#### AMUSEMENTS.

ACADEMY OF MUSIC-ENGLISH OPERA.-By general request, Balie's beautiful opera, The Bohemian Girl, will be repeated this evening for the last time. It was given on Friday evening and Saturday afternoon to large audiences, and we presume the house will be well filled to hear it again to-night. It has been the "hit" of the season.

On Friday Mr. Fox will take his farewell benefit for which constraints have no doubt will be favored with immense audiences every night. fit, for which occasion he has arranged a great bill. Baldy creates great amusement; Santa Anna, a one-legged dancer, who performs astonishing feats; and Mr. J. C. Stewart, Denny Gallagher, and others, who are fine Ethlopian delineators. Twenty-five hams were distributed among the audience on Saturday night, amid roars of laughter.

#### CITY INTELLIGENCE.

[FOR ADDITIONAL LOCAL ITEMS SEE THIRD PAGE."

THE NEW COHOCKSINK CHURCH. - During a very heavy gale in January, this structure re-ceived considerable damage. The walls, though unusually heavy, being green, and the roof but partly on, and without lateral braces, in this condition they were driven out of line in the centre about six inches, making two breaks of two or three feet, over one window but only of two or three feet over one window, but only passing through the pressed brick, and not ex-tending through the wall. Force has been applied, and they were easily and without diffi-culty brought back and secured. The "Build-ing" Committee, in order to remove all fear, have, after great expense in restoring the struc-ture to its former strength, obtained the opi-nions of many, and the best judges on those matters in this city, to the effect that the church is one of the most secure and substantial struc-tures in the city. Everything that architec-tural skill and money could do has been done. Indeed, there seems hardly room for another brace, so that half of both the sides might be knocked out without the least danger of the roof falling. It has stood two very severe storms since its damage. The foundation is on the rock; it is built with great care, and we see no possibility of the least danger. We are happy to learn that it is fast approaching completion, and the congregation expect to move into the electrostropy. In a few weeks, with the most "lecture-room" in a few weeks, with the most encouraging hopes of success. The doors are open the greater part of every day, and we would suggest that those interested step in and

Official Visitation .- On Saturday evening an official visitation was made to Enterprise Lodge, No. 201, L. O. of O. F., by M. W. Grand Master George Fling, of the Grand Lodge of Pennsylvania, and Past Grand John G. Moxey, Chairman of the Committee of Superintendence of the Grand Lodge. During the evening Grand Master Fling was pleased to preside, and remained during the ceremony of initiation, after which he complimented Enterprise Lodge for its efficiency and general prosperity, and spoke of the startling progress of the order in this State. He stated that he had just instituted Hamilton Lodge, No. 598, located at West Philadelphia, and that there were now in this State over sixty thousand Odd Fellows in good Philadelphia, and that there were now in this State over sixty thousand Odd Fellows in good standing. The address of Grand Master Fling was listened to with great attention. He was followed by Past Grands Moxey, Mulr, Kames, York, Noble Grand A. N. Clossin, Vice Grand Householder, and others, in brief speeches; and the occasion was thus rendered peculiarly interesting to the large number of young members of the Order present. of the Order present.

A DBUNKEN BELLIGERENT .- Edward Haffy a man who is said to love his beer, and who is a large consumer of foreign and domestic spirits, was arrested in Beach street, above spirits, was arrested in Beach street, above Contes, yesterday morning, on a charge of assault and battery. It appears that Haffy went to a whisky mill in that neighborhood, and obtaining entrance, demanded a supply of the ardent. The proprietor refused to satisfy his demands, and Haffy thereupon undertook to take satisfaction out of him. In the course of the latter operation, the saloon-keeper got his head pounded, and received contusions in various parts of his body. Haffy had a hearing before Alderman Toland, the result of which was that he was committed in default of \$800 hail to answer. bail to answer.

HIGHWAY ROBBERY .- Joshua Mooney and Alfred Alexander, two colored members of the fraternity of thieves, were arrested by Officer Young of the Fifth Police District, at Eighth and Lombard streets, on a charge of highway and Lombard streets, on a charge of highway robbery. It appears that last evening they met another colored man at Elighth and Emeline streets, and robbed him of his pocket-book, containing \$45. One of them cut out the side pocket in which the money was, while the other held him. The victim was a deaf and dumb man, and was employed as a brakesman on one of our railroads. When robbed he was going to his work. Mooney and Alexander had a hearing before Alderman Fitch, who held them in \$500 bail each to answer.

A FORCIBLE ENTRANCE.—About half-past 1 A Forcible Entrance.—About half-past 1 o'clockion Saturday morning, a young German named William Boehm resolved to make an early call upon alliady in Selbert street, above Fifteenth. He proceeded to her house, and, gently tapping upon her front door, asked for admittance. She was alarmed at such an early visitor appearing, and as a matter of course refused to admithim. Thereupon his anger waxed hot, and, lifting up his foot, he smote the door with it until it was smashed in. The guardians of the night were aroused by the antimely noise, and arrested the belligerent William and escorted him to the Station House. He had a hearing yesterday before Alderman Fitch, who committed him in default of \$1000.

SUSPECTED BURGLAR. - Yesterday morning Suspected Burglar. — Yesterday morning a man named Johnson Kelly, was arrested at Duponceau and Locust streets on a suspicion of burglary. It appears that a short time before, the liquor store of Mr. McCormick, on Seventh street, was entered and robbed, but the thieves succeeded in making their escape. Kelly, however, was found hanging around in the immediate vicinity, without having any special business, and was accordingly taken in charge, He had a preliminary examination before Alderman Swift, the result of which was that he was held for a further hearing on the charge of a suspicion of burglary.

STABBING APPRAY ON THE TOG AMERICA .- On the morning of February 5, between 5 and 6 o'clock A. M., in an affray between John Elliott and Richard Brown, employed as firemen on board the tug America, the latter was stabbed by the former in the side, and his recovery is doubted by the medical gentlemen in attendance. The case was heard before United States Commissioner Smith on last Saturday afternoon at 3 o'clock, when the following facts were given in evidence:—

Commissioner Smith on last Saturday afternoon at 3 o'clock, when the following facts were

the tug America; on the 5th of February, about
half-nast 5 o'clock, while we were just inside
the Delaware Breakwater, and while I was
lying in my birth, some one halloed down the
hatch that the firemen were fighting; I went
into the fire-room, and saw Richard Brown on
top of John Eiliott, both employed on the yessel: I pushed them, when Brown said that
Eiliott had a knife and would stab him; as I
was turning to go out of the room, and when
the two parties were standing about six
feet apari, Eilliott started towards Brown,
and then I jumped up between them
and caught Eiliot's arm; I did not then see the
knife; but in the struggle to get out of my grasp,
Eilliot got near Brown and struck him a "backhanded lick;" after that I saw blood streaming
from the breast of Brown; the latter then started
for a hoe, which he took and struck Eiliot;
Brown went up on the boiler-deck and laid
down and Eiliot want to worke after a short. Brown went up on the boller-deck and laid down, and Elliot went to work; after a short period I stepped up to Elliot and asked for the knife with which he struck Brown, and hegave it to me without any reluctance; it was an old fashioned long-bladed clasp-knife. Brown was a class of the transfer of the structure taken to his home in Chester, and Elliot was

ADMITTED TO SUPREME COURT .- At a Supreme Anmitted to Supreme Court.—At a Supreme Court in and for the Eastern District of Pennsylvania, before the Hon. George W. Woodward, Chief Justice, and his Associate Justices, on the 16th day of February, 1867, on motion of Amos Briggs, Esq., Benchet F. Foust, Esq., was duly sworn and admitted to practice as an attorney and coursellor of the said Supreme Court. General Forestia at this time Assistant. Court. He will return to his native city at the close of his present tour of duty, and resume the more quiet pursuits of civil life.

ON A DOUBLE CHARGE .- Last Saturday after noon, Officer Bocken, of the Ninth District, ar-rested a young man named Frank Laughlin at Sixteenth and Callowhill streets, for being drunk and disorderly. On taking him to the Station Honse, the attention of the officer was called to an unusually fine pair of boots for a man of his description to wear, and on making further investigation it was found that the boots had been stolen from a shoe store on Vine street, sabove Fifteenth, about a week or two previous. At that time the prisoner, with two previous. At that time the prisoner, with two others, had gone to the store in question, and had asked to see some fine callskin boots, under the pretense that they wished to purchase. While the proprietor was engaged in talking to another customer, the three walked out of the store with the boots in their possession. They succeeded in making their escape at the time, Laughlin had a hearing before Alderman Hutchinson, and was held in \$1500 bail to answer.

Petty Police Matters .- John Logan, whilst retry folice matters.—John Logan, whilst laboring under an attack of whisky, became quite noisy in the neighborhood of Thompson and Palethorp streets. An officer attempted to take John into custody, when the latter turned on the officer, knocked him down, kicked him, and tore his beautiful blue coat. The prisoner was, however, secured, and had a hearing before Alderman Shoemaker, who held him in \$1500 bail to answer for being drunk and disorderly, and for assault and battery on an officer.

The inevitable John Smith was arrested on Saturday night, near the Seventh District Station House, and was taken before Alderman Toland, on a charge of taking more whisky than he could carry. John acknowledged the charge, and was therefore furnished with lodgings, at the city's expense, until he can be tried.

MERTING OF THE BOARD OF SURVEY .- At meeting of the Board of Surveyors, held this morning at 10 o'clock, the following sewers were authorized:—A three feet sewer on Marshall street, from Willow to Spring Garden, and two six feet sewers on Jefferson street, between Alder and Warnock streets, on Spring Garden street from Twenty-fourth to Twenty-fifth Alder and Warnock streets, on Spring Garden street, from Twenty-fourth to Twenty-fifth streets, on Twenty-fifth street, between Hamilton and Brandywine street, and on Barnwell street, from Pine to Lombard streets. pocket-book into a coffee stand, and walked off.
Some one, however, observed their actions, and

THE AUCTION BUSINESS .- A new firm has been organized in this city, under the name of Messrs, Samuel C. Ford & Sons, Auctioneers. The senior of the firm has long been one of the principal partners of a well-known dry goods. establishment in this city, and one of the other partners was an officer in the army during the war. They are intending to do business on the most liberal terms. They will hold sales of real estate, stocks, etc., at the Exchange, every Fri-day. From their well-known business enterprise those of our citizens who may chance to have business with them can depend on prompt and careful transactions in their line.

STREET WALKERS, - Lieutenant Bowers made a clean sweep of nearly a dozen of the degraded females who perambulate the streets near Seventh and Cherry. It will be recollected that only a short time ago a large number of the same class were arrested in a disorderly house in that locality. The women arrested last night had a hearing before Alderman Godbou, and were committed to answer the charge of disorderly conduct.

Ball.-The well-known Beck's Philadelphia Brass Band will hold their annual ball at the Musical Fund Hall this evening, commencing at So clock. From the arrangements that have been made, and from the well-known ability and tact of the managers, a very pleasant time may be anticipated. With the present beauti-ful weather, there is no reason why this should not be the ball of the season.

Found.-A sorrel horse, with nearly new light buggy attached, was picked up last night near Eleventh and Fitzwater streets. The owner can obtain possession of his property by applying to Lieutenant Hampton, at the Southwark Hall Police Station.

ALL SERIES. MEDICAL ELECTRICITY. Latest and Most Important Discoveries

in the Treatment of Chronic Diseases.

#### DR. S. W. BECKWITH'S ELECTRICAL INSTITUTE. No. 1220 WALNUT ST.

During our investigations in the treatment of disease in its various forms by the agency of electricity, we have obtained very many valuable and startling facts, which, added to the previous though limited information, possessed by other and less fortunate operators, place us beyond all previous knowledge of this mysterious agent. Luring the course of our practice we have treated and cured, through the knowledge thus gained, many thousands, and by means of our new discoveries have established ourselves as the most successful Medical Electricians in DE HAVEN&BROTHER. this country or Europe.

Electrical investigation has proved that the human body acts on the principle of the galvanic battery. The brain, mucous and serous membranes, the skin, tissues, and fluids constitute the negative and posttive torces, and every action, whether mental or physical, is the result of these antagonistic torces. Digestion, respiration, circulation, secretion, and excretion are due soiely to electrical influence. There is a polar action established throughout the nervous system which connects with every part of the body, establishing and preserving a proper balance of the electrical element which consututes health, and a disturbance of which causes disease. There are strictly but two conditions of diseaseone of inflammation, or positive; the other weak, debilitated, negative-and as electricity contains these two conditions in the action of the positive and negative currents, all we have to do is to neutralize the disease and restore proper, healthy action.

Among the chronic diseases in which electricity has been, and is daily being by our agency, of the greatest utility, a cure being rapidly effected after the failure of all other means, are:-

1. Epilepsy, Chorea, or St. Vitus' Dance, Paralysis (Hemplegia), Neuralgia, Eysteria, Nervousness, Palpitation of the Heart, Locklaw, etc.

2. Sore Inroat, Dyspepsia, Diarrhoa, Dysentery, Obstinate Constipation, Hemorrhoides, or Piles, Billous, Flatulent, and Painter's Colic, and all affections of the Liver and Spicen.

8. Catarrh, Cough, Influenza, Asthma (when not caused by organic disease of the heart), Bronchits.

s. Catarra, Cough, Innuenza, Asthma (when not caused by organic disease of the heart), Bronchitts, Pieurisy, Pieurod, ill., or Rheumansm or the Chest, Consumption in the early stages.

4. Gravel, Diabetes, and Kidney Complaints, Impotence, and Seminal Weakness. The latter complaints never fail to yield rapidly to this treatment. Accounts of Banks and Bankets received on liketal 5. Rheumatism, Gout, Lumbago, Stiff Neck, Spinal Curvature, Hip Diseases, Cancers, Tumors (those last named always cured without pain, or

plasters in any form).

6 Uterus Complaints, involving a mal-position, as Prolapsus, Antroversion, Retroversion, Inflammation, Uteration, and various other affections of For information desired upon other diseases, application may be made at the office, or by letter.
