AMUSEMENTS.

THE TRUBBLE BOND TANK

ENGLISH OPERA.-One of the largest audiences ever assembled in the Academy of Music at an operatic performance was present there last evening, on the occasion of the benefit of Mr. Castle, the admirable tenor of the Richings Troupe. The Bohemian Girl was the attraction of the evening, and to say that it was splendidly performed throughout, and put upon the stage by the management in the best possible style. is only stating the simple, unadorned truth, In all our experience we have never witnessed a more complete and satisfactory rendition of an opera, and the enthusiasm it created among the audience was a tribute to the artists as well deserved as it was unbounded. The various roles were all magnificently rendered, and the success of the principal singers seemed to infuse its inspiriting effect all around, for the chorus, and even the orchestra, were unusually correct and forcible in their performances. As a consequence, the ensemble of the opera made it altogether one of the most delightful and enjoyable representations of English opera we have ever had in Philadelphia; and in making this declaration, we do so without any reservation whatever, We cannot recall to mind, in a long experience in such matters, any combination of English artists that could have excelled-or even equalled-the efforts of Miss Richings' troupe last evening, and it is almost needless for us to add that the fact is one in which we take no little pride. The accomplished and indefatigable direc

tress of the troupe, in heart and soul is a Phila delphian, who takes the liveliest interest in everything pertaining to the welfare and advancement of the City of Brotherly Love. The darling object of her life has been to establish an English opera troupe capable of producing in the best style the largest repertoire of English operas; and that she has succeeded even beyoud her most sanguine expectations, the various performances of her extremely talented company in this city, New York, and throughout the States, bear the amplest testimony. Their last engagement in New York was one of the most brilliant and successful ever known there; and, thus far, the present season in Philadelphia has been financially and artistically all that could have been desired. The Richings Troupe, therefore, is now established on a firm and lasting foundation, and hereafter we may count upon being treated to regular seasons from it in our noble Academy, In this connection, it might not be out of place to say that probably the establishment of a popular tariff of prices of admission has had something to do with the great success of the heroulean undertaking; but no matter what the cause or causes may have been, the fact is patent to every one that Miss Richings' troupe is an acknowledged institution in art amongst us, and, from present appearances, will long hold together, to delight and improve us with its masterly renditions of good English opera. Mr. Castle, as we have already said, was

greeted with a monster audience last evening, and his singing of the delicious music of his role was such at times as to create a perfect furore among his delighted; listeners. His 'Fair Land of Poland,""When Other Lips,"and the other gems that fall to his lot in the opera, were all exquisitely rendered and heartily encored, and his acting was almost equal to his superb vocalization. Miss Richings' splended soprano voice and matchless execution imparted to the music of "Arline" a grace and a beauty which invested her efforts with the deepest interest and delight. Her singing of the various gems that so abundantly strewed her role elicited the most hearty and enthusiastic applause, and the repetitions she was called upon to execute seemed only to whet, not satisfy, the appetite for "sweet sounds" of her listeners.

The finest rendition, decidedly, of the plaintive aria, "The Heart Bowed Down," was that of Mr. Campbell last evening, and the deafening encore it received was every way deservedly bestowed. Throughout the whole of his part, Mr. Campbell was the true, conscientious artist, and his magnificent voice seemed even in better condition than ever. His acting, too, was highly commendable, and altogether his impersonation was one of the most successful of the evening. "Devilshoof" is one of Mr. Seguin's best parts, and he infused into it last night the ntmost spirit of fun and comic unction. Mrs Boudinot, as the "Gipsy Queen," also did well and Mr. Peakes was equally successful in his character. Mr. Wylie, who performs the part of the lover so admirably in the Doctor of Al cantara, was excellent as the foppish Count, and indeed the whole performance was worthy of the opera itself, and the reputation of the artists who took part in its production.

We are glad to see that this brilliant perform ance is to be repeated this afternoon for a mati nee; and we sincerely hope that another even ing may be devoted to its presentation before the season closes.

MEETING OF COMMITTEE FOR EXAMINATION OF MERTING OF COMMITTEE FOR EXAMINATION OF EXEMPTED PROPERTY.—The Committee of the Legislature for the examination of claims for exempted property met this morning at 10 o'clock, in the Chamber of Select Council. The Committee is composed of William S. Gregory, Esq., Chairman, and Mesars. James N. Kerns, George DeHaven, W. M. Worrals, and Samuel Josephs. Mr. George W. Moore acted as Secretary. The object of the Committee is to examine the claims of persons representing exempted property in reference to said exemption. It is proposed to frame an ordinance that shall prohibit all property from being exempted from taxation from which a revenue is derived from outside sources. Thus, there are clutches from outside sources. Thus, t ere are churches that rent out a part of their buildings for busi-

that rent out a part of their buildings for business purposes. There are also fire companies, library companies, orders of secret societies, etc., many of which derive a revenue, more or less in extent, by the rental of parts of their buildings for other purposes.

It is proposed to amend the present law, so that only that part that is applied strictly for the purposes specified in the claim for exemption should be so exempted, or even to do away with the whole system and make all institutions of whatever class, pay their ratio of taxations, of whatever class, pay their ratio of taxa-

tion.

The Pennsylvania Institution for the Deaf and Dumb, which was assessed at \$5000, has a rental value of \$150,000. The Children's Hospital, at Twenty-Second and Locu t streets, is assessed at \$25,000, and its actual value is \$33,000. So it goes on through the list, and it is found, in almost every case, that the assessed value is far below what it is actually worth, if put into the market.

Religious Services.—The Young People's Association connected with the Tabernacie Baplist Church, of this city, have made arrangements for a special course of sermons by several of the most eminent divines of the country. The first of these will be delivered formorrow svening, in the church, Chosnut street, above Eighteenth, by the Rev. Thomas D. Anderson, D. D., paster of the First Baptist Church of New York city, at 7½ o'clock.

Last Thursday night the Rev. Mr. Todd, of Oiney, Philadelphia, lectured for the benefit of the Young Men's Christian Association connected with the Cheitenham M. E. Church, Enbleot—"The American Indian," This society, formed principally of young men, brought into the Church during the revival of 1886 and 1866, has exerted beneficent influences over the younger part of the membership. Free lectures are given once a month, and a good library is at their perusal.

The Result of Carelessness.—A citizen by

THE RESULT OF CARELESSNESS .- A citizen by the name of Read, residing in Congress street the name of Read, residing in Congress street, below Second, last evening crossed the street to spend an evening with a friend. In doing so he forgot to lock up his establishment, leaving one of the back windows open, and the blinds also. Soon after, the house was entered by burgiars, they gaining easy access thereto, going into the back yard from Senate street, and thoroughly ransacked the second story, obtaining table and mantel ornaments, a fine Spanish rocking-chair, a valuable cane bearing the rocking-chair, a valuable cane bearing the owner's name, etc. They were undoubtedly frightened away, or they would not have overlooked the first floor, on which, in the diningroom, was silver-ware to the amount of \$400. No clue whatever has been obtained as to who were the derivedness. were the depredators.

DRUNKENNESS, STREET-WALKING, AND DIS-DRUNKESNESS, STREET-WALKING, AND DIS-ORDERLY CONDUCT,—The police reports abound this morning with eases of drunkenness and disorderly conduct. Last night was undoubt-edly a propitious one for such indulgence, be-cause, judging from the past, those who are ad-dicted to strong drinks finding but little com-fort or excitement without, seek it within. The fact is, that saloons and groggeries are filled

The fact is, that saloons and groggeries are litted to a greater extent on misty, boggy, and drizzly nights, than on pleasant ones.

The regular street-walkers, however, seem irrepressible. Last evening tweive females were arrested for being out unusually late, in the vicinity of Tenth and Chesnut streets, and this morning were held in \$100 ball each to keen the peace. keep the peace.

STEALING A HORSE AND WAGON, -Godfrey Killing was, about three weeks ago, in the employ of Je: mish Rhodes, contractor for carting, etc., residing on Ninth street, above Coumbia avenue. About three weeks ago, when the family of Rhodes were away, Killing entered the yard, took the horse from the stable, and hitching him to a new wagon, drove off, and for some time his whereabouts were unknown. A some time his whereabouts were this nown. A short period after, the horse and wagon were recovered at Phenixville, and returned to their owner. Yesterday Killing was arrested on a warrant, by Officer Meeker, at his residence, near that of his former employer, where he had remained incog., and taken befere Alderman Fitch, who held him to answer in default of \$300 better.

Convention of Representatives of Fire In-SURANCE COMPANIES.—A circular has been for-warded by the National Board of Fire Under-writers (James M. McLean, President) to all the fire insurance companies of the United States, enclosing a copy of the invitation to attend the first annual meeting of the National Board, to be held in New York on the 20th instant. The closing paragraph of the circular is as follows:— "Already the indications are unmistakable that the approaching Convention will be, in numbers, character, and inducate, such an occasion as the insurance interest has never before seen."

The called is signed by Frank W. Ballard, Esq., Secretary of the National Board.

VACANCY IN A GIRARD COLLEGE PROFESSOR-Vacancy in a Girard College Professor-ship.—We notice that the Professorship of one of the most important branches in the educa-tional departments of Girard College—that of "Industrial Science" (Natural Philosophy and Chemistry as applied especially to the Arts)—is vacant and awaiting applications, which will be received until the first of March next. These should be made to the Secretary of the College, Henry W. Arey, No. 27 S. Ninth street. All the departments, excepting that above mentioned, have a full, complete, and reliable corps of pro-fessors and assistants, placing the institution in the highest order of educational establish-ments.

ARREST FOR LARCENY .- Mrs. Susan Gilbert, ARREST FOR LARGEST.—MIS. SUSAN OTHER, Alias Lillian Gilbert, was arrested in Harris-burg on Thursday last, on a warrant issued by Alderman Beitler, charging her with stealing a lot of clothing, jewelry, a watch, and other articles from Mrs. Mary M. Conrad, residing in Parrish street, in this city. The theft occurred several months ago. A short time before the robbery of Mrs. Conrad the prisoner had been charged with robbing a man named Theodore F. Boyer of \$50. Mrs. Gilbert had a hearing before the Mayor of Harrisburg, and was remanded to the authorities of this city for trial.

Large Fine.-Yesterday morning the large three-story stone factory of Broadbent & Sons on Indian creek, West Philadelphia, half a mil above Haddington, was totally destroyed by fire. The factory building was lately occupied and known as "Carter's Old Factory." The particulars of the fire have not been received nasmuch as the fog was sogreat that the flame; could not be seen but for a very short distance. The police, therefore, did not become cognizant of the conflagration until last evening. The loss, no doubt, is quite large, as the factory was in full operation.

SUSPICION OF LABCENY .- William Dougherty, Suspicion of Larceny.—William Dougherty, aged seventeen years, yesterday afternoon, while passing along Second street, near Vine, stepped up to one of the many market wagons which occupy the sides of the road, and let down the tail-board by tearing off the staples. He then commenced to search for valuables in the shape of vegetables and poultry, when Officer Cribb, desming it a suspicious circumstance, made more so by the watchfuiness of Dougherty on every side, arrested him. Alderman Toland committed him, in default of \$500 ball, to answer at Court. \$500 ball, to answer at Court.

ASSAULT ON AN OFFICER AND ATTEMPT TO Assault on an Officer and Attempt to Rescue a Prisoner.—Yesterday afternoon officer Fisher was conducting a prisoner to the lock-up, and when at Broad and Poplar he was beset by one Samuel Stewart, aged thirty, who attempted to rescue the prisoner by assaulting the officer. He soon learned, however, that it was on his part an unprofitable undertaking; for, another officer coming up, he too was inarched to the station and placed in duress until this morning, when Alderman Massey remanded him, in default of bail, to answer at a further hearing.

Sheef Straling.—Yesterday afternoon, while William Waterman was treading the mazes of the Second street market, he, with the eye of a connoiseur, picked out a fine, pinmp sheep, shouldered it, and was walking out with apparently no concern, when the owner laid his hands upon the sheep, and a policeman laid his upon Waterman, and while one travelled to its original position on the hook, the other soon entered the presence of Alderman Butler, who held him in default of bail to answer at a further hearing. SHEEP STEALING .- Yesterday afternoon, while

SLIGHT FIRE, AND SUSPICION OF ARSON, - About SLIGHT FIRE, AND SUSPICION OF ARSON.—About two o'clock this morning a fire was discovered in the cigar store of George Salem, No. 120 Richmond street. It was discovered by the amoke spreading through the upper apartments of the house, and was speedily extinguished, with but a very slight damage to the property. Circumstances strongly indicating the agency of the owner of the store thereof, he was arrested and committed in default of ball to answer the charge of arson.

About I o'clock this morning, Officer Wilson, when going his round at Sixth and Arch streets, arrested one Charles Rusin, having in his possession two large coal shovels. As Runn could not give a connected account as to where the shovels belongs, and who was their owner, he was taken to the Station House, and committed in default of \$500 ball, until the truth of the matter can be ascertained. SUPPOSED LARGENY OF TWO COAL SHOVELS .-

SELLING MEAT IN THE STREETS .- By orders received from headquarters, the officers are constantly on the look-out for those public offenders who, not satisfied with the establishments furnished wherein accommodations are granted them, are selling ment in the streets, against the city ordinances. Within the last week fitteen such persons have been arrested and fined for this offense, and a repetition of such unlawful sales will meet with still more severe and merited nunlahment. severe and merited punishment

LAUXCH.-This morning a handsome schooner LAUNCH.—This morning a handsome schooler, called the Mary Smee, was launched from the yard of J. W. Lynn, F.Sq., at Reed street wharf. She is a large and finely built vessel. The length of keel is 106 feet; the breadth of beam, 29 feet is inches; and depth of hold, 9 feet. The poop deck is 4 feet higher than the main deck. She will be under the command of Captain Henry P. Creizhton, and will be used for the coasting trade.

RECEIVING STOLEN GOODS .- Bridget Agnew. aged forty years, and Bridget Marray, aged fifty years, were arrested respectively at Sixth and Cherry streets and Eighth and Shippen streets, for receiving goods known by them to have been stolen. They have been engaged in this for some time. Alderman Tittermary committed them in default to answer at a further

A LONG-TRIED HOUSEHOLD FRIEND,-Letter from Mrs. Henry Ward Beecher.—Gentlemen:— It gives me the greatest pleasure to add my tes-timony to the unrivalled excellence of Grover timony to the univalidate excelence of drover & Baker's Sewing Macnine. It is, in my opinion, by far the most valuable of any I have tried. The thorough operation of it is most easy and simple, and its unobtrusive and quiet movements are very grateful to a weary head. The work when done is wonderful in its strength. More than two-thirds of all the sewing done in the last two years has been done in More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I have never had a garment rip or need mending, except those rents which frollesome boys will make in whole cloth, and for them your machine has, I suppose, no remedy but a patch or darn. Honestly appreciating the excellencies of your machine as fully as I have here stated, I could give it no higher praise than the fact, that when my only daughter married I gave her this long-tried household friend, depriving myself of its services to lighten her first assumption of domestic duties, I can manage any machine comfortably, but my daughter was never willing to use any but Grover & Baker's.

BREECH-LOADERS.—Sportsmen and others interested in breech-loading guns are invited to be present at the trial of the celebrated Roper Repeating Sporting Shot Gun; at Diamond Cottage Garden, Camden, Monday, the 18th inst., from 2 to 5 o'clock P. M. This gun is manufactured under the personal supervision of C. M. Spencer, inventor of the Spencer rifle, who, it is expected, will be present at the trial. Should the weather be unfavorable, the trial will be postponed to the same hours on the next fair day, without further notice.

IF YOU WANT A RELIABLE AND USEFUL FAMILY CASE OF MEDICINES, we can conscientiously recommend one of Dr. Humphreys' Homeopathic Specifics, Having used them ourselves, and knowing of their extensive use by our friends, we hazard nothing in speaking well of them to all who desire having such an arrangement for family use. MEDICAL ELECTRICITY. Latest and Most Important Discoveries in the Treatment of Chronic

Diseases.

DR. S. W. BECK WITH'S ELECTRICAL INSTITUTE.

No. 1220 WALNUT ST. During our investigations in the treatment of disease in its various forms by the agency of electricity, we have obtained very many valuable and startling facts, which, added to the previous though limited information, possessed by other and less fortunate operators, place us beyond all previeus knowledge of this my sterious agent. Luring the course of our practice we have treated and cured, through the knowledge thus gamed, many thousands, and by means of our new discoveries have established ourselves as the most successful Medical Electricians in this country or Europe.

Electrical investigation has proved that the human body acts on the principle of the galvanic battery. The brain, mucous and serous membranes, theskin, tiasues, and fluids constitute the negative and posttive torces, and every action, whether mental or physical, is the result of these antagonistic forces. Digestion, respiration, circulation, secretion, and excretion are due soiely to electrical influence. There is a polar action established throughout the nervous system which connects with every part of the body, establishing and preserving a proper balance of the electrical element which constitutes health, and a disturbance of which causes disease. There are strictly but two conditions of diseasenation, or positive; the other weak debilitated, negative-and as electricity contains these two conditions on the action of the positive and negative currents, all we have to do is to neutralize the disease and restore proper, healthy

Among the chronic diseases in which electricity has been, and is daily being by our agency, of the greatest utility, a cure being rapidly effected atter the failure of all other means, are: -

the failure of all other means, are:

1. Epilepsy. Chorea, or St. Vitus' Dance, Paralysis (Hemplegia), Neuraigia, Hysteria, Nervousness, Palpitation of the Heart, Lockjaw, etc.

2. Sore Throat, Dyspepsia, Diarrhoza, Dysentory, Obsinate Constipation, Hæmorrhoides, or Piles, Bilious, Flatulent, and Painter's Colic, and all affections of the Liver and Spiece.

3. Catarrh, Cough, Influenza, Asthma (when not caused by organic disease of the heart), Bronchitis, Pleurisy, Pleurodynia, or Rheumausm of the Chest, Consumption in the early stages. Consumption in the early stages.
4. Gravel, Diabetes, and Kidney Complaints.
Impotence, and Seminal Weakness. The latter complaints never fail to yield rapidly to this treat-

ment.

5 Rheumatism, Gout, Lumbago, Stiff Neck, Spinal Curvature, Hip D.seases, Cancers, Tumors (those last usmed always cured without pain, or plasters in any form).

6 Uterus Comp aints, involving a mal-position, as Prolapsus, Antroverson, Retroversion, Iuflammation, Uteration, and various other affections of the Womb and Ovaries.

For information desired upon other diseases, aplication may be made at the office, or by letter. Mrs. BECK WITH has entire charge of the Ladies' Department, and all delicacy will be used towards those who entrust themselves to her care. In female diseases, it is universally successful in her
