IMPORTANT INTERNAL REVENUE DECI-SION FOR MANUFACTURERS OF YARR. - Doubts being entertained by spinners of wool as to how far the exemption of their productions extends, the matter has been referred to the Revenue Department, and the following reply received:—

TREASURY DEPARTMENT, OFFICE OF INTERNAL REVENUE, WASHINGTON, November 15, 1866.—Sir:—In reply to your letter of the 18th instant, I have to say that under the act of July 13, 1866. "Yarns and warp for weaving, braiding, or manufacturing pur-poses exclusively" are exempt.

provision virtually exempts all varu, as the term "manufacturing purposes" is very broad, and may cover all uses to which yarns are generally.
The quantity of yarn used for other may cover all uses to which varies are generally put.
The quantity of yarn used for other than manufacturing purposes, if any, would be so small, and so
difficult to ascertain, as to be hardly worth taxing.

GETTING IS ARRESTING CHEAP.—There is a class of thieven who frequent the markets, and whom it is very difficult to catch at their nefarious operations. They adopt the sneak system, and with their unsuspicious-looking baskets on their arms, go through the markets, and watching their chances, pick up little inconsiderable triffes in the meat and vegetable line. Officer Reeder caught a very respectable looking women in the act of making transfer of a chicken to her basket. She had left the basket at a grocer's near the Franklin Market, and going into the smarket took the opportunity to ellp the chicken under her cloak. Going back to the store, she had just put the chicken in the basket, and was coming out, when she was arrested, and taken before Alderman Jones. her basket was found quite a number of articles, all of which had been stolen. She gave her name as Dilynn. She was held to bail to answer the charge of larcenv.

FATTEMPTED BUBGLARY .- Owing to the vigilance of the police, we are debarred from giving our usual delly narration of a successful burglary. The attempt was made, however, on a house in Morgan street, a few doors above a house in Morgan street, a few doors above Tenth, on the north side. At a late hour two men were observed to jump over the fences of adjoining houses, until they got in the yard of the house intended to be broken into. They had just commenced operations a trying to enter, when the police made a descent upon them, and captured both, after a short chase. James Phillips was arrested at Eleventh and Sergeant streets, and his accomplice, John Wilson, a short distance off. Phillips had a hearing before Alderman Jones, who held him in \$1000 bail for a further hearing, and Wilson was held, also, for a further hearing by Alderman Massey.

MALICIOUS TOUNG MEN .- Wm. Wynn and Charles Mority, two practical jokers, were arrested last evening for practising their jest upon couple of honest peanut vendors. It appears that about an hour after sunset, a pair of worthy young merchants of fruit were quiety going along Chesnut etreet, near Third, with a wheetbarrow well loaded with barrels of cocoanut and with other choice articles in the fruit line. when the two larks aforesaid thought it would be a good chance for a joke. Accordingly they ran against the wheelbarrow and upset it and its contents, scattering the latter far and wide. About that time coconnuts, etc., were down, and the wrath of the vendors was up. The two jesters were arrested, and escorted to Alderman Hurley's office. After a hearing in the case they were held in \$500 to keep the peace, and dismissed with a wholesome admonition to go and sin no more.

CHEENUT BERRET, WEST OF THE SCHUYL-Schuylkill, which has been in progress for the last iew months, is now completed. From the depot of the Chesnut and Walnut Sreets Railroad, at Forty-second street, tolthe bridge, the street has been paved. It will soon be one of the hand-somest street in the city. Building improvements are being roade with a spirit of progress that is truly gratifying to our citizens, and the whole street will soon be built up. The contractors for paving the street have labored under peculiar difficulties in furtherance of their work. They were compelled to go on with their work, and at the same time allow the constant travel of the passenger cars over their line of operations. But in spite of all difficulties, the work has been done.

PETTY CARES .- William Hart was arrested yesterday afternoon at Chesnut street whari, on the charge of stealing the jib of a schooner, valued at \$100. He was arrested by the Harbor Police, and had a hearing before Alderman Toland. Gwing to the absence of the principal witnesses in the case, he was committed in de-tault of \$1000 ball for a further examination. John C'Neal got himself into a snarl by purchanne goods which, it is asserted, he knew were stolen. John was arrested yesterday afternoon at his place of business, No. 770 S. Sixth street, for the offense, and had a hearing before Alderman Tittermary, who held him in \$800

Interesting addresses will be made by Chief Justice Chase, General O. O. Howard, of the Freedmen's Bureau, Rov. Phillips Brooks, and others. We are gratified to learn that the tickets are being sold rapidly, and that this spacious hall will be filled by our most influential and patriotic citizens. The great importance of this object commends itself to every loyal man to the community, and from the known ability of the speakers, the meeting promuce to be exceedingly interesting.

Her socount of the little affair and his differed upon many important points. He alleges that he was a stranger, and was taken in, but not in the Scriptural sense. In fact, it was more in the sense of the Book of the Chronicles of Canongate. He was stern and unyield-be in pressing his claim, and Jenny May was held by Alderman Butler in the sum of \$600 to mawer at Court to the ot arge of larceny. A CONSUDERATE WIFE .-
