#### CITY INTELLIGENCE.

1 For Additional Oity Intelligence see Fifth Page.] . GRAND JUBILEE MEETING .- Last even-

ing, a large number of persons assembled in the Union Methodist Episcopal Church, Fourth street, below Arch, to celebrate with suitable services the event of the entire extinguishment of the Church debt, which had been hanging over the congregation during the past thirty-four reasons. four years.

The meeting was called to order by Rev. Dr.

The meeting was called to order by Rev. Dr. Carrow, pastor of the congregation, who was called to the chair, on taking which, he thanked the audience for the compliment paid bim. He then announced the hymn, "From all who dwell below the skies," which was sung with much spirit by the choir, assisted by organ accompanion in prayer, in which he manked the Almighty that this ground had years ago been selected for a place of worship; that during its subsequent history, multitudes had been brought into the folds of the Church through the preaching of the Gospel; and that an influence for good

ing of the Gospel; and that an induence for good had gone out from this church among other churches of the city and county.

After the singing of another hymn, Rev. Dr. Carrow made an address, in which he clearly defined the object of the meeting. The occasion being a jubice over the extinguishment of the debt of the church, amounting to eleven thousand dollars or more, it should call forth from the entire membership of the church sixtense. rejoicing. He rejoiced more especially over the event because the debt just wiped out had been one of long standing.

Addresses were also made by Rev. Anthony Atwood, D. D., Rev. Franklin Moore, D. D., Rev. Mr. Matlack, Rev. Dr. Castle, and others. During the evening a splendid writing-desk was presented to Mr. Thomas T. Mason, a member of the church, as a testimonial of the feelings of the congregation for the part taken by him in endeavoring to raise funds for the object

One of the happy features of the occasion was the raising of a subscription of over \$200 to secure the comfort of two aged widows in the new Methodist Home, on Broad street. The church membership is rapidly increasing, and new that the entire debt has been removed, it will no doubt soon become one of the largest congregations of this persuasion in this city.

CONVENTION OF COLORED SOLDIERS AND SAILORS - AFTERNOON SESSION. -- Rev. J. W. Logun, of New York, delivered a fervent prayer that the colored people should be strengthened and guarded with heavenly wisdom in the pre-

sent times.

Mr. Chatton, of Reading, Pa., presented a resolution, which was referred to the Business Committee, petitioning the State Legislature for the immediate granting of the right of suffrage to all the colored soldiers, sailors, and citizens of Pennsylvania, without any restriction on account of color.

Letters from Senator Yates, of Illinois; Gov-

erner Andrew, of Massachusetts; General Lewis Wagner, and others, were read, cordially sym-pathizing with the objects of the Convention. The Committee on Business reported a lengthy series of resolutions, acknowledging the indebt-edness of their race to Almighty God for His manifold blessings in vouchsating freedom to their enslaved brethren, and expressing their thanks to the people of this country and to Congress for their steadfast exertions in their behalf, despite the oppressive measures of the President of the United States.

The denial of the right of suffrage to all American citizens, regardless of color, was a bias-phemous denial of the divine principles upon which all governments are founded. For colored men was demanded the privilege of being able to occupy any position in the army and navy to which their abilities should declare

them competent. Another series of resolutions were offered. earnestly protesting against the payment of bounties and pay to the former slave-owners, on account of the services of the freedmen who battled for the salvation of the nation in her

hour of danger.
Action upon the above resolutions was deferred until this day's session.
On motion, the Committee on Business were

instructed to prepare a memorial, to be submitted to Congress, and also to prepare a plan for the national organization of the colored soldiers and sailors of the Union army. Adjourned.

At the night session last evening an enthusiastic audience gathered to listen to the addresses of various delegates to the Convention. Rev. J. A. Rogan and Rev. H. H. Garnett, of New York,

and Colonel J. J. Hinton, of Kansas, spoke eloquently on the objects of the Convention, and were frequently applauded. This morning's proceedings will be found in another column.

THE BOARD OF SCHOOL CONTROL .- The Board of School Control yesterday held its first session after its reorganization. Mr. Shippen, the re-elect-

ed President, presided.

The usual list of communications was received. communication from the Twelfth Section stated that that division indorsed the action of the school teachers looking for an increase of salary. From the Eleventh Division was received the

tollowing resolution:
That the Board of Control be requested to set apart the twenty thousand dollars appropriated to the Section from the million dollars loan, for the erection of a grammar school in Third street, be-

the Section from the million dollars loan, for the erection of a grammar school in Third street, below Green.

Miss Lyzie M. Thompson was announced as the Principal elect of the Boys' Secondary School of the First section.

A or munication from the Nineteenth section gave information of permission granted to open a night-school in the Megargee School.

Mr. Elkin submitted, in the name of Mr. Freeborn, whe was not present, an amendment to the by law that no new book adopted by the Board at any time during the year can be introduced except on the 1st of January, when the annual estimates are prepared. The resolution, under the rules, lies over for a month.

Mr. Elippen (Mr. Fletcher in the chair) stated that under the million lean name out school buildings are now being erected in all portions of the city. In many cases the contractors are faithless to their trust. In one instance, mentioned by him, where the contract called for pressed brick, the contractor used an inferior article until compelled by the Committee en Property to fulfil his agreement. The greatness of the work requires supervision. The Board of Control cannot exercise personal care over the various buildings under construction in the city, nor can the sectional directors give individual attention to the improvements. Mr. Shippen, therefore offered a resolution that the Committee on Property select a competent practical builder to examine and supervise the contracts for new buildings and their falfilment, the committee to name the salary of such an inspector.

Mr. Stanton moved to amend that the committee's nomination be approved by the Board. Agreed to.

The resolution then passed.

The committees were the announced.

Boys High School—Mr. Freeborn, Chairman; Cushman, Hilbes, Hoffman.

Grammar Section and Primary Schools—Hilles, Chairman; Clark, Reed, Jackson, Vaughan.

Reports of Schools—Mullineaux, Chairman; Abel, Reville, Einwechter, Fagen.

Qualification of Teachers—Clark, Chairman; Abel, Eigin, Bowan, Taylor.

Text Books—Fletcher, Chairman; F

THE BAR BANQUET TO THE JUDGES OF THE Counts.—One of the most brilliant feasts of rea-son and flows of soul at which a distinguished company were ever seated was the banquet given yesterday afternoon, at the Continental Hotel, to the Judges of the Courts. The attendance was very large, the occasion bringing out simost the entire Bar in solid phalanx, including its grand-est dignitaries and its brightest ornaments. The guests thus receiving homage were all pre-

sent. The party was strictly a private one. The responses to the regular toasts being made by Hon. Judge Woodward, of the Supreme Court; Judges Strond and Sharswood, of the District Court, and Judge Allison, of the Common Pieus, while Eis K. Price and Daniel Dougherty, Esq., apoke on behalf of the Bar.

THE WATER DEPARTMENT .- The statement of receipts and expenditures of the Water Department for 1866, made by the Chief Engineer, is as follows:—Beceipts from penalties, water rents, etc., \$670,222-13; expen-penditures, exclusive of new work on extensions, \$278,189-64. The appropriations for the rear, exclusive of extensions, amounted to \$363,874-98, leaving unexpended, \$75,685-24.

CRASE AFTER A PICHPOCKET.—Last evening, about seven o'clock, there was an exciting time on Second street, above Brown, caused by the discovery of a pickpocket in one of the Second and Third street cars. It appears a young lady, while in the cars, observed the handsome gentleman sitting by her side acting suspiciously. Finally she felt his hand fumbling for her pocket. The alarm was instantly given. when the fascinating gentleman bolted for the door, making tracks up Brown street, with a crowd after him crying "Stop thief!" He was soon overtaken by an officer, who escorted him to the Station House, and no doubt ample time will be given him to reflect on the vict-situdes of life, and "that the race is not always to the swift."

COLLISION ON A PASSENGER RAILBOAD. -Yesterday, an Arch street passenger car, while crossing Broad street, was run into by a coal train, and several of the passengers slightly injured. The car was struck near the front platform, otherwise the damage might have been more serious. Accidents of this kind often occur at Eighth and Willow streets, where there is a down grade, and where the narrowness of Willow street renders it difficult for the drivers to see advancing coal trains, but with proper caution they ought to be avoided on Broad

HOSPITAL ITEMS .- William Green, twentysix years old, was admitted into the Hospital on Monday night with severe burns on the lace, neck, and arms, caused by the explosion of a Coal oil lamp.
A lad named W. Cook was taken to the Hospital yesterday, in an insensible condition, from the effects of a blow with a brickbat, which was thrown at him by a boy with whom he quar relled, and struck him in the groin.

ELECTION OF TRUSTEES,-D. B. Baker was elected one of the Trustees of the Associa-tion for the Belief of Disabled Firemen, in the place of Samuel G. Ruggles.

DROWNED MAN. - A man was found drowned yesterday in a ditch, about a mile below the Blue-Bell station, on the Baltimore

#### LOOK AND LIVE ELECTROPATHY. Drs. GALLOWAY, WHITE & BOLLES

THE OLD

MEDICAL ELECTRICIANS. And TEACHERS of this new system of curing diseases, would call the attention of the sick and afflicted to their system of practice, which has already galged great popularity in this city. During the past six years we lave treated TWENTY THOUSARD persons suffering from the various forms of disease (many of them by special guarantee, charging nothing it we tailed), and in almost every case a cure has been effected. Head the following HOME CERTIFICATES.

AN ASTONISHING CURE—AMPUTATION PRE
I was cured in three weeks by Drs. GALLOWAY and
WHITE of an ulcerated leg, which caused much suffering, and even threatened amputation. Since my own
great cure several of my friends suffering from Neuralgla, Skin Disease, Dyspenia, and other complaints,
have also been periectly cured. I will cheerfully
answer the inquiries of the diseased and suffering.
