CAMDEN AFFAIRS.

Stight Fire.—A shed back of a house occupled by John Kelley, in Plum street, above Fifth, was totally destroyed by fire yesterday, Some children had asked for and received some matches. As there was a quantity of shavings in the shed, the supposition is that they set it on fire. The loss will amount to \$500. It took exactly forty minutes from the discovery of the fire to procure a stream of water, although the fire occurred next door to an engine company. The hose was at first attached to a plug, but the force of the water was not sufficient to carry it twenty feet from the plug. A steamer then attempted to draw the water from the plug, but actually the water was not sufficient to permit her to throw a stream of ten feet. All this is owing to the defectiveness of the water works. If a fire should occur among the frame buildings, of which there are many in Caunden, particularly on Federal street, between Fourth and Fifth, the whole block would inevitably be burned, owing to the small amount of water which is furnished by the present Water Works Company. The citizens should take action in this matter, and either purchase the present water works and improve them so as to supply the demand for this essential element, or bulld new works, and rid the city of the present unisance. NARROW ESCAPES.—A lad made a narrow escape from being run over yesterday. He was standing on the track of the railroad in Bridge avenue, looking towards the river, when a train came up unposerved behind him. A gentleman sang out to him, and he jumped off the track. Had he remained there one second longer the engine and train of cars would have run over him. Children should be prohibited from playing in this street, as trains are constantly passing and repassing, and there is great danger of being run down by the engines and maimed for life or killed.

Yesterday two boys were fishing at the foot of Elm street, and one of them dropped his hat overboard. In attempting to reach it he fell in. He was with difficulty recovered, in an insensible condition. Restoratives were applied, and the little fellow in haif an hour showed signs of life, and subsequently recovered entirely, considerably frightened. NARROW ESCAPES .- A lad made a narrow

A Row.—On Monday last a large number of persons assembled at Frank Rioter's place, on the Haddonfield turnpike, about four miles from Camden. Several young men called for drinks, and refused to pay for them. This created a disturbance between the bartender and the aforesaid young men. Soon the friends on both sides joined in, and a general row began. Several persons were very badly injured. on both sides joined in, and a general row began. Several persons were very badly injured, while black eyes and bloody noses and cut heads were as numerous as files around a sugarbarrel. The constables attempted to arrest the rioters, but as soon as they secured one he would be rescued by his companions. Two of the officers of the peace, Messrs. Bordo and Souders, were handled very roughly, having their clothes torm off and being beaten. Pistols were used. torn off, and being beaten. Pistols were used, but no one, so far as we could learn, was injured by them. Only one arrest was made, but warrants have been issued for the apprehension of the participants. of the participants.

THE KELSO HOMICIDE-SENTENCE OF THE MUR-THE KELSO HOMICIDE—SENTENCE OF THE MURDEBER.—In the Court of Oyer and Terminer
yesterday, the case of Davis Kelso, who was
charged with killing William Kelley on the 15th
of February last, on the Green Tree Road, came
up. Kelso was convicted of murder in the first
degree at the last term of the Court, but his
counsel, Alden C. Scovill, Esq., moved for a new
trial. The Court fixed a day to hear the argument. It was heard, and the Court granted a
new trial. A special term of the Court was
ordered, and yesterday was fixed for the trial.
The prisoner withdrew his plea of not guilty to
the bill of indictment charging him with marbill of indictment charging him with murder in the first degree, and entered a plea of guilty of murder in the second degree. The Court assented, and Kelso was sentenced to twelve years' hard labor in the State Peniten-

DISORDERLY TENANTS .- Alderman Fitch held Samuel and Washington Lehman, Sarah Edwards, Emma Lehman, Caroline Lefferts, and Emily Edwards in \$1000 ball each to answer at Court for disorderly conduct, and depriving an old lady, named Mrs. Kendig, the right of her own house. Mrs. Kendig resides at No. 1780 Alder street, and had rented the house to these parties, reserving for her individual use two rooms. It appears that no sooner had these persons become fully established in their hired quarters, when they commenced to annoy and disturb this old lady, and kept her from enter-ing the house, by closing and barring the doors. A warrant for this misdemeanor resulted in their being hound over for Court. A warrant for this in their being bound over for Court.

CABRYING DEADLY WEAPONS .- Frank Mo Quade, George Lynch, and Alexander Ferguson were seen about 2:30 this morning driving along near Fortieth street, on Market. Information was given of this overt demonstration of Adis, and he was arrested and held in \$1200 ball by Recorder Encu.

Some person pleased it up and appropriated the money and papers, throwing the book down into the vauit of an outhouse.

LIBERALITY OF THE WASHINGTON LIBRARY COMPANY.—Much surprise has been manifested as to how the Washington Library Company can act so liberally in the execution of the plan adopted by them for the raising of funds in aid of the Riverside Institute-a home for the gratuitous education of soldiers' and sailors orphans. This plan, it will be remembered, consists in selling stock at one dollar per share. Each share not only secures a fine steel-plate engraving, worth at retail fifty per joent, more than is paid for the stock, but also guarantees some present to be awarded hereafter, when presents to the value of \$300,000 will be divided among the stockholders. The arrangement, no doubt, is an exceedingly liberal one, and the Washington Library Company are enabled to offer such extraordinary inducements from the simple fact that they purchased their engravings and presents to be awarded in such enormously large quantities, that the cost per single article is reduced to quite a low figure, in comparison with the ordinary retail price. Thus it will be seen that the purchaser of five shares of stock, costing five dollars, receives, in the first place, the handsome engraving entitled "The Marriage of Pocahontas." This same engraving, published by the same party, is retailing in this and other cities at eight doilars. In addition to this the purchaser receives one gift for each of the five shares of stock held by him. The plan is one as liberal as it is novel, and those who would investigate for themselves should call at the principal office, No. 1225 Ches-

TRIAL OF JOHN H. SURRATT.

WASHINGTON, July 25 .- The trial of John H. Surratt was resumed this morning in the Criminal Court, Judge Fisher presiding, The rebutting testimony for the prosecution was resumed. Artemus Stevens sworn, and examined by Mr. Carrington-I reside in Lennoxville, Canada; I have resided there all my life; I am a farmer; I know Dr. McMilian; I have known him over seven years, and know his associates; I was familiar with his reputation for truth, and it was very good. Wo cross-examination.

Professor Harkness recalled-I wanted to make a correction; in the meantime the moon rose at one minute and four seconds past 10 o'clock, in mean time; this was on April 14; the difference and mistake I made arose from an error in calculations.

Joseph McDubarry recalled, and examined by Mr. Pierrepont-I have with me the records of the Northern Central Railroad; on April 13th and 14th, 1866, there was a connection with Sun bury and Baltimore by the Northern Central Railroad; the Northern Central Railroad crosses the Pennsylvania Central Railroad at Marysville; there are coal routes leading from Sun bury to Pottsville and from Pottsville to Philadelphia: I know there is such a road as the Catawissa road: it strikes at Milton, Pennsylvania, and is twelve miles west of Sunbury; from Harrisburg there are to iPhiladelphia the Pennsylvania Central Railroad, and the road to Reading, and thence to Philadelphia; the New York through trains cross a branch of the Reading Road, and pass around Philadelphia by the connecting railway; that was not in existence in 1865; the Lackawanna and Bloomsburg Road strikes the Northern Central Railway two miles from Sunbury; Northumberland is two miles west of Sunbury; that road connects with Philadelphia (records examined), and find that on April 13, 1861, there were Iwo passenger trains called first and second mail ran between Elmira and Williamsport; by the records here ooth trains left at 8 o'clock; I know nothing of a special train; when I was on the stand before, I was asked if I was in Elmira on April 13; I desire to correct that, as I know by telegrams that I promised to be in Elmira on the 12th and 13th, and I was probably there; by the record the train left Sunbury at 12:13 on the night of April 13, and arrived at Baltimore at 7.25 A. M. on the 14th-

at the Bolton depot.

By Mr. Bradley-I have no special recollection of coming from Elmira to Williamsport on a special train run April 18th; the record shows that a special train run on the 12th, and there is no record of a special train on the 13th going south; I do not recollect coming down in a cabose on the 13th; I never saw the prisoner until I saw him in Court; I do not recollect his coming from Elmira with me on a special train; if I came down from Elmira that day, no one could have come in a single car without my knowing it; I am positive I never saw the prisoner before; I have no recollection whatever of having been on that train; the most direct and expeditious route from Sunbury to Washington is by the Northern Centrail Railroad to Baltimore; the train on April 13 left Sunbury for Baltimore at 12:13 midnight, and arrived at Baltimore at 7.25 A. M. of the 14th of April; I know it takes four hours from Harrisburg to Baltimore; it takes the same time to run from Harrisburg to Philadelphia as from Harrisburg to Baltimore; a freight train left Sunbury at 4.30 P. M. on the 13th of April; that train ran to Marysville; I don't know if there was a clear connection for freight trains with Marysville and Harrisburg; Marysville is 8 miles from Harrisburg; the train arrived at Marysville at 9.20 P. M.; that was the last freight train that left Sunbury on April 13; the passenger train left at 2.13 P. M., and arrived at Harrisburg at 3.30 A. M.; between 9.30 A. M. and 3.30 A. M. on the 14th, no train left Harrisburg for Baltimore; the Pottsville road does not intersect the Northern Central Railroad directly; the time from Harrisburg to Reading is from two to two and a half hours; there is no direct connection between our road and the Catawissa

George S. Koontz recalled and examined by Mr. Pierrepont .- I am General Agent of the Baltimore and Ohio Railroad Company, at Washington; on the morning of April 14, 1865, trains left Baltimore for Washington at 4.20 A. M., and arrived at Washington at 5'45 A. M. The next train left at 5.30 A. M., and arrived here at 7.20, the next at 7 A. M., arrived 8.40, next 9.40, and arrived 11.30 A. M. On the morning of April 15 the first train left Washington at 6.15 A. M., arrived at Baltimore at 10.15; this train was detained at the Relay House several hours; it was due at Baltimore at 8 A. M.; the second train left Washington at 7:15, and arrived in Baltimore at 2:40; its time due was 8.15, but it was detained at the Relay House.

EXTRACT OF BUCHU.

At the Cape of Good Hope the Hottentots have long used BUCHU for a variety of diseases; it was borrowed from those rude practitioners by the English and Dutch physicians, on whose recommendation it was employed in Europe, and has now come into general use. It is given chiefly in

GRAVEL, CHRONIC CATARRH OF THE BLADDER, FOR FEMALE WEAKNESS AND DEBILITY, FOR PROLAPSUS UTERI, DISEASES OF THE PROSTATE GLAND, RETEN-TION OR INCONTI-NENCE OF URINE,

And all diseases requiring the aid of a diuretic, arising from a loss of tone in the parts concerned in its evacuation. It is also recommended in case of

DYSPEPSIA, CHRONIC RHEUMATISM, CU-TANEOUS AFFECTIONS AND DROPSY.

To cure these diseases we must bring into action the muscles which are engaged in their various functions. To neglect them, however slight may be the attack, is sure to affect the bodily health and mental powers. Our FLESH and BLOOD are supported from these sources. Persons at every period of life, from.

FOURTH EDITION

Trial of John H. Surratt. [Continued from the Third Edition.]

Charles T. Wetmore sworn and examined by Mr. Pierrepont-Reside at No. 18 Clinton place, New York city; I knew Dr. Bissell; I am the person referred to as conducting a suit against him for the Eric Railway; Dr. Bissell never attended me as a physician; I do not think Dr. Bissell was in Elmira April 14 hunting up witnesses for his suit; when I saw Bissell's testimony in this case I thoughtine was mistaken; my reason for thinking so was that yesterday, after being subposned, I went to the office of Mr. Eaton, who was opposed to me in this suit, and he handed me some letters dated April 11, 12, and 13, 1865, and the letters confirmed me that Bissell was then in my office; I have heard the character of Dr. Bissell very much canvassed; his general reputation for truth and veracity was bad.

By Mr. Bradley-In the settlement of the suit Dr. Bissell was satisfied; I settled it on June 5, and gave him the money on the 6th; the amount I paid him was \$5100, and the Company paid me my fees; Dr. Bissell's general character for truth is bad; I first heard that subject discussed in 1864 and 1865; it grew out of the suit against the Eric Railroad; I heard Bissell's reputation generally discussed; Bissell resided in Waverly when he first came to see me, and he subsequently resided in New York city.

In April, 1865, I do not think Bissell was en. gaged in working up testimeny, for we were about to settle the case; I do not remember that he ever spoke about a brakesman he wanted as a witness; on the 11th, 12th, and 13th of April, I was writing the letters in relation to settling the case, and I think Bissell was in my office on April 15.

By Mr. Pierrepont-Bissell was at my office yesterday, and he was at my house last Sunday. Dr. William Elmore sworn, and examined by Mr. Pierrepont-I reside in New York and I knew Bissell? I know what people say of him; his reputation for truth is bad.

By Mr. Bradley-I have heard several speak of his character for truth; it is bad; I have heard more than a dozen persons so speak.

George W. McMahon sworn and examined by Mr. Pierrepont-I have lived in Newmarket; I had a saloon with Dr. Bissell at No. 1150 Broadway; I was in business with Bissell; he had a bad character for truth and veracity; I never beard a worse character. No cross-examination.

FROM WASHINGTON THIS P. M.

[SPECIAL DESPATCHES TO EVENING TELEGRAPH.] WASHINGTON, July 25.

Civil Officers in Louisiana. A semi-official letter from New Orleans denies the statement that General Sheridan intends to remove all the civil officers in his district who cannot take the test oath, but admits that he may find it necessary to displace Lieutenant-Governor Voorhees and a few other prominent officials in Louisiana, and that he will certainly remove a majority of the civil officers in Texas. The same letter states that the registration in Louisiana has been completed, and that everything is in readiness in that State to carry out the reconstruction policy of Congress as soon as an official copy of the last Supplementary Act is received. The removals threatened in Texas are rendered necessary to secure a full enrolment of the voters of many of the counties of that State, by the continued interference of some of the civil officers with the registering boards. In several counties members of the boards have been assassinated, and in others they have been prevented from assembling and commencing their labors by threats of personal violence from ex-Rebels. The same authority announces the abandonment of the Mexican filibustering schemes which have agitated the Gulf coast since the

death of Maximilian. Tax on Distilled Spirits. A tremendous pressure is already brought

to bear upon the Secretary of the Treasury and Commissioner of Internal Revenue to prevent the carrying out of contemplated reforms in the manner of collecting the tax on distilled spirits. So many millions of capital are involved in the illicit production of liquors. that a league of the prominent distillers and rectifiers is a most formidable power to overcome. The Department has, however, in contemplation a plan for the collection of the whisky tax which will probably be made public within the coming fortnight.

The Coming Election in Tennessee. Another deputation from Tennessee has been here urging the President to send Federal troops to that State, in order to insure order at the polls on the first of August. They represent that thirty United States soldiers stationed at the polls in each county will secure order and a fair election. The President replied that he had left that matter entirely in the control of General Thomas, and the 'petition must be submitted to him, and that no doubt the General would have a sufficient force present to protect voters and preserve order, should the civil authorities of the State fail to do so.

Boy Drowned .- A lad named Hubbard, redrowned this morning while bathing in Brigg's Dam, near Frankford. The body was taken to Paul street, below Green, and the Coroner notified to hold an inquest. The boy was subject to fits, and it is supposed he was attacked with one while in the water.

Case of Sunstroun. — Bernard Hughes, while paving the street at Germantown Road and Canal street, was sun-struck. He was removed to his home at Sixth and Christian streets.
