CITY INTELLIGENCE FOR ADDITIONAL LOCAL PLANS SEE THIRD PAGE. CITY COUNCILS.—The regular meetings of City

Conneils were held yesterday afternoon. The Select Branch.-Mr. Spering, President, was in the A petition for permission to lay railroad track en Tweith street and on State ath street was pre-sented by Mr. Gillingann. It was referred to com-

A petition was presented by Mr. Harlow, asking that Montrose street, Twenty-sixth ward, be paved, and be supplied with water pipe. This was

A petition asking that no railroad track be laid welfth or Stateenth streets was presented by Jones. It took the usual course of reference. A communication was received from the City commissioners, through Mr. E.ng, asking for an additional appropriation of \$1-54, to pay salaries of two additional officers of the courts recently appointed. This, also, was referred to committee. A note was reserved to committee.
A note was reserved to committee.
Water Works, Frederick Graeff, Esq., announcing
the appointment of George F. Keyser, Registrar,
and Charles D. Thomas, Chief Clerk in his department. The request for their confirmation accompanying the note was referred in due course.

A report was now presented from the Committee on City Property, including an ordinance pro-viding for the appointment of two additional watch-men for the new Court-house, and also a janitor and housekeeper. Referred.

A motion was made to strike out the two watchmen, as their services were not at all necessary.

This was agreed to.

Mr. Bumm thought that the services of one watchman were absolutely pecessary, and after he had given arguments in support of his motion the opposition ceased. His motion that a janitor. neekeeper and one watchman be apointed was note from the Prothonotary of the District

Court, asking authority to possesse himself of the office used by the Clerk of the Quarter Sessions, was referred. was referred.

A resolution of instruction to the Superintendent of City Railroads, authorizing him to remove the rails on the south side of Market street, between Ninth and Eleventh streets, was adopted.

The Committee on Law, to which body had been referred the resolution requesting Mr. George F. Young to relinquish his place as Trustee of the Gas Works, for alleged perfidy to trusts reposed in him, offered a resolution discharging the committee from the further consideration of the subject before them. This massed.

ject before them. This passed.

The ordinance authorizing the construction of certain sewers, made at last meeting the special order of this day, was called up.
It authorizes the Chief Engineer to enter into

contracts for sewers, as follows:

A sewer from the east side of Front street, upon the open channel of the Cohocksink creek (Canai street) to Laurel street; thence on said Laurel street to the Delaware river, with its branches.

A sewer on Millin street and Montgomery avenue, from old Camac street to Sixth street, on the open channel of the Cohocksink creek, on

the open channel of the Cohocksink creek, on A sewer (extension of the Cohocksink creek) on Ninth street, from Berks to Norris, on Norris to Eleventh, on Eleventh to Diamond, on Diamond to Twelfth, on Twelfth to Dauphin, and on Dauphin to Sixteenth street. A sewer on Ellsworth and Twenty-fifth atreets.

from the river Schuylkill to Federal street; thence on Federal street to Eighteenth street.

A sewer on Norris street, from Ninth street to Memphis street, on Memphis street to Palmer street, and on Palmer street to the river Delaware. A sewer on Forty-third street, (Mill Oreek) from Oak street, to intersect creek below Pine street. A sewer on Broad street, from Clearfield street to Ontario street; thence on Ontario street to near

Seventeenth street, Sewers on Seventeenth and Eighteenth streets, from Vine street, northward to Spring Garden street, to relieve the intersection of Eighteenth and Vine streets. Sewers on Twelfth street, from Christian to Shippen. Sewers on Eleventh street, from Christian to

Washington street.
Sewers on Washington street, from Broad to
Seventeenth, to relieve the flooding at Twelfth and Washington streets. Washington streets.

Sewers on Front street, from Reed to Federal street, on Front and Dickerson street to Moyamensing road, to relieve the intersection at Front and

Reed streets. Mr. Marcus moved to amend by adding, "one on South street, from Sixth to Tenth street, and on Ninth street, from South to Christian street." This The bill was then referred to the Committee on

Surveys.

Mr. Cattell offered a resolution that the Legisla-Mr. Cattel onered a resolution that the Legisla-ture be requested to pass a bill providing for the appointment of an inspector of stationary steam boilers, with a view to diminishing the frequency of steam boiler explosions.

Colonel Page offered a resolution requesting that the Legislature shall be requested not to pass a bill now before them, relative to the Coroner of the county. Colonel Page pronounced the act op-

pressive and unnecessary, calculated to add addi-tional burdens to the people.

Colonel Page stigmatized the bill now before the House as an outrage. It authorized the Coroner to hold inquests wherever he thought proper to ignore any physician's certificate of death, and was calculated to swell the \$12,000 now appropriated

calculated to swell the \$12,000 now appropriated each year to the expenses of the Coroner's department to double that sum.

A resolution to change the name of Prune street to Locust street was adopted.

A resolution to increase, by two members from each Chamber, the committee appointed to consider the wisdom of buying the Gas Works, and making it a department of the city, was agreed to.

A resolution was offered asking the Legislature to set apart the Parade Ground for the purposes of a house of correction. It was postponed for one week.

one week. Mr. Shalcross offered a resolution to change the locality of a precinct house in the Twenty-third ward. Referred. March. Referred.

A resolution thanking the Legislature and the Historical Society of Pennsylvania for the return of the Hancock chair and table was offered by Mr.

umm. It was unanimously adopted. A resolution requesting the Legislature to pass a bill authorizing the construction of a bridge over the Schuylkill, from Callowhill street to Powel-ton avenue, was referred to the Committee on Fi-A list of appointments by the Receiver of Taxes

was agreed to.

An ordinance increasing the salaries of the messengers of Councils to \$1000 per annum (with no extras) was referred.

A resolution by Mr. Jones, to put Main street, Manayunk, in proper condition, was referred.

The bill making annual appropriations to the
Pire Department was adopted as it came from Common Council.

A resolution was offered by Mr. Bumm, asking the Legislature to pass a bill submitting to the people of Philadelphia the question whether or not the cars shall run on Sunday, and also to de-cide whether or not negroes shall be permitted to

ride in them.
Dr. Kamerly earnestly protested against the embodiment of two questions in one. The negro should be left out of the question, and the matter should be put to yote, "shall a suffering people who cannot afford to keep their carriages be per-

with cannot take the privilege of riding in public conveyances on Sunday!"

Mr. King was in favor of the cars running on Sunday. He did not wish to see the resolution defeated. The amendment about the negro was appended in Common Council; without that it could not have passed. If sent back amended to Com-mon Council, nothing more, probably, would be

heard of it.

Dr. Kamerly persevered in his motion to strike out the negro matter from the bill.

The motion to strike out was not agreed to, and

the resolution passed.

Dr. Kamerly offered an ordinance for the better regulation of the Highway Department. Reterred to Committee on Highways. Adjourned.

Common Branch.-President Marcer in the chair The Mayor having returned without his signature the bil creating a new police district in the Twenty-fifth and Nineteenth wards a message to

that effect was read.

The objections named against the bill were that
the ordinance did not provide the means for carrying into effect the provisions of the bill, and did
into effect the provisions of the bill, and did not provide for proper telegraphic communication with other portions of the city. Notwithstanding his veto the Mayor expressed approval of the general intent of the bill. The bill fell.

A remonstrance from citizens of Bridgewater street, West Philadelphis, against paying that

street, was received.

Mr. Hanbock offered a resolution directing the
Commissioner of City Property to immediately
rent the house in Fairmount Park to the highest
bidder. The Commissioner was directed to so dis-

pose of the property over a year ago.

Mr. Palmer read an advertisement published in
1866 in the North American, to which apparently
no answer had been received. He moved the reference of the resolution to the Committee on Property. So ordered.
Mr. Harrison offered a petition for a cuivert on Sixth strest from Girard avenue to Thompson

Also in favor of a passenger ratiway on Tweifth

d Sixteenth streets.
Mr. Hill offered a resolution directing the City Solicitor to ascertain if the city has the power to prevent loads of undue weight pussing over the city roads and bridges. Referred to Highway Committee. [This is intended to prohibit wagons hauling four and five tone from the suburban. roads where their heavy burdens destroy the road

mr. Mershon presented an ordinance making the penalty for neing sait upon a railway track in the city one thousand dollars for each offence.

A motion to table was lost. The ordinance was reterred to the Committee on Law.

The petitions were sent to the regular committees. The appropriation to the Fire Department was then called up.

The appropriations to the Empire Hook and Lander. Congress and Kingsessing Companies

Ladder, Congress and Kingsessing Companies were increased from \$300 to \$400, and the bill passed. The total outlay is \$113,316 67. passed. The total outlay is \$13,316 67.

Mr. Simpson called up the bill to promote public cleanliness and health. It provides that by permission of the Department of Surveys, any premises can be connected with a sewer for the premises can be connected with a sewer for the sum of \$7.50 for premises under sixteen feet in width, and \$10 for all other properties, unless owners of premises have paid proportionally for the sewers, when \$1 shall be the fee. It also pro-vides that a competent person be appointed to make connections where they may be within atreet

lines, the parties making connections to pay for the cost of reaching the sawers.

The bill passed after nearly two hours' debate.

Mr. Evans offered a resolution instructing the City Solicitor to commence suit at once against the parties emptying offensive matter into the Schweitell.

Mr. Harper presented a substitute, directing the solicitor to restrain the parties from corrupting the waters of the pool from which the city derives its apply of water. Mr. Potter moved to refer the subject to the Com-

nities on Law. Agreed to. The Select Council resolutions of request to the Legislature for certain important changes to the

ty government were called up. Mr. Harper offered the following substitute: Resolved, By the Select and Common Councils Resolved, By the Select and Common Councils of the city of Philadelphia. That highly appreciating the superior intelligence, high moral synding, and irreproachable integrity of the Legislature of the Sinte, and humbly acknowledging our own deficiencies, we do most respectfully request your sovereign bodies to enact such laws as these Coun-

cils may desire, viz:
Section 1. That from and after the passage of
this act, the Legislature shall fix the rate and levy the taxes now authorized by law within the limits of the city of Philadelphia, and place the same in

the State Treasury.

Section 2. That no salary of any officer elected by the people of the city of Philadelphia shall be increased or paid during the term for which he shall have been elected.

Section 3. That it shall not be lawful for the Councils to exercise any discretion or judgment as to the pay or compensation of any of the employes of the city, and if extra services have been ren-

dered they shall not be paid for.

Section 4. That any member of the Councils of Philadelphia shall be ineligible to any office of honor, trust or profit, either under the city, State or general government, for the balance of his na-Section 5. That each member of the Councils

shall be sworn or affirmed once a month to sup-port the Constitution of the United States and of the commonwealth of Pennsylvania, and that he the common weath, of Pennsylvania, and that he will not receive any gratuity, enter in or be interested in any contract, and that he will in all respects discharge his duties with fidelity.

Section 6. That it shall not be lawful for any member of Council to contract for furnishing supplies or materials, even should the city be enabled contract with him fifty per cent cheaper than contract with him lifty per cent. cheaper than

any other person. Section 7. That from and after the passage of this act, the people of the city of Philadelphia shall not have the right of choosing their municipal Legislature, but the judges of the District Court and the Court of Common Pleas shall appoint such officers as may be necessary to carry on the city government, together with the directors of the public schools of the public schools of the public of the city of Philadelphia country. ment, together with the affectors of the public schools; so that the people of the city of Philadelphia may understand that the dogma "that all power springs from the people." heretofore considered good Republican, Democratic and American doctrine, is for the future ignored.

Mr. Harper said that the intention of the substitute was to defeat the original bill. It is time for

tute was to defeat the original bill. It is time for Councils to meet this matter squarely in the face. The practice of going to the Legislature for legislation upon which Councils should themselves act should be now summarily checked. If Councils are incompetent to act for the city, and if they must continue to go to Harrisburg for all manner of bills which can be enacted by Councils, then Councils had better at once confess their own inefficiency and request the Legislature town tan end to ciency and request the Legislature to put an end to Councils. It will be far better for Councils to at once end their sessions than petition the Legisla-ture to do that for which the Legislature especially greated Councils.

created Councils.
Mr. Littleton said Mr. Harper and always been the opponent of the important measures of Select Council. Two weeks ago he argued against the proposition. When his argument failed he gives the Chamber a piece of pleasantry for the amuse-ment of the members. If Mr. Harper has another ment of the members. If Mr. Harper has another week for operation he will probably present a specimen in the style of Artemus Ward or Petroleum V. Nasby. But the Select Council propositions are just and wise measures. The amendments desired simply mean an annual revenue equivalent to an annual expenditure. It is a return to the safe and wise policy of the ante-consolidation times. The public debt is simply an accumulation of annual deficiencies. Had there been no deficiencies the debt of the city would be less by about ten millions than it is to-day. The Select Council desires that no public officer's pay shall be increased during the term of his office. This be increased during the term of his office. This was a provision of the old consolidation law, but it was unwisely repealed. Another clause of the resolutions is for no extra appropriations. This should be made a law. There should be no more appointments given to the courts. In time, if the ppointing power be there vested, it will break lown the courts, by subjecting them to political

Pending a motion to make the subject a special order of the day next Thursday, the Chamber, at seven o'clock, adjourned.

LEGAL NOTICES.

No. 34 JOHN Street, N. Y. All styles and grades of Lead Pencils of superior quality are manufactured, and offered at fair terms to the Trade, The public are invited to give the AMERI-CAN LEAD PENCIL the preference. The Pencils are to be had of all the principal Stationers and Notion Dealers.

ASK FOR THE "AMERICAN LEAD PENCIL."

[TESTIMONIAL.] SHEFFIELD SCIENTIFIC SCHOOL. YALE COLLEGE, November 16, 1896, YALE COLLEGE, November 16, 1896,
I have always recommended the Farer polygrade lead pencils as the only pencils fitted for both ornamental and mathematical drawing; but after a thorough trial of the American Polygrades Lead Pencils manufactured by the AMERICAN LEAD PENCILS manufactured by the AMERICAN LEAD PENCIL CO., N. Y., I find them superior to any pencil in use, even to the Farer or the old English Cumbershamb lead pencil, being a superior pencil for aketching, ornamental and mechanical drawing, and all the ordinary uses of a lead pencil.

These pencils are very finely graded and have a very smooth lead; even the softest pencils hold the point well; they are all that can be desired in a pencil, It gives me great pleasure to be able to meatre Americans that they will no longer be compelled to depend upon Germany or any other foreign market for pencils.
