MEETING OF COUNCILS-RELIEF BILL FORT THE CONTESTED CITY COMMISSIONES CASE VOTED DOWN.-Select Council,-Mr. Gray pre-sented the petition of citizens of the Eighth Precinct of the Fifteenth Ward, asking a divi-

ston of the precinct. Referred. Mr. Gray, from the Committee on Water, re-ported a resolution authorizing the laying of water-pipe in a number of streets. The resolu-

tion was adopted. The same committee made a report adverse to the petition of the Purveyors in the Water Department for an increase of salary. The same committee, to which was referred

The same committee, to which was referred the ordinance making an appropriation of \$65,000 for a 10-inch main on Columbia avenue, with an amendment, taking the amount from a specified loan, reported, recommending that the amount be taken from the loan of December, 1865. Laid over. Mr. Freeman, from the Committee on Girard Estates, reported an amondment making an

Estates, reported an amendment making an appropriation of \$3000 out of the income of the residuary portion of the Girard Estate for the

phrpose of paying certain expenses in coun-ties other than Philadelphia. Agreed to. Mr. Pollock, from the Committee on Health, reported in favor of the transfer of appropria-tion asked for by the Board of Health. Agreed to. Mr. King introduced a resolution suthorizing the Chief Commissioner of Highways to give notice to the owners of property on the south side of Noble street, from Everett to Front streets, that at the expiration of three months the street will be opened for public use. Referred to the Committee on Highways.

Mr. King submitted a resolution instructing the Chief Commissioner of Highways to have the market plots at New Market and Callowhill streets curbed, and the cartway paved with tramway stones. Agreed to. Colonel Page offered a resolution asking the

next Legislature to pass acts for remedying existing abuses, etc., in the municipal gov-ernment. (The resolution is the same as that submittee by Colonel Page in March last, and requesting legislation to control the row offices, etc.) The resolution was agreed to. Mr. Barlow offered a resolution requesting the Committee on Schools to inquire and report upon the necessity of purchasing an additional lot of ground adjoining the Morris School

House. Agreed to. Mr. Pollock, from the Committee on Health, reported an ordinance making a further appropriation of \$6500 to the Board of Health for the purpose of paying bills for 1866. Among the items was one of \$2600 for the Municipal Hospital. This item gave rise to some debate, the opponents of the appropriation of this particu-lar sum urging that the Board of Health had already expended the money in violation of the act of Assembly, which prohibits expenditures by departments, without an appropriation first being made by Conneils. It was contended that the members of the Board had made themselves personally liable for the bills. On the other hand, the triends of the measure referred to the necessity that existed at the time for this expen-diture. In regard to the plea that application should have been made to Councils, it was stated that Councils were not in session. The bill was postponed for the present.

The resolution from Common Council dis-charging the Committee on Finance from the consideration of the claim of Major Weaver for salary while contesting the election of John iven as City Commissioner, was concurred in. Mr. Pollock introduced an ordinance appropriating \$4500 to the Board of Health for the

removal of nuisances. Agreed to. The resolution from Common Council discharging the Committee on Fire and Trusts from the further consideration of the case of the Good Will Fire Company, was concurred in. Also, the resolution discharging the Committee from the consideration of the subject of authorizing an alarm-box for the Franklin Engin Company: also, the resolution discharging th Committee on Fire and Trusts from the consid ration of locating the Taylor Hose and Congre Engine as steam-engine companies, and th Franklin of Germantown as a steam-forcing hos

Company. Adjourned. Common Council.-Mr. Marcer, of the Committee on Finance, reported an ordinanc making a further appropriation of \$3000 to th Department of Wharves and Markets, for cleans

ordinance preventing the depositing of manure on any wharves of the city south of Lehigh ave-nue and north of Reed street; the ordinance to take effect on and after the 1st of April, 1867. After a long discussion, the ordinance was adopted.

W. Smiley, D. D., was chosen Moderator, and Rev. C. B. Dye Scribe. Prayer was offered up by Rev. Burdett Hart. The call for the Council was then read, and,

on motion, the Council proceeded to the exami-nation of the pastor elect.

Rev. Mr. Fairley then gave a succinct state-ment of his life's history. He had been brought up in a plous family, and when about sixteen years of age he connected himself with the In-demondent Church in terms in the heat the independent Church in Armagh, Ireland, where he first commenced studying for the ministry; he had studied in the Congregational College in Dublin, but it was closed at the end of the first session after he had entered it. His first pastor-ate was at Hexham, in the north of England, where he labored with great success. Upon being asked why he came to this country, he said he had three reasons: First, political; second, religious; and third, a family reason.

After a very thorough and searching examination as to the doctrines and principles of Con-gregationalism, the audience were requested to retire, and the Council sat with closed doors to deliberate upon the acceptance or rejection of the pastor elect. Notice was also given that the services would be continued at $7\frac{1}{2}$ o'clock in the evening.

GREAT CRICKET MATCH - PRESENTA-TION BY GENERAL MEADE.-The long expected opening match between the St. George, of New York, and Germantown Clubs, was finished yesterday, resulting in a victory for the Geryesterday, resulting in a victory for the Ger-mantown by four wickets. The game was a very exciting one, good play being shown on both sides, and great interest was manifested throughout by a most brilliant and apprecia-tive audience. General Meade presented a flag and guidons in the name of the ladies of Germantown, expressing his pleasure in seeing so many of his old companions in arms, and speaking in the highest terms of the much lamented Captain Walter Newhall, whom he had known as an officer, and who was the most distinguished of the old Germantown Ciub. The pennons were received by Mr. Alexander W. Wister, who thanked the ladies and General Meade in a few appropriate remarks. The flag was then raised by the elevens, the band play-ing the "Star Spangled Banner" and "God Saye the Queen," the whole scene being a most pic-turesque one. It is to be hoped that the Club, opening under such auspicious circumstances, will keep up their old reputation. The following is the score:-

ing docks. Agreed to. Mr. Marcer, of the Committee on Finance, to whom was referred the petition of David P. Weaver, praying that an appropriation be made for the payment of the salary of the office of City Commissioner, for the term embraced between the 1st day of January, 1866, and the 21st day of August, 1866, made an adverse report.

The City Solicitor, to whom the Committee referred the case for his opinion, after reciting the case, concluded as follows:-

The question thus presented is whether the city owes Mr. Weaver a salary as City Commissioner for a term of seven months and twenty-one days, during all of which time he was confeesedly not discharging the duties of the office, and was not even qualified to do so. Mr. Weaver did not offer to give bond, did not submit the names of his survies to Councils, did not "duly qualify" himself "for the duties of said office," until August 21, 1866. In the contested elections of Mann vs. Cassidy and Thompson vs. Ewing. the duly elected officers received none of the emoluments of the offices pending the contest, and I am not aware of any precedent for the present claim. From the silence of the peti-tioner's counsel I have the right to infer that their industry has been unable to discover any case supporting the petition, and I am, for all these reasons, compelled to advise the Com-mittee that the petition be reported back to Councils with an adverse recommendation. The true remedy for such cases would be the passage of a law iropounding all the fees of an office during a contest. The incumbent would then share the contestant's anxiety to speed the cause, and no man could then profit by the fraud of himseli and friends. I am, very respectfully yours, F. CARBOLL BREWSTER, City Solicitor.

Mr. Dillon, on behalf of a minority of the Finance Committee, made a report. It states that whilst in this petition Major Weaver urges the *justice* of his claim, he nowhere asserts it as a legal right. The minority do not believe that the city de-

sires to make a profit from bad men's frauds, and Major Weaver's misfortune at the victim of these frauds, and therefore recommend the appropr ation he asks. For that purpose they report the following resolution:--

Resolved, That the City Commissioners be directed and authorized to draw a warrant in favor of David P. Weaver for the sum of \$1268, being the amount of salary due while the office was occupied by Mr. Given. Mr. Marcer moved that the resolution attached

to the majority report, discharging the com-mittee from the further consideration of the mittee from the further consideration of the subject, be adopted. The resolution of the majority of the com-mittee was adopted—yeas, 27; navs, 9. Mr. Miller, of the Highway Committee, re-

CENTENARY OF METHODISM .- The Centennial Celebration of the founding of American Methodism is proceeding vigorously during the present month throughout the country. Almost everywhere, in city and country, nightly assemblies are held, commemorative of the worthies of the Church, and of their labors and sacrifices.

The growth of Methodism has been astonishing. In its various branches in this country it numbers more than two millions of communicants. The parent stock, the Methodist Episco-pal Church, embraces about one-half of this number, the other million being divided be-tween the Southern Methodist Church, the Methodist Protestant Church, and other minor bodies. The Methodist Episcopal Church ap-propriates this year a million of dollars to the work of missions, besides her contributions to other forms of Christian benevolence.

The centennial contributions are to be made thank-offerings to the Giver of all good for e divine blessing on the labors of the counthe try. It is expected that these offerings will reach an aggregate, for all purposes, of not less than five millions of dollars, which is to be given without touching on the regular collec-tions. In this city, and throughout the Philadelphia Conference, the largest amount will be given for the endowment of the Dickinson College, an institution which has done a great deal for the promotion of higher education in the State. Of the various objects proposed for centennary favor, none strikes us so favorably as this. We hope it will be nobly endowed.

STEALING A HOBSE AND WAGON .-George Davis (colored) had a bearing at the Central Station yesterday, on the charge of steal-ing a horse and wagon. George W. Paulin testi-fied that defendant offered to sell him the horse and wagon for one hundred dollars. The fact of either being worth three or four hundred dollars avoited his surgicions and for the rest of either being worth three or four hundred dollars excited his suspicions, and for the pur-pose of having control of the property he said he would take them. He afterwards called at the police office, and found there a description of a stolen wagon and horse answering those offered for sale by Davis. In order to give time for the investigation, the case was continued for a sufficient day of the same store of the sale of the sale by Davis. a further hearing.

DEFRAUDING A HOTEL .- A charge of obaining board by means of a show of talse baggage was preferred yesterdsy against a recent boarder at the Bingham House. Defendant had called at the hotel with an apparently well-filled travelling bag, and upon registering his name was provided with a room. Not being able to settle his bill when pay was demanded, the travelling bag was seized, and, upon opening it, instead of wearing apparel, the contents were several pieces of old carpet. The counsel for the prisoner represented him to be a good man, but a little short of funds at times, and the hotel agent being willing to accept the amount of the bill and drop the prosecution, it took that direction.

OUR FIREMEN.-The United States Hose Company leave the city on Monday morning next, at 75 o'clock, to spend five days with their fellow fremen of Reading and Lancaster cit's. They will number about forty men, and be accom-panied by a band of music. The Perseverance Hose Company, which carly in the week pald a visit to Jersey City, has re-

turned home.

DEATH OF AN OLD MINISTER.-The Rev. Samuel Helffenstein, for more than thirty years pastor of the German Reformed Church, Race street, near Fourth, died at his residence in this city on Wednesday. The deceased was inthe ninety-second year of his age, and was the oldest minister of the denomination to which he belonged in, this city. The funeral will take place on Monday pext.
