to be noticed in this establishment. I thing to be noticed in this establishment. I refer to the very able and business-like manner in which the whole concern is carried on by the lady head of the firm. There are too few branches of business which the sex are permitted to carry on in this country. But where they do take hold of anything, it is at once seen that they have great ability to carry on commerce, and admirable tact in adapting themselves to the tastes and whims of purchasers. As we went through this establishment, we were most favorably impressed with the almost clock-work like regularity with which all the details were carried on, and the fine accommodations that are furnished for the proper display of the arti-cles in which the firm deals.

A YouTHFUL THIEF .- A young lad named John Logue, aged about eleven years, was arrested yesterday afternoon on a charge of larceny. It appears that Johnny veliceed the baggage wagon of the West Chester and Philadelphia Railroad Company of a value containing clothing and other little etecters, to the value of \$77. He disposed of a part of the material thus collected to a female named Elizabeth Riley, who lives part of the time at No. 4 Carberry court, near Fourth and Shippen streets. She also was arrested, and part of the stolen goods found in ther possession. They both had a hearing before Alderman Jones, and were held in \$600 bail to answer. Mr. G. W. Shepard, the owner of the value, appeared against the prisoners.

AN UNRULY YOUTH -James McFadden. aged about 15 years, although much older in wickedness, was arrested for threatening to commit an assault and battery under very aggravating circumstances. It is alleged that this inter-esting youth amused himself by hurling rocks, stones and pebbles at the cars of the Reading Railroad, breaking the papes in the windows and causing others on the person of the conductor. The latter official, not relishing such pleasan-tries, made a rush at the youth and captured him, and handed him over to the police authorities, It is alleged that James had also threatened an attack upon the person of a Mr. Murray, who is proprietor of a coal yard near Twenty-fourth and Pennsylvania avenue, and also threatening to stab him with a large carving knife, which was found upon his person. The young man had a hearing before Alderman Hutchinson, who him in \$500 bail for each offense.

A BREACH OF TRUST .- A mixed-up case was brought before Alderman Hurley yesterday evening. Maggie Martin, who, it is alleged, does not bear the best of reputations, sued out a warrant against Margaret Russell for stealing a \$100 bond, which she said she had deposited in the said Margaret's hands for safe keeping last Monday. When, however, she came to demand her money, she found that the bank had burst, and was unable to meet liabilities. At least that is her story. The \$100 dollar bill has evaporated, where, no one knows, or whether it ever was in existence. However, Alderman Hurley thought the evidence justified him in exacting \$600 bail from Margaret Russell for her appearance at Court to answer the charge of larceny.

CRUELTY TO ANIMALS.—If the police made arrests of all persons who infringed the statute against cruelty to animals, we should have as long a list as the cases of drunkenness. The drivers of the heavy cars within the city limits are more especially observable for the brutality which some of them practise towards their patient, much abused teams. It is only every now and then that a person is arrested for this offense. Yesterday afternoon Charles Lamon, the driver of a wagon heavily loaded, was arrested for brutally beating his horse, until bystanders were compelled to interfere with the brute. The affair occurred at the corner of Ridge avenue and Jefferson street. Lamon had in \$600 to answer.

MOVEMENTS IN REAL ESTATE.-We learn that one hundred and fifty acres of land, adjoining the Burd Asylum, at Sixty-fourth and Vine streets, have been purchased by Mr. Powers, of the firm of Powers & Weightman, who will improve it in the spring. The extensive property known as the "Bull's Head," at Sixty-fifth, Sixty-sixth and Vine streets, has been purchased by Power I. Morror Esq. The building chased by Robert J. Mercer, Esq. The building contains eighty rooms, and will be fitted up as a first-class boarding-house. There are numerous other contemplated improvements in this locality, which is a desirable one for summer

A FREE FIGHT .- A number of rowdies on a bender got into a skirmish, near Ridge avenue and Master street, yesterday atternoon. The disturbance becoming rather too great for the comfort of outsiders, the police came down on them, and persuaded the belligerents to hold themselves in. Three of them were arrested for being the principals in the row. They answer to the names of Andrew, William, and George Gideon. They had a hearing before Alderman Fitch, and were held in \$800 each for a further

BASE BALL - THEATRICAL NINE VS. ATHLETIC.-To-morrow afternoon an exciting game of base ball will take place on the grounds of the Athletic, Fifteenth and Columbia avenue. between the above-mentioned parties. The Theatrical nine consists of the prominent gentlemen of the profession of our city. All lovers of a closely contested game should go early, as we doubt if they will be able to get the people in.

CHILD RUN OVER AND KILLED .- We have to record another accident from, it is alleged, careless and reckless driving. A child named Henry Koschny, aged four years, and living at Charlotte and Thompson streets, was knocked down and run over by a lager beer wagon, at the northwest corner of Third and Girard avenue, this morning at 9 o'clock. The driver of the team, Frederick Schoch, was ar rested. The child was killed almost instantly.

AND STILL THEY COME. - Another visiting fire company enlivens the city with their red shirts and their elegant steam fire-engine. This time it is the Water Witch, of Wilmington, Delaware. They make a fine appearance. This morning they paraded through the streets, pre-ceded by a band of music. They, of course, will go the usual rounds of visiting firemen, and see the usual animals.

CHOLERA. - There were eight cases of cholera reported to the Board of Health since

our report of yesterday. WE HAVE SEEN at the Clothing House of C. Somers & Son Favov (assimere for suits; Satin-faced and Chinchilla Beaver Overcoats, which are made up in the mosa substautial way. Also, magnificent stock of choice uncut goods to select from for measure. Every garment made by this House warranted to fit. The Reported Retirement of Secretary

The National Republican of this morning says it has the highest authority for denying the report that Mr. Stanton has tendered his resignation as Secretary of War; while the National Intelligencer remarks that the statement that he had written a letter to the President requesting to be relieved of his position was, at least, premature. But the latter paper says:-"It is understood that Mr. Stanton has signified his intention to ask to be relieved as soon as his annual report is completed, and also that, on account of his health, he would not be averse to spending a few years in Spain, as the Minister at Madrid."

Without controverting the authority on which the above publication is made by the Intelulars, the substance of the generaline wapaper des patch of vesterday may be repeated, namely:—
There seems to be no doubt that Mr. Stanton
will soon retire from his present position, and
in that event there is a strong probability that
Lieutenant-General Sherman will be invited to
take charge, temporarily at least, of the War

The Canadian Federation.

TORONTO, October 18 .- It is not decided yet whether the Governor-General will accompany the Confederation delegates on their mission to England.

The probabilities are that he will follow the in a few weeks a'terwards. No reliable information can be obtained regarding the discussions in the late Cabinet meetings, but it is supposed that confederation was the main topic.

A Ministerial dinner took place at Montreal on the 30th of September. It was a private affair, and the Confederation scheme, it is believed, was discussed at length.
In consequence of the trouble about the Lami-

rande extradition case, the Judges in Montreal have agreed that in future, when necessary, they will issue a writ of habeas corpus immediately when applied for.

The Baltimore Trouble Baltimore, October 18.—The committee appointed to wait on Governor Swaan, and ask the removal of the Police Commissioners, left here this morning, and had an interview with the Governor at Annapolis.

BUFFALO, October 18.—Special despatches from Toronto say that the Fenian prisoners will probably be brought up for trial next Monday. Most of the prisoners are apparently without friends, money or counsel,
