BASE BALL MATCH BETWEEN THE UNION CLUB, BASE BALL MATCH BETWEEN THE UNEN CLUB, OF LANSINGBURG, NEW YORK. AND ATHLETICS—DEPEAT OF THE "HAYMAKHES."—About four or five thousand people assembled yesterday afternoon on the grounds of the Athletic Club, at Fifteenth and Columbia avenue, to witness the opening game of the series to be played between the Union Club, of Lausingburg, New York, and the Athletics. The "Haymakers" came to us with a splendid reputation as fielders and bakers, their record for the season showing a basters, their record for the season showing a clear score of victories up to their match on Wednesday with the Nationals, when they were defeated by two runs. Yesterday they added another defeat, this time a very heavy

The game opened well, and gave evidence of a close and exciting contest, but on the second inning the Athletics' heavy batting proved too inning the Athletics' heavy batting proved too much for their opponents, seventeen runs being scored. From this time out the game was one-sided, the Athletics adding thirty runs to their opponents' stx. The Union field played superbly at times, especially in the out-neid, which is very strong; numerous misplays marked their in-fielding. At the bat, the Union did well, and are decidedly hard inters, and with ordinary fielding would have run up a good score, but on this occasion the Athletic fielded nobly, but two errors marking their entire play. M. King, of the Unions, and Fisler, of the Ath-M. King, of the Unions, and Fisier, of the Ath-leties, led the batting score. Numerous fine displays at the bat, and in the field, on both sides marked the game. The following are the

UNIFORM BADGE,-A meeting of the Presidents and Sceretaries of the different fire companies was held last evening at the hall of the Empire Hook and Ladder Company, for the purpose of adopting a badge to be worn by mem-bers of the different companies embraced in the Fire Department of this city. Mr. Moulder was called to the chair, and F. A. Morrell acted as

The committee appointed at a previous meeting to consider the matter presented their re-port. They state that the crowds of idlers and runners attending fires interfere with the workings of the members of the Department, and that they also incite to riot and theft, as well as that they also incite to riot and theft, as well as discord among the companies, when all should be peace and harmony. The committee feel satisfied that the only way to avoid such difficulties is by adopting a uniform badge. They then presented the following:—

Resolved, That a badge be adopted which none but members of the Department shall be permitted to wear.

mitted to wear.

Resolved, That the secretary of each company keep an account of the number and name of the member receiving the same, and to furnish the Chief Engineer a copy of the register, so that in case of any misdemenor on the part of any member registered he could be reported to the company of which he was a member, for their

The report was received and the committee continued. After a long discussion on the pro-priety of adopting the recommendations emcontinued. braced in the report of the committee, the meeting adjourned until the first Saturday evening October, to allow time for the matter to be placed properly before the entire Fire Department of the city.

THE DEMOCRATS OF THE ELEVENTH WARD .-Last evening a meeting of delegates from the Wards composing the Third Senatorial District the Fifth, Sixth, Eleventh, Twelfth, Sixteenth, and Seventeeth), was held at the corner of New Market and Brown streets. There was a full attendance. The meeting was in the interest of Captain C. M. Donavan, and in opposition to David M. Nagle. Allan Weber, of the Sixteenth Ward, presided, and Alderman Biddle was Sec retary. Captain Donayan made an affidavi before the Alderman, in the presence of the meeting, setting forth that on the morning of the Convention, between 9 and 10 o'clock, Nagle met the deponent, and said that if deponent contested any of his (Nagle's) delegates it would

be as much as his (Donovan's) life was worth. William Lawrence, doorkeeper of the Convention, also made an affidavit to the effect that the Convention was managed in an unfair manner towards Donovan; that his delegates were ex-cluded and bogus delegates admitted, and that rowdyism made the nomination.

A delegate from the Stxteenth Ward also made a statement, corroborating the charges of un-fairness made by Lawrence.

Captain Donovan then made an address, in which he said that he intended submitting the questions to the City Executive Committee; that he was willing that a third man might be Senator, but, if he could prevent it, Nagle should never be. He asserted that rowdyism and cheating made the nomination. At the conclusion of his address the meeting adjourned, subject to the cell of the Christian ject to the call of the Chairman.

JACOB H. TAYLOR, President. PARK SPRING, Vice-President, 6286m NIVERSITY OF PENNSYLVANIA (DE-PARTMENT OF ARTS.) SEPTEMBER 4, 1867.
The Trustees of the University have authorized the Faculty of Arts to make certain changes in the course of studies required for the Degree of Bachelor of Arts. This will enable all, who desire such a liberal educa-tion, as will fit them, whether for professional or othe, purentle, to secure it, under a pian of ELECTIVE STUDIES, which will offer to the student all the ad-vantages either of the system which formerly ou-tained, or of that generally regarded as the more prac-tical.

vantages either of the system which formstly obtained or of that generally regarded as the more practical.

While all the advantages of a thorough scientific and classical course will be continued, as heretofore, to those who desire it, the new plan provides that the student, at the beginning of the Junior year, may elect, in the place of advanced Greek and Latin studies and the higher branches of Mathematics and Physical Science, a more extended course in the English Languages.

The object of the Trustees in History, in Science as applied to the useful arts, and in the French, German, italian, and Spanish Languages.

The object of the Trustees in making these changes in the College course, is to provide in the University inliand complete opportunities for acquiring an education that will eliher, on the one hand, satisfy those whose tastes lead them to the ligness cultivation of the Ancient Languages and their literature, or Physical Science, and of Pure Mathematics; or, on the other, to meet the wishes of those who desire to be fitted, by a thorough practical education, for an earlier entrance into active business life.

Circulars, showing all the details of the College course, may be obtained, after September 3, from the Janitor at the University Building; and additional information or advice in regard to the election of studies will be given by the Provost in his room.

The tuition fees are thirty-five dollars per term, payable in advance, and the College year is divided into three terms, the first beginning on Monday the 18th lint.
