INTERESTED PARTIES AS WITNESSES.—The following petition, signed by many of the most influential members of the bar, has been sent to the Legislature:—

To the Senate and House of Representatives of the Commonwealth of Pennsylvania. The memorial of the undersigned Judges and members of the Bar respectfully showeth:—

First. That the old common law rule of evidence excluding parties and persons interested as witnesses in civil suits was, by the exertions of enlightened statesmen and jurists, abolished in England several years ago, and that this great improvement in jurisprudence, tested by experience, has met the entire approbation of the bench and bar of that country and of the people.

Second. That similar alterations have taken place in New York, Massachusetts, Connecticut, Ohio, New Jersey, and in other States, with similar results.

Third. That in all the courts of the United States in the thirty-seven States of the Union, extending from the St. John's to the Rio Grande, and from the Atlantic to the Pacific Oceans, the same rule obtains.

Fourth. This produces a singular result in two adjoining squares in Chesnut street. On Independence Square you are excluded as a witness; but cross Fifth street, and you are admitted in the square below. The same anomaly prevails in Pittsburg; excluded on Grant street, but admitted on Smithfield street.

Fifth. One step was taken in the right direction by the act of 27th March, 1865. It has been liberally construed by the Supreme Court, and has promoted the cause of justice.

Sixth. Another step has been taken in the right direction by the act which lately passed the House and is now in the Senate, and which we trust will become a law, and place us on a footing with our sister States.

A SHARP SWINDLER AND FORGER.—Edward F. Stewart had a hearing before Alderman White yesterday afternoon, charged with the larceny of dry goods of the value of $350. It seems from the evidence that in the latter part of February, of this year, the defendant called on the firm of Riddle, Sherborne & Company, No. 438 Market street, and presented high testimonials of character from respectable houses at Easton, Stroudsburg, and other places, and was immediately engaged as a clerk. He almost immediately commenced stealing dry goods, and turning them into cash by sending them to the auction store of Henry P. Wolbert, No. 202 Market street. The firm missed their goods, and discharged an old and faithful porter, who had been in their service for the last fifteen years. On Tuesday last the defendant left his situation suddenly, when the prosecutor made complaint before the Alderman. A search-warrant was issued, and a quantity of the goods found in the defendant's trunk at his boarding-house, Fourth and Arch streets, and the balance traced to the auction store, and to a tailor's store on Fifth street. The testimonials proved to be forgeries. Defendant was committed in default of $2000 bail to answer the charge. He is believed to be an old offender.

ADMITTED TO THE HOSPITAL.—The following cases were admitted yesterday into the Pennsylvania Hospital:—

Thomas O'Brien, aged fourteen years, and residing in Penn street, between Twenty-fifth and Twenty-sixth, had his face and neck burned very badly in Schuylkill county. He was employed upon a canal boat, and was lighting a fire with some coal oil, when the can exploded. O'Brien got out of the cabin by jumping through the window. In so doing he cut one of his hands badly.

William T. Grause, aged twenty-one years, residing at No. 4 Winter's court, in Wood street, below Tenth, had three fingers cut off while at work in the steam saw-mill of Messrs. Laugenbach, Prensch & Hausch, No. 1204 Willow street.

Albert Roesch, aged eighteen years, had his right hand badly cut, while at work in Richard & Co.'s establishment, at No. 1206 Market street. He was removed to his residence, No. 929 Cherry street, after his wound was dressed.

EXPENSES OF GIRARD COLLEGE.—The pupils in Girard College now number 500, a portion of whom have been recently admitted. This number will be kept up, new boys being admitted as those in the institution arrive at the proper age for binding out. The cost for maintaining the College in 1866 was $115,826·19. Of this amount, $39,999·26 was for subsistence, and $19,988·43 for clothing, bed-clothing, and outfits.

ASSESSING FOR STATE TAX.—The Assessors now making the triennial assessment are instructed to inquire of parties as to the amount of moneys they may have secured by mortgage, or money invested on interest, etc. This is done for the purpose of securing the State tax of three mills, and not for city purposes, as many suppose.

VETERANS OF 1812.—The number of persons entitled to pensions in this city, under the act of the Legislature of this State, is between eight and nine hundred. The City Treasurer, Mr. Bumm, has already paid over five hundred.

THE STONE MASONS.—A meeting of the journeymen stone masons was held last evening, at No. 1939 Market street, for the purpose of forming a Union for the protection of their interests.

FLOUR AND MEAL.—The inspection for the week ending March 21, 1867, amounted to:—Barrels of superfine, 6963; do. fine, 10; do. middlings, 21; do. rye, 279; do. corn meal, 234; condemned, 4. Total, 7511.

BROKE HIS LEG.—Mr. J. M. Hughes, sixty years of age, fell at Sixteenth and Walnut streets yesterday, and broke his thigh. He was taken to his residence, at No. 1726 Rittenhouse street.

SPRING OVERCOATS.—We have a complete assortment of this seasonable and sensible Garment in all kinds and shades of colors, at astonishingly low prices.

PHILADELPHIA, March 16, 1864.
Dr. W. Wright.—Dear Sir:—My children were ill; one four years old was a very severe case of Catarrh on the Breast; the other, a babe of six months, suffered greatly from Croup. I tried several kinds of medicine, which failed to relieve them when I was persuaded to try your TAR SYRUP, which effected a cure in a few days. I have recommended it to some of my friends, and in all cases it gives entire satisfaction.

MEDICAL ELECTRICITY.
Latest and Most Important Discoveries in the Treatment of Chronic Diseases.
DR. S. W. BECKWITH'S
ELECTRICAL INSTITUTE,
No. 1220 WALNUT Street.

During our investigations in the treatment of disease in its various forms by the agency of electricity, we have obtained very many valuable and startling facts, which, added to the previous though limited information possessed by other and less fortunate operators, place us beyond all previous knowledge of this mysterious agent. During the course of our practice we have treated and cured, through the knowledge thus gained, many thousands, and by means of our new discoveries have established ourselves as the most successful Medical Electricians in this country or Europe.

Electrical investigation has proved that the human body acts on the principle of the galvanic battery. The brain, mucous and serous membranes, the skin tissues, and fluids, constitute the negative and positive forces, and every action, whether mental or physical, is the result of these antagonistic forces. Digestion, respiration, circulation, secretion, and excretion are due solely to electrical influence. There is a polar action established throughout the nervous system which connects with every part of the body, establishing and preserving a proper balance of the electrical element which constitutes health, and a disturbance of which causes disease. There are strictly but two conditions of disease—one of inflammation, or positive; the other, weak, debilitated, negative—and as electricity contains these two conditions in the action of the positive and negative currents, all we have to do is to neutralize the disease and restore proper healthy action.

Among the chronic diseases in which electricity has been and is daily being, by our agency, of the greatest utility, a cure being rapidly effected after the failure of all other means, are:—

1. Epilepsy, Chorea, or St. Vitus' Dance, Paralysis (Hemplegia), Neuralgia, Hysteria, Nervousness, Palpitation of the Heart, Lockjaw, etc.
2. Sore Throat, Dyspepsia, Diarrhœa, Dysentery, Obstinate Constipation, Hemorrhoids, or Biles, Bilious, Flatulent, and Painter's Colic, and all affections of the Liver and Spleen.
3. Catarrh, Cough, Influenza, Asthma (when not caused by organic diseases of the heart), Bronchitis, Pleurisy, Pleurodynia, or Rheumatism of the Chest, Consumption in the early stages.
4. Gravel, Diabetes, and Kidney Complaints.
5. Rheumatism, Gout, Lumbago, Stiff Neck, Spinal Curvature, Hip Diseases, Cancers, Tumors (those last named always cured without pain, or plasters in any form).
6. Uterus Complaints, involving a mal-position, as Prolapsus, Antroversion, Retroversion, Inflammation, Ulceration, and various other affections.

For information desired upon other diseases, application may be made at the office, or by letter.

Mrs. BECKWITH has entire charge of the Ladies' Department, and all delicacy will be used towards those who entrust themselves to her care. In female diseases, it is universally successful in her hands.

For the convenience of those desiring information, we give (by permission) a few names of persons, among the best business men and others of this city and elsewhere, whom we have treated and cured:—

A. R. Stewart, Mill Creek, Huntingdon county, Pa., cured of rheumatism of fifteen years' standing; Mrs. J. Y. Cumming, Kishicoquidas, Mifflin county, Pa., cancer of the stomach; John Kirkpatrick, New Castle county, Del., cured of a cancer in the breast in three weeks; Francis Gottwalls, No. 1846 Hamilton street, absorption of a tumor weighing eleven pounds; Jacob Vandegrift, Odessa, Del., severe case of diabetes; G.
