A FEARFUL CASE OF DESTITUTION-A MAN LIES UNBURIED IN A HOUSE FOR TEN DAYS, AND THE FAMILY IN A STATE OF STARVATION. One of the most heartrending cases of destitution we have ever been called upon to caronicle, non we have ever been called upon to caronicle, is one which was brought to light yesterday by means of a visit pand by one of the visitors of the Home Missionary Society to a house in the lower section of the city. The visitor, on entering the premises, discovered the whole family in almost the last started of surveying, and the in almost the last stages or starvation, and the horror of the scene was heightened by the discovery of the appalling fact that the father of the family, who had died ten days ago, was still unburied, from lack of the necessary means to delray the expenses of sepulture.

The afflicted family, by depriving themselves of the simple food necessary to support life, and by pawning the few things they owned, had been e to raise about ten dollars, with which sum they secured the services of an undertaker, who prepared the body for interment, but refused to proceed further until the whole bill for the burist was paid him in advance. This the poor people could not do, and at the time of the visit of the humane member of the Home Missionary Society yearerday, the death or the other members of the family from abject want seemed imminent. The dreadul situation of affairs was discovered in the morning, and the visitor lost no time in unding the undertaker, whose requirements were speedily met, the amount advanced, and the body attonce decently interred.

This case is certainly one of an extraordinary character, but we are assured that at the pre-sent time many of the deserving poor are suftering great hardships from lack of employ-ment and other causes, which have reduced many of them to penury and utter want. Our citizens have only to know, we are grattied to say, that such destitution exists in our midst, in order to relieve it; and to their kind care we commit the poor and suffering, many of them the widows and orphans of our brave soldiers in the late war, and all of them entitled to our warmest commiseration and attention, particularly at this inclement season. Mr. Thomas T. Mason, the Treasurer of the Association, will receive contributions for the relief of the season. receive contributions for the relief of those under the care of the Mission,

CELEBRATION AT NATIONAL HALL-National Hall presented a most brilliant spec-tacle last evening, on the occasion of the triennial celebration and concert of the pupils of the schools of the Christian Brothers. The occaion was one of much interest to all assembled, and the immense audience present retired at the close of the celebration highly delighted with the evening's entertainment, and fully satisfied with the efficiency and beneficent results emanating from the establishment of the schools of the Christian Brothers. The exercises commenced with an overture by the fine band of St. Michael's Church, and this was followed by a lengthy programme, consisting of recita-tions, songs, trios, duets, and instrumental pieces, the latter performed entirely by the band, composed of small boys belonging to the institution. After a chorus by the pupils, the tollowing named young gentlemen distinguished themselves, although all acquitted themselves very creditably:—Master E. J. Ryan recited "The East Friends" in excellent style. This was immediately followed by the recitation of 'The Spanish Champion," by Master T. G. McEvoy, who did well

McEvoy, who did well.

Master J. McQuaid recited "The Dying Hero" admiratly, and "The Patriot's Vindication" was equally well rendered by Master J. H. Comber. A dialogue, entitled "The Impressment of an American Seaman," was well recited by Masters J. McEvoy and J. Bradley; "The Celtic Tongue" was well disposed of by Master John F. Lynch; and "The Union," by Master P. McGettigan, was a fine effort. Altogether, the celebration was a complete success, and reflects much credit on this deserving and popular religious institution, which is confined to the Catbolic Charak Resolves Oliver and others connected. Church. Brother Oliver, and others connected with these schools, conducted the exercises.

THE CENTRAL STATION .--- Police Magistrate THE CENTRAL STATION.—Police Magistrate Beitler yesterday committed a negro man named Charles Williams, charged with the larceny of a set of harness and a coat, stolen from Mr. John B. Haines, of Burlington, New Jersey. Mr. Haines pursued Williams to this city, and arrested him. The prisoner wore the stolen coat. He made no excuse, but hung his head and sobbed when the police led him away.

Two waiter size from a whisky mill in Water

Two waiter girls from a whisky mill in Water street were brought before the Alderman. They are bartenders at the shop of John O'Brien. The reputation of the place is bad. Into it on Tuesday night a man named Francis Duff entered, to see the elephant. He came out minus his watch and porte-monnais. The two girls, Wary Cox and Mary Jane Dickson, were committed for the large-

Mary Jane Dickson, were committed for the larceny. The latter said that a man named Gallagher took the timekeeper.

A pickpocket named Henry Dickson was arrest d by policeman Hergesheimer. Dickson, a few days since, completed a two years' term in the penitentiary. The prison-bleach is still upon his face. Yesterday afternoon he entered the store of Lewis Isanos, 322 south Second street, and picked the pocket of a lady from Camden county, N. J. She discovered the loss as Dickson left the store. Mr. Isancs followed him. The policeman found the thief secreted in an alley way. Dickson filled the policeman's hand with notes, but the star rethe policeman's hand with notes, but the star re-turned the money and took Dickson to the station. He will now go back to prison, probably for a longer term than he previously served.

Has created a mortgage of all the property and tranchises of the Company, including Investythree valuable gold, silver, and copper mines, located in Arizona, within the sity miles of mayigation, to secure the payment or \$250,000 of Bonds and interest.

The mines of the Company have been examined by thoroughly competent experts in mines and mining, and have been pronounced worth \$2,500,000 in gold, as compared with other mines in the section, which have been sold for

The Bonds are issued in sums of \$100 ench, redeemable June 20, 1876; with interestat 7 3-10 per cent., payable semi-annually by the redemption of the coupons attached, and entitle the purchasers to a full-paid stock bonus, such as wil insure several hundred per cent, profit on the investment, besides the regular dividends on the stock.

The funds from the sale of the Bonds will be used to construct reduction furnaces, to extract the precious metals from the ores, which are known to be very rich, and for the legitimate expenses of the Company, and are held by the mortgage above-mentloned.

The full endorsement and faith in the security and profits accruing to the Bonds of the Company shown by shrewd business men and enpitalists who have already invested largely in these Bonds, is a source of gratification to the projectors of the Company, and they feel warranted in assuring the public that no more secure and profitable investment has ever been offered:
