A WORD OR TWO ABOUT SCHENCK'S SEAWEED TONIC.

We presume that there is not a single reader of our paper, or any other intelligent person in the community, that has not heard of Dr. Schenck's famous Seaweed Tonic. It is one of the few really great medicines of the age, and is performing wonders wherever it is perseveringly and properly used. It is:-

First. A Tonic or Stimulant.

Second. An Alkali. Third. A Purifier, and yet perfectly harm-

Three-quarters of the people in the community, more especially in the spring, need just such a medicine as this. They feel indescribably dull and heavy, have little or no appetite. and after eating are still more heavy and dull and stupid; food sours, as it is sure to do when this condition of things exists; the mouth tastes bad, and there is a most uncomfortable state of matters every way; this need not be; the hint should be taken at once that there is something most emphatically wrong, and that it should be corrected without delay. Use Schenck's Seaweed Tonic, and our word for it you will soon be well. Your appetite will return, you will feel buoyant and energetic, and thus, doubtless, save yourself from a prolonged and expensive spell of sickness. It is marvellous what Schenck's Seaweed Tonic will do. It is the great friend and strength of the stomach; it urges that important organ to the performance of its duties, without which there is no health, no good feeling, no satisfactory purpose in life; it takes the food in hand, pre-

strength, and life to the patient. The thousands of sallow-faced individuals seen in every city and town in the country, running over us, as it were, with billious poison, could be saved like a charm with Schenck's Seaweed Tonic and Mandrake Pills. There is no need of them making such miserable spectacles of themselves. A few Mandrake Pills to clear away the rubbish and filth, followed by a generous use of this Tonic, would give them good blood, and plenty of it, a clear, healthy, and handsome skin, and energize them into live men and women, instead of, as now, uselessdrones.

pares it for easy and healthy digestion, and

sends it gladly on its way to be converted into

chyle and chyme and blood, imparting energy,

As a stimulant, Schenck's Seaweed Tonic is unequalled. Taken in the morning, or at any time, it is sure to create an appetite, without which there is but little use in trying to live. People must have food; and this food, when properly applied and distributed, sustains our natures and increases our strength. The Seaweed Tonic is sure to thus prepare the food for the body. It has been the means of saving thousands of lives, and is destined to save a million-fold more. With the Mandrake Pills we have already named, Schenck's Seaweed Tonic, used in time, we have no doubt whatever that seven-eighths of the diseases which afflict the land would be cut off, and

the afflicted be easily restored to health.

The may very simple. The stomach is
the headquarters of the body, the central point of the system. It is from this that all good and bad effects go out to bless or curse its possessor. Make it clean, put it in good running order, treat it handsomely, and there will be no more disease than in the solid rocks of the granite hills. We repeat it, that Schenck's Seaweed Tonic will do this for the Stonach. It is nature coming to the rescue of man in his peril.

When the nature and condition of disease are thoroughly understood, it will be seen that the doctrine we briefly inculcate is the true one, and that the medicine we advocate is precisely adapted to the doctrine. Thousands of "re constructed stomachs" in nearly every State in the Union, will gladly testify to this, and praise, as they should, the marvelous virtues of Schenck's Seaweed Tonic.

Why at least eight people in ten ought a once to use this Tonic may be stated:-

1st. Because your stomach is out of order and will sooner or later, unless aided, break

2d. Because you do not have half the enjoyment of life that you might.

3d. Because your blood is not pure and good, and if not, you are liable to active

disease at any time. 4th. Because you cannot think, or act, or do anything in business or out, so well as if

you were in the condition this Tonic will place 5th. Because it is your duty to be healthy and strong, to have a "sound mind," and

this on your own account as well as those 6th. Because this Tonic is within the means

of everybody. One "regular" "doctor's" bill would pay for half you would use in a life-

These reasons, and becauses, might be multiplied indefinitely; and each is as true as truth. We assert it without fear of contradiction. that Schenck's Seaweed Tonic is one of the greatest compounds that chemical, medical, or any science or skill ever achieved, and its magic merits have only to be known to make it the welcome visitant of every household in the broad land.

Dr. Schenck must get the stomach of every consumptive patient in this condition before his Pulmonic Syrup can be digested and penetrate the blood-vessels, to heal cavities in the

CORRECTION.—In our issue of yesterday, containing a letter from one of our correspondents on board the Mississippi steamer Great Republic, now at Louisville, it was stated that the firm of John O. Mead & Co., furnished the allyer-ware for the boat. This was an error on the part of our reporter, and a very palpable one, too; for there is now no such firm in existence in our city, that firm having boar. one, too; for there is now ac such firm in exist-ance in our city, that firm having been suc-ceeded some years since by a Mr. Rob-bins. Our reporter had reference to the firm Mead & Co., No. 910 Chesuut street, who did furnish the silver-ware for the tables of the Great Republic and we have heard. Great Republic; and we have heard many speak of it as one of the finest specimeus of its kind which has ever left our city. We feel this correction to be due one of the most enterprising of our Philadelphia firms. AMUSEMENTS.

A CALITHUMPIAN SERENADE AND ITS RESULTS. About a week ago a farmer named Griffery, living at Rocky Hill, near Frankford, got married. A number of the families in the neighborhood got together and tendered the newly married couple a calithumpian serenade. They barricaded the windows and put logs of wood against the doors, so that they could not get out without great difficulty. They then plasout without great difficulty. They then plastered the walls with flith and plastered the trees also with it, and even the shrubbery. They then made a great noise, which awakened the couple, and decamped. Mr. Griffery, however found out some of the names of those who had been guilty of the outrage, and had six of them arrested. They had a hearing before Alderman Holmes, who held them to answer the charge of misdemeanor. The participators in the affair were not only the young men of the neighborhood, but farmers advanced in the neighborhood, but farmers advanced in years, and who would reasonably be supposed to know better than to be engaged in such a

THE ROBBOWED DAYS .- The three last days of March are called the borrowed days. There is a popular tradition that they were borrowed by March from April, with a view to the de-struction of some unoffending sheep. No one has pretended to explain fully whence the fable of the three borrowed days has been derived. Most probably it has taken its rise from the fact that generally, during the last three days of March the weather is totally different from the days that precede or follow it. As a general thing they are expected to be more stormy and thing they are expected to be more stormy and wild, and according to the ideas of the people of Scotland, in which country the superstition is much rife, the stormier these days are the happier is the omen, inasmuch as the rest of the spring will be different from them. From pre-sent indications the three borrowed days will be the finest we have had for many weeks.

ARREST OF A COUPLE OF BURGLARS .- About half-past 2 o'clock this morning Officers Bran-son and Glass arrested Charles Wilson and John Miller near Thirty-sixth and Haverford John Miller near Thirty-sixth and Haverford streets, in West Philadelphia, on a charge of suspicion of burglary. They had with them a lot of tools used by burglars—a chisel, skeleton-keys, pair of nippers, piece of candle, etc.—and one of them had a "billy." They were taken before Alderman Allen, and, after a hearing, were committed to answer the charge. They are supposed to have been concerned in several robberies that have taken place in West Philadelphia during the past few weeks. West Philadelphia during the past few

SELLING LAGER ON SUNDAY .- A lager beer brewer named Joseph Willerman, who has an establishment in Bridesburg, was arrested last Monday for a breach of the Sunday law. It appeared that he was not satisfied with working six days in the week, but undertook to distribute his lager to his customers on Sunday, The quiet inhabitants of Frankford had Willer-man arrested. He had a hearing before Alderman Holmes, and tried to express to that gen-tleman the fallacy of calling this a free coun-try when a man cannot do as he pleases. He was held in \$400 bail to answer the charge of
