THE DAILY EVENING TELEGRAPH. __PHILADELPHIA, SATURDAY, APRIL 13, 1867.

A GREAT CURE OF CONSUMPTION AND BLEEDING OF THE LUNGS, BY SCHENCK'S FULMONIC SYRUP.

PHILADREPHIA, PA .- DR. J. H. SCHENCK-Dear Sir .- As you have cured my wife of a well-marked consumption, when she was, as it were, in the very jaws of death, justice to yourself, as well as duty to my fellow-man, impels me to address you this letter, and detail the condition of my wife, and the very remarkable effects of your medicines in her case, More than three years ago she was taken with a copious bleeding from the lungs, attended with a very bad cough, loss of appetite, pain between her shoulders, headache, cold feet, and a gradual decline of her physical powers. I called in our family physician, who is regarded as one of the ablest practitioners in this city. He continued to attend her for a long time, and during that time she had several attacks of hæmorrhage from the lungs, which made her very weak and brought her nigh the grave. It was when I felt that her chances for life were very bad, that Mrs. Edward French, of Moorestown, New Jersey, who had been oured of consumption and bleeding of the lungs, and who knew Dr. Schenck when he had consumption and came near dying, and knew he was cured with his celebrated medicines, sent word to her by all means to apply to Dr. Schenck, as he would be sure to cure her. At this time my wife was very bad. She was much reduced in flesh and strength, had no appetite, a very bad cough, which was se distressing as nearly to deprive her of sleep. She had a pain and distress in her lungs, and it was evident to us all that she was far gone with consumption; in the afternoon she would have fever and creeping chills, and at night sweats. After Dr. Schenck had free given her an examination with his Respirometer, he pointed out to my wife the part of her lungs that was badly diseased. She had little confidence at this time in any remedies, as she had used nearly everything in medicine without the least benefit, while her disease was progressing to the destruction of her vitals, and would, doubtless, soon terminate in death. She commenced using the Pulmonic Syrup, Mandrake Pills, and Seaweed Tonic, and continued to use them about a month, seeing Dr. Schenck once a week, when she experienced a marked improvement. There was this difference in the effect of these medicines from all others. Instead of drying up the secretions and matter, as the other medicines had done, they seemed to ripen the matter and expel it in the form of expectoration, which was very copious; at the same time, the secretions were restored to their natural and healthy condition, and the blood began again to circulate naturally.

The medicines were continued a long time, as the disease was well seated, and obstinately resisted the action of the medicines. At length the matter began to ripen, and the cough became loose, and free discharge of matter occurred right from the spot where my wife felt that her lungs were diseased. Her appetite and digestion improved, and she en-

BARN FIRED .- This morning about half-past 2 o'clock, a fire was discovered in the second story of a brick stable, located on Darien street, above Poplar, and belonging to the firm of Chapman & Gaskill, coal dealers. There belog but a small amount of hay in the loft, and the building being of brick, the fire did not make rapid headway, enabling the owners to drive out a number of horses and take out har-ness and other articles. The fire is believed to be the work of an incendiary. The loss will amount to \$200, and is fully insured. Three per-sons were run over by the fire companies in the vicinity of Green and Mount Vernon streets, east of Tenth, and, it is reported, severely in-jured. These accidents happened when all things wore an inky appearance, inasmuch as the street lamps had been neglected, and the moon at that time positively refused to issue forth from behind a dark cloud. The three persons injured belonged to the Northern Liberty Engine Company, as follows: -James Firth, over whom both wheels passed; Philip Calvin, who was burt scriously in the head; the third was slightly injured. The street upon which the engine was passing was ob-structed by an excevation, which had not been properly boarded, and in the dark the com-pany ran over it. The gas lights should have been kept burning until 4 o'clock A. M., in-stead of which, they had not been lighted at all. The persons injured were taken to a drug store at Elighth and Coates streets where the owner was called upon to dress their wounds, when he thrus his head ont of an upper win-2 o'clock, a fire was discovered in the second story of a brick stable, located on Darien street,

How LITERATURE PAYS .- We have grown so accustomed to listening to the denunciations from British authors on the pirate publishers of America, we are inclined to accept as true their bill of grievances. The fact is, however, that many of the most respectable publishing houses always pay foreign authors most libe-rally for their works. Let us instance the cuse houses always pay foreign authors most flow-rally for their works. Let us instance the cuse of charles Dickens. Since the appearance of the "Pickwick Papers" Messrs. Harper have always paid to Mr. Dickens a large sum in gold for the privilege of publishing in advance the various tales of that author in a serial form. After they have been completed, T. B. Peter son & Bros., of this city, by repaying to Harper half the total expense, secures the cou-pleted stories, and issues them in book form. To show that the amounts paid were not pailry, we find that he was paid for "The Tale of Two Cities" £1000, for "Great Fxpectations" £1250, and for 'Our Mutual Friend" another £1000, making a total for three works of over \$16,000 in gold, or \$24 000 in greenbacks. The total am sun paid for his various works by Harper and Peterson exceeds \$60,000, We notice that Messrs. Ticknor & Fields have also sent him a sum for the Diamond Edition of £200.

CHARGE OF SWINDLING .- James Neeley, alias CHARGE OF SWINDLING.—James Neeley, alias George Jones, was arrested this morning by Reserve Officer Hess, at Sixth and Chesnut streets, upon the charge of swindling. A lady, named Mrs. C. Logan, about the first of April was looking for a house to rent. In her per-ambulations she met Neeley, who informed her that he knew of a house that would just suit her. He gave his name as George Jones. They weited the house ond it was not tolet. App her. He gave his name as George Jones. They visited the house, and it was not to let. Ap-proaching Tenth and Bace streets, and it being near dinner time. Neeley enticed Mrs. Logan into a restaurant to have some refreshments. When the meal was over he discovered that he had no money, and on the promise of refunding the amount if loaned, the lady handed him §5. He departed, and was not heard from until arrested this moruing. He will have a hearing to-e sy at the Central Station. Nathan Janney, aged 27, was arrested last night on Lombard street, near Sixth, for receiving money on statements of his own, which were entirely without foundation. Alder-man Bettler held him to answer at a future in-vestigation.

A VIGILANCE COMMITTEE IN THE RURAL DIS-TRICTS.-In that section of the Twenty-fifth Ward of this city which is traversed by Frank-ford Road, there is but one policeman, whose beat is so long that about two hours are conbeat is so long that about two hours are con-sumed in making a single round. Some enter-prising individuals who have no inclination for earning an honest livelihood have of late been taking advantage of this fact. Their burgiari-ous depredations in the neighborhood have been repeated every night with unfalling regu-larity, until at last the good people on whom they have been preying have been compelled to resort to the irregular device of a Vigilance Committee, the members of which patrol the district from 11 o'clock till daylight. From the character of the gentlemen who have engaged in this enterprise, we imagine that, if any of the depredators fall into their hands, their treatment will be in accordance with their just deserts.

LATEST WASHINGTON NEWS.

(SPECIAL DESPATCH TO THE EVENING TRLEGRAPH.) The President and the Senate-Froposed Adjournment on Tuesday.

Adjournment on Tuesday. WASHINGTON, April 13.—The President will not call the Senate back if it adjourns on Tues-day, but his friends say if he is officially asked whether he has any further business with the Senate, he will say that he has. If Senators adjourn upon that, he says all the responsibility will be thrown upon them. The Intelligencer says if the Senate phoses to adjourn it. I commend the President will not call

The Intelligencer says if the Senate chooses to adjourn it presumes the President will not call it back by proclamation. If it asks him if he has any further business to communicate to them, he will probably reply that he has. It is by no means certain that the Senate will get off on Tuesday, but the agreement to adjourn will probably hasten the President in his nomina-tions. The Senate went promp'ly into execu-tive session this afternoon, to finish the work on hand, and in the expectation of a fresh batch of pominations. of nominations.

The Boston Post Office.

Among the offices which have remained un-filled the longest is the Boston Post Office. It was decided six months ago that Dr. Palrrey should not be reappointed, but he has been re-tained at the request of Charles Francis Adams. As it is now imperative, under the Tenure of Office bill, that he should be reappointed or some one else should be appointed in his place. there has been much discussion as to whose name should be presented to the Senate. The President finally decided to nominate General W. L. Burt, who gave such proof, while on the staff of Governor Andrew, of his administrative abl ity.

Henry J. Raymond Nominated as Min-

ister to Austria. The President has just sent into the Senate the nomination of Henry J. Raymond, editor the New York *Times*, as Minister to Austria, and Cornelius J. Franklin as Naval Officer of the port of New York.

Commissioner of Agriculture.

The Senate Committee on Agriculture decided yesterday to report against the confirmation of Colonel Capron, of Illinois, as Commissioner of Agriculture, but a strong Western influence is being brought to bear in his favor.

Who Threw that Brick?

The Senate, in executive session to-day, is making an investigation into the fact of the publication in the New York Tribune yesterday, of the ayes and nays upon Rosecrans' confirma-tion. The divulgement of the Russian treaty has also been discussed, and an inquiry will probably be ordered in both cases.

More Nominations.

The President will send to the Senate, to-day and Monday, nominations for every vacant office. If a reasonable number are confirmed, the Senate will adjourn on Tuesday, Wednesday, or Thursday next.

The Philadelphia Custom House-New Nominations Sent in for Collector, Naval Officer and Surveyor.

The President has just sent in the nominations of Peter Lyle for Collector; ex-Governor David R. Porter for Naval Officer, and Samuel G. King for Surveyor of the Port of Philadelphia

The motion was carried by a vote of 16 to 14. Mr. Godard moved that the vote be taken at eight o'clock next Tuesday evening. This mo-tion was carried. The Democratic Senatorial Convention for the Third District, for the election of four dele-gates to the Constitutional Convention, was held to-day, at noon, in Brooklyn, at the head-quarters ofthe Democratic General Committee. joyed what she had long been a stranger to, sweet and refreshing sleep. The medicines continued to act upon her blood and purified it, and after four or five months she had regained her strength, and felt that her system was purified from all disease. She is now well and hearty, and able to attend to the duties of her family, and cannot speak in terms of too great praise of the virtues of your medicines. She is desirous that everybody shall know what they have done for her, and will be glad to direct any one to the remedies that will cure that fell destroyer of the human race, Consumption. I reside at No. 607 Arch street, and Mrs. Lanning or myself will be very happy to have any one call on us, at our residence, and hear for themselves of the great virtues of your very valuable medicines.

Yours, truly, G. W. LANNING.
