It was stated that there are now in the House one hundred and fifty-two white and thirty colored soldiers.

ANNIVERSARY .--- St. John's M. E. Church was filled to overflowing on Sunday afternoon, the occasion being the Sixth Anniversary of the Juvenile Missionary Society attached to the Sabbath School. The exercises were opened with prayer by the Pastor, after which the pro-gramme, which had been propared for the occagramme, which had been propared for the occa-sion, was regularly gone through with. Several divines were present, and brief addresses made by them to the children. The Secretary's report was read, and listened to with no little interest. The receipts during the past, says the report, from the different bands and circles composing the Society, have been over \$217, all of which had been expended in a way well calculated to advance the cause of Christianity in the heathen lands very materially. After the award of a few testimonials, the assemblage the award of a few testimonials, the assemblage was dismissed with the benediction. One of the most prominent features of the occasion was the singing by the children. They per-formed their part well, reflecting no discredit whatever upon the merits of their instructor.

A SINGULAR CASE .--- A German named John Sauers, living in Devitt's court, Seventeenth Ward, hung out a flag yesterday. He fought throughout the war, was wounded, and receives a pension. Yesterday was the day for the pay-ment of pensions, and in honor of it he dis-played the national bunting. About 5 o'clock in the afternoon a party of five men passing his house saw the flag, and, with some trouble, tore it down. Sauers fired upon them with a pistol from the second-story window, and George Hunspur, one of the quintette, received a ball in his leg, where, at last accounts, it still remained. Sauers was arrested and held in \$2000 to answer, by Alderman Shoemaker.

FATAL ACCIDENT.-Mr. John Cope, Assistant Superintendent of the Philadelphia and West Chester Railroad, met a violent death yesterday atternoon. He was entangled between two cars of a train at the new depot, Thirty-first and Chesnut streets, and was mashed so fearfully that he survived but five minutes. His body was taken to his home, at the corner of Thirtyfirst and Oak streets. The Coroner held an in-quest. The testimony showed the case to be purely accidental.

CORONER'S INQUEST .- The Coroner held an inquest last evening on the body of a man named James Perry, aged 50 years, who died at the hotel, No. 929 Market street. Mr. Perry had been in a poor state of health for some time back, and last evening he died in a few moments after going into the hotel.

An inquest was also held on the body of Jacob England, colored, who died suddenly at No. 23 Gillis' alley.

PAYMENT OF MERCANTILE TAXES .- The Appraisers of Mercantile Taxes for 1867 have nearly completed their labors, and the City Treasurer is now receiving payment for this tax from persons doing business in the Eleventh, Twelith, Thirteenth, Fourteenth, Fifteenth, Twenty-fourth, and Twenty-seventh Wards.

BRIDGE AT CALLOWHILL STREET .- The subject of a bridge over the Schuvlkill at Callowhill street was discussed in the Finance Committee of Councils last evening. An ordinance asking the Legislature for permission to build a bridge locality was postponed until next Monat that day night.

RETURN OF FINES AND PENALTIES .- The folowing Committing Magistrates have paid to the City Treasurer the fines and penalties re-ceived by them during February:-J. R. Massey, \$59; John Clouds, \$40; and Lewis Godbou, \$41, making a total of \$141.

THE CAUSE .- The clang of the fire bells at 3:45 yesterday, was caused by a trifling fire at No. 1023 Rodman street.

-M. Cousin was buried on the 24th ult., in Père la Chaise Cemetery, after the performance of a religious ceremony in the Church of the Sorbonne. M. Duruy, the Minister of Public Instruction, was present, and most of the learned bodies of Paris sent deputations. The pall-bearers were M. Patin, the senior member of the faculty of letters; M. Thiers; M. de Parieu, Vice-President of the Council of State; and M. Mourier, Vice-Rector of the Academy of Paris. At the funeral of M. Cousin Cherubini's "Requiem" and a "Pie Jesu," by M. Gevaert, were performed.

-Mr. Tennyson is about to leave the Isle of Wight, and take up his residence in the metropolis, solely on account of the manner in which he is disturbed by the "lion-hunters" of the island. The writer of "Table Talk" in the Guardian records that the Laureate is hard at work on a poem, longer and on a grander scale than his last, and that the house at Hampstead, near the Heath and the Militia Barracks, so long tenanted by the mother and sister of the poet, and where he himself was often a visitor, is about to be let in "apartments, furnished and unfurnished."

-The proposal of her Majesty's Commissioners for the Paris Exhibition, to present at one view, as nearly as practicable, every publication which has issued from the press of the United Kingdom during the year 1866, has made, we are told, vory successful progress towards completion. Upwards of three thousand volumes have been contributed by the various publishers as a loan for exhibition; and almost all the leading firms in London and in Edinburgh have sent in their publications of the year, including many of magnificent and costly character.
