A BOLD AND DARING BURGLARY .--- Last evening was perpetrated one of the most daring and successful burglaries that we have had to record for a long time. About 10 o'clock last evening the house of Thomas Smith, in South street balan luminos street, below Juniper, was entered. Mr. Smith keeps in the place a tavern and cigar shop. The burglar entered the front door by means of a jimmy, and went up stairs. Mr. Smith was in the bar-room, and his wife was in the third story, with a child. Although Mrs. Smith went through the house whilst the burgiar was in the place operating, no discovery was made. The robber actually ransacked the whole house.

Every bureau drawer was opened, and what-ever of its contents the burglar fancied, he carried off. He went into the second story back room, and with a jimmy booke open a money box of Mr. Smith's, and took from it about \$2000 in notes, bonds, and gold certificates. He also stole two gold watches, and jewelry amounting to about \$2000 more, including a bandsome ring. One of the watches is a stop-watch. He suc-ceeded in getting away with all his plunder, and so adjoitly was the thing managed, and so well did he cover up his tracks, that the robbery was not found out until this morning. No arrests have yet been made. The burglar was evidently very accomplished and skilful man at his business.

PETTY CASES .- William Fry and John Rusk were arrested this morning on a charge of larceny, at Mead street wharf. They are said to belong to that notorious fraternity designated "wharf rats." They had a hearing before Alderman Tittermary, who committed them on a charge of suspicion of larceny. Francis McClain was taken into custody yes-terday morning on a charge of problem driving

terday morning on a charge of reckless driving. He drove his team through the streets at a furious pace, until he got to Second and Thompson, where he was arrested and escorted to Alderman Shoemaker's office. He had a hear-ing, and was committed in default of \$500 bail to answer.

THE WEATHER .- The sudden and great change in the weather is the remark of every-body. During last week the average of temperature was higher than that of the corresponding week in 1865. It stood 50.91 this year against 48.60 last year. Yesterday morning the temperature was down to freezing point, but in the afternoon the clear bright summine, with the thermometer at 42, made it quite comfortable Last night, however, a cold northerly wind brought down the temperature to the freezing point again, and this morning it stood down close We can easily see its effects in the blue noses and overcoats on the street. Gloves are at a premium, and winter goods are selling rapidly. INTERFERING WITH AN OFFICER .- There are a great many cases of this kind reported from day to day. Peter Lent was arrested on this charge last evening. It appears that an officer had arrested a man at Twenty-third and Coates streets for being drunk and disorderly. when Lent went up, and taking the prisoner by the arm, told him not to go with the officer, for he had no business to arrest him. Another officer, who happened to be in the neighborhood, happened to see the little by play, and walked up and arrested the foolish Lent. The latter was taken before Alderman Hutchinson, who held him in \$600 bail to answer. It is sup-posed he will think twice before he does anything of the kind again.

THE MASS MEETING IN CAMDEN LAST NIGHT.—One of the greatest meetings of the campaign was held last night at the Camden Court House, addressed by Hou, James M. Scovel, Hon. Leonard Myers, and Hon G. W. N. Curris, Republican candidate for Legisla-ture, Mr. Scovel reviewed his own course in the Legislature, and standard and source of the legislature. e Legislature, and attacked and handled the Administration without gloves. He was warmly received by the whole andience, and applaude t throughout by an interested and wide-awak utdience

The Senator is safe again in the hearts of his people. He occupied nearly two hours, and was followed by Hon. Mr. Myers, in a brilliant speech of an hour in length.

Mr. Myers is a great tayorite with New Jersey audiences, and acquitted himself handsomely, and was repeatedly told to "Go on." He made many excellent points, and is a capital study orator. Mr. Custis tollowed in a brief, sound and logical speech. He will be elected by a large majority. The band erenaded the speakers at the residence of Separar Scovel. where the speakers and band were entertained till a late hour.

ITALIANS IN THOUBLE. - Two young Italians, about 18 or 19 years of age, were ar-rested on a charge of assault and battery with intent to kill. It appears that the two had, las evening, entered a restaurant in West Philadel phia, just west of the bridge, and got quarrel ing. The landlord ordered them out, and made leave. A young man named McNamara followed them, and got into a quarrel with the two Italians, and the three got into a free fight. In the melce one of the Italians, named Bar-tholomew Bonnel, drew a pocket-knite and cut McNamara but not war socket and cut McNamara, but not very seriously. The two sheathara, but not very seriously. The two then turned to escape, but were arrested at Twenty-faird and Market streets. The other gave his name as Roschel V. Melano. Both of them had a hearing before Alderman Jones, who held them in \$1000 bail, to answer the charge of assault and battery with intent to kill.

A BELLIGERENT .- Albert Frickand was arrested yesterday afternoon for making an as sault on a passenger-car conductor. The prisoner, who is one of those men who seem to think a conductor is a person who is appointed for the purpose of ill-natured people venting their spleen upon, got into a disturbance with one of the Girard avenue car-conductors. He made an assault upon him with a cane, and in the melee scratched the sides of the car. A police officer was called, who took Frickand into custody, and escorted him to Alderman Fitch's office. That magistrate held him for a further hearing.

PROVIDING FOR COLD WEATHER .- James McNamee was arrested at the Haymarket, at Seventh and Oxfordjstreets, yesterday afternoon. James pays constant attention to the state of the weather, and seeing that Jack Frost was coming upon him unprepared, he resolved to take time by the forelock, and appropriate some slothing to prepare for the inclement weather to come. So he took advantage of the abseace a man at the Haymarket, and stole his coat. He was detected in the act, however, and was arrested and taken before Alderman Fitch, who held him in default of \$600 bail to answer,

CLOSING OF THE NEW JERSEY CAMPAIGN. -An immense mass meeting of the Republican-of New Jersey was held last evening at Med-ford. A torchlight procession, comprising some three bundred enthusiastic loyalists, paraded the streets prior to the meeting. Eloquent ad-dresses were delivered by Lewis Ashmead, Esq., of Philadelphia, W. P. H. Covert, Esq., and Hon. S. N. Read, of Mount Holly, late Congress-man from New Jersey.

The London Croles alludes to the further dis integration of the Austrian empire as possible. The London Gobe says Denmark is menaced with extinction, and, unless wiser counsels and a juster spirit, supported, we doubt not, by the influence of England and France, prevail at the Court of Berlin, Denmark will soon undergo further dismemberment, and will finally disappear as an independent State from the map of Europe. The Globe believes a design is entertained by

Prussin and Sweden to absorb Denmark, Prussia taking the mainland, while the islands are annexed to Sweden. The Spanish Government is said to have

resolved on modifying the armament of the DAVy.

DISORDERLY HOUSE. - A woman who gives the very romantic name of Grace Carroll, was arrested at a late hour last night for keep-ing a disorderly house. She keeps a place No. 2217 Sharswood street, and is not very select in the character of the company she entertains in her establishment. In fact, the graceless scamps who intest her domicile are said to indulge in late hours, bad liquor, and a very loud tone of conversation. As the quantity of noise made is not very agreeable to those living in the vicinity, creat complaint has been made about it, and in consequence, Grace was arrested and taken before Alderman Fitch, to answer for ner disgraceful conduct. The Alderman held her to answer at Court in the sum of \$1000.

CHARGED WITH MISDEMEANOR,-George H. Martin and Samuel Mclinenny, the driver and conductor of the Callowhill street passenger car that ran over a pedestrian at Twenty-fourth and Callowhill streets yesterday morning, were put under arrest on a charge of misdemeanor. They had a hearing before Alderman Hutchinson, who held them in \$1000 each to answer. It was proven that the ronning over the deceased was owing to the gross carelessness of the parties arrested.

BOAT FOUND.—The Harbor Police dis-rovered a yawl-boat, twenty-one teet long in the kccl, and twenty-four teet over all, stowed away behind one of the wharves on the Jersey side of the river. It was so hid that mere accident alone led to its discovery. The boat is painted black outside, with green bottom, it is painted lead colored inside, with green top. The boat is supposed to have been stolen, and is now lying at the Harbor Police dock, at the foot of Noble street, awaiting an owner.

KELLEY & COMPANY'S GIFT CONCERT-AN EX-PLANATION - To the Editor of the Evening Tra-groph-Sir:-It is well known that a firm in Chi-cago, bearing the name, style, and trile of A. A. Kelley & Company, have advertised a Prize Concert to take place on the 28th of September last. For reasons best known to the firm, the drawing tor prizes did not occur, as was announced, but was postponed until the 17th of the present month. Pre-suming that the Company above-named were fa by competent to make good their promises. I consented to act as sole agent for the sale of fickets in this city, and succeeded in disposing of 770 fickets in the short space of fen days, deposit ng the proceeds in bank. to each putchaser of a ticket I gave a promise toat if the drawing did not take place on the day named (an assurance of the same tenor being given by A. A. Keley & Co. in their advertisements), the mone should be returned on pre-entation of the ticket sold at my establishment. With this arrangement the suit managers of the concert did not appear plessed, and wrote to me on October 8, five after the concert should have taken place, demand-ing a return or sales or a deposit of the money re-ceived with other parkes in this city. The latter were visited by me, but did not appear satisfied to have the custody of the money under the circuiastances.

Kelley & Co. then wrote to me that they were not satisfied with what I had done, and stated that unless they received the money from me, they would cancel the tickets issued by my order and sold by me, would advertise this fact in Fhiladelphia paper., with their own statement of the whole transaction. This threat was partially carried out. Instruct. The case was open d on behalf of the Commonwealth by William B Mann, the District storner, whosaid:--Gentlemen of the Jury:-Each of you answered the question that you have no conscientious scruples upon the subject of capital punishment, such as would not prevent you in joining with your iel ows in rendering a verdicit or guilty of murder in the first degree if the evidence required it--the punishment being death. That question has been assed and has been answered, because a tellow-citizen is at the bar being tried for the commission of an offense, and, if found emity, the punishment will be death. The law fixes this punishment--the highest punishment upon what it deems the bighest offense. One who deliberately, maliciously, de-signedly takes away the life of another, forfeits his own. That has been the law in a life or is young on the earth. It is the divine inw it is the law that has been the is from on inen, and it is the torfection of human law. The question HALL. has been asked, because the case is one of the most serious character, and the charge against the pri-soner is the highest effense known to our law. There may be some instances where it is to be re-nietted there is no: a more severe punishment.
