

CITY INTELLIGENCE.

[For Additional City Intelligence see Fifth Page.]

FALL OF A BREWERY.—ONE MAN KILLED AND FOUR SERIOUSLY INJURED.—Yesterday afternoon a serious catastrophe occurred in the Twenty-fourth Ward, about one mile from the Belmont Cottage, on the river Schuylkill, near the Columbia Bridge, involving the partial destruction of three of them, and the falling in of the walls, and the killing of one man and serious injury of several other workmen engaged in the construction of the building. The brewery was a large stone edifice, and was being built in a most substantial manner. It is situated near the Lancaster pike, and not far from Christ Church Hospital, and within a short distance of the location of the new West Philadelphia Works. Yesterday afternoon, the western end, which was being built for a distillery, fell in, and five workmen who were employed on the masonry were buried in the ruins. After some difficulty they were extricated, when it was discovered that three of them were very much hurt, having their legs broken and severe bruises about the head. The other two were only slightly injured. The wounded men were at once conveyed to the residence of Mr. Austin, proprietor of the brewery, who resides within a stone-throw of the scene of the accident, and their injuries were properly attended to.

One portion of the brewery was three stories in height, and the other two stories, and a part of the roof, fell in, and the same spot, was burned on the 12th of October last, and was being rebuilt. It is thought that the accident was caused by a crack in the foundation. The portion that fell consisted of the entire western end of the building, and the remainder of the structure remains intact. George Maris, one of the men, died shortly after the occurrence, from wounds received. He was sixty-seven years of age. The names of the others are George Yarnall, 30, injured in the head and in the right leg; James Hookway, aged 45, injured in the spine; Ralph McCollum, aged 33, injured in the head and breast; John Monaghan, aged 27, injured in the head.

ANOTHER FENIAN MEETING.—A large mass meeting of the friends of Ireland was held last evening in the American Mechanics' Hall, corner of Third and Chestnut streets. The hall was densely crowded, and quite a number of ladies were in attendance. Senator Morrison, of Missouri, addressed the meeting. He spoke eloquently of the hardships of men who posed the border and attacked the Fenians, and that the red-coats had not recovered from the shock, and the movements of the Fenians at that time established the fact beyond a doubt, that with a larger force, they could have taken possession of the entire country.

He referred to Ireland's grievances, advocated her rights, and said that another demonstration would shortly be made which would give to the old country her independence. Mr. Morrison, after an hour's address, was warmly applauded. A delegation of Fenians from the lower part of the city, headed by a band of music, appeared in the hall, and was received with great applause.

A WORTHY INSTITUTION.—A number of ladies of this city united to establish a Home, where young girls could be educated, and to pay full board, could obtain board at a small cost, and where young women arriving in the city could stay while seeking employment. The benevolent ladies who started the enterprise have already found a home. The institution, however, though not self-supporting, as the receipts do not by any means meet the expenses. The lady managers appeal, therefore, for contributions of money, provisions, books for the library, and anything that can be useful. Our citizens will need no urging to respond to this call in behalf of a noble institution.

MORTALITY OF THE CITY FOR NOVEMBER.—Our city has again become one of the most healthy cities in the Union, the deaths during November numbering only 1057, of which 550 were males and 487 were females. Of the whole number, 400 were under 20 years of age, and 33 over 80 years. The following show the number of deaths in each ward:—First Ward, 38; Second, 56; Third, 30; Fourth, 37; Fifth, 33; Sixth, 21; Seventh, 72; Eighth, 47; Ninth, 25; Tenth, 41; Eleventh, 21; Twelfth, 12; Fourteenth, 26; Fifteenth, 26; Sixteenth, 27; Seventeenth, 34; Eighteenth, 39; Nineteenth, 63; Twentieth, 43; Twenty-first, 26; Twenty-second, 26; Twenty-third, 25; Twenty-fourth, 45; Twenty-fifth, 15; Twenty-sixth, 43; unknown, 90.

REPUBLICAN NOMINATIONS IN CAUCUS.—The Republican members of Select and Common Councils met on Monday afternoon, and nominated James Lynd, Esq., for City Solicitor, to fill the place made vacant by the resignation of F. C. Brewster, Esq. The candidates were James Lynd, Moses A. Dropsie, and Henry T. King, Esq. There were 475 ballots, on the fourth of which Messrs. Lynd and Dropsie had a tie vote. On the last ballot the vote was—Lynd, 28; Dropsie, 20. Mr. King had twelve votes on one of the ballots. The nomination having been made, Mr. Lynd was invited into Common Council Chamber, and thanked the members for the compliment they had paid him, which he said was more gratifying because it was an endorsement of his course during the seven years he had been connected with the Select Council.

PROPOSED REDUCTION IN THE ESTIMATES.—The Commissioner of City Property, in his estimate for 1867, put down the sum of \$20,000 for the further improvement of Fairmount Park; but the Finance Committee, after considering the matter, have agreed to ask for only \$6000 for the said purpose. It was argued that Councils should cut down every appropriation to the lowest figure compatible with the city's interests, and that the rate could be reduced to something like the old figure immediately after consolidation. The appropriation bills will be taken up, it is expected, to-day, and we understand that an effort will be made to reduce many of the items. This intention has been approved of by many of the committee.

LOCAL MISSIONARY WORK.—Bethany Sunday School, on South street, above Twenty-first, in the midst of one of the most extensive manufacturing districts, is engaged in effective missionary work. Its scholars number between eight and nine hundred, and the chapel occupied scarcely accommodates them all. Teachers in the children and helps the poor in many ways, and is one of our best home missions.

A SERIOUS FALL.—Yesterday evening a furniture car driver, named McFadden, who resides in Sellers' Court, fell from his car on Delaware street, near Market street, and was run up in an insensible condition, and conveyed to the Cherry street station. He was finally removed to his residence. His injuries, it was thought, would prove fatal.

THE JEWISH HOSPITAL.—Mary D. Brown, member of the Friends' Society, has recently given \$500 to the Jewish Hospital Association of Philadelphia, for the benefit of the Hospital recently established. This institution combines a refuge for the sick and disabled, and an asylum for aged Israelites.

DIED SUDDENLY.—The Coroner held an inquest yesterday upon the body of William Lyster, aged ninety years, who died suddenly at his residence, at Forty-eighth and Spruce streets.

RAILROAD ACCIDENT.—A man named John Price, residing at No. 922 N. Third street, was run over at Ninth and Broad streets by a Germantown cars yesterday afternoon, and badly injured.

DISCHARGE OF A GRAND JURY.—The Grand Jury of the United States District Court closed up the business before them yesterday, and were discharged for the term.

CAMDEN AFFAIRS.

MEETING OF THE CAMDEN COUNTY BIBLE SOCIETY.—The Camden County Bible Society held its annual meeting in the Third Street Methodist Episcopal Church yesterday afternoon. President, Rev. J. B. Dobbins, in the chair. The meeting was opened with prayer by the Rev. George Sheldon, D. D., after which, Rev. Dr. Fawcett, of Newark, was introduced as a delegate of the Essex County Society. A report was then received from Mr. Shinn, who had been appointed to canvass the county, by which it appears that he had visited 6359 families—of these he found 351 destitute of Bibles; also found 175 individuals likewise destitute. These were all supplied. Of the whole number visited, 62 were families of colored persons. Besides these the school-houses and county prison were also supplied. In this distribution by the agent there were 357 Bibles, 156 Testaments, and 58 volumes containing some portions of the Scripture. The total value of the books is \$253.00.

The report of the Treasurer was then read, by which it appears that about \$900 have been raised during the past year, exclusive of the money collected by the agent for the sale of books. The report of the Depository was also submitted, which states that 442 volumes had been given away during the year, and 73 sold.
