THE TOTAL DESTRUCTION OF HENRY & FIRESE'4 SPICE MILLS-LOSS \$17,000.—Shortly after 9 o'clock last evening a citizen discovered that a o'clock last evening a cltizen discovered that a confiagration was fast destroying all the contents of Henry & Fisher's spice mills. located on the east side of Ninth street, above Girard avenue. The building being closed, windows and doors barred, the fire was not seen until it had made great headway, destroying everything burnable within the building. The alarm was immediately given, the firemen arrived promptly to the call, but the flames ruled supreme, and soon nothing was left of the structure but the blackersed and smoking walls.

The building is a three story brick, owned by J. M. Thomas. Several years ago it was partially burned, while used as a sash factory, and was rebuilt in a very slight manner. Mr. Thomas owned, aside from the building, the fixed machinery, i.e., bolkers, engine, shafts, etc. His total loss is something over \$3000, upon which there is no insurance. The mill was

etc. His total loss is something over \$3000, upon which there is no insurance. The mill was occupied by Messrs. Henry & Fisher, manufacturers of spices, who carried on coffee roasting in an extensive manner, and dealt generally in teas, starch, farina, etc. Their loss on stock and machinery will amount to \$14,000, upon which there is an insurance of \$1000—\$2000 in the Ætna of Hartford, Conn., and \$2000 in the Kensington of this city.

A portion of the basement was used as a stable, from which, during the conflagration, eight horses were rescued with difficulty. Messrs. Henry & Fisher's coal sheds, adjoining the building, were damaged by fire. The rear portions of a row of six houses fronting on Darrien street, and running back to the building

rien street, and running back to the building burned, were damaged by fire and water, and the inmates suffered considerably by the hasty removal of furniture. The total loss, by the fire

THE NEW JERSEY REPUBLICAN EXECUTIVE COMMITTEE.—The action of the State Executive Committee, in postponing the Suffrage Conven-tion recently held in New Jersey, has caused considerable dissatisfaction among the Repub-licans of that State. The members of that Committee tendered their resignations to that Convention, which were accepted, and the Chairman, Courtlandt Parker, Esq., of Newark, was authorized to make new appointments. After consultation with leading members of the party in all sections of the State, Mr. Parker has appointed the following negret acreliance. pointed the following named gentlemen mem-bers of the State Executive Committee:—Benja-min G. Clark, of Hudson; Frederick Kingman of Mercer. First District—Franklin F. West-cott, of Cumberland. Second District—Jonathan M. Roberts, of Burlington. Third District— Amos Clark, Jr., of Union. Fourth District— Joseph Coult, of Sussex. Fifth District—John Y. Foster, of Essex.

SENT TO THE HOUSE OF REFUGE .- Last evening Officer Reeder arrested, in the neighbor-bood of Seventh and Bedford streets, two little girls, pamed Annie Carr and Letitla Morrow, both fourteen years of age. The former's father is dead; her mother resides at the corner of Twelfth and Carpenter streets. The latter's parents are both living, and reside in Shippen street, between Juniper and Broad. The gtris are very pretty. The parents, it seems, cannot control them. They will run in the streets. On Monday night they slept in the house of a woman at Seventh and Bedford streets. Annie pawned her shoes for twenty-five cents, and Letitia her skirt for the same amount, and both then got drunk. Annie can read and write, but Letitia cannot do either. They were sent to the Honse of Refuge by Alderman Hurley.

THE MCMULLIN CASE .- We have received the following from a correspondent, relative to this case, which occupies so much of the public attention at the present time:—
"Messas. Editors Telegraph:—It is a com-

"Messus. Editors Telegraph:—It is a common impression that when a Grand Jury ignores a bill the charge falls to the ground. This opinion has led many of our citizens to regret that Alderman McMullin should escape all punishment for his misdemeanors. But this idea is totally erroneous. The District Attorney can, and frequently does, send in another bill to the Grand Jury, and it is often found a true bill when the former one has been ignored. It is clearly the duty of the District Attorney in this ease to send in another bill in order that this case to send in another bill, in order that justice may have her due."

ARRESTED ON SUSPICION .- William Kline was arrested this morning at 5:30 o'clock, in Sowers court, on suspicion of committing a larceny ourt, on suspicion of committing a favory under the following circumstances. During the fire last night, at Henry & Fisher's spice mills, it is said that Kline went up into the third story of Mr. Dufarr's residence, No. 1210 Darlen street. From that room soon after, it is alleged, a pocket-book containing a small amount of money was missing, and that Kline was the only individual seen in its vicinity. The evionly individual seen in its vicinity. The evidence against Kline was not substantial enough to warrant his immediate committal, and Alderman Fitch held him in \$700 bail to answer

An ALLEGED Horse-THIEF, named Peter Burns, was arrested yesterday, at Twenty-fifth and Pine streets. It is alleged that he stole a horse, the property of Mr. Fiederick Coyle, from the latter's stable, at Twenty-sixth and Pine, some three or four evenings since. The horse was recovered, and Burns found concealed where he was taken into custody. Alderman Patchell held him in \$1000 bail to answer at Court.

AN EXCITING CHASE from Seventeenth and Pine to Sixteenth and Walnut resulted in the capture of William Johnson, a black man, who had entered a yard in the former neighborhood and stolen some female wearing apparel, which he tenaciously held on to until his capture. Alderman Swift committed him for trial.

SCALDED .- About 9 o'clock last evening, while boiling bones, Frederick Wagoner, aged thirty-five years, fell into the kettle of hot water, and was dreadfully scalded. He was taken to his residence at Ninth and Harrison

THE POISONS OF THE DAY .- The late temperance investigations in Massachusetts have thrown a flood of light on the horrible abuses practised in the liquor trade, and have at the same time demonstrated the absolute necessity for unadulterated diffusive stimulants for medicinal purposes. Clergymen of the highest standing, men of the highest rank in science, and philanthropists, who are above the reach of prejudice, have testified not only to the pernicious effects of the adulterated liquors of commerce, but also to the efficacy of uncontaminated alcoholic tonics as remedial and restorative agents.

First on the list of this class of preparations, best known, and most extensively used of all the stomachies of the day, stands Hostetten's STOMACH BITTERS. This specific is the only representative of that absolutely pure article which eminent divines, chemists, physicians, and social economists in New England have just declared not to be a proper subject for prohibitory legislation. The faculty proclatms by the mouths of its professors that a stimulant of this character is a medical necessity. Hoster-TER'S BITTERS satisfies all the requirements of science. Its alcoholic principle is free from the rritating constituents which analysis detects in even the best imported liquors, and the vegetable extracts with which it is medicated are among the best antidotes and restoratives that botanical science, in its world-wide research, has yet discovered. It is an indubitable fact nat some constitutions and habits of body demand stimulation, and for all such a stimulant which combines anti-billious and slightly apeient properties with its tonic virtues is maniestly desirable.

\*\*CE CURTAINS, from one dollar upwards.
\*\*cheapest assortment of curtains, from aucon ever shown at Patten's, No. 1408 Chesnut

WE would advise our patriotle and Unionloving citizens to take advantage of the short time now remaining before the great distribution which takes place next month, to purchase one or more shares of stock at one dollar per share, in the Riverside Institute (located at Beverly, New Jersey), and established for the gratuitous education of soldiers' and sailors' orphans. The small sum required (s. c., one dollar) places this duty within the reach of all, and enables them to build one of the noblest monuments that can be erected to the memory of our deceased soldiers and sailors, while at the same time every one who contributes towards the grand work not only receives for a certainty more than the value of his money, but stands his chance with the other stockholders of being awarded some of the most valuable of the presents offered. The fine steel plate engravings given without extra cost with each share of stock purchased, are on exhibition at the principal office, No. 1225 Chesnut street, and are all well worthy of a visit by all lovers of the fine arts, and upon such visit they will certainly agree with us when we state that they are equal in every respect, both in style and finish, to those of this and other cities at 50 per cent, more than is charged by the Washington Library Company. Besides the picture you may select at the time of purchase, every share of stock held will secure one present when the great distribution of presents take place, in September or sooner, if the necessary number of shares

There is no mistake about it; Dyspepsia, Headache, Dullness, Ague, and Low Spirits must yield to the health-giving and genial influence of the Plantation Bitters. If you are in doubt, make one trial, and be convinced. Thus say those who know.

ASK ANY PROFESSOR or graduate of any regular College of Pharmacy, ask any regular Doc-tor, ask the Physicians of even Homoeopathic persuasion, ask any Druggist in our land, and they will all or any of them tell you that in some way they use Buchu as a curative agent for all diseases of the kidneys and urinating organs. Many of them will tell you that Helmbold's Fluid Extract is the best extract; while there are identify of physicians who will acknow. bold's Fluid Extract is the best extract; while there are plenty of physicians who will acknowledge that they freely prescribe it for diseases as above mentioned. All these reasons, added to the fact that for nearly a quarter of a century has this remedy been on trial, "and not found wanting," has succeeded in placing it at the "head of the column" of all proprietary medicines. ter.—Christian Knesss, Esq., Prosecuting Attorney.—Mary J. Dougherty was charged with keeping a disorderly house. The house is No. 814 Maple street. Mr. J. W. Springsted testified that he lived next door to this house, No. 816, and had been troubled and disturbed for a long time past by the continual nightly brawls carried on by the defendant and her daughter, and the loose characters, male and female, that frequent her house. Cries, shouts, songs, quarreis, oaths, and sometimes blows aroused himself and his family at all hours of the night, and break the quiet and peace of the Sabbath day. In fact, the character of the house was such as to cause serious disturbance to his family, to endanger the morals of his family, and, his family, to endanger the morals of his family by the had example set, to render it difficult to

by the bad example set, to render it difficult to raise his family in a virtuous way.

Other witnesses, Mr. and Mrs. Connor. Mrs. Allen, Mr. and Mrs. Erskine, Mrs. Bunting, and many more realded in the neighborhood, testified to the same state of racts, all saying emphatically that the house as kept by the defendant was a nuisance to them and their families. Also, Polleeman Ottinger testified that he was one night called into this house to quell a disturbance.

their families. Also, Polleeman Ottinger testified that he was one night called into this house to quell a disturbance.

The defense offered evidence of the good character of the defendant and her nouse, and attacked the credibility of one of the Commonwealth's witnesses. Verdict, guilty, with a recommendation to the mercy of the Court.

William Harrington pleaded guilty to a charge of assault and battery upon Mr. Pollock. Mr. Pollock testified that one day last month he heard a disurbance in the back room of a lager-beer saloon at Sixteenth and Filbert streets, and, going into the room, asked what was the matter. Some one replied that it was not his business to know, and the derendant and a man named Smith attacked and beat him severely. When questioned as to the matter, Harrington said he struck Mr. Pollock because Smith did.

The attention of the Court was called to the case of George Smith, a colored boy, committed to prison upon the charge of entering a house with intent to steal. He was committed by Alderman James Allen, on the 3d of June, and no return was made to the District Attorney. By this neglect the ma. Whether innocent or guilty, has been for two months confined in prison, not a word of his case being known to the Court or District Attorney. He said to the matter come to the knowledge of the Court, the prisoner might have remained in prison until death had released him. That such a thing anould be found amongst us is a disgrace to our institutions. Were this an isolated case, it would not be so serious. But this was one of thirty cases in which men were sent to prison, and up to this day no returns have been made. It was hoped that this would not be repeated on the part of the Alderman. The prosecutor not appearing, the prisoner was discharged.

The case of the Commonwealth vs. Henry Miller, charged with violating the Sonday Liquor law in

part of the Alderman. The prosecutor not appearing, the prisoner was discharged.

The case of the Commonwealth vs. Henry Miller, charged with violating the Sonday Liquor law in keeping his drinking saloon open on Sunday, was called. Mr. Kneass, for detendant, demurred to the indictment upon the ground that it only charged that the house was open, and did not allege for what purpose, whether for the sale of liquor or not; but the indictment being drawn in the language of the act of March, 1867, which makes it unlawful to keen a licensed drinking-house open after 12 o'clock at night or before sunrise in the morning, and commands that such place shall be kept shut on Sunday all day, the demurrer was overruled, and the case went to trial. Officer Dolter testified that on Sunday, July 28, he saw men go into the defendant's drihking saloon, at Girard avenue and Howard street, and saw them drink beer there. He couldn't say whether the saloon was kept under a license issued last May or not, or whether the men whom he saw go there were members of the defendant's family or not,

Officer Irvin testified that on Sunday, July 7, he saw men in the defendant's family or not,

### BEAD WHO SAYS SO.

Hon. George W. Woodward, Chief Justice of the Supreme Court of Pennsylvania, writes;— PHILADELPHIA, March 18, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good Tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility and want of nervous action in the system. Yours truly, GEORGE W. WOODWARD.

Principal Office, 631 Arch Street, Philadelphia.

[From the Rev. E. D. Fendell, Assistant Editor Christian Chronicle, Philadelphia.] I have derived decided benefit from the use of Hootland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic to all who are suffering from general debility, or from diseases arising from derangement of the liver.

Yours truly,

E. D. FENDALL.

[From Rev. D. Merrige, Pastor of the Passyunk Baptist Church, Philadelphia.]

From the many respectable recommendations gives to Dr. Hoofisnd's German Bitters, I was induced to give them a trial. After using several bottles I found them to be a good semedy for debility, and a most excellent tonic for the stomach.

D. MERRIGE.

From Rev. William Smith, formerly Paster of the Vincentown and Milville (N. J.) Eaptist Churches. Vincentown and Milville (N. J.) Baptist Churches.]

Havirg used in my family a number of sottles of your Hoofland's German Bitters, I have to say that I regard them as an excellent medicine, especially adapted to remove the diseases they are recommended for. They strengthen and invigorate the system when debilitated, and are useful in disorders of the liver, loss of appetite, etc. I have also recompended them to several of my friends, who have tried them and found them greatly beneficial in the restoration of heatth.

Yours truly,

WILLIAM SMITH.

[From A. M. Spangler, Editor of he Culturist, No. 2 North Sixth Street.]

North Sixth Street.]

Bome eighteen months since, I was a severe sufferer from dyspepsia. I was not only unable to take plain food without suffering great distress, but had become so debilitated as to be almost unfitted for active business of any kind.

After trying a variety of so-called remedies, all of which proved worthless, I was induced, at the suggestion of a medical iglend, to give Hoofiand's German Bitters a trial. It accordingly purchased six bottles, which were taken in accordance with your directions.

The result was acomplete removal of all distressing symptoms after eating or drinking, and a full restoration of strangth, so that I now eat all ordinary kinds of food with impunity, and am able to attend to all the active duties of a large and arduous business as well as at any period of my life: the good effects of the Bitters were manifested before I had taken the first bottle.

I have also used it in my family with the happies results, and take great pleasure in adding my tests mony to that of the many others who have been benefited by it. I find great benefit from the use of a bottle in the spring and fail. They not only create a vigorous appetite, but give a healthy sone to the stemach by strengthening its directive powers.

If the above testimony will be the means of inducing any who suffer from Dyspepsia to give your Bitters a trial (when it, I reel confident, will give them relief) it is at your service.

Yours truly,

Rev. J. S. Herman, of the German Reformed Church.
