CITY INTELLIGENCE.

FOR ADDITIONAL LOCAL ITEMS SER OUTSIDE PAGES.

RESULTS OF A Row,-Yesterday afternoon a party of roughs went to a tavern in the lower part of the city, and wound up their afternoon perform ances with a free fight. The police interfered, and arrested two of the men. While taking the prisoners to the Station House, a young man named James McCurdy, residing at Ninth and Christian streets, it is alleged made an attempt to rescue one or the prisoners. He was warned to desist, when it is asserted he seized one of the prisoners and succeeded in was warned to desist, when it is asserted he seized one of the prisoners and succeeded in getting him away from the officer. The latter then drew his revolver and fired, the ball taking effect in the fleshy part of McCurdy's arm. He was removed to the Pennsylvania Hospital, where his wound was dressed.

Hospita: Cases,-John O'Brien, aged 21 years, living in Sansom street, above Tenth, while running to the fire, on Taursday evening, with the Philadelphia Hose Company, was run over by the Washington Hose; his leg was broken and his shoulder injured.

Ann McGill, aged 60 years, living at No. 1026 Wharton street, had her arms, feet, and legs below the knee badly scalded, by upsetting a wash-kettle full of boiling water upon herself, through her feet catching in the carpet and throwing her against the boiler resting on the

A Brace of Sharpers .- On Thursday afternoon about 1 o'clock a respectably dressed lad, about 15 years of age, entered the store of Messrs, J. L. Reper & Brother, No. 217 Callowhill street, and requested to look at the directory. It was handed him. About three minutes afterwards a young man, apparently about twenty-one, also genteelly dressed, came in and desired to look at some flour. Mr. Reper took a sample to the front or the store to show The lad, by this time, came out of the counting-room, passed Mr. Reper, thanked him, and walked out. The older one left shortly The brother of Mr. Reper returned from dinner shortly after, and having occasion to go to the money-drawer in the counting-room, discovered that the contents, \$60.38, were missing. No clue has as yet been obtained of the parties, who were, without doubt, the

CRAY'S PATENT MOLDED COLLARS

Are the foundation of the immense business now done in Paper Collars, and the present sale of them nearly equals that of all other makes combined. They have been made from uniform stock from the commencement, which now costs THIRTY-THREE per cent, more than that used in the production of any other Collar-consequently they cost the dealer more. Therefore, when consumers are urged to buy other makes at the same price as GRAY'S, it is because the inferior goods pay more profit. If you want the VERY BEST, then buy!

Gray's Patent Molded Collars. AND TAKE NO OTHERS. GRAY'S PATENT NOVELTY COLLARS,

The original and only patented Spaced Collar-and the most popular one ever made-and the Collar which all manufacturers strive to equal.

GRAY'S PATENT EUREKA COLLAR, The only Stand-up Collar ever made and molded so as to throw the upper edge away from the neck.

GRAY'S PATENT LINEN-FACE COLLAR, In the favorite Novelty style (from imported stock made expressly for this Collar), and costing but a trifle more than the all-paper, will wear twice as long and in summer is not as easily affected by perspira

If you want a good collar at a less price, then buy UNION PAPER COLLAR COMPANY'S UNION COLLAR, A.

NO. 29 SOUTH FOURTH STREET.

Diseases. DR. S. W. BECKWITH'S

ELECTRICAL INSTITUTE, No. 1220 WALNUT Street.

During our investigations in the treatment of dis ease in its various forms by the agency of electricity, we have obtained very many valuable and startling facts, which, added to the previous though limited information possessed by other and less fortunate operators, place us beyond all previous knowledge of this mysterious agent. During the course of our practhe we have treated and cured, through the knowledge thus gained, many thousands, and by means of our new discoveries have established ourselves as the most successful Medical Electricians in this country

Electrical investigation has proved that the human body acts on the principle of the galvanic battery. The brain, mucous and serous membranes, the skin issues, and fluids, constitute the negative and positive forces, and every action, whether mental or physical, is the result of these antagonistic forces. Digestion, respiration, circulation, secretion, and excretion are due solely to electrical influence. There is a polar action established throughout the nervous system which connects with every part of the body, establishng and preserving a proper balance of the electrical element which constitutes health, and a disturbance of which causes disease. There are strictly but two aditions of disease-one of inflammation or positive; the other, weak, debilitated, negative-and as electricity contains these two conditions in the action of the positive and negative currents, all we have to do is to neutralize the disease and restore proper healthy action. Among the chronic diseases in which electricity has

been and is daily being, by our agency, of the greatest utility, a cure being rapidly effected after the fallure

ntility, a cure being rapidly effected after the failure citall other means, are:—

Mrs. BECK WITH has entire charge of the Ladies Department, and all delicacy will be used towards those who entriast themselves to her care. In femate diseases, it is universally successful in her hands.

For the convenience of those desiring information, we give (by permission) a few names of persons among the best business men and others of his city and elsewhere, whom we have treated and cured—

A. R. Stewart, Mill Creek, Hantingdon county, Pa., cured of rheumatism of filteen years' standing: Mrs. J. Y. Cumming.
