REPUBLICAN MEETING .- A large and en-REPON TICAN MEETING.—A large and enthusiastic meting of the township of Newton was beld in Oether Peville last evening. The "Boys in Blue" and South Ward Campaign Club of Camdea were present. Both clubs were accompanied by a band of music, who enthusiast the occasion by discoursing patriotic airs.

Mr. Ellis Boggs was unanimously elected Chairman, and thanked the audience for the honor conferred upon him. He then introduced General George Robeson, of Camden, who spoke in substance as follows:—

in substance as follows:-

My friends, I shall have to ask you to be as quiet as possible this evening, during the short time that I shall defain you with the few remarks which I propose to submit; because, on account of repeatedly speaking in the open air, and upon other occasions. I find that my voice is failing, and it is hard for any one that has never tried it to appreciate the diffione that has hever fried it to appreciate the dim-culty of speaking at any lenet's upon a cool evening has this in the open air of heaven. But, my fellow-citizens of the town-hip of Newton, I can say that I know that I have some firm friends here who will believe what I say to them, when I say it to them upon the honor of a man. I desire to state to you briefly what are the principles before the people in controversy at the common election. I desire to state briefly what are the principles before the people in controversy at the coming election. I desi'e to state them in a few simple words; as briefly and as cirectly as I can, so that any one who chooms can fairly understand them. The real question between the political par ies directly airay elagainst each other in the coming election is a difference of opinion between what is called the policy of Congress and the policy of Andrew Johnson, the accidental President of the United States. (Crica of "Inat's so!") The speaker—Xes; that's so. Andrew Johnson is the accidentally made President of the United States, not elected such by the people's votes, but put into his office by reason of an assassin's blow. He represents nobody as a constituent except J. Wilkes Booth. The question before the people is whether they will sustain the policy of Congress, who are their representatives directly, elected by the votes of the people, or whether they will sustain the policy of the man who, whatever his merits may have been or may be reached his positron only by the assassin's blow. What right has the President of the United States—the one man who is put into office to represent the Executive—got to set no his will in the government of the destinies of this great nation?

The speaker discussed the Constitutional amendments, and ably and logically refuted the charge made by the Democrats, "that the Republicans want negro suffrage in New Jersey. At the conclusion of his remarks, Mr. Edward Fettle, the nominee of the Bepublican party for State Senator, was introduced, and came for ward amid loud applause. After it had subsided, he

Gentlemen, I thank you for your kind reception. I will not defain you with any introductory remarks, but will come at once to the point in haud. I stand before you to night in a somewhat new position—almost entirely new for me—to ask you for your suffrages for the office of Senator to represent the county of Camden in the Legislature of our State.

The speaker continued discoursing on the various issues before the people, and closed by saying that, if elected, no treason should stain his record, and that he would endeavor to dis-charge his duties faithfully to his constituents meeting then adjourned with three cheers for Mr. Bettle, the next Senator from Camden

THE SHEBIFF AND CONSTABLES.—There is a difficulty in Camden county between the Sheriff and Constables. The following card explains the whole matter:-

A CARD TO THE PUBLIC.

My attention has been directed to a placard posted in the public places or this city, addressed "To the Voters of Camden County," and purporting to be signed by several constables of said county. It is, in substance, a complaint against Samuel D. Sharp, Esq., the present incumbes of the office of Sheriff, charging him with extortionate assumption in giving the present incumbes to the spream of the present incumbes to the spream of the present incumbes the present inc

charging him with extortionate assumption in giving his personal attention to the service of the process for the State issuing in the trial of indictments out of the criminal courts.

It has always been conceded (and it is not pretended to be desired in the placard in question), that the Sheriffs in the several counties were legally authorized, if they were so disposed, to attend personally and exclusively to the service of this process. In several of the count es of this State it has long been the custom for them to do so. But I have reason to know that in the adoption of this rule, for this county, the remuneration of the Sheriff was entirely a secondary consideration.

entirely a secondary consideration.

The constables of this county had been in the habit of claiming the service of all process within their balliwicks as an indivestible right. Not to dwell upon the wranglings which ensued upon the accidental delivery to officers of writs to be served out of their townships, very trequently important witnesses, as well as defendants not margerated or under bail, were not forthcoming at the appointed time, the process therefor remaining unserved in the hands of the constables, and they relieving them-selves from all responsibility by the plea of want of time for such service—their presence being required at the courts during the sessions thereof. It my duty to look about for a remedy; and Sheriff Sharp, upon a suggestion to him, consented to attend personally to the service of the process of

the criminal courts, and to assume all the required responsibility in the premises.

How thorough the reform has been under the present system is evidenced by the fact that at the present October term of the Criminal Courts, by the prompt attendance of witnesses, the Grand Jury were enabled, in the working hours of tour days, to inquire differently into over two hundred and fifty complaints; and by a like prompt attendance of witnesses, the Courts, in the narrow space of three weeks, disposed of over one hundred indic ments. So far, then, from the conduct of Sheriff Sharp in this matter being reprehensible, it entitles him to the renewed confidence of all the good citizens of the county.

Dated Camden, October 30, 1866. RICHARD S. JENKINS. Prosecutor of the Pleas.

THE COURTS .- The following persons were sentenced yesterday: — Charles Hinchman, house-breaking and entering, sentence suspended. Edward Simons, house-breaking and entering, sentenced to one year in the State Prison. Margaret Morgan, keeping a disorderly liouse, sentenced to pay a fine of \$50 and costs. CITY INTELLIGENCE.

THE EIGHTH STREET IMPROVEMENTS .-Among the noticeable improvements which we have been describing on North Eighth street is remodelled store of Mr. George D. Wisham, at No. 7. Mr. Wisham has placed in his front a large and handsome bulk window in the New York style, and on the rear of the lot he has erected a substantial two-story back building, thereby considerably extending the length of his store. The total cost of these improvements has been about \$3000. Mr. Wisham has now on hand in his renovated establishment one of the cheapest and most complete stocks of general dry goods in the city. That his future success will be sufficient warrant for his recent outlay we have no doubt, as he has achieved an enviable reputation for undaunted, single-handed perseverance and strict attention to the demands of business

FALSE PRETENSE.-William Maguire got himself into a peck of trouble lately. It appears that he is rather fond of assuming importance to which he is not entitled, and repre-senting himself to be a man of larger calibre financially than he can properly measure. In other words, he represented himself to be the owner of an establishment near Eighth and Obesnut streets, and on the strength of his representations it is said that he obtained some two hundred dollars' worth of assorted liquors from one of our prominent liquor dealers. As soon as the latter understood the real state of the case, he had a warrant issued against Maguire, and the latter was arrested last evening. had a hearing before Alderman Beitler, who will hold a further examination in the case

A MEAN THEFT .- An old woman, "whose sands of life had nearly run," named Elizabeth Killum, was arrested yesterday on the charge of It appears that the old female been attending on a young married lady during her dying bours, and when she was dying, took the opportunity to take a valuable gold ring from the young woman's finger, and substituted in its place a worthless brass one. The stolen ring was the wedding circlet of the poor dying lady, and the bereavel husband had wished her to be buried with it on. As soon as he discovered its loss he had Mrs. Killum arrested near the Cathedral Cemetery. She had a hearing before Alderman Atlen, and was committed to answer. The stolen ring was re-

CHEAPNESS OF COAL .- There were forty thousand tons of coal sold at accion yesterday in New York. Although there was a small increase in the prices over the sale of September 26, yet the figures are still very low. Nine thousand tons of lump coal sold at from \$4.50 to

6000 tons steamboat coal, . . 8000 tops grate coal, 5.37 to 5.60 5.60 to 5.70 3000 tons egg coal 7500 tons stove coal. 500 tons chesnut coal, 4.121 to 4.371 There was a slight decrease in the prices brought by the lump coal, as compared with the sales of the 26th ult., but the other varieties brought slightly increased rates.

A SUSPECTED THEFT.-William Laughlin is one of those characters who are generally considered very dubious. It is alleged, in fact that he is a regular "loafer" and a "bummer," and is well known to the police as one who could not resist a very strong temptation to do evil. Whilst lounging along in the neighbor-hood of Twenty-third and Callowhill streets, yesterday afternoon, the attention of the police was attracted to the unusual circumstance of his carrying a bundle. He was consequently arrested, and in his possession was found about half of the material for a line black cloth cost. He was taken before Alderman Hutchinson, who, after a hearing in the case, held him in \$500 bail for a further hearing.

A RECKLESS DRIVER .- John Anderson, a colored individual (not the man alluded to in the song), was arrested yesterday afternoon whilst indulging in a furious equestrian exhibition. John drives a team that is quite spirited, and thought he had a good occasion to let out his animal, and did so with such effect that all others were compelled to stand aside. Not relishing such an exhibition, the police arrested John's career as he got to Spruce and Water streets, and conveyed him at a reduced rate of speed to Alderman Butler's office. That gentle-man, after a hearing of the case, held John Anderson in default of \$800 ball to answer for a breach of ordinance.

THE "NYMPHS DU PAVE,"-These abandoned creatures swarm thicker than ever on our principal streets after nightfall. they have become a serious nulsance, and the Mayor has determined to put a stop to it. Every night the police authorities make more or less of a general sweep of the most frequented localities; and yet, although scores of arrests are thus made, they seem to be as plenty as ever. There were a number swept off of Chesnu. street last evening. They had a hearing before Alderman Beitler, who committed them in default of \$500 each for being confirmed streetwalkers.

A WORTHY INSTITUTION .- We notice with great satisfaction the great amount of good that has been done during the part year by the Home Missionary Society of this city. In the Board of Managers are comprised the most distinguished and wenithiest of our fellow-rownsmen. It is an institution that is carried on on truly Christian principles, regardless of creed or ectarian belief. It completed its thirtieth year

STEALING SILR .- Ann Smith, who is posessed of the usual feminine desire to be arrayed n fine dresses, and is not possessed o'a safilelency of the necessary wherewiths to get the day on a charge of larceny. It appears that some two months ago Ann made love to some pieces of very valuable silks, which were valued at over \$500, and carried them off. As soon as the theft was detected, a warrant was issued for her arrest, but she succeeded in cluding the search by the police until yesterday, when she was recognized as she rassed No. 89 N. Eighth treet, and was arrested. She had a hearing before Alderman Beitler, but owing to the absence of some of the principal witnesses, she was held for a further bearing.

AN ILLEGAL APPROPRIATION .- There are some men whom experience can never teach wisdom, and whose eyr-teeth very seldom of never get cut. Such an individual is said to have put a \$500 bond into the hands of Thomas Vanquilder for safe keeping. But the latter was unfaithful. He could not resist the temptation, and it is said appropriated the bond, or rather its proceeds, to his own use. When the deluded victim came to a sense of his teal position, and found what he had lost, he had Vanqu'ider arrested yesterday afternoon, at Second street and Church alley, and taken before Recorder Encu, by whom he was held in \$800 bail for a further heaving. further hearing.

PETTY LARCENY. - James Johnson was crested at Fifteenth and Callowhill streets, on the charge of larceny. James, it appears, must have some fond object upon which to lavish his affections, and not having money to bestow pre-sents, it is alleged that he borrowed a shawl, without consulting the owner, for that landable purpose. It is apparent, however, that James born under an unlucky star, for he was caught in his nefarious operation, and placed in durance vile. From thence he was usbored into the august presence of Alderman Fitch, who, after hearing his story, and that of the person victimized, held James in \$500 bail for a further hearing

FAIR FOR A BENEVOLENT PURPOSE. There will be a fair held on or about the middle of Occember, by the ladies of the Presbyterian church N. E. corner of Nineteenth and Green streets, for the benefit of the new church build-ing. The most strenuous efforts will be made to make it a most attractive one, and the object should enlist the sympathies of all. Contributions sent to the Treasurer, T. M. Cunningham, No. 613 N. Eighteenth street, will be grate fully acknowledged.

A TILL-TAPPER. - John Hugh, a young fellow agod about 17, entered a store No. 9 Vine street, near Water, and when the attention of the storekeeper was turned in another direc-tion, attempted to go through the till of said establishment. He was detected, however, before he had succeeded in appropriating anything, and was arrested by Officer Jeandelle. John Hugh was taken before Alderman Kerr, and was held in \$600 to answer the charge of

Case of the Police Commissioners

THE NEW BOARD APPOINTED.

Mayor Chapman Will Not Resist the New Officials.

THE EXCITEMENT ABATING

Gen. Grant in Baltimore,

[SPECIAL DESPATCH TO EVENING TELEGRAPH.] BALTIMORE, November 1. - Governor Swann has dismissed the old Police Board, Messrs. Hindes and Wood, and appointed John T. Ford, proprietor of the Holliday Street Theatre, and General Horn in their places. These are both acceptable men. General Horn is a Baltimoreau. He went into the army as a private, fought gallantly, and came out a General.

There was an immense crowd, greatly excited, congregated around the newspaper offices, to hear the news. After it was announced there was some loud talking, and many threats on the part of the Unconditional Unionists, but the crowd gradually dispersed; and though much anxiety still exists, matters seem calming down. The old Police Board still hold their offices, but the belief is they will retire and the new Commissioners take their places without any special resistance. It is said Mayor Chapman consents to sustain Governor Swann and the new Pol ce Commissioners.

[PROM THE ASSOCIATED PRESS.] BALTIMORE, Md., November 1 .- It is not yet ascertained who are the new Commissioners.

It is rumored that the new force have already organized, and will make their appearance in the course of the day.

The old Commissioners have their full force out, and will resist the demand of the new force for the surrender of the Station Houses, the Morehal's Office, etc.

It is reported that John T. Ford, of Ford's Theatre notoriety, and Captain Horn, of the Third Ward (one of Governor Swann's Registers), have been selected for Police Commissioners, and that ex-Maishal Van Nostrand. one of the witnesses for the prosecution, is the new Marshal.
