## PROPOSALS

NEW PIERS AT MARCUS HOOK, PENNA.

UNITED STATES ENGINEER OFFICE, No. 200 S. SIXTH STREET, PHILA., May 22, 1867. Sealed Proposals, in duplicate, with a copy of this advertisement attached to each, will be received at this office, until 12 o'clock M., THURSDAY, June 13, 1867, for furnishing mate-tals and labor for the construction of four new rials and labor for the construction of four new plens at Marcus Hook, Delaware River, Penna. The superstructure of each pier to be of hard

and durable stone. The facing in six courses, of headers and stretchers dovetailed; the rise of each course 2 feet; the cubic contents of blocks varying from 20 to 66 leet; the faces, axe or pean hammer work; beds and joints good joint work; lewis and dowel holes to be drilled if required; back-

ing to be of rubble stone. The top to be paved with stones from one to two feet in thickness, with good natural face, and jointed to lengths of 5 feet and random

widths. The stone to be delivered at such points, at or near Marcus Hook, and to such persons as may be designated by the proper officer or agent of the United States; and any other material to be deliverable under like conditions.

deliverable under like conditions. The cribs upon which the plers are to rest are to be sunk in depths varying from 20 to 21 feet, or thereabouts, at ordinary low-water. Length of each at bottom about 77 feet by 34 in width; at top 74 by 32. To be of hemiock wharf timber, to work 10 inches least dimension.

There will be required for the superstructure of each pier about 7060 cubic feet of hammered facing Stone,

giving 2800 superficial feet of face, and 7800 superficial feet of bed and joint work.

1850 enblo feet of paving stone, giving 1700 feet joint work. 600 perches, of 25 cubic feet each, of rubble

backing. For each crib about 18,000 fest face of crib

work 8000 lbs. of iron bolts, etc. 750 perches of rubble filling to be delivered in

Proposals for putting the stone of superstructure of each pier in place must state the rate of labor per cubic yard of facing and paving stone, and per perch of 25 cubic feet for backing with rubble

with rubble. All stones to be laid dry, in the best manner, and in accordance with instructions to be given. The rates to cover every expenditure necessary in receiving, caring for, and putting the stones in position. Proposals for labor for cribs to state the rate per foot of face, measured in the work, and to include every expense of receiving and caring for materials, framing, putting together, and sinking the cribs in proper positions, etc., in accordance with instructions that may be given.

given. • All materials and labor to be of the best quality, subject to inspection, and rejection if not approved. A deduction of 20 per centum to be made on any payment made in part for material or labor seconded

any payment mater in part for material of material accepted. Separate proposals to be made for slone, for lumber, and for iron; also for labor, for masonry, and labor for crib work. Each bid must be guaranteed by two respon-sible persons, whose signatures should be ap-pended to the guarantee, and who should be certified to as being good and sufficient security, by the United States District Judge, Attorney, Collector, or other public officer. Eavelopes to be endorsed, "Proposals for New Plers at Marcus Hook." Bids to be opened at 12 o'clock M., on Thurs-

Bids to be opened at 12 o'clock M., on Thurs-day, June 15, 1867. Bidders are invited to be present. For further particulars inquire at this office. C. SEAFORTH STEWART. 6 28 154 Lt.-Col. of Engineers.

6 23 154

All materials to be of the best quality, de-liverable at such points at or near Marcus Hook as may be required, and to be subject to in-spection and approval before being used. The proposals for labor to state the rate per foot or face, per lineal foot, and per foot board measure, etc., as measured in place, and these rates to cover all labor necessary for putting the works in good repair, such as removing old work and obstructions, receiving, caring for, framing, putting together, and replacing the materials to be used or moved. All work done to be subject to inspection and approval before payment is made, and twenty per centum to be deducted from any payment that may be made before the completion of all the labor.
