[FOR ADDITIONAL LOCAL ITEMS SHE OUTSIDE PAGES.]

A FEMALE MARINER.—A claim for wages was made yesterday before United States Commissioner Sergeant by one Albert Gardiner, of the crew of the barque Powhatan which recently arrived here from Sagua. The said Albert shipped at New York as steward, but after the yestel was out some days, complaint after the vessel was out some days, complaint was made of the cooking, and Albert was turned out of the galley and sent to the forecastle to perform ordinary seaman's duty. The claim was resisted on the ground that Albert did not be the ground that The claim was resisted on the ground that Albert did not know how to perform seaman's any more than steward's duty. The novel part of the affair was this:—The so-called Albert Gardner was said to be a woman by the Captain and some of the other officers of the ship, and the appearance of the claimant was in a measure calculated to strengthen that declaration. There was a smoothness of the face and a demeanor which belongs to the fair sex; yet masculine features and figure. fair sex; yet masculine features and figure, and a dress partaking of a sailor's rig, gave to the glaimant much the appearance of a man. Albert was silent on the subject, and did not appear to be at all troubled about it. The claim for wages was allowed, but not to the full amount asked for.

THE POLLS IN THE TWENTIETH WARD .- Councils, at their last meeting, passed an ordinance increasing the number of election divisions in the Twentieth Ward, and fixing the place of holding the elections. The houses heretofore used in the First, Second, Third, Pourth, Fitth, Sixth, Seventh, Eleventh, Twelfth, Thirteenth, and Fourteenth Divisions have been retained. In the Eighth Division the election will be held In the Eighth Division the election will be held at the southeast corner of Thompson and Amity streets; in the Ninth, at No. 908 Nineteenth street; in the Tenth, at the northwest corner of Twenty-fourth and Jefferson streets; in the Fitteenth, at the southwest corner of Fifteenth and Thompson streets; and in the Sixteenth at and Thompson streets; and in the Sixteenth, at No. 1621 Seybert street.

A SAD FATALITY - Two LITTLE GIRLS Drowned.—A sad accident happened yesterday afternoon at Huntingdon street, where it crosses Gunner's run, in the Eighteenth Ward. While a number of children were returning from school, and crossing the bridge at Huntingdon street, two of them, named Jane Conway and Margaret Dunn, both about eight years of age, fell into Gunner's run, and were drowned. The bodies were soon afterwards recovered, and the Coroner sent for to hold an inquest. Jane Conway resided at No. 1231 Salmon street, and Mary Dunn at No. 1021 Anthracite street. The occurrence caused much excitement in the

OBITUARY-DR. WILLIAM SHIPPEN .- One of the oldest and most respected medical practitioners of Philadelphia died yesterday, at his residence in this city. No. 1205 Walnut street. For many years Dr. Shippen has held a leading position in the medical profession, and has been identified with a number of the most important innovations in medical science. He belonged to one of the old-time Philadelphia families whose name is familiar to the great majority of our citizens. He was a man of varied acquire-ments and considerable talent, and died at the ripe old age of 75 years, after a useful and wellspent life.

A FALL IN WHICH THE PUBLIC IS INTERESTED .-The public will be delighted to hear that the general decline in breadstuffs was continued in general decline in breadstalls was continued in the Western markets yesterday. In Chicago flour tell from 50 cents to \$1 per barrel; wheat from 15 to 20 cents per bushel; corn, 3 to 4 cents per bushel; rye, 15 to 20 cents. Those who retail flour and meal in this city would do well to make a note of the declining market, and bring down their prices also. down their prices also.

THE RESULTS OF SUCCESSFUL ORGAN-GRINDING. -Within a few weeks street musicians have largely increased, and an attempt is being made to enforce a police order in respect to them. Yesterday one of the number (a hand organist) was arrested, and upon his being taken to the Second District Station was searched. In a belt around him he had in Treasury bills the sum of five thousand five hundred dollars.

GOOD MEETINGS TO BE RESUMED .- The meetings for the improvement of newsboys, bootblacks, and other street boys, will be re-sumed at the old Quarter Sessions Court Room on Sunday atternoon next. It is believed they were attended with benefit when held last

Promising.—The coming wheat crop will probably be among the largest ever harvested in these parts. It is the opinion of experienced farmers of neighboring counties that new wheat, if the crop proves to be as good as is now pro-mised, will be sold as low as one dollar and a half the bushel. The best wheat is now quoted at \$3.25 the bushel.

Nor SUSTAINED .- The charge of conspiracy preferred against A. B. Sloansker and Wilson Buckby, published the 24th uitimo, has been ignored by the Grand Jury,

AMUSEMENTS.

SINGULAR SCENIC EFFECTS .- The management of the scenery and machinery at the New Ches-nut Street Theatre last night, exhibited to a wonderful degree the perfection to which scenic in small things has brought the art of science effect. Injone set we have an immense aquarium filled with running, spurting aqua pura, in which, apparently, lovely young ladies dressed in a very scanty manner swim about like the mermaids they are intended to represent. In another act we have a representation of a mountain of fire belching forth a sea of golden lava, produced by the use of Greek fire, lime, and magnesium lights of every hue. These are all very beautiful and striking triumphs of stage art; but the final scene far eclipses those we have noticed, for in this all of the effects of the others are marvellously and artistically blended, and the scene is dazzlingly magnificent.

One of the great features of the new play called (endrition, is that there is a show scene, such as we have attempted to describe, in each So that the beholder passes through the evening from a bower of beauty into an Eastern idea of the "good place," represented in a most

gorgeous manner.

The grand Paristan ballet appearing in Cendrillon is something new to Philadelphia, and the allegros and allegrellos of the danseuses premieres are artistic, graceful, and pleasing.

The dramatic parts of Cendrilon are confided

to good bands at the New Chesnut Street Theatre, and the dresses worn by Miss Josic Orion, Miss Annie Ward, Miss Julia Daly, and Mrs. Thayer, are truly magnificent. In a word, Cendrikon is as good as The Black Crock in all that we could wish; but it is carefully arranged so that nothing can be said or seen to shock the feelings of the most fastidious.

"LITTLE BOY BLUE" at the Arch opens with a scathing, but very funny critique, "all in rhyme," giving the history of our last Legislature and its doings. This is, no doubt, the work of Mr. R. H. Craig. Mr. Fox and his brother, the poor Pantaloons are very funny in their parts, and Miss Julia Browne makes a pretty and acceptable "fat and fair" Columbine. She is one of the substantial fairies, not ailuded to by Shakespeare. Go and see Fox's new panto mime. To-morrow (Friday) Mr. G. L. Fox will take his first benefit.

On Saturday, first Little Boy Blue matinee. "RIP VAN WINKLE,"-Mr. Joseph Jefferson repeats his great role again this evening, at the Walnut Street Theatre, supported by Miss Susan Denin as "Greichen,

THE "DEMON DANCE" will be given at the American Theatre again this evening, with other good things.

THE MENDELSSOHN FOCIETY.-The concert of this Association at the Academy this evening promises to be a great event. The programme is one of unusual excellence, embracing a variety of choice compositions by the best masters. Despite the accident of Monday last, we are happy to know that Habelman will lend the rich tensor of his collisiated worse of his collisiated worse of his collisiated worse of his collisiated worse. tones of his cultivated voice, as heretofore annonneed; and vocal and instrumental soloists, with a grand orchestra, under the lead of Dr.

Cunnington, will unite to render this concert one of the finest of the season. It is, besides, the last that the Mendelscohn will give. The tickets are sold without extra charge for served seats—a measure of justice that is seldom

CARNCHORS & DIXEY, at the Eleventh Street Opera House, present their Ethiopian delinea-tions every evening. They are excellent fel-lows, and will insure hearty laughter to all who visit them.

Assembly Buildings,-Mesers. Edward and Jerome Lubin still draw good houses at the Assembly Buildings. Their performances of

NOTICE TO MARINERS.

With reference to Notice to Mariners. No. 60, issued from this office, dated September 28, 1856, relative to a light being exhibited from a lightbouse newly erected en the bluff at the entrance of Port Natal, seventy yards 8, by W. 34 W. of the old flagstaff, the Government of Natal has given notice that on and after the 23d day of January, 1867, the light will be exhibited.

The light is a revolving white light, attaining its greatest brilliancy every minute. It is elevated 282 leet above the level of the sea, and in clear weather should be visible from a distance of twenty four miles.

The illuminating apparatus is dioptric, or by lens of the second order.

The tower is from conical, 31 feet high, and painted white, it is in lat, 29 52 50 8... ion. 31 3 35 5.6 of Greenwich.

Directions—The light on Cape Natal not being visible from the Aliwal Shoal, care must be taken on making for Port Natal from the southwest not to approach the shore nearer than four miles or to a less depth of water than forty fathoms, until the light is well made out from the deek, when in standing in it may be brought to bear NE. by E., this will lead outside all known dangers while to the south when to the northward of the Umlagi river the light must be brought to bear more to the northward, keeping a long mile from the land. When the light bears W.N.W., hand in to the northward for the anorthward, keeping a long mile from the land. When the light bearing S.W. or S.W. 35., distant one mile.

All bearings are magnetic. Variation 27 degrees W.

All bearings are magnetic. Variation 27 degrees W. By command of their lordships.
