# OITY INTELLIGENCE.

[FOR ADDITIONAL LOCAL ITEMS SEE OUTSIDE PAGES.]

CITY COUNCILS .—The regular meetings of City Council were held yesterday afternoon. The business was as follows: Select Branch-President Spering was in the chair.

A communication was received from Richard Peltz, Receiver of Taxes, representing that collec-tors of delinquent taxes enter security in \$5000. The arrangements made are such that no collector The arrangements made are such that no collecter can hold that amount of money at one time. This was given by the Receiver in reply to a resolution of inquiry on the part of the Chamber. The Receiver also says that it is impossible for him to give, in years prior to his own administration, a list of defaulting collectors. Such persons could not be known to the department until the amount of their receipts is brought to light through the reports made to City Councils.

A note was received, injustly signed by the meaning the control of the co

A note was received, jointly signed by the various steam fire engines of the city, asking for an increase of the sum now annually appropriated to them. It was referred to the Committee on Fire and Trusts.

A pressing petition was received from citizens in the southwestern section of the city, now suffering from the effects of a damaging inundation, for the construction of another construction of anoth construction of sundry culverts. This was

An election for Directors of Girard College was

entered into. Charles E. Lex, Robert T. Gill and Augustus Heaton, were chosen.
Mr. Hodgdon, from the Committee on Finance, Mr. Hodgdon, from the Committee on Turbine reported an ordinance providing that Turbine wheels be substituted at Fairmount for the old wheels known as Nos 2 and 3. For this purpose wheels known as Nos 2 and 3. wheels known as Nos 2 and 3. For this purpose an appropriation of \$125,000 was recommended.
Nr. Hodgdon read a communication from the Chief Engineer relative to the imperative, necessity, and, indeed, the economy of this expenditure.
Mr. Marcus moved a postponement of the subject for one week, but after further explanation he withdrew his motion, and the ordinance passed.
Mr. Catteli, from the Committee on Girard Estates, submitted an ordinance providing for the conversion into stores of premises Nos. 1115 and 1117 Chesnut street, appropriating \$25,000 for the purpose.

Mr. Marcus contended that this sum was too large for the mere alteration of two dwellings into Mr. Cattell explained that for the rental of the

two stores an auctioneer had offered \$12,000, which was an ample interest upon the property, repairs Mr. Hopkins further opposed the passage of the ordinance, not deeming the proposed plan of alteration a wise one.

Mr. Barlow likewise opposed the plan, because the ordinance did not provide that the work should be given to the lowest and best bidder. The hill, after a good deal of desuitory and decidedly tedious debate, was amended.

Dr. Kamerly moved a proviso that the tenant of the altered buildings shall enter into an agreement to pay all the expenses of the alteration over and above the sum of \$25,000.

This was accepted to the Chambar regard the

This was agreed to, and the Chamber passed the Mr. Ritchie reported a bill for the erection of school-houses as follows:
On the west side of Nineteenth street, below
Chesnut. Cost \$38,785. James O'Rourke, con-

Another on the northwest corner of Callowhill and Dillwyn streets, for \$11,3%. Contractors
Thomas H. Booz and Samuel Ogden.
Another on the northwest corner of Christian
and Grover streets, for \$24,730. Alex. Cassidy

The ordinance passed. An ordinance was reported by Mr. Wagner, from the Committee on Law, providing for the appointment of inspectors of steam boilers.

This was ordered to be printed, and its consideration deferred until the next meeting.

A report relative to the eligibility of Mr. Van Cleve to the position of Assistant City Solicitor was now read, and was referred to the Committee

A resolution by Mr. Cattell, permitting a religious body to erect a wooden building in the suburbs, was referred to the Committee on Police.

A report was made from the Special Committee

A report was made from the Special Committee appointed to inquire into the expediency of the Philadelphia Gas Works. It embodied an opinion from the City Solicitor, setting forth that the transfer could be effected after gaining the assent of a majority of the holders of the loan. The report was accompanied with a negative recommendation, and the subject was laid over.

Mr. Bumm, in place, submitted an ordinance. It requires that the committing magistrates of the city shall keep dockets of all cases in which fines and penalities are exacted; that a strict record shall be kent by them of all moneys so received, of the be kept by them of all moneys so received, of the names of the parties mulcted, and that they shall make full returns every three m affirmation, to the City Controller—the penalty for non-compliance being a deprivation of the right to collect fines and penalities, and to be ineligible to

fice thereafter. Several members expressed approbation of the ordinance, and it passed finally.

The bills from Common Council were then taken up. No other business of public importance was transacted. Adjourned.

Common Branch -Common Council met at three o'clock, Mr. Marcer in the chair.
Mr. Clerk Eckstein read a communication from
the City Commissioners, praying for an appropriation of two hundred and fifty dollars.

priation of two hundred and fifty dollars.

A petition was read, requesting the grading of Ash street, Twenty-fifth ward.

Mr. Ray presented a petition from the steam fire engine companies of the city, requesting an increase of gratuity. They now receive two thousand dollars per annum. A statement of the running expenses of each steamer was appended, showing that these outlays are much heavier now than they were when the ordinance was passed; therefore the companies request three thousand dollars.

Mr. Billington, from the Police Committee, re ported an oldinance requiring all persons using the city telegraph to pay an annual rent of fifty dollars. Passed.

The same committee reported a resolution asking to be discharged from the consideration of the veto message of the Mayor on a division of the re-

ward for the arrest of the murderer of Mrs. Mil-

ward for the arrest of the murderer of Mrs. Miller. Agreed to.

Also, a resolution to change the name of Mifflin street, in the Seventeenth ward, to that of Randolph street. Agreed to.

Also, a resolution giving Messrs. J. D. Lewis & Bro. permission to erect wooden buildings at their manufactory in the Eighteenth ward. Agreed to.

The Committee on Fire and Trust reported an ordinace appropriating three thousand five hundred dollars to extend the city telegraph to certain hose houses. Mr. Harper moved an amendment that the ordin-

ance shall not go into effect until January 1, 1868. The amendment was agreed to and the ordinance Mr. Bardsley submitted an ordinance authorizing the construction of a sewer on street, from Germantown avenue to Honey run,

Twenty-second ward. Passed.
Also, an ordinance to change the name of Emmett street to Fietcher street. Passed.
Also, an ordinance directing the footways on
Kensington avenue to be thirteen feet in width.

An ordinance reported by Mr. Stockton, Chair-man of the Port Warden's Committee, to cancel the lease of Chesnut street wharf, on the Delaware, with B. H. Huddle, and to renew it for three years, Mr. Ray, of the Highway Committee, reported

the following: Ordinance making an appropriation for rebuilding and extending Reed street culvert.
Resolution for the grading of Thirteenth street,
from Norris to Diamond.
Resolution to tramway Fillmore street.

The above were passed.

The special committee for the proper observance of the Fourth of July reported that, in view of the fact that eight thousand dollars would be required to properly observe the day, the committee was compelled to report that it is inexpedient to make an appropriation, as the treasury of the city

Accompanying the report was a resolution ask-ing for the discharge of the committee from the further consideration of the subject, which was

further consideration of the subject, which was agreed to.

Mr. Bardaley, of the special committee to inquire into the alleged abuse on the Board of Health, reported that they have had three meetings, and have examined the officers of the Board of Health, hight workers, and measurers of the Board, &c., and find that \$15,000 has been appropriated for removal of naisances in the annual appropriation to the Board of Health for the year 1867. General Sickels, Health Officer, and Washington L. Bladen, Chief Clerk, testified that only \$1100 of that appropriation has been spent so far for this year, and they think that only between \$9000 and \$10,000 will be required of that appropriation for the purpose of the ordinance referred to them; and if anything should arise for a greater appropriation, then Councils can make said appropriation when the proper time arrives. This will save the city an expenditure of money for the present, and give the Board of Health the means and officers to pursue the sanitary measures in anticipation of the advent of the cholera. Your committee ask to be continued until they finish their investigation,

which will require a wask or ten days' further time. They therefore report the following: Revolved, That the City Controller is hereby nuthorized to transfer from item seven, in the appro-priation to the Board of Health for the year 1867,

to the following items, viz:

To item 1. For the salaries of ten sanitary inspectors for three months, \$1050; for the salary of one assistant clerk, \$800, in all \$2450.

To item 2. For the salaries of ten permit clerks for three months, \$420. To item 5. For disinfectants, \$800; for the care and treatment of cholera patients in the event of

and treatment of choiera patients in the event of choiera, \$1330, in all \$2130.

The resolution was agreed to.
Mr Potter read in place an ordinance empowering the Park Commission for the purpose of extending Fairmount park to take possession of all that plot of ground lying between the Spring Garden Water Works and Columbia bridge and the Reading Railroad and the Schaykill. Agreed to.
Mr. Smith read in place an ordinance making an appropriation of three hundred dollars to the Coroner for the recovery of the remaining bodies lying under the debris caused by the late explosion in Sansom street. Agreed to.
Mr. Harper offered a resolution that the assistant clerks of Councils be instructed hereafter to furnish the newspapers of the city with a copy of the proceedings of Councils.
Mr. Harper said that the debates were published when they were of no interest to the public.
Mr. Hetzell moved to postpone for the present. Agreed to.
Mr. Hetzell offered the following:

greed to. Mr. Hetzell offered the following: Whereas by the act of February 2, 1855, consolidating the city of Philadelphia, it is provided that mo member of Councils during the term for which he is elected shall hold any office or employment, herein created or provided for, of a municipal character;" and by the act of March 18, 1863, it is further provided that more member of Councils further provided that 'no member of Council of said city shail be eligible to any office, employ-ment, or agency directly or indirectly chosen by Councils, or either branch of them, during the term Councils, or either branch of them, during the term for which he shall have been elected to Councils;"
And whereas it is manifestly the intention of said acts to prevent the members of Councils from using their positions as such to the obtaining, upon resignation therefrom, of any such office, employment or agency mentioned in said acts, insamuch as section 48 of the Consolidation act already expressly forbids a salaried officer, under Councils, from being a member thereof:

Councils, from being a member thereof: And whereas, F. A. Van Cleve, Esq., has re-cently been appointed Assistant Solicitor for the city, an office created by these Councils, under authority of the act of Consolidation (section 15), during the term for which he had been elected a member of Select Council, said appointment havmember of Select Council, said appointment having been procured and made upon the recommendation of a number of his colleagues, while author appointment to the said position had been rejected by the same influences and for the same purpose prior to the resignation of the said F. A. Van Cleve; therefore,

Resolved, By the Select and Common Councils of the city or Philadelphia, That in the opinion of these Councils F. A. Van Cleve, Esq., is not eligible to the position of Assistant City Solicitor, to which he has been recently appointed.

which he has been recently appointed.

The resolution was discussed until the hour of adjournment.

WHAT IS THOUGHT OF OUR PUBLIC SCHOOLS .-The editor of the Wilkesbarre Record of the Times has been visiting our public schools, and the following article from his paper shows what he thinks of them:"We should like to see our friends of the

School Board of the borough, with their super-miendent, Mr. Collins, take a few of the halling and doubting, who have intelligence to compre hend it, to the commencement of the Girls' High School in Philadelphia on the 28th instant, and let them see the results of a careful and conscientious training under the system.
"At the suggestion of General Hoyt and Colonel R. B. Ricketts, we accompanied them to the High School on a recent visit to Phila-

delphia.

"Lewis Elken, Esq., a member of the Board of Controllers of Public Schools, and one of the Committee on this school, kindly introduced our party, and showed us through the school. We visited the several class-rooms, filled with bright and intelligent young ladies, all seeming eagerly intent on the lessons they were re-cting. Each room, devoted to its particular branch of study, had its teacher, and the classes moved from one to the other, coming in time under the examination of all the teachers. These, we believe, are all graduates of the school, and they furnish the best testimony of the completeness of the education afforded. General hoyt, one of our School Directors, deeply interested in the success of our new school, was in search of information as to the working of the system, and we venture to say he was as much astonished as delighted with the evidence of what may be accomplished by it. This is a Normal School, all the young ladies, many of them daughters of wealthy parents, fitting themselves to become teachers; and what better training for the position can found than the course of study from the Primary Schools, passing with credit up to and

graduating with honor from this High School? "After the classes were passed the whole were assembled in the large hall, where we listened to recitations from one or two young ladies, beautifully rendered, and to singing by nearly all the , under the lead of the Professor, who presided at the piano.

"Our short visit has given us a new view of the common school system, and increased confidence in it."

Coroner's Investigation. - The following additional testimony was clicited at the Coro-ner's investigation into the murder of Edward C. Burton, held yesterday afternoon:-

James Young sworn—On Tuesday morning went to Mr. Brown's tavern, opposite Curby's shop; it was naif past's o'clock; witness then came out and went oa cigar store near by, where he remained a quarter of an hour; four coopers came to him and asked for employment; he thought he saw the prisoner, Quinn, passing down Lombard street. It was a quarter to 10 o'clock.

passing down Lombard street. It was a quarter to lo o'clock.

Dr. Shapleigh sworn—The nose of deceased was broken by a blow from a blunt instrument; the upper lip bruised and out; lower part of lip was also cut; the eyes were blackened and swollen; there were two wounds on the left side of the head—one two and a haif inches above the outer end of the eyebrow, two inches long; the other, a similar wound, was directly above the ear parallel with the first three wounds, extending through the scalp, but the bone was not marked as if a sharp instrument had been used; there was cflured blood under the whole scalp, showing that heavy blows had been received upon the top of the head; the bones of the head were separated from each other and fractured; the bones of the nose and the bones between the nose and the hair were all fractured; upon the right side of the hair a large clot of blood was resting; death was caused by compression of the brain; all these wounds and blows might have been given by the stave shown.

been given by the stave shown.

Licelenant Goldey was then sworn. His testimony had reference to a conversation with the prisoner, in which the accused stated that he had had a conversation with the deceased. After leaving him he went along the wharf, and returned home about 3 o'clock.

The case was here closed until Saturday, at 12 o'clock.

THE UNITED HEBREW ASSOCIATION .- This Association during the year ending May last col-lected \$5255'40, being \$2243'85 more than the previous year. Relief was granted to about ixty families, numbering ninety-five adults and two hundred and lifty minors. \$2782 worth of groceries and bread was distributed among them. Medical attendance and medicines were also afforded whenever needed. The following gentlemen now constitute the Board of Officers;—J. Binswanger, President; Abraham S. Wolf, Vice-President; Mason Hirsh, Treasurer; Michael Hassler, Secretary; L. Hecht, Recording Secretary; Isaac May, Dr. J. Isaacs, Eins Wolf, H. De Boer, Isaac Cohen, Solomon Gans, Sr., Joseph Einstein, Solomon Teller, H. Rosenbach, and Mayer Frank, Managers. Six new members were added to the Society during the

FRANKLIN INSTITUTE MEETING. - A stated meeting of the Franklin Institute was held last evening, when the ordinance relating to the election of a Board of Boiler Inspectors was raken up by sections, and adopted with a few

unimportant amendments. THE TOOTH OF A MAMMOTH.-A large fossil lump of the lower maxillary of a mammoth has been discovered in Nottingham, England. A laborer was at work in St. Michael street, excavating sandstone rock, when he came upon a stone-like substance. It was handed over to the Nottingham Philosophical Society, by which it has been examined. The centre of the stump is greatly worn by constant mastication, but the enamel line of the series of grinders are very bright and very clear. The tooth was found in the sand-drift, 8 feet 6 inches below the surface; it weighs about 41 ounds.

BENEFITS FOR THE SUFFERERS .- Next week, at the New Arch and Chesnut Street Thea'res, benefits will be given in aid of the families of those brave firemen who were killed and wounded at the recent configuration at the American Theatre. We shall announce the particulars as soon as the arrangements are com-

NEW ARCH STREET THEATRE. -Mr. G. L. Fox takes a benefit to-nigat. Two capital panto-mines and a comedicita will be played. On Monday next Jack and Gill will be produced. To-norrow afternoon the Foxes give a grand matinee, presenting two of their tavorite pantomimes. Three hundred deaf mutes from our Philadelphia asylum will be present, by invita-tion of Mr. Fox and Mrs. John Drew.

WALNUT STREET THEATRE. - Benefit of Mr. Joseph Jefferson. This very popular actor will appear in two pieces to night, the extravacanza called Mazeppa, and Buckstone's delightful farce of Lend Me Five Shillings. Mr. Jefferson will be supported in both pieces by Miss Susan Denin, and all the favorites of the company. Carnenoss & Dixey present a great bill this evening. Their season closes in a short time, and those who have not recently visited the "Family Resert" should do so at once.

# CAMDEN AFFAIRS.

CLOTHES STOLEN.—The yards of Mr. Robert Y. Bonnin George E. Wilson, and Mrs. Snow, residing adjacent to each other, on Chesnut street, belt w Third, were entered during Wednesday even ing and about \$100 worth of clothing, that had bee hang up to dry, was taken off. This is becoming verprevalent in Camden, and the citizens, if they do no desire to have their linen carried off, should tak warning, and not leave anything hauging on the clothes line after nightfall. No arrests were made.

ATTEMPTED BURGLARY. - Last evening, an ATLEMPTED DURGLARY. — Last evening, an attempt was made to enter the dweiling of Pollander J. Murray, situated at the corner of Fifth and spince streets. The side window was first attacked, but that would not yield. The rascals then went to the back door, and made so much noise in endeavoring to force it open that it awakened Mrs. Murray, who holsted one of the windows. This proceeding frightened the would-be burglars, and they incontibently fled.
