PRESIDENTIAL TICKETS.

The Tennessee papers put up the following:-For President-Major-General George Henry Thomas, of Virginia.

For Vice President—Major-General John A.
Logan, of Illinois.

The Indianapolis Journal hoists this banner:-For President - Hon. Schuyler Colfax, of For Vice-President-Major-General Benjamin

F. Butler, of Massachusetts. The Columbus Journal wants a ticket like

For President-Hon. Salmon P. Chase, of Ohio. For Vice-President-Hon. John Minor Botts, of Virginia.

The New York Herald thinks a ticket like this would surely be elected :-

For President-Gen. Ulysses S. Grant, of Ill. For Vice-President-General Robert Edmund Lee, of Virginia. Thurlow Weed, in the New York Commercial

Advertiser, favors the following :-For President-General U. S. Grant, of Ill, For Vice-President-Admiral David Glasche

Farragut, of Virginia. The Belfast (Maine) News proposes:-For President-Wendell Phillips, of the United

For Vice-President-Hon. Isaac Newton, of Philadelphia. Ben. Wade, Charles Sumner, William H. Sew-

ard, Horace Greeley, George Peabody, Judge Woodward, Generals Sherman, Sheridan, Meade. and Sickles, Horatio Seymour, Clement L. Vallandigham, General Longstreet, and many others are mentioned in connection with the office of Chief Magistrate of the United States; but we have yet to see the first hint in favor of the nomination of Andrew Johnson for that office. If straws have any weight in politics, this one ought to break the Presidential camel's

Reported Death of Hon. S. S. Marshall.

The Cairo Democrat of the 3d instant notices a rumor of the death of the Hon. S. S. Marshall, Representative in Congress from the Eleventh Congressional district of Illinois, which is reported to have occurred at his home at McLeansboro, Hamilton county, Illinois, a few days ago. Mr. Marshall was detained at Washington several weeks after the adjournment of Congress, in consequence of serious illness, but was finally enabled to reach his home. Mr. Marshall has been prominent in the political affairs of Southern Illinois for several years, having been elected Judge of the Shawneetown indicial circuit at the election of 1851. In 1854 he was elected to Congress from what was then the Ninth Congressional district, and was re-elected in 1856. In 1861 he was again chosen Judge of the judicial circuit in which he resided. In 1864 he was returned to Congress for the third time from the Eleventh district, and was again re-elected last fall, by a diminished majority over General Kitchell. He was regarded as a leader in the ranks of the Democratic party in Congress, receiving the Democrratic vote for Speaker at the beginning of the present session. He was also a member of the House Judiciary Committee of the Fortieth Congress.

The Arkansas Legislature Forbidden to

General Ord, Commander of the Fifth Military District, has instructed Governor Murphey to notify the members of the Provisional Legislature of Arkansas, lately in session, that their reconvening is incompatible with the act of Congress to provide a more efficient government for the Rebel States, passed March 2, 1867, and that they therefore will not reassemble. The Governor, in agreement with these instructions, has by proclamation declared the Legislature dissolved, and that any reassembling thereof will be a violation of the Reconstruction act of Congress.

RESTORATION .- The Emperor of Austria has restored to the collateral heirs of General Kiss, who was executed on the 6th of October, 1849, at Arad, with thirteen other generals of the national army, amongst whom was the everlamented Nagy Sandor, Török, and Count Vecsey, the whole of his property, confiscated to the State during the revolution, and valued at four million five hundred thousand florins. This act will, it is said, be followed by others of a similar character. As the justice of the cause for which these and hundreds of other martyrs were done to death is now admitted by their executioners, restitution can scarcely be withheld any longer.

INVESTIGATION OF THE CATTLE PLAGUE .- The Academy of Medicine of Belgium offers a prize of \$250 for the best essay on the cattle plague. Rssays will be received till January 1, 1859. and the following are the subjects which must be treated:-The symptoms, causes, morbid anatomical changes, and the nature of epizoötic contagious typhus; considered with regard to the different kinds of animals susceptible of contracting that malady; and the specific character of the various typhoid diseases with which cattle plague might be confounded.

THE DEST OF TURKEY .- The national debt of Turkey now funded and inscribed amounts to £73,400,850. Of this amount £1,818,180 has not been issued, and deducting that sum, together with £2,440,400 which has been paid off by the action of the sinking funds, it seems that there remains a sum now due of £69,140,270. The charge of this debt at the present time is £3,670,238 for interest and £1,137,104 for amortization. What proportion of the nominal capital of the debt actually reached the Ottoman treasury will probably never be known.

DISTRESS IN CORNWALL .- Great distress pre vails in the mining districts in Cornwall, England. In consequence of the stoppage of numerous mines and the suspension of operations in many others, hundreds of poor families are reduced to great destitution, while the number of unemployed is three thousand. In three parishes alone-namely, Sithney Breage, and Wendron-there are about two thousand out of work. In and around Camborne and Redruth there is also a vast amount of distress.

A CLERGYMAN'S CALCULATIONS .- The cure of a Swiss village in the Canton du Valais, named Kaempten, has amused his leisure hours by compiling a comparative table of the annual expenditure of the forty-nine States of Europe in the year 1864. The total is eleven milliards of francs. But what shocks the good cure is that while five milliards of this vast sum are absorbed by war budgets, only one hundred and twenty-five milliards of it was applied to public instruction-and yet 1864 was a pacific

WHAT IN DYSPERSIA! DYSPEPS'A HAS THE FOLLOWING SYMPTOMS:

lst. A constant pain or ineasiness in the pit of the Stomach—Which is caused by a permanent contraction of the stomach upon the undigested food. It generally begins immediately or a short time after eating; is often very severe and about the contraction of the stomach time after eating;

2d. Flatulence and Acidity.—These symptoms arise from the indigestion of food, which ferments instead of digesting.

Sd. Costiveness and Loss of Appetite.—These symptoms are the effects of the unsuatural condition of food in the stomach, and the want of a pure bile and gastric juice. The stomach is often painfully distended by wind; the appetite is symptomic varieties varieties. ometimes voracious,

4th, Gloom and Depression of Spirits.—This state unfits many for the enjoyment of life, and is caused by the impure blood furnished by imperiect digestion. In this stage of the disease many persons commit suicide. There is a constant foreboding of evil, and an indifference and positive inability to perform the offices of

5th. Diarrhaa.—After being at first costive, the sufferer is afflicted with diarrhaes, which is owing to a diseased condition of the bowels, produced by the undigested food, which is evacuated in the same condition as when eaten, and of course gives no strength to the

6th. Pains in all Parts of the System-Arise from the action of impure blood upon the nerves, They are felt chiefly in the head, sides, and breast, and in the extremities. In many cases there is an uneasiness in the throat, with a sense of choking or suffocation; the mouth is often clammy, with a bad taste and a furred

7th. Consumptive Symptoms and Palpitation of the Heart.—Many persons pronounced as having these diseases have, in fact, nothing but Dys-pepsia, the lung and heart disease being only 8th. Cough.—This is a very frequent symptom of Dyspepsia, and leads very often into con-

firmed consumption. 9th, Want of Sleep.—A very distressing symptom, resulting from mental derangements, 10th. Symptoms of External Relation.—The patient is affected painfully by cold and heat, which is owing to unnatural dryness of skin, and the skin is often affected by eruptions and tetters. The gloomy dyspeptic avoids society as mysch as possible.

11th. Vomiting.—A frequent and distressing symptom. It relieves the pain, but emaciates and wears out the patient. 12th. Dizziness, dimness of vision, headache, and

staggering in walking.—These are very alarming symptoms, which are speedily removed by our medicines; but if neglected are quickly followed by numbness and sudden death.

l3th. It is impossible for us to give all the symptoms of Dyspepsia in so small a space, but the above are considered sufficient, if we add that the patient loses his memory and regard to surraunding objects, and frequently becomes morose and sour in disposition. We should say, however, that pains in the joints and stiffness of the limbs, which go by the name of rheumatism and neuralgia, are produced by Dyspepsia. tism and neuralgia, are produced by Dyspepsia.

which becomes contracted and hard; and in
some cases the belly sinks, instead of being

N. B.-Perhaps we have not said enough of that strongest symptom of Dyspepsia, melancholy. We have examined hundreds of cases of Dyspepsia, who were so much affected in their minds that they constantly forbode loss of their reason, which unfitted them for business of any kind, and many of them have been patients of the Insane Asylum, who are now permanently cured by our medicine.

Hundreds of thousands of dollars are spent yearly, and hundreds of thousands of the best men and women of America linger in pain and die, and fill a premature grave, with that awful disease, Dyspepsia. They try this physician and that physician, but alas! alas! no relief, no cure; and the next we hear of them they have gone "to that bourne from whence no traveller

DR. L. O. C. WISHART'S PINE TREE TAR CORDIAL.

A GREAT REMEDY FOR THE CURE OF THROAT AND LUNG DISEASES.

PINE TREE TAR CORDIAL.

It is the vital principle of the Pine Tree obtained by a peculiar process in the distillation of the tar, by which its highest medical properties are retained.

It is the only safe and reliable remedy which has ever been prepared from the juice of the Pine Tree. It invigorates the digestive ergans and re-

stores the appetite. It strengthens the debilitated system. It purifies and enriches the blood, and expels

from the system the corruption which scrofuls breeds on the lungs. It dissolves the mucus or phlegm which stops the air passages of the lungs.

Its healing principle acts upon the irritated surface of the lungs and throat, penetrating to each diseased part, relieving pain and subduing

inflammation. It is the result of years of study and experiment, and it is offered to the afflicted with the positive assurance of its power to cure, if the patient has not too long delayed a resort to the means of cure,

CAUTION.

Whereas, Base and designing men, regardless of the lives of the sick, and with a view solely to their own pockets, are making and vending a spurious article worse than useless-representing it as my Pine Tree Coruial, copying, in some cases, my labels and bottles, with slight variation to protect them from the law, the subscriber has been induced as a protection to the public, to punish a fac-simile of his bottles as last patented by the United States Government; and hereby cautions all persons who value their health and life against purchasing any of the many preparations offered for sale as Tar Cordial, unless my name and a Pine Tree is blown on the bottle; all others being a wicked imposition to deceive the suffering and neece them of their money, regardless of consequences.

The genuine Pine Tree Tar Cordial is made by a process and of ingredients known only to myself, which secret has never been divulged; and any and all persons claiming to make my Pine Tree Tar Cordial are but vile impostors.
