CITY INTELLIGENCE.

[FOR ADDITIONAL LOCAL ITEMS SER OUTSIDE PAGES. THE REFORM IN THE CITY POSTAL SERVICE. Contracts were awarded this morning for "Local Messenger Service" for carrying the mail from Messenger Service" for carrying the mail from the Philadelphia Post Office to the offices of Holmesburg, Byberry, Somerton, Olney, Tacony, Bustleton, Fox Chase, Millertown, Oxtord Church, and Torresdale, and return, twice daily, except Sunday, for four years, from the first proximo. Postmaster Bingham has succeeded in obtaining a uniform rate of postage for all the foregoing post-offices within the limits of the county of Philadelphia, which is a reformation as equitable as desirable and essential. To require a three cent stamp for ten post reformation as equitable as desirable and essential. To require a three cent stamp for ten post offices within the county, and only a two cent for others which were, in some instances, actually further from the central distributing effice than those where a three cent stamp was called for, was an injustice, not to speak of the inconvenience and annoyance experienced by our citizens in having their letters retained, when addressed to said ten offices, because of insufficient postage. No notice had been given, that we can remember, that a three cent stamp was necessary, until the one some time ago, given by Postmaster Bingham. Hence, people being in the dark on the subject, would place on their letters addressed to said offices a stamp of the wrong description.

wrong description.

In awarding said contracts the Postmaster reserves the right to order the wagons to stop at any point between the stations, to receive and deliver the mails. Bidders are also remained to give good security for the faithful quired to give good security for the faithful performance of their duties, as the intention is to complete postal facilities for these offices.
