THE MURDER OF CAPTAIN JAMES WILEY.

Alfred Teufel, who was arrested in this city on the charge of murdering Captain James Wiley, of Doyletown, has been fully committed to answer the murder upon the testimony of a lad, named Harzaan Rick, employed on the boat of Captain Wiley. The testimony is circumstantial as to the occurrence, but there was an admission to Teufel, by the prisoner that he killed the Captain. Teufel is of German extraction, but he was born in Pennsylvania. It was said that during the war he was tried by a court-martial for desertion from the army, and sentenced to die. He escaped, but his name is not known. After Teufel's commitment, he hobbled and mancled in his cell, and four times within a few days succeeded in removing the mancets, and twice relieved himself of the hobbles.

The following is a description of him:—He is in his twenty-second year, but looks older, doubtless owing to his exposed and reckless manner of life; he is fair in complexion, and features; he has a remarkably stalwart form, quick, restless, and active in movements; a bright, keen, black eye, and rather dark complexion, with a countenance by no means repulsive or malignant. Genteel in dress, it is not very expensive, and in flash in style, and a manner indicative of rosy-tydism. He manifests by neither tremor of voice, downcast look, nor change of his color, that he either appreciates or cares for the serious charge now pending against him.

NEARLY COMPLETED.—The work of extending the pier at Arch street, on the Delaware, to the Port Wardens' line, is nearly completed. The pier, which is constructed in a very substantial manner, will be used by the Philadelphia and New York Steamship Company. Four substantial steamers are to be put upon the line.

CORONER'S INQUEST.—The Coroner held an inquest yesterday on the body of an unknown white man, found drowned at Chesnut street wharf. The deceased, who is of German extraction, was dressed in a check shirt, black pants, and woolen stockings. He was about 45 years of age.

CAMDEN AFFAIRS.

THE MAIL CAR ROBBERY.—Samuel P. Pitilian had a further hearing before United States Commissioner Budd yesterday morning, upon the charge of robbing the mail car of which he was conductor. The facts of the case are fully explained in the following evidence:—Detective Gambler sworn.—The package of letters picked up on the route between Jackson and Lenoconing, were identified by the witness as the letters he had seen. The letters were handed to me by Mr. Roker, Assistant Postmaster at Jackson; I know Mr. Pitilian as a mail agent; he had charge of the mail on the day the robbery occurred. The mail car in which Pitilian was carrying the mail, the mail car is accessible to all the passengers, there being no locks on the door, to my knowledge; the letters were found on the 26th of November, and they are the letters that were thrown from the car on the 24th; it would be possible for any one to step in the car and throw the package of letters from it; I don't know the custom of the route when they carry mails.

It was proposed because of a want of time to propose such an ordinance, for the Convention that firemen do not desire a change; and any action of the Convention in that direction would look like a submission to Councils.

It was stated last night that the new Horticultural Hall is advancing handsomely towards completion. The rafters of the roof are now being put up. Persons posted in the matter pronounced the work an extremely fine specimen of roof trussing. The building is 75 by 100 feet in area. Its cost will be \$125,000, of which \$25,000 of stock remains to be taken. The front is of pearl-colored Delaware county stone, with an embellishment of Connecticut granite.

MEETING OF THE HORTICULTURAL SOCIETY.—The public in general, since the Horticultural Society has been reorganized in the central hall, second to none in the United States in point of beauty and commodiousness, is awakening to a conception of the fact that the institution is an important one. Last evening, at the regular meeting of the Society, a paper was read by Edwin Satterthwaite, of Jenkintown, upon the subject of "Garden Farming."

The speaker seemed to think that the day was not so distant when the vicinities of our cities, advancing rapidly in value, would be cultivated as carefully as corresponding lands in Europe. Many of the essays read before this Society possess great value, and may yet be collected into a volume of reference.

MAJORITY OF VETERANS.—On Monday evening the Veteran Battalion, composed mainly of officers and soldiers, returned from a street parade. About 250 men were in line under the command of Captain Harry Lee. They presented a fine appearance. On the 12th of this month they will be inspected by Brigadier-General George M. Robeson, of the New Jersey Militia, and mustered into the State service.

DISORDERLIES.—Susan Watson, Mary Browne, and her husband, Peter Browne, were before Mayor Budd, upon the charge of being drunk and disorderly. They were committed to prison in default of bail.

GOING BACK TO SAILING SHIPS.

The United States Revenue Department seem to consider steamers as too expensive. The six cutters built by them are very beautiful vessels, the finest of all being the Mahoning, constructed in this city, by Mr. John W. Lynn. The Treasury Department has ordered Mr. Lynn to construct more of the frames of which are just assuming shape. They were directed to be furnished in one hundred days. The Department has tabbed the idea that, while steam cutters make a very beautiful vessel, those propelled by sails will answer every purpose, especially in time of peace. The Mahoning has worked so successfully, has proved so fleet and so economical, that general attention has been directed to her. French and English and Russian officers have examined her, and not a few distinguished foreign representatives have visited the yard of her builders to make inquiry relative to her proportions and her mode of rig. But the Department seem to object to the expense of the machinery and coal, as a general rule, and these two new cutters are to be built upon the clipper pattern, and to be driven by sails. The specifications are furnished to Mr. Lynn. To the builder, in this case, no discretion is allowed.

HOUSE ROBBERY.—William Ahern,

arrested on suspicion of having been concerned in the robbery of Mary Plunkit's residence, on Saturday night last week, at the Central Station. There was not any testimony to connect the accused with the offense, and the case went over for a further hearing. A gold watch and a small sum of money were stolen from Mrs. Plunkit's, the latter entering through the trap-door.

ACCIDENTS.—William Watkins, of Carbon county, was admitted into the Pennsylvania Hospital on Monday night, with a severe injury to one of his hands, caused by the accidental discharge of a gun. The hand was amputated. His relatives received in the same institution with one of his legs crushed, by a bar of iron falling on it at Front and Green streets.

FIRE.—About quarter-past 9 o'clock last evening, a fire broke out in the first story of the shipsmith and machine shop of A. H. Stillwell, located at No. 778 Swanson street. The flames were extinguished by the fire department, but before they were extinguished the shop floor was partially destroyed. The damage by fire and water will probably reach between two and three hundred dollars.
