AMUSEMENTS.

MENDELSSOHN SOCIETY.—The Grand Concert of the Mendelssohn Society, at Musical Fund Hall, this evening, will doubtless be a brilliant success, for the programme is one of a splendid character, and the performers every way qualified to do it the amplest justice. Mrs. Behrens, Miss Orlina Cunnington, Miss Blackburne, Miss Gormley, and Mr. Bishop will sing the solos and concerted pieces, and the choruses will be done by the talented society, numbering over two hundred selected voices. Professor Henry G.Thunder, the eminent planist of the Mendelssohn, plays the brilliantly difficult solos on the grand Fantasia of Beethoven, and the Germania Orchestra plays the accompaniments and one or two fine overtures during the evening. In addition to the Fantasia, another fine novelty, the 95th Psaim of Mendelssohn, will also be presented, and its rendition will create a sensation. It is a sublime affair, and every way worthy of the fame of its immortal composer. Selections from Rossini, Pacini, Mozart, and other celebrities, complete the splendid programme. Mr. Jean Louis, the Director of the Society, leads the forces on the occasion, and his efforts to establish a really good musical society entitle him to the warmest encouragement of the publie. A few single tickets for the concert can be had of Mr. Douglass, at Gould's, Seventh and Chesnut streets, an accommodation for nonsubscribers which should be taken advan-

[ FOR ADDITIONAL LOCAL ITEMS SEE THIRD PAGE.]

How It Occurred.—We give the further particulars of the fight in a down-town tavern yesterday afternoon. At that time, between 1 and 2 o'clock, Officer Conway, of the Second District, who had been detailed for special service, was standing at the corner of Thirteenth and Catharine streets, when he saw a man named James Conway go up to a colored man, and, without any provocation whatever, knocked him down and kicked him. Officer Conway ran over to the scene of the fight, and attempted to arrest Conway, when he was set upon and knocked down and kicked by eight or ten of the latter's triends. Struggling to his feet, they were rushing in on him, when he drew his revolver and discharged the two loads it contained at his assailants; one of whom, named Curry, received the contents of one load How IT OCCURRED .- We give the further named Curry, received the contents of one load in his arm. When the party found the officer had expended his ammunition they closed in had expended his ammunition they closed in on him, and took him into custody, and took him before Alderman McCloskey, by whom he was held in \$1200 bail to answer the charge of recklessly using his pistol in the street. Soon afterwards, four of the attacking party, named John Keenan, William Gibson, James Conway, and John Toner were arrested on a warrant. After a hearing before Alderman Tittermary, they were committed in default of \$3000 each, to answer the charge of assault and bateach, to answer the charge of assault and bat-tery on an officer and for riotous conduct. The negro who was assaulted, and the citizens who witnessed the disturbance, are requested to call upon Lieutenant Hampton, at the old South-wark Hall Police Station.

Chance for Housekeepers.—There is nothing that gives such a finished appearance to the interior of a house as tasteful and beautiful carpeting. The manufacture of this class of goods has now approached a perfection that is astonishing. Some of the elegant and rich specimens that our native and the foreign manufacturers turn out are so highly elaborated that they look almost too beautiful to step upon. At Messis, Leedom & Shaw's establishment, No. 910 Arch street, may be seen now a large assortment; of the finest and costlest Brussels and English Royal Wilton tapestry carpets, that will compare with anything in that line that has ever been placed before the public. Besides the finer qualities, they have all kinds and styles of Ingrain and Venetian carpets, mattings, rugs, druggets, etc. We advise our friends to give them a call. CHANCE FOR HOUSEKEEPERS .- There is nothing

A THIRVISH PARTY.-For some time past a party of young thieves have been making petty depredations upon the people residing in the lower part of the city. It appears that they would steal the articles and give them to a female vagrant named Margaret Armstrong, but rejoicing in the expressive cognomen of "Dirty Mag," to sell for them. This she did to a person named Caroline Hendry, at No. 721 shippen street. Amongst the articles stolen was a very fine piece of ladles' linen, valued at \$20, which was sold to Caroline. Lieutenant Fuller got wind of the affair, and arrested about half-a-dozen of the boys who were engaged in these operations, and also arrested the abovementioned females. They had a hearing before Alderman Lutz, who held the whole party in \$700 bail each to answer.

BURGLAR CAUGHT IN THE ACT .- About 4 Burglar Caught in the Act.—About 4 o'clock this morning, the family of Mr. Thomas Boyle, residing at No. 238 Spruce street, were alarmed by hearing a noise in the lower part of the house. Mr. Boyle went down, and discovered a colored man, who had just broken into the place through the back window. He called for help, and Sergeant Broomal, of the Fifth District Police, rushed to the spot and secured the burglar. He gave the name of Henry Morris, and when searched a hatchet, bag, and a screw-driver were found upon him. He was taken before Alderman Butler, and, after a hearing, was committed to answer the charge of burglary. charge of burglary.

PICKPOCKET ARRESTED.—Last evening, while a party of men were in the bar-room of Dennis a party of men were in the bar-room of Dennis Cursin's tavern, at Front and Dock streets, a gentleman observed a plexpocket cut the coat of a man named William Black, and removing the pocket-book, attempted to escape. The alarm was given, however, and Officer Burns took the thief into custody. He gave the name of John Hurley, at the hearing before Alderman Butler, His "pal" who was with him at the time managed to escape; but the pocket-book, containing \$45, was recovered. Hurley was committed in default of \$1000 bail.

CASE OF HOUSE ROBBERY .- Shortly after dark, last evening, some person or persons walked into the house of Mr. Neal O'Donnel, No. 12 Callowhill street, through the side entrance, and then passed up stairs. On getting up stairs several trunks and bureaus were rummaged, and \$600 in money, some silk dresses, and a set of furs were stolen. The inmates were in the lower part of the house at the time but did not hear the thieves whilst they were operating, and did not know of the robbery until they went up stairs to retire for the night.

STORE ROBBERY .- Some time last night an entrance was effected into the cigar store of Mr. J. Alexander, at the corner of Juniper and Fitzwater streets, by boring out a piece of a panel from the door. They only obtained \$5 in pennies and a couple of boxes of cigars. The thief used a common auger in boring out the panel, and, from the way in which it was done, was evidently not a very old hand at the busi-

This class of letters will be delivered through the carriers department and boxes the same as other mail matter.

SALE OF BOOTS, SHOES, BROGANS, ETC .-Sale of Boots, Shoes, Brogans, Erc.—We would call the early attention of the trade to the large and attractive sale of boots, shoes, brogans, balmorals, etc., to be sold by catalogue, for eash, on Monday morning, April 1, commencing at 10 o'clock, by McClelland & Co., successors to Philip Ford & Co., auctioneers, at their store, No. 506 Market street.

SELLING BOOUS JEWELRY.-Last evening a man named James Dunnon was going around to the differet houses in the neighborhood of Third and Callowhill, and trying to sell articles of jeweiry, which purported to be of gold. He stopped at Turner Hall, No. 444 N. Third streets and attempted to pass off some of his wares there but a policemen was called and be took and attempted to pass off some of his wares there, but a policeman was called, and he took his leave. He was soon afterwards arrested at Third and Noble streets, by Officer Griffith, and taken before Alderman Toland. After a hear-ing, he was held to answer the charge of false

STRALING CHICKENS .- Charles Williams was STEALING CHICKESS.—Charles Williams was arrested this morning for entering the yard of Charles Sodin, in Fothergill street, and stealing some chickens. He was committed in default of \$400 ball by Alderman Swift.

A MYSTERY AND HAPPY SOLUTION.—Mr. Jones, of B—, returned from his business to his eheerful home, but, to his surprise, found no wife to greet him with the accustomed kiss. He searched in the sitting-room, parlor, and dining-room, but all was as silent as the tomb. The terrible thought flashed upon his mind that a murder had been perpetrated. He rushed towards the kitchen, and stumbled over the loved form of his wife, who lay upon the floor, behind the table. Her face was like snow, and her hair dishevelled. He frantically lifted her up, pressed her cold lips to his own, crying—"Dead, dead! Help, help! My poor wife!"
To make a long story short, the wife had but fainted, All day she had stood at that household pillory, the ironing-table, until, exhausted with toil and vexation, she sank upon the floor, A few restoratives brought her to, and the mys-

Large Real Estate Sale by Thomas & Sons Next Tuesday.—Another large and very valuable sale of Real Estate is set down for next Tuesday by Thomas & Sons.

From the very interesting nature of these sales by this firm, a large attendance of bidders is invariably present, and we doubt not that the mention of the valuable properties to be offered next Tuesday will call forth an increased number of competitors. The real estate to be offered is a specialty, consisting of elegant countryis a specialty, consisting of elegant country-seats, modern residences, manufacturing es-tablishments, and all manner of city buildings, n desirable localities.

THE EFFECT OF THE WEATHER ON BUSINESS.

The cheering effect of the beautiful weather of the past two days has caused a general cesire of the past two days has caused a general desire to go out in the fresh air and enjoy the sunshine and pure air. As a natural consequence, all branches of trade have felt the good effects of this feeling. The ladies have not had so good an opportunity to go shopping for two months, and, as a natural consequence, the retail dry goods stores are crowded. The principal retail streets are crowded with the fair pedestrians. More particularly is that great centre of retail dry goods business, Eighth street, like a fair. To-day it was crowded. In going along we noticed how quickly the shopkeepers had taken advantage of the opportunity to display their goods. The stores of Mr. McElroy, Nos. 4 and 6 North Eighth street, made a most beautiful display, that was evidently appreciated, judging by the number of ladies that were in that vicinity. They had some beautiful qualities ing by the number of ladies that were in that vicinity. They had some beautiful qualities of black silks, dress goods of all kinds, ladies' cloakings and white goods of all descriptions. Mr. McElroy, it will be recollected, was for many years at No. 11 South Ninth street, opposite the University.

"NIGGERS IN THE CARS."-Another difficulty has occurred in the administration of the new law allowing colored persons to ride in the city cars. At a meeting of all of the City Railway Presidents, held yesterday, in reference to this subject, it was moved by the President of the Chesnut and Wainut Streets Line, and carried unanimously, that unless the colored, as well as the white people, dressed in the styles sold at the Clothing House of Charles Stokes & Co., under the Continental, they must stand aside for better dressed folks.

A HINT FOR THE MILLION. - The sewing machine, from its indispensable character as a life and labor-saving instrument, has become as necessary an appendage to every dwelling as a stove or timepiece. Therefore, it is a matter of importance to all to know waich of the various sewing machines in use is the one to buy. Beyond any doubt, the Grover & Baker presents the greatest number and the most essential advantages. It is the most easily learned and operated, performs the greatest variety of work, does its work in the best maner, and is the most durable instrument. Sold

Washington, March 30.

The President communicated to the Senate, in Executive session, to-day, a reaty with Russia, by which that power surrenders to the United States the sovereignty over all of Russian America and the adjacent islands.

The price to be paid by the United States is about seven millions of dollars. The treaty was laid on the table, and will be taken up noxt week. The territory to be obtained extends about six hundred miles along the coast, and nearly excludes British America from the ocean.
