INTERESTING OCCASION.—The Annual Examination of the New Jersey English, Scientific, and Classical Institute, at Hightstown, took place a few days since. These examinations are public; and for two days the spacious and beautiful Baptist Church was crowded with citizens, parents, and others interested, from abroad, to listen to the unusual attainments and proficiency of these pupils. H. K. Smith, Esq., who has long been connected with the educational interests of Philadelphia, was present, and in a few remarks expressed the opinion that for thoroughness the school was second to none in the land. He had not seen classes exhibit such profesency in the Calculus and other mathematical studies on any former occasion. This reflects great credit upon Pro-fessors E. and E. Haas, the Principals of this rising institution. Professor Dalpé has charge of the department of languages, and the promptness and thoroughness of his classes showed that the Professor has an aptness to teach which few men possess,

The young ladies and gentlemen recite together, and the refined manners of both proved to the public that the system has worked well; and we learn that, in order to appear to good advantage in the presence of each other, a commendable rivalry is promoted. Miss Shepherd conducts the department of vocal and intromental music with marked skill and

On the last evening of the examination the Rev. A. M. Jelly, of Philadelphia, was present, and delivered an address which will not soon be forgotten in Hightstown. The students and audience manifested their appreciation by frequent demonstrations of applanse. At the close of his address he congratulated the Board of Trustees and Managers of the Institution on their good fortune in securing the services of such gentlemen as Professors Haas and Dalpé, who, under God, could make the Institute whatever they pleased. And then, turning to the audience, he congratulated the citizens of Hightstown on having among them so many young ladies and gentleman who had proved themselves competent to appreciate such instruction.

CURIOUS CLAIM FOR WHARPAGE.-A matter of considerable interest to shipmasters and wharf-owners has been argued before Judge Cadwalader for the past two days, while sitting in Court of Admiralty. It was a libel to compel the payment of wharfage to Charles M. Weidner, by the master of the ship Jane D. Southard, of Maine. The circumstances under which the claim was made are these:-Many years ago the United States caused to be built two piers at Chester, for the protection of the shipping ice-bound in the Delaware. About four years ago Mr. Weidner built an intermediate pier, and during the past winter the ship Jane D. Southard, being for a month ice-bound, made use of one of the Government piers, and to better secure the vessel, a line was fastened to the wharf of Mr. Weidner. For this he claimed wharfage, and it was insisted that he had a legal right to it, though during the period the ship was detained at Chester it was impossible, the other side alleged, by reason of the river being filled with ice, for the pier to have been used by the libellant.

Judge Cadwalader was of the opinion that the libellant was entitled to wharfage, but upon a suggestion that the land between the two Government piers belongs to the Government, and that a Port Warden's certificate could not give the power to build a wharf there, he recommended Assistant District Attorney Valentine to apply for an injunction to restrain Weidner from collecting wharfage.

PENNSYLVANIA'S QUOTA.-The United States Military Asylum at Augusta, Maine, is rapidly filling. Jay Cooke, manager for the Middle States, yesterday sent to the asylum forty-six Pennsylvania soldiers. They were all disabled veterans. At their new home, sanitary care and comfortable apartments will be furnished, and they will be taught some light business, suited to their maimed condition. The men left under the guidance of Chaplain John Long. He gleaned them from the Almshouse, from the Soldiers' Home at Sixteenth and Filbert streets, and from the hedges and byways of the city. About the first of April he will return for a second company.

AID FOR THE SOUTH .- A meeting of our citizens has been called in aid of the suffering people of the South, to relieve the wants of the destitute there in the prosent impending famine, at the Board of Trade Rooms, at noon to-morrow. The call is indorsed by Mayor McMichael, and has the signatures of many of the most prominent business men in this community.

HAND MUTILATED .- A lad named George Pinker, sixteen years of age, living at No. 2015 Virginia street, below Coates, met with a serions accident yesterday afternoon at a factory in Cherry street, between Sixth and Seventh, by which three of his fingers were cut off. He was removed to the Pennsylvania Hospital.

ANOTHER SAFE ROBBERY .- The safe in the counting-house of Messrs, Watson, Malone & Co., Noble street wharf, was broken open about noon yesterday, during the absence of those in charge, and several checks stolen, which, with due bills, etc., carried off, amount to twenty-four hundred dollars.

CRUSHED BETWEEN TWO CARS .- About 2 o'clock yesterday afternoon a lad named William Jones was seriously injured by being caught between two cars at Ninth and Parrish

DEATH FROM AN OVERDOSE OF LAUDANUM .-Thomas Adams, forty years old, who resided in Wood street, below Twenty-third, died last evening, from an overdose of laudanum. PENIAN MASS MEETING .- A mass meeting of

the Fenians will be held at National Hall this evening.

ADVANCEMENT OF SCIENCE IN AUSTRALIA. Mr. Grubb, an optician of Dublin, has completed an enormous reflecting telescope, which was ordered by the Victoria Legislature, for the sum of £5000, for Melbourne. The tube of the instrument is four feet and a half in diameter. The sides are made of tapering steel ribs, and the entire instrument is not only singular on account of its dimensions, but als o because of its completeness, accuracy,

and "finish." A WHITE AUSTRALIAN BEAR .- An Australian paper notices the capture of the first white bear found in that colony. Its eyes are a light

THE OHIO CANAL - Navigation on the Ohio Canal will be temperarily closed on this (Tuesday) evening, for the purpose of repairs.

Population of Berlin.-The population of Berlin, according to the last census, is 632,370.

I have always recommended the Farer polygrada,
lead pencils as the only pencils fitted for both ornamental and mathematical drawing but after a
thorough trial of the American Polygrada LEAD
PENCILS manufactured by the AMERICAN LEAD
PENCILS manufactured by the AMERICAN LEAD
PENCIL CO., N. Y., I find them superior to any lencil
in use, even to the Farer or the old English Commericans lead pencil, being a superior pencil for
sketching, ornamental and mechanical drawing, and
all the ordinary uses of a lead pencil.

These pencils are veryfinely graded and have a very
smooth lead: even the softest pencils hold the point
well; they are all that can be desired in a pencil, if
gives me great pleasure to be able to assure Americans that they will no longer be compelled to depend
upon Germany or any other foreign market for
